ENDORSEMENT OF JUSTICE KIMMEL:

[1] This case conference was convened for the court to consider various submissions and provide directions regarding the upcoming three-hour hearing that is scheduled to begin at 11:00 a.m. on December 10, 2026.

[2] The participating parties filed Aide Memoires in advance of today's case conference and made oral submissions as well, including some real time updates that were helpful in narrowing the issues about which directions were required. Having now read and heard all of those submissions and the updates from this morning, the following directions are provided:

(a) The December 10, 2026 hearing will be used to address preliminary document management issues in respect of the cataloguing and digitizing of the physical records in the possession of the Trustee and dealing with any privileged, confidential and personal information that may be contained in those records (the "Trustee's Preliminary Document Management Motion"). The parties shall adhere to the following schedule for the pre-hearing steps for that motion:

i. The Trustee's motion record, including its notice of motion, report and any other supporting evidence, and proposed draft order shall be served upon the service list by November 27, 2026.

ii. Any party that wishes to respond to this motion (whether to support or oppose it or to comment on the proposed draft order) shall serve their responding material, including comments on the proposed draft order in track changes, by December 3, 2026.

iii. The Trustee shall serve a supplementary record if there are any updates arising out of the December 7, 2026 mediation or any updates to the proposed form of order, together with its factum (maximum 15 pages double spaced) containing submissions and law in support of the relief sought (irrespective of whether or not the relief is on consent or unopposed or opposed) by December 8, 2026.

iv. Any party that wishes to make a submission in connection with this motion shall serve an Aide Memoire or Factum (maximum 5 pages double spaced, which shall include submissions and law in support of their position) by December 9, 2026.

v. All material for this motion shall be uploaded into the appropriate hearing bundle in Case Center by no later than 4:30 p.m. on December 8, 2026 except that the material due on December 9, 2026 may be uploaded by no later than 4:30 p.m. that day.

(b) The participating parties shall attend the continuation of the mediation on December 7, 2026, all having now agreed that this is a worthwhile endeavour. The issues to be canvassed at the mediation may include but shall not be limited to any remaining points of disagreement among the parties about the proposed form of order to be sought on the Trustee's Document Management Motion, the possibility of a claims process and call for claims/claims bar, and funding of the Trustee going forward.

(c) The court has scheduled an in-person hearing (with hybrid capacity for observers only) to commence at 10:00 a.m. on February 18, 2026 to consider the requests of any claimants who are seeking an order lifting the BIA stay of proceedings for the purposes of pursuing claims outside of any BIA claims process that may be established (the "BIA Stay Motions").

(d) A 90-minute virtual case conference has been scheduled for December 15, 2026 commencing at 10:00 a.m. This case conference will be for the purpose of:

i. Updating the court about any developments arising out of the mediation, primarily on topics other than the Trustee's Document Management Motion;

ii. Timetabling the exchange of materials for any BIA Stay Motions.

[3] This endorsement shall have the immediate effect of a court order.

Date: Nov 17, 2026
