INTRODUCTION

1. Pursuant to an Order (the "**Receivership Order**") granted by the Supreme Court of British Columbia (the "**Court**") on October 31, 2017 (the "**Date of Receivership**"), Deloitte Restructuring Inc. ("**Deloitte**") was appointed as receiver and manager (the "**Receiver**") of all assets, undertakings and properties of Network Intelligence Inc. ("**Network**" or the "**Company**").
2. Pursuant to the Receivership Order, the Receiver assigned Network into bankruptcy on November 3, 2017 (the "**Date of Bankruptcy**") and Deloitte was appointed as the trustee in bankruptcy of the Company (the "**Trustee**").
3. A copy of the Receivership Order and other information regarding the receivership and bankruptcy proceedings of the Company can be accessed on Deloitte's website at <http://www.insolvencies.deloitte.ca/en-ca/Pages/networkintelligence.aspx> (the "**Deloitte Website**").
4. On November 20, 2017, the Receiver filed its first report to Court (the "**First Report**") to support its application on November 22, 2017 (the "**November 22 Application**") to, among other things, seek the Court's approval of both the asset purchase agreement between 1130489 B.C. Ltd. ("**113**") and the Receiver dated November 20, 2017 (the "**Stalking Horse Bid**") along with the sale process around the Stalking Horse Bid (the "**Sale Procedures**"). Pursuant to the November 22 Application, the Court granted an order approving the Stalking Horse Bid and Sale Procedures (the "**Sale Procedure Order**").
5. This is the second report of the Receiver (the "**Second Report**"). The Second Report is filed in relation to the application by approximately thirty (30) individuals, family trusts and corporations of the Istuary Group (the "**Istuary Group Investors**") on December 14, 2017 (the "**December 14 Application**") to extend the current bid deadline in the Sale Procedure Order from December 15, 2017 (the "**Bid Deadline**") to January 31, 2018 (the "**Bid Deadline Extension**") and includes the following information for the Court:
 - 5.1 An update of the Receiver's activities from the date of the First Report to the date of the Second Report;
 - 5.2 An update on the Sale Procedures and steps taken by the Receiver with respect to the Sale Procedure Order;
 - 5.3 Background information on the Istuary Group Investors and the matters raised;
 - 5.4 An update on the receipts and disbursements in the Receivership from the Date of Receivership to December 13, 2017 (the "**Dec 13 SRD**");
 - 5.5 An update on Receiver borrowings from the Date of Receivership to December 13, 2017 and the projected funding required from the Bid Deadline to the Bid Deadline Extension; and
 - 5.6 The Receiver's comments around the relief requested by the Istuary Group Investors and the related impacts on the receivership and current Sale Procedures.

6. As part of the December 14 Application and pursuant to the Second Report, the Receiver will be seeking the following from the Court if the Bid Deadline is extended:
 - 6.1 Approval of an increase in the Current Borrowing Facility (as defined later in this Second Report) from \$6.5 million to \$7.5 million.
7. Unless otherwise provided, all other capitalized terms not defined in this Second Report are as defined in the First Report.

BACKGROUND

8. Network is a privately held start-up information technology company that was incorporated in British Columbia in August 2015. The Company is in the business of researching and developing enterprise solid state drive controller solutions which meet enterprise user requirements including high bandwidth, high computing throughput, fast response speed, high time to failure and high scalability (the "**Intellectual Property**").
9. As detailed in the First Report, Network was part of the group of companies related to Istuary Group Holdings Ltd. (the "**Istuary Group**") and Network relied on the Istuary Group for funding as well as payroll, human resource and other support services. During the summer of 2017, the Istuary Group experienced financial difficulties and the employees of Network were not paid. The Receiver understands that 113, the current principal lender to Network, agreed in August 2017 to fund various costs of Network. In consideration of advancing the funds, 113 was granted security over all of the present and after-acquired personal property of the Company (the "**113 Security**").
10. The Receiver's independent legal counsel, Gowling WLG ("**Gowling**"), has been assisting the Receiver on various receivership matters and has completed a review of the 113 Security (the "**Security Review**"). Based on the Security Review, subject to limitations, assumptions and qualifications in the Security Review, the Receiver is of the view that 113 has a perfected and enforceable security interest against the personal property of Network. 113 has provided the Receiver with documents that support the amounts it has advanced under three different credit facilities, but the Security Review provides a review of the promissory note dated September 12, 2017 from Network to 113 and does not opine on the amount of the 113 secured debt.
11. At the Date of Receivership, the Receiver understood that 113 was owed approximately \$4.7 million. 113 has since provided additional advances, totalling approximately \$5.2 million to the Receiver pursuant to the \$5.0 million borrowing facility authorized in the Receivership Order (the "**Original Borrowing Facility**"). The Original Borrowing Facility was increased to \$6.5 million (the "**Current Borrowing Facility**") pursuant to the amended Receivership Order granted by the Court on November 22, 2017 (the "**Amended Receivership Order**").

NOTICE TO READER

12. In preparing this Second Report, the Receiver has relied on unaudited financial and other information, the Company's books and records and discussions with management, employees, contractors, interested parties and the Company's stakeholders. The financial information of the Company has not been audited, reviewed or otherwise verified by the Receiver as to its accuracy or completeness, nor has it necessarily been prepared in accordance with generally accepted accounting principles and the reader is cautioned that this report may not disclose all significant matters about the Company. Additionally, none of the Receiver's procedures were intended to disclose defalcations or other irregularities. If the Receiver were to perform additional procedures or to undertake an audit examination of the financial statements in accordance with generally accepted auditing standards, additional matters may have come to the Receiver's attention. Accordingly, the Receiver does not express an opinion nor does it provide any other form of assurance on the financial or other information presented herein. The Receiver may refine or alter its observations as further information is obtained or brought to its attention after the date of this report.
13. The cash flow projections included in this Second Report were prepared by Company management (except where noted). Although the Receiver has reviewed management's assumptions underlying the cash flow for reasonableness, financial projections, by their nature, are dependent upon future events, which are not susceptible to verification. Actual results will vary from the information presented and the variations may be material.
14. The Receiver assumes no responsibility or liability for any loss or damage occasioned by any party as a result of the circulation, publication, reproduction, or use of this Second Report. Any use which any party makes of this Second Report, or any reliance or decision to be made based on this Second Report, is the sole responsibility of such party.
15. All dollar amounts in this Second Report are in Canadian dollars, unless otherwise indicated. All Canadian currency amounts have been converted to US funds using an average foreign exchange rate over the period of 1.28.

RECEIVER'S ACTIVITIES SINCE THE FIRST REPORT

16. The Receiver has undertaken the following more significant steps since the date of the First Report with respect to the assets, employees and operations of the Company:
 - 16.1 Continued the operations of the business of the Company;
 - 16.2 Finalized the employment agreements with the management of the company (the "**Management**") who continue to run and manage the operations with the oversight of the Receiver;
 - 16.3 Held recurring calls with Management twice per week to obtain updates on the operations and discuss disbursements and other matters;
 - 16.4 Gained access to, obtained and reviewed the Company's available books and records from the Company's former office located at 1125 Howe Street, Vancouver, BC;

- 16.5 Hired seven (7) new employees to replace staff that left the Company or to fill new required positions;
- 16.6 Reviewed vendor payment requests and supporting documents and arranged for payment;
- 16.7 Reviewed, updated and monitored a detailed weekly cash flow forecast for the period from November 17, 2017 to February 4, 2018 that has been shared with Management and 113 on a weekly basis;
- 16.8 At the Company's request, engaged professional tax advisors, Deloitte LLP, to provide assistance on the scientific research and experimental development tax return required to obtain refundable credits from the Canada Revenue Agency for the Company's year ended June 30, 2017;
- 16.9 Held various discussions with key vendors and other stakeholders in regards to the receivership proceedings;
- 16.10 Negotiated an occupation agreement for the Markham Premises;
- 16.11 Made a payment on November 27, 2017 totalling approximately USD \$1.9 million to commence the tape-out process for the Intellectual Property;
- 16.12 Completed various marketing and advertising efforts and set up a data room in accordance with the Sale Approval Order (as discussed later in this Second Report); and
- 16.13 Posted various orders, reports and other information on the Deloitte Website.

SALE PROCEDURES UPDATE

17. The Receiver has undertaken the following activities since the Court granted the Sale Procedure Order on November 22, 2017:
 - 17.1 On November 22, 2017, posted the Sale Procedure Order and Stalking Horse Bid on the Deloitte Website, a copy of which is attached hereto as Appendix "A";
 - 17.2 On November 23, 2017, completed the teaser document (the "**Teaser**") providing background information on the Company and details of the Staking Horse Bid and Sale Procedures and posted it, along with the confidentiality agreement ("**CA**"), on the Deloitte Website. A copy of the Teaser is attached hereto as Appendix "**B**";
 - 17.3 From November 23 to 26, 2017, distributed the Teaser to twenty-nine (29) potential interested parties, as identified by Management and the Receiver;
 - 17.4 On November 22 and 23, 2017, contacted Mr. Haijian Liu of Jiu Fa Investments Ltd. ("**Jiu Fa**"), an investment firm that previously expressed an interest in the Company's assets and submitted an unsigned letter of intent to the Company on October 12, 2017 (the "**LOI**"). The Receiver followed up with Mr. Liu on

November 24, 2017 and, after obtaining an email address, sent the Teaser to Mr. Liu on the same date. The Receiver followed up with Mr. Liu on November 24 and 28, 2017 and again during the week of December 4, 2017. The Receiver heard back from Mr. Sean Wang, the CEO of Jiu Fa, on December 12, 2017.

- 17.5 On Saturday, November 25, 2017, placed a print and digital advertisement in the Globe and Mail (the "**Globe**"). The Globe has a national readership of approximately 7.4 million people across all platforms, including Globe print and digital readers in which the advertisement was placed. Further, the Globe has a digital audience of 4.9 million readers per week and is especially high on the weekends. A copy of the Globe advertisement is attached hereto as Appendix "**C**";
- 17.6 On November 27, 2017, December 4, 2017 and December 11, 2017, placed an advertisement in the Insolvency Insider publication. The Insolvency Insider is circulated weekly by email to approximately 2,650 parties, including private equity and hedge funds, financial institutions, banks, appraisers and liquidators, and individuals working as or with other licenced insolvency trustees and receivers.
- 17.7 The data room (the "**Data Room**") containing, among other documents, the information outlined in the Sale Procedure Order, went live on November 22, 2017.

ISTUARY GROUP INVESTORS

18. The Trustee held the first meeting of creditors in the bankruptcy of Network on November 22, 2017 (the "**FMOC**"). The FMOC was attended by several individuals, including Istuary Group employees, investors, and limited partners (the "**Istuary Parties**"). The director of the Company, Ethan Sun, was not present as he could not be contacted and was assumed to be out of the country.
19. The Istuary Parties raised several issues and concerns at the FMOC, including the accuracy of the unsworn statement of affairs (the "**Statement of Affairs**"), that the convertible loans owing to the Istuary Group from the Company (the "**Convertible Loans**") were not converted to equity as far as they were aware and were still outstanding as debt, that the LOI was not properly considered prior to the receivership, as well as general concerns about 113, the Stalking Horse Bid and the Sale Procedures. The Trustee addressed the questions with the information it had available and encouraged the Istuary Parties to seek legal advice to deal with their concerns. These matters are outlined in further detail in the minutes to the FMOC, which are attached hereto as Appendix "**D**".
20. Following the FMOC, a former employee of the Istuary Group, provided additional information to the Receiver concerning the three Convertible Loans provided by the Istuary Group to the Company which are reported to total \$14.9 million in the June 30, 2017 financial statements. The Trustee had understood from Management that the Convertible Loans had been converted to equity prior to the Date of Bankruptcy so they were not included in the Statement of Affairs. However, the Trustee did provide a notice of the bankruptcy and FMOC to the registered records office of the Istuary Group and indicated at the FMOC, and in subsequent correspondence, that any parties

asserting a claim against Network could file a proof of claim with the Trustee, along with any supporting backup.

21. The Receiver had not been able to locate any documents to support the conversion of the Convertible Loans until it received the affidavit of Renkie Nie, a shareholder of 113, dated December 11, 2017 (the "**Nie Affidavit**"). The Nie Affidavit provides additional background on the funding provided by 113 prior to the Date of Receivership as well as details and supporting documents with respect to the conversion of the Convertible Loans which appears to have taken place on or about September 20, 2017. The Receiver and Gowling have not reviewed the documents surrounding the conversion and take no position with regard to the conversion other than to note that a determination on the validity of the conversion should not influence the Bid Deadline.
22. The Receiver understands, through the notice of the application by the Istuary Group Investors dated December 11, 2017 (the "**Notice of Application**"), that several of the Istuary Group Investors have recently incorporated a company, 1143569 B.C. Ltd ("**114**"), in order to prepare a Qualified Bid (as defined in the Sale Procedure Order). 114 did provide a signed CA to the Receiver on December 7, 2017, satisfied the participant requirements on December 8, 2017 and was admitted to the Data Room on the same day. The Receiver understands that 114 requires additional time to review the information in the Data Room in order to make a Qualified Bid. The Receiver does note that several of the Istuary Group Investors were made aware of the Stalking Horse Bid and Sale Procedures through their attendance at the FMOC on November 22, 2017.
23. The Istuary Group Investors also confirm in the Notice of Application that they are willing to provide funding to the Receiver by way of borrowings under Receiver's certificates in order to ensure that the sales process is conducted in an appropriate manner and that proper investigation into the actions of 113 and Network can be made by the Receiver. The Receiver, at the time of finalizing this Second Report, has not been provided with bank statements from 114 or other proof that sufficient funds are available to support the Company's operations to January 31, 2018 (the funding required is discussed in more detail later in this Second Report).

STATEMENTS OF RECEIPTS AND DISBURSEMENTS

24. The Receiver has prepared the Dec 13 SRD which is attached hereto as Appendix "**E**".
25. As outlined in the Dec 13 SRD, the more significant receipts and disbursements from the Date of Receivership to December 13, 2017 are as follows:
 - 25.1 The Receiver has borrowed and received from 113, pursuant to the Current Borrowing Facility, approximately CAD \$1.2 million and approximately USD \$3.2 million.
 - 25.2 Payments of salaries, wages, and related payroll source deductions as well as contractors and employee benefits, for the period ended December 15, 2017 total approximately \$794,000.
 - 25.3 Payments to vendors, with prior approval from 113, of approximately USD \$2.5 million for licence fees, maintenance fees and software development tools, design and other technical support. The most significant of these payments include:

- a. USD \$2.1 million paid to Uniquify Inc. for the tape-out of the Intellectual Property and related backend service costs;
 - b. USD \$218,000 paid to Cadence Design Systems (Canada) Ltd. for software development costs and support and maintenance fees; and
 - c. USD \$93,000 paid to Chips & Media Inc. for licence fees and support and maintenance fees.
- 25.4 The Receiver has invoiced and been paid approximately \$120,000 in fees and costs (excluding taxes) to November 24, 2017.
- 25.5 Gowling has invoiced and been paid approximately \$63,000 in fees and costs (excluding taxes) to November 27, 2017.
26. On December 8, 2017, 113 informed the Receiver that it had encountered fund transfer issues and was unable to make the expected cash injection of \$500,000 for that week. 113 requested that the Receiver convert the USD funds it held into Canadian funds in order to meet payroll, rent and other obligations required to be paid into Canadian currency. The Receiver converted approximately USD \$162,000 into Canadian funds in order to make payments on December 12, 2017.
27. As at December 12, 2017, the Receiver currently holds a balance of approximately CAD \$310,000 and USD \$453,000 in its trust accounts, which convert to a total of approximately USD \$691,000 (the "**Current Funds on Hand**"). The excess of available cash is due to timing differences on projected payments.

CASH FLOW

28. The Receiver has not received any significant funds from 113 since November 24, 2017, other than \$150,000 on December 13, 2017. This amount is less than the \$1.1 million requested by the Receiver from 113 over the last two (2) weeks as outlined in the weekly cash flow and payment requests. 113 has indicated that they have encountered some fund transfer issues but the Receiver understands that 113 may also be waiting for the outcome of the December 14 Application before providing any further funds.
29. With the Current Funds on Hand, the Receiver has enough funds to cover the December 31, 2017 payroll and continue the operations until December 22, 2017. This assumes that no further vendor payments are deferred and that further USD funds will need to be converted to Canadian funds.
30. The Receiver updated Management's weekly cash flow forecast for the period ending January 31, 2018 (the "**Jan 31 Forecast**") in order to estimate the funds required to continue operations if the Bid Deadline Extension is granted. A copy of the Jan 31 Forecast is attached hereto as Appendix "**F**".
31. The Jan 31 Forecast estimates that approximately USD \$2.2 million in additional payments are required to continue the operations to January 31, 2018 (the "**Estimated Remaining Disbursements**"). The following are the more significant Estimated Remaining Disbursements included in the Jan 31 Forecast:

- 31.1 Salaries, wages, and related payroll source deductions and employee benefits for the periods ending December 31, 2017, January 15 and 31, 2018 and February 15, 2018 for a total of approximately USD \$844,000. The February 15, 2018 payroll of USD \$215,000 has been included in the Estimated Remaining Disbursements as a contingency if a sale closing was delayed;
 - 31.2 Lab equipment and prototype payments totalling approximately USD \$371,000;
 - 31.3 Front end tools totalling approximately USD \$134,000;
 - 31.4 Intellectual Property licence fees and other related support payments totalling approximately USD \$284,000;
 - 31.5 Rent totalling approximately USD \$68,000;
 - 31.6 Estimated un-invoiced and future professional fees of the Receiver and Gowling totalling approximately USD \$235,000; and
 - 31.7 A contingency for professional and costs and other operating expenses of approximately USD \$160,000.
32. If the Current Funds on Hand are deducted from the Estimated Remaining Disbursements, the Receiver will require an additional USD \$1.5 million in funds, or the equivalent of CAD \$1.9 million, to secure the operations to January 31, 2018 (the "**Jan 31 Remaining Funding**"). This Remaining Funding assumes that no significant unexpected expenses occur and that a sale closes on or before January 31, 2018.
33. If the Bid Deadline Extension was reduced and the operations only needed to be funded to January 15, 2018, the Receiver estimates that approximately USD \$1.0 million in funds, or the equivalent of CAD \$1.3 million, would be required to that period (the "**Jan 15 Remaining Funding**"). The only adjustment to the Jan 31 Forecast would be to move the professional fees of approximately USD \$115,000 into the week beginning January 8, 2018 as opposed to being paid in the week beginning January 22, 2018.
34. The Receiver will require the Jan 31 Remaining Funding or the Jan 15 Remaining Funding from 113 or 114 by December 15, 2017 in order to provide comfort to the employees and the Receiver that all post-receivership payroll and other expenses will be paid.

RECEIVER BORROWINGS

35. As previously outlined, the Amended Receivership Order increased the Original Borrowing Facility maximum from \$5.0 million to the Current Borrowing Facility of \$6.5 million.
36. The Receiver has continued to work closely with Management to review and update the weekly cash flow. The cash flow has formed the basis for the timing of the receipts of the Receiver's borrowings under the Borrowing Facility.

37. The Receiver has issued eight (8) separate Receiver's certificates to date that total approximately \$5.2 million, after converting the US funds to Canadian funds using an average foreign exchange rate over the period of 1.28.
38. In the event that the Court approves the Bid Deadline Extension and the Jan 31 Remaining Funding of CAD \$1.9 million is required, the Receiver is estimating that it would need to borrow up to CAD \$7.1 million until January 31, 2018. As a result, the Receiver would like to increase the Current Borrowing Facility from \$6.5 million to \$7.5 million in order to allow for any potential delays or unknown variances.
39. As previously reported, 113 is currently charging an annual compounded interest rate of 12% on the Receiver borrowings. If 114 was to provide the Jan 31 Remaining Funding or the Jan 15 Remaining Funding, the Receiver would be agreeable to the same or lower interest rate as being charged by 113.

EXTENSION OF THE BID DEADLINE

40. The Receiver understands that 114 is prepared to provide the Receiver with the Jan 31 Remaining Funding on December 15, 2017 at the same rate as the existing Receiver borrowings.
41. The Receiver has reviewed the concerns expressed by 114 in the Notice of Application as well as the response from 113 and its concerns with a delayed bid deadline in closing as outlined in 113's response to the Notice of Application.
42. The Receiver has the following comments in regards to the Bid Deadline Extension:
 - 42.1 The Receiver understands that 114 may be moving towards making a Qualified Bid and an extension of the Bid Deadline will allow it to do that and create a competitive bidding process;
 - 42.2 The Receiver understands that 114 is looking for more detailed information on and meetings with the employees of the Company as part of their remaining due diligence and the Receiver is prepared to assist them in this regard;
 - 42.3 The Receiver understands that 114 has the financial resources to submit a Qualified Bid and fund the operations, but 114 has not provided the Receiver with any supporting evidence at the time this Second Report was finalized;
 - 42.4 113 has confirmed to Gowling that it would amend the terms of the Stalking Horse Bid to incorporate a longer closing date which means a firm and binding offer would not be lost with an extension;
 - 42.5 The Receiver is of the view that the employees are critical to the operations and to the value of the Assets, however, given the late filing of various affidavits, the Receiver has not yet had a chance to address the views of some employees which are expressed or mentioned in these affidavits; and
 - 42.6 If the necessary funding of the receivership is provided by 113 or 114 on or before December 15, 2017, and this fact is communicated by Management to the employees and other stakeholders, the Receiver is of the view that the

impact on the operations and employees as a result of an extension of the Bid Deadline to January 5, 2018 should be manageable.

43. Based on the foregoing, the Receiver is supportive of a Bid Deadline extension to January 5, 2018. Pending information gathered from further communications with employees and receipt of funding from 113 or 114 on December 15, 2017, the Receiver may be in a position to support a longer Bid Deadline extension.

CONCLUSIONS AND RECOMMENDATIONS

44. The Receiver is supportive of a Bid Deadline extension to January 5, 2018. Pending information gathered from further communications with employees and receipt of funding from 113 or 114 on December 15, 2017, the Receiver may be in a position to support a longer Bid Deadline extension.

45. The Receiver respectfully requests:

- 45.1 That if the Bid Deadline is extended by the Court that the Amended Receivership Order be further amended to provide approval of an increase in the Current Borrowing Facility from \$6.5 million to \$7.5 million.

All of which is respectfully submitted at Vancouver, British Columbia this 13th day of December, 2017.

Only Qualified Bidders shall have their Bid's considered by the Receiver. In order to be considered a Qualified Bid a Bid must satisfy each of the following conditions:

- (a) **Written Submission of Modified APA and Commitment to Close.** A Qualified Bid must be submitted by the Bid Deadline in the form of a Modified APA (together with a blackline of the Modified APA against the Stalking Horse Agreement), and a written and binding commitment to close on the terms and conditions set forth therein.
- (b) **Irrevocable.** A Qualified Bid must be open for acceptance and irrevocable until December 22, 2017;
- (c) **Contingencies.** A Qualified Bid may not be conditional on obtaining financing or any internal approval or on the outcome or review of due diligence. Any other contingencies associated with a Qualified Bid may not, in aggregate, be more burdensome than those set forth in the Stalking Horse Agreement;
- (d) **Financing Sources.** A Qualified Bid must be accompanied by written evidence of a commitment for financing or other evidence of the ability to consummate the transaction satisfactory to the Receiver Manager and appropriate contact information for such financing sources must be provided;
- (e) **No Fees payable to Qualified Bidder.** A Qualified Bid may not request or entitle the Qualified Bidder to any break-up fee, expense reimbursement or similar type of payment;

- (f) Good-Faith Deposit. Each Qualified Bid must be accompanied by a Good Faith Deposit that shall be paid to the Receiver Manager by certified cheque or banker's draft, to be held by the Receiver Manager in trust in accordance with this Sale Procedure;
- (g) Stalking Horse Purchase Price. The aggregate consideration in a Qualified Bid must have a purchase price that exceeds the Stalking Horse Purchase Price by an amount of not less than 10% of the Stalking Horse Purchase Price; and
- (h) Delivery. A Qualified Bid must be delivered to the Receiver Manager in a sealed envelope in accordance with Section 14 at or prior to the Bid Deadline.

The Receiver Manager shall not unseal or read any Bid except in accordance with Section 10 below.

Notwithstanding the above requirements, the Stalking Horse Agreement is and is deemed to be a Qualified Bid for all purposes of this Sale Procedure.

8. Stalking Horse Bidder may increase its Bid

The Stalking Horse Bidder may at any time prior to the Bid Deadline submit to the Receiver Manager in a sealed envelope an executed addendum to the Stalking Horse Bid amending the Stalking Horse Bid as to Purchase Price only (the "**Stalking Horse Addendum**"). The Stalking Horse Addendum shall not be unsealed or read by the Receiver Manager except in accordance with Section 10 below.

9. If no Qualified Bid other than the Stalking Horse Bid

If no Bid other than the Stalking Horse Agreement (and the sealed Stalking Horse Addendum if any) is received by the Bid Deadline, then the Sale Procedure shall be terminated and the Stalking Horse Bidder shall be declared the Successful Bidder at the price set out in the Stalking Horse Agreement and the Stalking Horse Addendum (if any) shall be destroyed without being opened. The Receiver Manager shall then as soon as reasonably practicable seek Court approval of, and authority to consummate, the Stalking Horse Agreement and the transactions provided for therein by Vesting Order and the Receiver Manager shall post notice of such facts on its website established in connection with the Receivership Proceedings.

10. If one or more Bids in addition to the Stalking Horse Bid

If one or more Bids other than the Stalking Horse Bid is received by the Bid Deadline, the Receiver Manager shall conduct a sealed bid process (the "**Sealed Bid Process**") among only those Qualified Bidders who submitted Bids (collectively the "**Sealed Bid Participants**") to determine the Successful Bid.

The Sealed Bid Process shall be conducted as follows:

- (a) the Receiver Manager shall open and read all Bids submitted by Qualified Bidders other than the Stalking Horse Bidder and determine which, if any, are Qualified Bids pursuant to the requirements set out in Section 7;
- (b) if the Receiver Manager determines that none of the Bids is a Qualified Bid then the Sale Procedure shall be terminated and the Stalking Horse Bidder shall be declared the Successful Bidder at the price set out in the Stalking Horse Agreement and the Stalking Horse Addendum (if any) shall be destroyed without being opened;

- (c) if the Receiver Manager determines that one or more of the Bids is a Qualified Bid then the Receiver Manager shall then unseal and read the Stalking Horse Addendum and shall then determine which among the Qualified Bids and the Stalking Horse Agreement as amended by the Stalking Horse Addendum is the Successful Bid;
- (d) the Receiver Manager shall determine the Successful Bidder by no later than 5:00 p.m. Pacific Time on December 18, 2017. After the Receiver Manager determines the Successful Bid the Receiver Manager shall
 - (i) as soon as practicable advise the Sealed Bid Participants of its determination and post notice of the determination on its website established in connection with the Receivership Proceedings; and
 - (ii) not later than December 22, 2017 seek Court approval of, and authority to consummate, the Successful Bid and the transactions provided for therein by Vesting Order.

The Receiver Manager shall be entitled to, but is not obligated to, seek additional information and clarifications from any Participant or Qualified Bidder in respect of its Bidder Qualification Requirements or Bid at any time provided that nothing herein shall entitle a Qualified Bidder to improve its Bid as submitted at the Bid Deadline.

11. Acceptance of Successful Bid and Vesting Order

The Receiver Manager shall complete the sale transaction or transactions with the Successful Bidder following the granting of a Vesting Order with regard to the Successful Bid. The Receiver Manager will be deemed to have accepted a Successful Bid only when a Vesting Order has been granted with regard to the Successful Bid. The Receiver Manager shall apply for a Vesting Order as soon as practicable after the determination by the Receiver Manager of the Successful Bidder. The Vesting Order shall be sought by hearing in Court unless otherwise sought by desk order in accordance with Paragraph 8(a) of the Sale Procedure Order.

12. Effect of a Failure to Complete Successful Bid

If the Successful Bid is made by a party other than the Stalking Horse Bidder, and either (i) the Court refuses to approve that Bid, or (ii) if approved by the Court, the Successful Bidder does not complete the transaction as contemplated therein and on the terms approved by the Vesting Order, the Stalking Horse Bidder shall have a right of first refusal to complete the sale on the same terms and conditions as approved by the Vesting Order, and the Receiver Manager or the Stalking Horse Bidder will be at liberty to apply to amend the Vesting Order to substitute the Stalking Horse Bidder as purchaser accordingly.

13. Return of Good Faith Deposit

Good Faith Deposits of all Qualified Bidders shall be held in an account of the Receiver Manager. Good Faith Deposits of all Qualified Bidders, other than the Successful Bidder, shall be returned to such Qualified Bidders within three (3) business days of the selection of the Successful Bidder. Good Faith Deposits of the Successful Bidder shall be applied to the purchase price of such transaction at closing. If a Successful Bidder fails to consummate an approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Receiver Manager shall be entitled to retain the Good Faith Deposit of the Successful Bidder as part of their damages resulting from the breach or failure to perform by the Successful Bidder.

14. **Delivery of documents to the Receiver Manager**

All documents or other materials to be delivered to the Receiver Manager pursuant to this Sales Procedure, including the Participant Requirements and the Bidder Qualification Requirements but excluding all Bids must be submitted by email to lchung@deloitte.ca and jkeeble@deloitte.ca so that they are actually received by the Receiver Manager no later than the Bid Deadline.

Bids, including the Good Faith Deposit in the form of a certified cheque or bank draft must be delivered to the Receiver Manager at 2800 – 1055 Dunsmuir Street, Vancouver, BC, Canada V7X 1P4 Attention Jeff Keeble, by hard copy in a sealed envelope by the Bid Deadline. A Bid that is not received by hard copy prior to the Bid Deadline shall not constitute a Qualified Bid and shall be disqualified.

15. **Modifications and Reservations**

This Sale Procedure may be modified or amended by the Receiver Manager provided that if such modification or amendment materially deviates from this Sale Procedure, such modification or amendment may only be made by order of the Court.

The Receiver Manager may reject at any time before entry of an order of the Court approving a Successful Bid, any Bid (except the Stalking Horse Agreement, other than in accordance with its terms) that is (a) inadequate or insufficient, (b) not in conformity with the requirements of this Sale Procedure, or the terms and conditions of sale, or (c) contrary to the best interests of the Receivership estates.

Company Overview and Assets for Sale

Deloitte Restructuring Inc., in its capacity as the Court appointed receiver and manager (the “Receiver”) of Network Intelligence Inc. (“Network” or the “Company”) and not in its personal capacity, is seeking offers for the assets of the Company.

Network is a privately held start-up information technology company that was incorporated in British Columbia in August 2015. The Company is in the business of researching and developing enterprise solid state drive (“SSD”) controller solutions which meet enterprise user requirements including high bandwidth, high computing throughput, fast response speed, high time to failure and high scalability (the “IP”). The Company has spent approximately CAD \$24.0 million on the IP to November 15, 2017.

The Receiver is continuing to operate the Company from offices in Burnaby, British Columbia and Markham, Ontario with approximately 50 employees, while at the same time seeking offers for the Company’s assets.

The assets for sale include all undertakings and property of the Company, including the books and records, computers, goodwill, office equipment and supplies, software and IP, and right title and interest in contracts.

Technical Highlights

The SSD controller design will use the most advanced interfaced technologies for Double Data Rate, Peripheral Component Interconnect-Express and Flash.

The SSD controller will be implemented in a flexible programmable implementation that will allow for the greatest flexibility in adapting to current and future flash technologies.

A high performance CPU implementation will allow for high throughput read and write transactions for competitive IOP performance.

Enterprise specific features such as enhanced power loss protection, dedupe, internal RAID and encryption address the specific needs of large scale enterprises and data center customers.

The custom SSD designs are being developed for AIC (HHHL), U.2 (15mm) and m.2 form factors to address a wide range of customer needs.

Optimizations addressing the specific thermal and signal integrity needs of each form factor will allow the drives to maximize the performance and capacity of the underlying flash devices.

The drive performance is expected to exceed best in class targets of existing NVM Express (“NVMe”) based SSD designs.

The SSD will enable high performance NVMe solutions to be built around the latest flash technologies.

Potential markets for this technology includes enterprise, high performance computers and data center applications.

Amaya: Current timeline would exceed start-to-finish limit of 18 months

It also calls into question the limits of a fragmented provincial securities regulatory system with a poor record of policing suspicious price runups in Canadian stocks ahead of deal news.

One query at the heart of the case is why so many investors bet on Amaya, a minnow-sized Montreal online-gambling company, months before news broke about its improbable \$4.9-billion (U.S.) takeover of betting giant PokerStars. Trading in Amaya stock was frenzied in the weeks before the deal was announced in June, 2014, amid industry rumours of a tie-up between the two companies.

The AMF believes information was leaked deliberately in advance, partly to pump up the value of Amaya shares. In March of last year, when Mr. Baazov was still chief executive officer of Amaya, it laid five charges against him for "aiding with trades while in possession of privileged information, influencing or attempting to influence the market price of the securities of Amaya Inc., and communicating privileged information."

The regulator also charged Benjamin Ahdoot, a childhood friend of Mr. Baazov, and Yoel Altman, an Amaya adviser, with insider trading and attempting to influence the market price of Amaya stock. Dicles Capital Inc., Sababa Consulting Inc. and 237489 Ontario Inc. were also charged with similar offences. If found guilty, the accused face fines and prison terms.

The defendants have denied any wrongdoing. Amaya has since changed its name to The Stars Group Inc. and relocated its headquarters to Toronto.

A separate probe was also opened against other associates of Mr. Baazov, alleging they profited from trades made with privileged information that originated from him. A dozen people are targeted in that investigation, including Josh Baazov, Mr. Baazov's brother. The AMF says the individuals operated a sophisticated system through which kickbacks were paid in exchange for tips on several impending takeover deals. No charges have been laid in that probe, dubbed "Project Bronze."

The defence in the David Baazov case has complained repeatedly about the lack of disclosure by the AMF. But the document dump of 16 million items on Sept. 21 appears to have triggered a request to dismiss the proceedings. The files all relate to Project Bronze and it is imperative that the defence be granted a chance to review them. Ms. Melchers says in her motion.

When they received the external hard drive containing the data in September, lawyers for Mr. Baazov copied it and sent the copy to their information-technology consultants, according to the court filing. The consultants, OpenText, advised that the hard drive contained 3.7 terabytes of raw data and that it would take four to five weeks to organize the information for review at a cost of about \$505,000 (Canadian).

The defence team gave OpenText the green light to proceed. According to the court filing, Mr. Baazov's lawyers would have been able to start an analysis of the documents this week. They say they would need a minimum of six months to

review the information.

Under the current timelines set out for David Baazov's trial, it is anticipated that it would end in April, 2018, with a verdict rendered by the end of July, 2018. That works out to 28 months after charges were laid, a time frame that already exceeds the 18-month, start-to-finish limit for provincial court cases set out in a recent Supreme Court ruling known as Jordan.

Granting the defence an opportunity to review the new data would bring the lapse of time to an estimated 37 months, more than twice the limit, according to the court filing. "The length of the delays in this case result neither from the defendants' conduct nor the institutional delays in the district of Montreal but directly from the AMF's actions and sloppiness," the motion says.

Sylvain Thérage, a spokesman for the AMF, said the regulator remains convinced it can prosecute the case effectively. "The AMF is ready for the start of the trial and we will keep for the court all relevant elements of this important

case," he said.

Adam Sharon, a spokesman for David Baazov, declined to comment.

Lawyers for Mr. Baazov believe that a news release he put out in February, 2016, announcing his intention to take Amaya private created pressure on Quebec's securities regulator "to get the charges against him out quickly to allow the AMF to make information it had gathered in connection with its investigation public and thwart the privatisation plans," according to the motion.

Mr. Baazov scrapped that plan about 10 months later after weeks of questions about whether his overseas backers had the financial wherewithal to fund the \$4.1-billion (U.S.) deal. Since then, he has kept a low profile.

Employees of Canaccord Genuity Securities, Amaya's investment banker, are among those expected to testify if the case moves ahead. An anonymous informant is also expected to be heard.

The judge will hear the motion to dismiss the case on Dec. 11, when the trial is scheduled to start.

McGugan: Growth of 'weisure time' leads to lacklustre productivity in recent years

I know you will find this as shocking as I do, sir, but people typically spend one hour of their workday on social media, according to the U.S. Chamber of Commerce Foundation. Amazing as that figure is, it only begins to account for the full impact of smartphones on output. According to Mr. Nixon, office workers require around 25 minutes to recover from interruptions before returning to the task at hand.

Of course, new technology isn't a one-way street. Many people have complained - but not me, sir, not ever - about how smartphones extend our working hours by putting us in permanent contact with the office.

A few years back, worker advocates seemed to specialize in delivering stern lectures about the growth of "weisure time," a term that was invented to describe the mix of work and leisure that now fills many evenings and weekends. Anyone who's spent a Saturday afternoon answering e-mails from colleagues and clients knows that smartphones are a Trojan horse: They allow us to bring personal communication into the office, but they also let business infiltrate our personal time, turning supposed down time into unpaid working hours.

Weisure time, though, hasn't proven to be exactly the one-sided deal that critics feared. If smartphones were allowing employers to extract vast amounts of free work from their staff, output should be booming as a result of all that unpaid labour. That is the opposite of what is occurring. Productivity growth in Canada and the United States has been lacklustre in recent years.

Smartphones not only occupy our time, but also make us dumber, reducing workers' IQ by 10 points, one analyst says. EDUARDO LIMA/THE CANADIAN PRESS

One possibility - and I rush to say this observation doesn't apply to you, boss - is that smartphones are not only occupying our time but also making us dumber. "An influx of e-mails and phone calls ... is estimated to reduce workers' IQ by 10 points - equivalent to losing a night's sleep," Mr. Nixon writes.

He suggests that habitually distracted minds may be one of the major causes of lagging productivity. In a world where a multitude of e-mails, texts and other digital flag wavers compete for our focus, many of us fall into a pattern of constantly scanning multiple channels of information to stay on top of things. "The problem is that this mode of working - termed 'continuous partial attention' - serves to fragment our attention, reducing our focus on the task at hand," Mr. Nixon says.

Our inability to concentrate is

only going to get worse as online developers gain insight into how to make smartphone apps and websites more addictive. One simple example is the bottomless scrolling news feed, which entices you to keep scrolling further and further in hopes something good will pop up. As Mr. Nixon notes, the strategy here is what psychologists call intermittent variable rewards. It is exactly what gets people hooked on slot machines.

So what can we do to fight back? Some companies are doing away with e-mail. Others are offering courses in mindfulness to encourage people to stay in the moment. Still others are redesigning systems to reduce the need for multitasking.

All of these ideas merit your attention, sir. But for now, let me send you a link to that YouTube video.

McKenna: Liberals must own up to their role in Phoenix mistakes

One of the most chilling parts of Mr. Ferguson's report is his warning that Canada may be facing the same challenges that Australia's Queensland state has in overhauling its health-care pay system. The much smaller project, launched in 2006, has already ballooned to \$1.2-billion, and problems remain. As with Phoenix, the Queensland system was designed by IBM. And as with here, it was rushed into service before it was ready. An Australian government commission called it one of the country's worst "failures in public administration."

The Phoenix disaster is partly an issue of technology. The system incorporated 200 custom computer programs to handle 80,000 different pay rules across dozens of departments and agencies. But at its core, it is a failure by politicians and bureaucrats to plan, manage and execute an essential government function. And then, when things went badly wrong, those in charge repeatedly balked at owning up to their mistakes and fixing them.

The lure of Phoenix was the projected savings. The idea was to create an easy-to-manage system, operated by a much smaller centralized staff, based in Miramichi, N.B., instead of Ottawa. About 460 newly hired pay advisers would do the work of 1,200 experienced ones. Instead, the government now employs more pay advisers than ever.

Bureaucrats at Public Services and Procurement Canada, the department responsible for Phoenix, badly oversold the expected savings to the former Conservative government. They promised the system would cut costs by nearly \$700-million over eight years, according to internal documents obtained recently by

“

The Liberal government did not create this mess, but we are going to fix this mess.

Justin Trudeau
Prime Minister

Radio-Canada. Then they compounded the problem by rushing the complex system into service with a shrunken staff of inexperienced workers.

The Liberals came to power just as Phoenix was poised to be rolled out. As pay mistakes began to pile up, they and top bureaucrats promised quick fixes, while playing down the seriousness of the underlying problem.

This week, Prime Minister Justin Trudeau pointed an accusatory finger at the Conservatives. "The Liberal government did not create this mess, but we are going to fix this mess," he said.

That's a cop-out. There is plenty of blame to go around, and the Liberals should own up to their share. The Conservatives, including former Public Works ministers Rona Ambrose and Christian Paradis, were duped by a flawed plan. Many people, including top bureaucrats and IBM, oversold the savings and ignored the many risks and pitfalls. Then the Liberals flipped the switch on - the equivalent of cutting the ribbon on a new bridge before installing guardrails and an off-ramp.

The government's failure to get such a fundamental thing even half-right right raises serious questions about its ability to plan and implement other large projects.

Marijuana: Based on recent deal activity, this is only the beginning

Its stake in Canopy shows it is serious about getting first-mover advantage among its peers in reaching a whole new consumer group. Canopy shares are up almost 50 per cent since Constellation uncorked the purchase of the nearly one-third interest. It's just a matter of time before other major players from the consumer products, pharmaceutical and even food industries stake claims.

There's no shortage of targets. There are currently 71 companies licensed to sell pot and its byproducts for medical purposes. More have applications in the works. There are also numerous providers of products and services to the industry, peddling everything from tracking software to production equipment.

This spells fragmentation and opportunities for consolidators. Aurora Cannabis Inc. has emerged as one from the domestic pack. Its shares have more than doubled in the past month, giving it a market capitalization of \$2.9-billion.

Aurora on Friday made official a hostile bid for one of the industry's early entrants, CanniMed Therapeutics Inc. The all-stock offer worth about \$50-million is aimed at expanding production and international markets.

Aurora - perhaps best known for a massive, \$100-million greenhouse it is building at the Edmonton airport - is offering 4.53 of its shares for each CanniMed share, up to a top end of

\$24 per CanniMed share. This is apart from two other deals it announced on Thursday, to buy Hz Biopharma Inc., a new entrant in production, and greenhouse-design firm Larssen Ltd.

As a condition of its offer for CanniMed, Aurora is demanding its target abandon a deal it had struck early to buy a smaller producer, called Newstrike Resources Ltd., which is backed by rockers the Tragically Hip.

Saskatoon-based CanniMed responded by urging its shareholders not to tender, saying it is concerned that Aurora is trying to take advantage of its own inflated share price.

"The Aurora management team has not demonstrated an ability to execute competently and consistently and there is serious concern that the Aurora share price will drop just as quickly as it has risen," chief executive officer Brent Zettl said in a statement on Friday. The only certainty on offer for investors is the deal with Newstrike, which would create a \$600-million company with more sway in capital markets, he said.

Tough stuff, and based on the recent market euphoria and deal activity - including numerous equity and debt issues - it's really only the beginning as the industry gets set for a huge expansion. With the market on such a roll, the big question is just how expensive it's going to get to be among the surviving pot proprietors.

**IN THE MATTER OF THE BANKRUPTCY OF
NETWORK INTELLIGENCE INC.
OF THE CITY OF VANCOUVER
IN THE PROVINCE OF BRITISH COLUMBIA**

**MINUTES OF THE FIRST MEETING OF CREDITORS
HELD ON NOVEMBER 22, 2017 AT 10:00AM
AT THE OFFICES OF DELOITTE RESTRUCTURING INC.
2800 – 1055 DUNSMUIR STREET VANCOUVER, BC**

INTRODUCTION

1. Jeff Keeble (the “Trustee” or “Chairperson”) from Deloitte Restructuring Inc. (“Deloitte”) called the first meeting of creditors (“FMOC”) for the bankruptcy of Network Intelligence Inc. (the “Company” or “Network”) to order at 10:15 am (PST).
2. The Trustee introduced himself, welcomed those present and advised that he would be acting as the Chairperson of the FMOC in his role as the designated representative of Deloitte, the Trustee in Bankruptcy of Network. The Trustee also introduced Iris Zhou of Deloitte who acted as the Secretary for the meeting.
3. The attendance register, attached as Appendix “A”, forms an integral part of these minutes.
4. The Chairperson indicated that there were two unsecured claims filed before the time scheduled for the FMOC. Renasas Electronics Corporation (“Renasas”) filed a claim for \$352,341 and Deloitte was appointed as the proxy and Mobiveil Inc. (“Mobiveil”) filed a claim for USD \$58,500 and Deloitte was also appointed as the proxy. The Trustee indicated that the claim of Mobiveil against Network related to maintenance and support fees for the period before and after November 3, 2017 (the “Date of Bankruptcy”) and it was subsequently paid through the receivership.
5. The Chairperson indicated that since one creditor, Renasas, had filed a valid claim and was present by proxy, the meeting was duly constituted.
6. The Director of the Company, Ethan Sun, was not present as he could not be contacted and is assumed to be out of the country.

PURPOSE OF MEETING

7. The Chairperson noted the purpose of the FMOC for Network was to:
 - i. Review the affairs of the Company and the events leading to the Bankruptcy of the Company on November 3, 2017;
 - ii. Affirm the appointment of Deloitte as the Trustee in Bankruptcy for Network or substitute another in its place;
 - iii. Consider the appointment of inspectors; and
 - iv. Take any directions from the creditors with respect to the Bankruptcy.

DOCUMENTS

8. The following documents were tabled and made available to creditors at the meeting:
 - i. Certificate of appointment from the Office of the Superintendent of Bankruptcy dated November 3, 2017;
 - ii. Trustee's Preliminary Report to Creditors dated November 22, 2017 (the "Preliminary Report"), attached as Appendix "B";
 - iii. Form 78 – Statement of Affairs dated November 2, 2017; and
 - iv. Form 67 – Affidavit of mailing of the notice of bankruptcy and FMOC; and
 - v. Copy of the newspaper advertisement giving notice of the FMOC.

TRUSTEE'S PRELIMINARY REPORT

9. The Chairperson indicated that Deloitte was appointed as the Receiver of the Company on October 31, 2017 and the Trustee in bankruptcy of Network on November 3, 2017. The Chairperson performed a detailed review of the Preliminary Report as well as the first report of the Receiver dated November 20, 2017 (the "Receiver's Report"), which was included as an appendix to the Preliminary Report. The Chairperson then provided the individuals present at the meeting with an opportunity to ask any questions. The following is a summary of the questions and general discussion that followed.
 - a. Question: Wang Jang (Vivian), an investor (the "Istuary Investors") of Istuary Innovation Fund II Limited Partnership and other potential funds (the "Istuary Group"), inquired on behalf of the Istuary Investors on whether they would be eligible to file a claim as a creditor of Network. Ms. Jang indicated that funds were advanced from the Istuary Investors or the Istuary Group to Network in the form of convertible debentures (the "Convertible Debentures") and the Convertible Debentures may have been converted by Network from debt to equity without the knowledge or consent of the Istuary Investors.

Response: The Trustee responded that he understood from Network management that the Convertible Debentures were converted to equity subsequent to June 30, 2017 (the date of the only available Network financial statements in possession of the Trustee), but encouraged any parties that thought they had claims against Network to file claims with the appropriate supporting documents. The Trustee also advised that the Istuary Investors should consult with legal counsel on the issues raised to ensure they receive proper advice with respect to any claims they may have against Network. This advice was also provided by counsel to 1130489 B.C. Ltd. ("113") who was also in attendance at the meeting.

- b. Question: Belinda Yang, a former employee of the Istuary Group, stated that just prior to the receivership there was an interested buyer of Network for a total purchase price of USD \$19 million (the "Letter of Intent"). Ms. Yang asked whether the LOI would still be considered in the sale process under the receivership as it was significantly higher than the current stalking horse bid from 113 for \$9 million (the "Stalking Horse Bid").

Response: The Trustee responded that it was aware of the LOI, had not seen a copy of the LOI, but would be contacting the party to notify them of the receivership sales process and Stalking Horse Bid. The Chairperson indicated that a complete copy of the Stalking Horse Bid was available on Deloitte's website along with all other documents related to the receivership and bankruptcy.

- c. Question: Nancy Wang, one of the Istuary Investors, inquired about the timeline for processing creditor claims and if claims needed to be filed prior to the sales process bid deadline of December 15, 2017 (the "Bid Deadline").

Response: The Trustee responded that the availability of any funds for distribution to any unsecured creditors of the Company would be dependent on the outcome of the sales process and the ultimate sale price for the assets. If funds were available to any unsecured creditors of the Company, they would not be available until after a closing of the sale of the assets and the Trustee would send notices to all known creditors to file their claims within a 30-day period.

- d. Question: Ms. Yang inquired on how the assets were valued in the Statement of Affairs.

Response: The Chairperson responded that the values of the equipment and intellectual property were simply estimated at 50% of the book value in the June 30, 2017 financial statements of the Company as the value was unknown.

- e. Question: Ms. Jang inquired about the relationship between NI and 113 and who prepared the financial statements.

Response: The Trustee responded that it understood that 113 and Network were at arms length and that 113 provided funds to Network and in return obtained security against the Company and its assets. The Trustee added that the financial statements were prepared by a third party accounting firm and not 113.

- f. Question: Lina Zhou, one of the Istuary Investors, inquired about how each offer or the assets would be evaluated and whether there was other criteria in addition to the proposed purchase price. Ms. Zhou further asked about how the buyers would be evaluated.

Response: The Chairperson informed the investors that the Stalking Horse Bid will provide the baseline against which all other offers will be evaluated and that any new offers will have to follow that form of offer with the tracking of any different terms or conditions. The Chairperson added that the main decision criteria will be the purchase price as the offer would need to have virtually the same terms as the Stalking Horse Bid. It was further added that any bidders would have to qualify to join in the sales process and detailed criteria are outlined in the sales procedures.

- g. Question: Ms. Yang inquired as to why the stalking horse strategy was selected as part of the sale process as well as the option for 113 to increase its Stalking Horse Bid before the Bid Deadline.

Response: The Chairperson commented that the Receiver's Report provided details around the Stalking Horse Bid and sales process and added that the sales process would allow the Receiver to contact new potential bidders in the market who would be made aware of the Stalking Horse Bid, the market would be canvassed with the security and benefit of a binding offer, the Company has a significant cash burn rate, funding may not be secured in the long run, and the longer the business was in receivership the higher the risk that key employees may leave the Company and diminish its value. The Chairperson added that other sales processes and bidding methods or full auctions may delay the process and increase the risks and costs and that these sales procedures were deemed to be the best available in the circumstances. The Chairperson clarified the option for 113 to increase its offer (the

“Amended Offer”) before the Bid Deadline and that 113 would not be made aware of any other offers received, along with any other bidders, until after the Bid Deadline.

- h. The Trustee, with the issues raised by the Istuary Investors in regards to their potential claims against Network and the sales process and Stalking Horse Bid, again encouraged the Istuary Investors to seek legal advice on a timely basis.

AFFIRMATION OF THE TRUSTEE

- 10. The Trustee asked the meeting if there was any opposition to Deloitte being appointed as Trustee. There were no oppositions and Deloitte used its proxy from Arteris to affirm its appointment as the Trustee in bankruptcy of Network.

APPOINTMENT OF INSPECTORS

- 11. The Chairperson explained the role of inspectors in the bankruptcy process and asked if any of the individuals present wished to act as inspectors. Ms. Sarah Nelligan from Lawson Lundell, legal counsel for 113, expressed her interest to act as inspector along with Ms. Yang, Ms. Wang, Fang Liu, and Ms. Jang.
- 12. The Chairperson asked the individuals present if they had any objections to the five personnel acting as inspectors. No objections were raised and Deloitte, using its proxy from Arteris, affirmed the five individuals as inspectors in the estate.
- 13. The Trustee indicated that the first meeting of inspectors would be held immediately after the conclusion of the FMOC.

DIRECTIONS FROM CREDITORS AND TERMINATION OF THE MEETING

- 14. The Chairperson asked whether there was any further business to be discussed or any directions from those present at the FMOC.
- 15. Question: Ms. Yang inquired as to how the previous interested party with the LOI would be contacted in the sale process.

Response: The Chairperson responded that this party, along with any other identified interested parties, would be given notice as to the sale process and Stalking Horse Bid and be invited to bid on the assets. The Chairperson also asked the meeting to provide the Trustee with the contact information of any other potential interested parties.

- 16. Question: Ms. Yang inquired as to how the proof of claims would be reviewed and if interest could also be claimed.

Response: The Chairperson responded that all claims would be reviewed by the Trustee and its counsel, if necessary, to assess the validity of the supporting documents and amounts. The Trustee added that accrued and ongoing interest would be reviewed and again would need to be supported by documents and agreements.

- 17. As there was no further business or questions, the Chairperson thanked those in attendance and declared the FMOC to be adjourned at 11:13 am (PST).

INTRODUCTION AND BACKGROUND

Introduction

1. Pursuant to an Order (the "**Receivership Order**") granted by the Supreme Court of British Columbia (the "**Court**") on October 31, 2017 (the "**Date of Receivership**"), Deloitte Restructuring Inc. ("**Deloitte**") was appointed as receiver and manager (the "**Receiver**") of all assets, undertakings and properties of Network Intelligence Inc. ("**Network**" or the "**Company**"). A copy of the Receivership Order and other information regarding these proceedings can be accessed on the Receiver's website at <http://www.insolvencies.deloitte.ca/en-ca/Pages/networkintelligence.aspx> (the "**Receiver's Website**").
2. The Receivership Order was granted pursuant to an application by 1130489 B.C. Ltd. ("**113**"), who is the principal lender to Network and holds registered security over all of the present and after-acquired personal property of the Company (the "**113 Security**").
3. Pursuant to the Receivership Order, the Receiver assigned the Company into bankruptcy on November 3, 2017 and Deloitte was appointed as the trustee in bankruptcy of the Company (the "**Trustee**") by the Official Receiver, subject to confirmation by the creditors at the first meeting of creditors to be held on November 22, 2017.
4. The Receiver's independent legal counsel, Gowling WLG ("**Gowling**"), has been assisting the Receiver on various receivership matters and has completed an independent review of the 113 Security (the "**Security Review**"). Based on the Security Review, the Receiver is of the view that 113 has a perfected and enforceable security interest against the personal property of Network.
5. This first report of the Receiver (the "**First Report**") is filed in support of the Receiver's application to this Honourable Court on November 22, 2017 seeking the following:
 - 5.1. Approval of the reported actions of the Receiver to date in respect of administering these receivership proceedings;
 - 5.2. Approval of the statement of receipts and disbursements for the receivership for the period from November 1, 2017 to November 17, 2017 (the "**SRD**");
 - 5.3. Approval of an increase in the Borrowing Facility (as defined later in this First Report) from \$5.0 million to \$6.5 million;
 - 5.4. Approval of the 113 APA (as defined later in this First Report); and
 - 5.5. Approval of the Sale Procedures (as defined later in this First Report).

Notice to Reader

6. In preparing the First Report, the Receiver has relied on unaudited financial information, the Company's books and records and discussions with management, employees, contractors, interested parties and the Company's stakeholders. The Receiver has not performed an independent review or audit of the information provided.

7. The Cash Flow (as defined later in this First Report) was prepared by Company management (except where noted). Background

10. Network is a privately held start-up information technology company that was incorporated in British Columbia in August 2015. The Company is in the business of researching and developing enterprise solid state drive controller solutions which meet enterprise user requirements including high bandwidth, high computing throughput, fast response speed, high time to failure and high scalability (the "**Intellectual Property**").
11. The Receiver understands that Network was part of the group of companies related to Istuary Group Holdings Ltd. (the "**Istuary Group**") and Network, along with other related emerging technology start-ups, relied on the Istuary Group for funding as well as payroll, human resource and other support services. The sole officer and director of Network and the Istuary Group is Yian (Ethan) Sun (the "**Director**").
12. During the summer of 2017, the Istuary Group experienced financial difficulties and close to 400 Canadian employees of the Istuary Group were not paid, including the employees of Network. The Receiver understands that the Director was not able to secure funding and the Director has not been active with the Istuary Group or Network for some time.
13. In order to prevent Network from shutting down and losing its employees, and to preserve the value of the Intellectual Property, the Receiver understands that 113 agreed, in August 2017, to fund various costs of Network and, in some cases where the costs were associated, the Istuary Group. The expenses that were funded by 113 included and were related to the current and previous employees of Network, landlords, vendors and suppliers. In consideration of advancing the funds, 113 was granted the 113 Security. As at the Date of Receivership, 113 was owed approximately \$4.7 million and has since provided additional advances to the Receiver pursuant to the Borrowing Facility (as defined later in this First Report).
14. 113 is a British Columbia company. The directors of 113 include Renke Nie, Shigang Wang and Lixin Wang. The Receiver understands that 113 was a previous investor in the Istuary Group.
15. Pursuant to an independent contractor agreement dated September 1, 2017, Network engaged Athena Solutions Limited ("**Athena**") to manage the day-to-day operations of Network and to provide technical and management services to Network through Tao Zhong, Wei (Alex) Liu and John Plasterer (the "**Management**").
16. Network's offices are located in leased premises at #306, 3500 Gilmore Way, Burnaby, BC (the "**Burnaby Office**"). The Company also currently operates from 1A, 75 Tiverton Court, Markham, Ontario (the "**Markham Office**") in space that the Receiver understands to have been previously sub-

leased to another entity in the Istuary Group. That sub-lease was apparently terminated by the sub-landlord shortly after the Date of Receivership.

17. The Company had a total of approximately fifty (50) employees and five (5) contractors (including Management) at the Date of Receivership of which twenty-three (23) employees and four (4) contractors were working in the Burnaby Office, twenty-five (25) employees and one (1) contractor were working in the Markham Office and two (2) employees were based in Ottawa and working from home (the "Existing Employees").

POWERS OF AND ACTIONS TAKEN BY THE RECEIVER

Powers of the Receiver

18. The Receiver's powers are detailed in Paragraph 3 of the Receivership Order. They include, among others, the power to take and maintain possession and control of the assets of the Company; the power to manage, operate and carry on the business of the Company; and the power to market and sell the Company's assets (subject to Court approval if any individual sale exceeds \$50,000 or if in the aggregate sales exceed \$150,000).
19. The Receivership Order also empowers the Receiver to borrow by way of a revolving credit facility or otherwise, such monies from time to time as it may consider necessary or desirable, provided that the outstanding principal amount does not exceed \$5.0 million, or such greater amount as the Court may by further Order authorize (the "**Borrowing Facility**").

Actions taken by the Receiver

20. The Receiver has taken the following more significant steps since the Date of Receivership with respect to the assets, employees and operations of the Company:

 - 20.2 Attended at the Burnaby Office on October 31, 2017 to meet with Management and the employees (including a video conference call with the employees from the Markham office) to explain the Receivership and to answer any employee questions. The Receiver also reviewed the Company's assets and met separately with Management to discuss operational and financial requirements to continue operating the business with minimal disruption.
 - 20.3 Attended at the Markham office on November 7, 2017 to tour the premises and to meet with the Existing Employees to personally issue termination notices and new employment offers and to answer any employee questions.

- 20.13 Reviewed vendor payment requests and supporting documents and arranged for payment.
- 20.14 Commenced negotiations of an occupation agreement with the Markham Office sub-landlord to maintain continuing operations at the Markham Office.
- 20.15 Conducted calls with key vendors to discuss contracts and explain the Receivership.

- 20.21 Worked with Gowling, 113 and Management in regards to the 113 APA and Sale Procedures, as defined and outlined in more detail later in this First Report.
- 20.22 Worked with Management and human resources in regards to payroll and the hiring of new employees.
- 20.23 Coordinated the transfer of utilities and service accounts to Network which were previously in the name of the Istuary Group.
- 20.24 Responded to various creditor and employee requests and queries.

ASSETS

Cash in bank

21. The Company has a US and Canadian deposit account with the Bank of Montreal ("**BMO**"). The Receiver requested and received copies of the bank statements for the past five (5) months and has confirmed that the total funds in the BMO bank accounts were approximately \$1,000 as at the Date of Receivership. The Receiver has made a request to BMO to have the accounts closed and the funds paid to the Receiver.

Due from related parties and other receivables

22. The Company's unaudited and draft financial statements as at June 30, 2017 (the "**June Statements**") reported outstanding accounts receivable balances totaling approximately \$2,981,000, of which \$2,975,000 is due from related parties in the Istuary Group. Collection of these amounts are uncertain due to the poor financial condition of the Istuary Group.
23. The Company is also eligible to receive a scientific research and experimental development ("**SRED**") tax refundable credits from the Canada Revenue Agency ("**CRA**") for its year ended June 30, 2017 (the "**2017 SRED Refund**"). The SRED refundable credits received for the prior year totaled approximately \$256,000 and Management is expecting the 2017 SRED Refund to be approximately \$500,000. The Receiver is working with Management and the External Accountant to prepare the SRED filings.

Intangible assets

24. The June Statements report approximately \$7.5 million in intangible assets. Intangible assets primarily relate to the investments made in the Intellectual Property. The market value of the Intellectual Property is unknown at this time as it is still in the development phase and is not expected to reach commercial production until August 30, 2018. The Receiver has not arranged for a valuation of the Intellectual Property due to the level of subjectivity associated with valuing such an early stage technology company, and since the proposed sales process will determine the market value through a targeted marketing process for the Intellectual Property.

Equipment

25. The June Statements report approximately \$728,000 in net book value for the equipment of Network (the "**Equipment**"). The Equipment consists primarily of servers, computers, laptops and other computer and office equipment that is located primarily in the Burnaby Office and Markham Office.
26. Management has informed the Receiver that there are seven (7) computer servers at the Burnaby Office and three (3) computer servers at the Markham Office (the "**Servers**") that previously belonged to the Istuary Group and that Network was making payments to the Istuary Group for an outright purchase of the Servers. The Receiver has been unable to locate any documentation to support the ownership of the Servers by Network, the payments made to the Istuary Group and if any obligations remain. 113 has allocated a value of \$18,000 for the Servers in the 113 APA (as defined below).

ASSET PURCHASE AGREEMENT

27. The Receiver has been in discussions with 113 and its legal counsel in regards to its interest in purchasing the assets of the Company. Following these discussions, 113 agreed to make an offer as part of a stalking horse process.
28. The Receiver and 113 have been in subsequent discussions in relation to the 113 offer and an asset purchase agreement was executed between the Receiver and 113 on November 20, 2017 (the "**113 APA**"). The 113 APA is attached hereto as **Appendix "A"** and the salient terms of the 113 APA are as follows:
- 28.1 The 113 APA is subject to the approval of the Court;
- 28.2 The purchased assets include all of the assets, undertakings and property of Network, including the books and records, computers, goodwill, office equipment and supplies, software Intellectual Property, and right title and interest in assigned contracts (the "**Purchased Assets**"), but does not include:
- 28.2.1. any assets that Network holds pursuant to any lease or similar arrangement with any third party; or
- 28.2.2. any moneys or amounts that may from time to time be on deposit in the name of Network with or owed to Network by the Royal Bank of Canada ("**RBC**"), Royal Bank Mortgage Corporation, the Royal Trust Company or Royal Trust Corporation of Canada or any two or more of them, and in Network's rights in those moneys or those amounts, or any proceeds thereof.
- 28.3 113 will pay an aggregate cash consideration of \$9.0 million (the "**Purchase Price**") for the Purchased Assets, exclusive of all sales taxes.
- 28.4 Payment of the Purchase Price shall be as follows:
- 28.4.1. Satisfaction of all amounts owing under any security interest, trust, lien, charge or encumbrance, statutory or otherwise ranks in priority ahead of 113's security interests in a form acceptable under the terms of the 113 APA;
- 28.4.2. Satisfaction of all amounts owing under the Receiver Manager's Charge (as defined in paragraph 17 of the Receivership Order) in a form of payment acceptable under the terms of the 113 APA;
- 28.4.3. By a set off or reduction of the amount 113 is owed under the Borrowing Facility;
- 28.4.4. By a set off or reduction of the amount 113 is owed by Network arising from any of its debts and obligations as secured by the 113 Security; and
- 28.4.5. The remaining balance, if any, to be paid in a form of payment acceptable under the terms of the 113 APA.

- 28.5 113 will offer employment to all employees and independent contractors upon closing of the 113 APA on or before December 19, 2017, on (i) terms no worse than those in existence immediately prior to the Date of the Receivership for those workers engaged prior to the Date of Receivership and (ii) terms no worse than those in existence at the time the new offer is made for those workers not engaged prior to the Date of Receivership.
- 28.6 In the event that the Court approves an offer for the assets other than the 113 APA and should 113 not be in breach or default of the 113 APA, a break fee of \$50,000 will be paid to 113 (the "**Break Fee**") to cover the costs and out of pocket expenses of 113 associated with the transaction and bringing the 113 APA before the Court for the benefit of the parties to the Receivership action.
- 28.7 The closing date is the fourth (4th) business day following the date on which a vesting order is pronounced, on or before December 22, 2017, subject to further agreement.
- 28.8 The purchase is on an "as is, where is" basis with no representations or warranties given by the Receiver with regard to the Purchased Assets.
- 28.9 The Receiver includes its comments on the 113 APA and the proposed sales process in the next section of this First Report.

SALE PROCEDURES

The Receiver has prepared a proposed form of sale procedures (the "**Sale Procedures**") which is attached hereto as **Appendix "B"**. The Sale Procedures include the following more significant provisions:

- 29.1 A bid deadline of December 15, 2017 (the "**Bid Deadline**") for qualified bidders to submit a qualified bid that, among other things, is superior to the 113 APA by at least 10% (the "**Superior Bid**").
- 29.2 The documents and information required, including a confidentiality agreement and an acknowledgement of the Sale Procedures, for an interested person to gain access to the due diligence materials (the "**Participant Requirements**").
- 29.3 The process by which qualified bidders are determined, the information required and the process and requirements by which qualified bids are to be submitted for consideration.
- 29.4 113 may, at any time prior to the Bid Deadline, submit to the Receiver in a sealed envelope an executed addendum to the 113 APA by amending the Purchase Price only (the "**Amended 113 APA**").
- 29.5 In the event that the Receiver receives no Superior Bid, then 113 will be declared the successful bidder and the price shall be as outlined in the 113 APA and the Amended 113 APA will be destroyed without being opened.
- 29.6 In the event that the Receiver receives at least one Superior Bid, the Receiver will unseal the Amended 113 APA and determine the successful bidder among the Superior Bid(s) and the Amended 113 APA. The Receiver will determine the successful bidder on or before 5:00

pm (Pacific Time) on December 18, 2017 notify the successful bidder and post notification of the successful bidder on the Receiver's Website. The Receiver will also seek Court approval of the successful bid (the "**Vesting Order**") on or before December 22, 2017.

- 29.7 In the event that the Court does not approve the successful bid or the successful bidder cannot complete the transaction, 113 shall have the right of first refusal to complete the sale on the same terms and conditions as approved by the Vesting Order.
- 30 The Receiver has proposed a marketing plan, as outlined in the Sale Procedures, which includes the following:
- 30.1 Preparing a teaser document (the "**Teaser**") that outlines the business and assets for sale, includes the 113 APA and any order setting out the Sale Procedures and invites parties to sign a confidentiality agreement ("**CA**") to gain access to the data room (the "**Data Room**").
 - 30.2 Sending the Teaser to a list of potential interested parties as provided by Management and based on the Receiver's research as soon as the 113 APA and Sale Procedures are approved.
 - 30.3 Posting an advertisement in the Globe and Mail or similar national newspaper and other potential publications within five business days after the approval of the Sale Procedures inviting parties to participate in the sales process.
 - 30.4 Setting up the Data Room that will include some or all of the following available information:
 - 30.4.1 Company high level strategy;
 - 30.4.2 Financial statements;
 - 30.4.3 Cash Flow;
 - 30.4.4 Contracts and other key agreements;
 - 30.4.5 Asset listings;
 - 30.4.6 Employee listing and sample employee agreements;
 - 30.4.7 Corporate tax return and SRED claim;
 - 30.4.8 Insurance policy;
 - 30.4.9 Technical specifications and block diagram for the Intellectual Property; and
 - 30.4.10 Budget and milestones for the development of the Intellectual Property.
 - 30.5 Providing the CA to interested parties that meet the Participant Requirements that requires execution before the parties gain access to the Data Room.
 - 30.6 Responding to various questions and queries from interested parties, with the assistance of Management, who have signed a CA and accessed the Data Room.
- 31 The Receiver has the following comments with respect to the 113 APA and the Sale Procedures:

- 31.1 The sale of the entire business as a going concern offers the best possible recovery for the stakeholders because the Company and its assets have less value in a liquidation or shut-down scenario. A sale as a going concern under the terms of the 113 APA also allows all of the approximately 50 full-time jobs to be preserved.
 - 31.2 The Break Fee of \$50,000 appears reasonable compared to other market transactions and should not impair the sales process;
 - 31.3 The Sale Procedures will allow the Receiver to contact potential new bidders in the market who will be made aware of the 113 APA;
 - 31.4 The Receiver supports this sales approach as it allows for the market to be canvassed in a timely, efficient, transparent and economical manner, with the security and benefit of a binding agreement;
 - 31.5 The Sale Procedures may create a more competitive process if there is more than one qualified bidder;
 - 31.6 There is likely a limited number of potential buyers. In addition to 113, the Receiver is aware of one other potential investor who is familiar with the business of Network and may already be conducting investigations regarding a bid; and
 - 31.7 There is a relatively short time to submit bids after approval of the Sale Procedures. However, a longer timeline does not appear to be feasible. The Company has a significant cash burn rate and the Receiver believes it is unlikely that it can secure funding for the business through a longer process. In addition, the longer the business remains in receivership the higher the risk that key employees will leave, possibly diminishing any potential recovery.
- 32 Based on the Receiver's experience, the uncertainty around asset values, the importance to the business of the employee's and in particular, the significant cash burn, the Receiver is of the view that the Sales Procedures incorporating the 113 APA as a stalking horse bid is the best Sales Procedures that can be implemented in the circumstances and is likely to produce the highest net recovery for the stakeholders of Network.

CREDITOR CLAIMS

- 33 The Receiver is aware of the following creditors of the Company:
- 33.1 113 is a secured creditor and was owed approximately \$4.7 million at the Date of Receivership.
 - 33.2 RBC has registered a security interest against deposits of the Company held by RBC and its affiliates, but Management and 113 is not aware of any debts owing to RBC. The Company used to have bank accounts with RBC that the Receiver understands were closed in May 2017. The Receiver has not been able to confirm this directly with RBC to date.

- 33.3 CRA may have a deemed trust claim for outstanding payroll source deductions or GST as at the Date of Receivership, but the Receiver is not aware of any outstanding amounts to date and CRA has not yet completed any trust audits.
- 33.4 The Receiver understands that the Network employee payroll arrears were paid by 113, but the Receiver is working with Management and the External Accountant to determine if any amounts are outstanding and will be notifying employees of the provisions under the Wage Earner's Protection Program Act. Human Resources and Skills Development Canada will only have a priority claim over the current assets of the Company if wages or vacation pay are outstanding to employees within the six months prior to the Date of Receivership as claims for severance and termination pay do not have any priority.
- 33.5 As at the Date of Receivership, Network reported unsecured creditors with claims of approximately \$3.7 million.
- 33.6 The June Statements report current liabilities due to related parties in the Istuary Group totalling approximately \$832,000.

STATEMENTS OF RECEIPTS AND DISBURSEMENTS AND RECEIVER BORROWINGS

- 34 The Receiver has prepared the SRD for the receivership that is attached hereto as **Appendix "C"**.
- 35 As outlined in the SRD, the more significant receipts and disbursements from the Date of Receivership to November 17, 2017 are as follows:
 - 35.1 The Receiver has borrowed and received from 113 \$700,000 in Canadian funds and approximately USD \$2.9 million pursuant to the Borrowing Facility.
 - 35.2 Payments of salaries, wages, and related payroll source deductions for the two-week period ended November 15, 2017 total approximately \$234,000.
 - 35.3 Payments to vendors total approximately USD \$506,000 for licence fees, maintenance fees and software development tools, design and other technical support.
- 36 The Receiver notes the following with respect to two (2) vendor payments:
 - 36.1 A vendor payment in the amount of USD \$53,000 was for the final 20% installment payment of licence fees that were due pre-receivership pursuant to a contract. However, the licence period is from May 2016 to May 2019 so this payment, if amortized, relates entirely to the post-receivership period. Management indicated that the licence is critical for the continued development of the Intellectual Property and 113 agreed to fund payment of this amount.
 - 36.2 A vendor payment in the amount of USD \$58,500 was made for annual maintenance and support fees for the period April 2017 to April 2018 that were due pre-receivership pursuant to a contract. A portion of this payment relates to the post-receivership period and the vendor required the full payment in order to continue to support Network. Management

indicated that this contract is critical for the continued development of the Intellectual Property and 113 agreed to fund payment of this amount.

- 37 The Receiver is currently holding approximately \$457,000 in Canadian funds and USD \$2.3 million due to timing differences on when items were projected to be paid in the Cash Flow versus when they will actually be paid.

RECEIVER BORROWINGS

- 38 As previously outlined, the Receivership Order established a Borrowing Facility maximum of \$5.0 million and 113 has provided the Receiver's borrowings to date. 113 is charging an annual compounded interest rate of 12% on the funds which is the same interest rate as set out in the convertible loan agreement between 113 and Network which forms part of the 113 Security. In Receiver's view this interest rate is commercially reasonable in the circumstances.
- 39 The Receiver has worked closely with 113 and Management to review and update the Cash Flow and has obtained specific approval from 113 for payments, most of which are already included in the Cash Flow. The Cash Flow has formed the basis for the timing of the receipt of the Receiver's borrowings under the Borrowing Facility. A copy of the most recent Cash Flow is attached hereto as **Appendix "D"**.
- 40 The Receiver has issued four (4) separate Receiver's certificates to date that total approximately \$4.4 million, after converting the US funds to Canadian funds using an average foreign exchange rate over the period of 1.28. While the Receiver currently has sufficient funds on hand to cover the projected expenses in the Cash Flow to November 27, 2017 additional funds are required in order to continue the operations to January 7, 2018. Based on the Cash Flow, the Receiver is projecting that a total of \$1.7 million in additional funds will be required to January 7, 2018 which would bring the total Receiver borrowings to approximately \$6.1 million. As a result, the Receiver is requesting an increase of the Borrowing Facility from \$5.0 million to \$6.5 million in order to allow a cushion and to allow for any potential unknown variances.
- 41 The Receiver has reviewed the Cash Flow with 113 and discussed the increase in the Borrowing Facility and 113 is agreeable to the increase.

RECOMMENDATIONS

- 42 As a result of the foregoing, the Receiver respectfully requests the following:
- 42.1 Approval of the reported actions of the Receiver to date in respect of administering these receivership proceedings;
 - 42.2 Approval of the SRD;
 - 42.3 Approval of an increase in the Borrowing Facility from \$5.0 million to \$6.5 million.
 - 42.4 Approval of the 113 APA (subject to the Sale Procedures) including the Break Fee; and
 - 42.5 Approval of the Sale Procedures
- 43 All of which is respectfully submitted at Vancouver, British Columbia this 20th day of November, 2017.

The Receiver Manager shall then as soon as reasonably practicable seek Court approval of, and authority to consummate, the Stalking Horse Agreement and the transactions provided for therein by Vesting Order and the Receiver Manager shall post notice of such facts on its website established in connection with the Receivership Proceedings.

10. **If one or more Bids in addition to the Stalking Horse Bid**

- (b) if the Receiver Manager determines that none of the Bids is a Qualified Bid then the Sale Procedure shall be terminated and the Stalking Horse Bidder shall be declared the Successful Bidder at the price set out in the Stalking Horse Agreement and the Stalking Horse Addendum (if any) shall be destroyed without being opened;
- (c) if the Receiver Manager determines that one or more of the Bids is a Qualified Bid then the Receiver Manager shall then unseal and read the Stalking Horse Addendum and shall then determine which among the Qualified Bids and the Stalking Horse Agreement as amended by the Stalking Horse Addendum is the Successful Bid;
- (d) the Receiver Manager shall determine the Successful Bidder by no later than 5:00 p.m. Pacific Time on December 18, 2017. After the Receiver Manager determines the Successful Bid the Receiver Manager shall
 - (i) as soon as practicable advise the Sealed Bid Participants of its determination and post notice of the determination on its website established in connection with the Receivership Proceedings; and
 - (ii) not later than December 22, 2017 seek Court approval of, and authority to consummate, the Successful Bid and the transactions provided for therein by Vesting Order.

The Receiver Manager shall be entitled to, but is not obligated to, seek additional information and clarifications from any Participant or Qualified Bidder in respect of its Bidder Qualification Requirements or Bid at any time provided that nothing herein shall entitle a Qualified Bidder to improve its Bid as submitted at the Bid Deadline.

11. Acceptance of Successful Bid and Vesting Order

The Receiver Manager shall complete the sale transaction or transactions with the Successful Bidder following the granting of a Vesting Order with regard to the Successful Bid. The Receiver Manager will be deemed to have accepted a Successful Bid only when a Vesting Order has been granted with regard to the Successful Bid. The Receiver Manager shall apply for a Vesting Order as soon as practicable after the determination by the Receiver Manager of the Successful Bidder. The Vesting Order shall be sought by hearing in Court unless otherwise sought by desk order in accordance with Paragraph 8(a) of the Sale Procedure Order.

12. Effect of a Failure to Complete Successful Bid

If the Successful Bid is made by a party other than the Stalking Horse Bidder, and either (i) the Court refuses to approve that Bid, or (ii) if approved by the Court, the Successful Bidder does not complete the transaction as contemplated therein and on the terms approved by the Vesting Order, the Stalking Horse Bidder shall have a right of first refusal to complete the sale on the same terms and conditions as approved by the Vesting Order, and the Receiver Manager or the Stalking Horse Bidder will be at liberty to apply to amend the Vesting Order to substitute the Stalking Horse Bidder as purchaser accordingly.

13. Return of Good Faith Deposit

Good Faith Deposits of all Qualified Bidders shall be held in an account of the Receiver Manager. Good Faith Deposits of all Qualified Bidders, other than the Successful Bidder, shall be returned to such Qualified Bidders within three (3) business days of the selection of the Successful Bidder. Good Faith Deposits of the Successful Bidder shall be applied to the purchase price of such transaction at closing. If a Successful Bidder fails to consummate an approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Receiver Manager shall be entitled to retain the Good Faith Deposit of the Successful Bidder as part of their damages resulting from the breach or failure to perform by the Successful Bidder.

14. Delivery of documents to the Receiver Manager

All documents or other materials to be delivered to the Receiver Manager pursuant to this Sales Procedure, including the Participant Requirements and the Bidder Qualification Requirements but excluding all Bids must be submitted by email to lachung@deloitte.ca and jkeeble@deloitte.ca so that they are actually received by the Receiver Manager no later than the Bid Deadline.

15. Modifications and Reservations

This Sale Procedure may be modified or amended by the Receiver Manager provided that if such modification or amendment materially deviates from this Sale Procedure, such modification or amendment may only be made by order of the Court.

The Receiver Manager may reject at any time before entry of an order of the Court approving a Successful Bid, any Bid (except the Stalking Horse Agreement, other than in accordance with its terms) that is (a) inadequate or insufficient, (b) not in conformity with the requirements of this Sale Procedure, or the terms and conditions of sale, or (c) contrary to the best interests of the Receivership estates.

Any other contingencies associated with a Qualified Bid may not, in aggregate, be more burdensome than those set forth in the Stalking Horse Agreement;
- (d) **Financing Sources.** A Qualified Bid must be accompanied by written evidence of a commitment for financing or other evidence of the ability to consummate the transaction

satisfactory to the Receiver Manager and appropriate contact information for such financing sources must be provided;

The Stalking Horse Addendum shall not be unsealed or read by the Receiver Manager except in accordance with Section 10 below.

9. If no Qualified Bid other than the Stalking Horse Bid

If no Bid other than the Stalking Horse Agreement (and the sealed Stalking Horse Addendum if any) is received by the Bid Deadline, then the Sale Procedure shall be terminated and the Stalking Horse Bidder shall be declared the Successful Bidder at the price set out in the Stalking Horse Agreement and the Stalking Horse Addendum (if any) shall be destroyed without being opened. The Receiver Manager shall then as soon as reasonably practicable seek Court approval of, and authority to consummate, the Stalking Horse Agreement and the transactions provided for therein by Vesting Order and the Receiver Manager shall post notice of such facts on its website established in connection with the Receivership Proceedings.

10. If one or more Bids in addition to the Stalking Horse Bid

If one or more Bids other than the Stalking Horse Bid is received by the Bid Deadline, the Receiver Manager shall conduct a sealed bid process (the "**Sealed Bid Process**") among only those Qualified Bidders who submitted Bids (collectively the "**Sealed Bid Participants**") to determine the Successful Bid.

The Sealed Bid Process shall be conducted as follows:

- (a) the Receiver Manager shall open and read all Bids submitted by Qualified Bidders other than the Stalking Horse Bidder and determine which, if any, are Qualified Bids pursuant to the requirements set out in Section 7;
- (b) if the Receiver Manager determines that none of the Bids is a Qualified Bid then the Sale Procedure shall be terminated and the Stalking Horse Bidder shall be declared the Successful Bidder at the price set out in the Stalking Horse Agreement and the Stalking Horse Addendum (if any) shall be destroyed without being opened;
- (c) if the Receiver Manager determines that one or more of the Bids is a Qualified Bid then the Receiver Manager shall then unseal and read the Stalking Horse Addendum and shall then determine which among the Qualified Bids and the Stalking Horse Agreement as amended by the Stalking Horse Addendum is the Successful Bid;
- (d) the Receiver Manager shall determine the Successful Bidder by no later than 5:00 p.m. Pacific Time on December 18, 2017. After the Receiver Manager determines the Successful Bid the Receiver Manager shall
 - (i) as soon as practicable advise the Sealed Bid Participants of its determination and post notice of the determination on its website established in connection with the Receivership Proceedings; and
 - (ii) not later than December 22, 2017 seek Court approval of, and authority to consummate, the Successful Bid and the transactions provided for therein by Vesting Order.

The Receiver Manager shall be entitled to, but is not obligated to, seek additional information and clarifications from any Participant or Qualified Bidder in respect of its Bidder Qualification Requirements or Bid at any time provided that nothing herein shall entitle a Qualified Bidder to improve its Bid as submitted at the Bid Deadline.

11. Acceptance of Successful Bid and Vesting Order

The Receiver Manager shall complete the sale transaction or transactions with the Successful Bidder following the granting of a Vesting Order with regard to the Successful Bid. The Receiver Manager will be deemed to have accepted a Successful Bid only when a Vesting Order has been granted with regard to the Successful Bid. The Receiver Manager shall apply for a Vesting Order as soon as practicable after the determination by the Receiver Manager of the Successful Bidder. The Vesting Order shall be sought by hearing in Court unless otherwise sought by desk order in accordance with Paragraph 8(a) of the Sale Procedure Order.

12. Effect of a Failure to Complete Successful Bid

If the Successful Bid is made by a party other than the Stalking Horse Bidder, and either (i) the Court refuses to approve that Bid, or (ii) if approved by the Court, the Successful Bidder does not complete the transaction as contemplated therein and on the terms approved by the Vesting Order, the Stalking Horse Bidder shall have a right of first refusal to complete the sale on the same terms and conditions as approved by the Vesting Order, and the Receiver Manager or the Stalking Horse Bidder will be at liberty to apply to amend the Vesting Order to substitute the Stalking Horse Bidder as purchaser accordingly.

13. Return of Good Faith Deposit

Good Faith Deposits of all Qualified Bidders shall be held in an account of the Receiver Manager. Good Faith Deposits of all Qualified Bidders, other than the Successful Bidder, shall be returned to such Qualified Bidders within three (3) business days of the selection of the Successful Bidder. Good Faith Deposits of the Successful Bidder shall be applied to the purchase price of such transaction at closing. If a Successful Bidder fails to consummate an approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Receiver Manager shall be entitled to retain the Good Faith Deposit of the Successful Bidder as part of their damages resulting from the breach or failure to perform by the Successful Bidder.

14. Delivery of documents to the Receiver Manager

All documents or other materials to be delivered to the Receiver Manager pursuant to this Sales Procedure, including the Participant Requirements and the Bidder Qualification Requirements but excluding all Bids must be submitted by email to lachung@deloitte.ca and jkeeble@deloitte.ca so that they are actually received by the Receiver Manager no later than the Bid Deadline.

15. Modifications and Reservations

This Sale Procedure may be modified or amended by the Receiver Manager provided that if such modification or amendment materially deviates from this Sale Procedure, such modification or amendment may only be made by order of the Court.

The Receiver Manager may reject at any time before entry of an order of the Court approving a Successful Bid, any Bid (except the Stalking Horse Agreement, other than in accordance with its terms) that is (a) inadequate or insufficient, (b) not in conformity with the requirements of this Sale Procedure, or the terms and conditions of sale, or (c) contrary to the best interests of the Receivership estates.
