## INTRODUCTION

- 1) Merritt Operations Services Limited Partnership ("**MOSL**") was formed on July 7, 2014 under the laws of the province of Manitoba and Nicola Valley Operations Services Inc. ("**NVOSI**", collectively with MOSL, the "**Partnerships**") was incorporated on January 21, 2014 under the Canada Business Corporation Act (R.S.C., c. C-44).
- 2) The Trustee understands that NVOSI was incorporated and exclusively acted for the sole purpose of being the general partner of MOSL in the context of the Merritt Green Energy Project (the "**Project**").
- 3) MOSL is a single purpose limited partnership that was formed between Veolia Energy Canada Inc. ("**Veolia Canada**"), formerly Dalkia Canada Inc. prior to January 7, 2016 as limited partner and NVOSI, as general partner.
- 4) The Partnerships are 100% owned by Veolia Environnement S.A., ("**Veolia**"), a French company. Please refer to the organization chart appended in **Appendix "A"** for further details of the Partnerships' ownership structure.
- 5) On June 7, 2022 (the "**Date of Bankruptcy**"), on the application of Veolia ES Canada Inc. ("**VESCI**"), an unsecured creditor, the Partnerships were adjudged bankrupt pursuant to an order of the Supreme Court of British Columbia in bankruptcy and insolvency (the "**Court**") and the provisions of the *Bankruptcy and Insolvency Act* ("**BIA**") and Deloitte Restructuring Inc. was appointed as Licensed Insolvency Trustee of the estates of the Partnerships ("**Trustee**"), subject to affirmation by the creditors at the first meeting of creditors.
- 6) As NVOSI was incorporated and exclusively acted for the sole purpose of being the general partner of MOSL in the context of the Project, and in such capacity, is liable for all of the debts of MOSL, an order from the Court dated June 7, 2022 was obtained by VESCI directing that the estate of MOSL and the estate of NVOSI (collectively, the "**Estates**") be procedurally and substantively consolidated and that the Trustee, in its capacity as Licensed Insolvency Trustee of the Partnerships, be authorized and directed to administer the Estates on a consolidated basis for all purposes in carrying out its administrative duties and other responsibilities as Trustee under the BIA.
- 7) The purpose of this Trustee's Preliminary Report ("**Report**") is to:
  - a) Provide background information concerning the Partnerships' affairs and the causes of financial difficulties;
  - b) Provide the Trustee's preliminary evaluation of the assets and liabilities of the Partnerships; and
  - c) Outline the key activities of the Trustee since its appointment.

## Terms of Reference

- 8) In preparing this Report, the Trustee has relied upon unaudited financial and other information prepared by the Partnerships' former management and directors, the books and records of the Partnerships, and discussions with former management and directors.

- 9) The Trustee has not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the information in a manner that would wholly or partially comply with Generally Accepted Assurance Standards pursuant to the *Chartered Professional Accountants Canada Handbook* and, accordingly, the Trustee expresses no opinion or other form of assurance in respect of this information.
- 10) The Trustee assumes no responsibility or liability for any loss or damage occasioned by any party as a result of the circulation, publication, reproduction, or use of this Report. Any use which any party makes of this Report, or any reliance or decision to be made based on this Report, is the sole responsibility of such party.
- 11) All dollar amounts in this Report are expressed in Canadian dollars, unless otherwise indicated.

## **BACKGROUND TO THE PARTNERSHIPS' FINANCIAL DIFFICULTIES**

- 12) The Trustee understands that the Partnerships were formed and incorporated for the specific purpose of entering into various agreements, acknowledgements and consents with third parties with a view to carrying out the operation and maintenance of the Project.
- 13) The Project is an electricity generation project located in Merritt, British Columbia, that involves the burning of biomass. The Trustee understands that the central entity responsible for entering into different agreements to ensure the development of the Project was Merritt Green Energy Limited Partnership ("**ProjectCo**").
- 14) ProjectCo was financed through (i) equity investments by Fengate Capital Management Ltd. ("**Fengate Capital**") and Veolia Canada, and (ii) debt financing from a syndicate of secured lenders (the "**Lenders**").
- 15) MOSL provided services in relation to the operation and maintenance of the Project, including the manpower to run the power plant. Services were provided pursuant to the operation and maintenance contract with ProjectCo dated July 7, 2014 (the "**O&M Contract**").
- 16) On May 1, 2014, the Trustee understands that VESCI entered into a Treasury Agreement (as may have been amended from time to time, the "**Agreement**") with, inter alios, Veolia Canada, on behalf of its wholly owned subsidiaries, including the Partnerships. Pursuant to the Agreement, VESCI agreed, among other things, to a global cash management system in which its subsidiaries (including the Partnerships) may be offered to participate. The Trustee understands that this resulted in regular transfers of any funds on deposit in the Partnerships' bank accounts to VESCI ("**Cash Sweeps**").
- 17) The Trustee understands that in recent years the Project suffered significant issues including:
  - a. Construction delays and defects, which resulted in higher and unplanned expenses;
  - b. Forest fires in British Columbia, which disrupted the biomass fuel supply in the area and increased Canadian softwood lumber tariffs; and

- c. The closure of several sawmills in the vicinity of the Project site which resulted in reduced availability of fuel, which made it challenging to deliver fuel that complied with the specifications required.
- 18) The Trustee is advised that, as a result of the various issues affecting the Project, ProjectCo suffered significant liquidity issues and a default was triggered under the O&M Contract and other agreements.
- 19) The Lenders, ProjectCo, Partnerships, Veolia Canada, Fengate Capital and other related parties ultimately entered into a Settlement and Release Agreement dated May 21, 2021 (the "**Settlement Agreement**").
- 20) As part of the Settlement Agreement, the Trustee understands that the O&M Contract was terminated on a consensual basis and all amounts owing to and from ProjectCo thereunder were concurrently released and extinguished. The Trustee understands that a sale process was undertaken for the Project which culminated in a successful sale of the Project.
- 21) The Trustee understands that as of May 2022, the Partnerships had effectively wound down their operations, including a successful transfer of their employees to other entities of the Veolia group and substantially all of the assets of the Partnerships had been sold.
- 22) The Trustee understands that the Partnerships had not made the required payments to VESCI, pursuant to the Agreement. On May 9, 2022 VESCI sent a notice of default to MOSL demanding payment of the total amount of indebtedness owing under the Agreement in capital, interest, costs and fees, which represented \$6,953,777 as of April 30, 2022, plus continuing interest.
- 23) Pursuant to the above, VESCI filed a Petition for Bankruptcy Order against the Partnerships on May 25, 2022 and the Partnerships were adjudged bankrupt on June 7, 2022.
- 24) A summary of MOSL's most recent unaudited annual financial results is shown below.

\$	<b>Unaudited Year ended Dec-31-2021</b>
<b>Revenue</b>	6,673,746
<b>Expenses</b>	
Operating costs	(5,234,591)
Administrative expenses	(8,369)
Interest expense	(64,386)
FX G/L	(256)
Unrealized G/L	(1,357)
<b>Total expenses/(income)</b>	<b>(5,308,957)</b>
<b>Profit/(Loss)</b>	<b>1,364,788</b>

- 25) The cumulative reported losses of MOSL to December 31, 2021 totaled \$9,888,436.

- 26) Prior to 2020, MOSL’s financial statements were audited by Ernst and Young LLP, however MOSL’s annual financial statements have not been audited since December 31, 2019.

## ASSETS

- 27) Pursuant to an asset purchase agreement dated November 26, 2021, (the “**APA**”), MOSL and Merritt FuelCo Limited Partnership, a related entity supplying the Project with biomass fuel, together sold substantially all of their collective assets to ProjectCo. The assets were collectively sold for \$500,000. The Trustee has a copy of the APA and is gathering further information to review this transaction and the allocation of asset realizations between the entities.
- 28) The review of this transaction is part of the Trustee’s review for any preferences or transfers at undervalue by the Partnerships for the 12 months before the Date of Bankruptcy (the “**Trustee Transaction Review**”).
- 29) The Trustee assisted the former directors with producing a consolidated statement of affairs of the Partnerships as of the Date of Bankruptcy (the “**SoA**”), a copy of which is attached as **Appendix “B”**. The significant assets of the Partnerships are outlined below.

## Cash

- 30) As of the Date of Bankruptcy, the Partnerships had \$nil in cash at the Royal Bank of Canada (the “**Bank**”). The Trustee understands that the ending daily bank balance was always at \$nil as a result of the Cash Sweeps.
- 31) The Trustee will be reviewing the Bank transactions and related Cash Sweeps as part of the Trustee Transaction Review.

## Accounts receivable and other receivables

- 32) As detailed in the SoA, the Partnerships recorded amounts receivable from third parties of \$114,423 at the Date of Bankruptcy, comprising:
- \$439 owed by Cleartech Industries Inc. The Trustee is reviewing the details of this debt in order to determine the quantum of any realizable value; and
  - \$113,984 due from Canada Revenue Agency (“**CRA**”) in relation to GST. This debt is expected to be fully realized as the Trustee is not aware of any debts owing to CRA.

## Related party receivables

- 33) As of the Date of Bankruptcy, the Partnerships’ internal financial reporting showed the below amounts receivable from related parties:

\$ Counterparty	Related party receivable

Merritt Green Energy LP	519	-	519
<b>Total</b>	<b>170,210</b>	<b>-</b>	<b>170,210</b>

- 34) The Trustee will review the above claims and, in consultation with any estate inspector(s) and through information to be provided by Veolia, file any necessary claims.

## CONSERVATORY AND PROTECTIVE MEASURES

- 35) The Trustee has received various electronic books and records of the Partnerships and is coordinating the provision of the required remaining books and records.
