**TO THE HONORABLE JUSTICE CHANTAL CORRIVEAU, SITTING IN  
COMMERCIAL DIVISION IN THE DISTRICT OF MONTREAL, THE APPLICANTS  
RESPECTFULLY STATE:**

**I. INTRODUCTION**

1. By the present joint application (this "**Application**"), the Applicants, Alaris Royalty Corp. and Integrated Private Debt Fund V LP, seek, on behalf of the Debtors and the Mises-en-cause (collectively, the "**Debtors**" or the "**SM Group**"),

various orders necessary for the implementation of the transaction (the “**Transaction**”) between certain of the Debtors (the “**Vendors**”) and FNX-Innov Inc. (formerly 11017870 Canada Inc., the “**Assignee Purchaser**”), Thornhill G.P. and 11054953 Canada Inc. (collectively, the “**Purchasers**”), which was approved by this Court pursuant to an *Approval, Vesting, Distribution and Priority Charges Order* dated November 12, 2018 (the “**Approval and Vesting Order**”).

2. All capitalized terms used but not otherwise defined in this Application have the meanings ascribed to them in the Initial Order rendered on August 24, 2018 (as amended on September 21 and November 12, 2018, the “**Initial Order**”).
3. In particular, this Application seeks:
  - (a) an order assigning the rights and obligations of the Vendors under various agreements (the “**Assigned Agreements**”) to the Assignee Purchaser;
  - (b) the approval of the procedure (the “**Notification Procedure**”) for notifying the counterparties to the Assigned Agreements (the “**Counterparties**”); and
  - (c) the extension of the Stay Period until February 15, 2019 to allow for the completion of the Proposed Assignment and the final closing of the Transaction,

the whole in accordance with the draft *Assignment and Extension Order* (the “**Proposed Assignment Order**”) communicated herewith as **Exhibit A-1**.

4. The Applicants and the Purchasers also request that a corrected version of the Approval and Vesting Order be issued in order to include certain provisions that appear to have been omitted by inadvertence, the whole in accordance with the draft correction order (the “**Proposed Correction Order**”) communicated herewith as **Exhibit A-2**.
5. The Monitor has supervised the Notification Procedure and supports the assignment of the Assigned Agreements contemplated in the Proposed Assignment Order (the “**Proposed Assignment**”) as well as the other relief sought herein, as will be explained more fully in the Monitor’s Fourth Report to the Court (the “**Monitor’s Fourth Report**”) to be filed prior to the hearing of this Application.

## **II. BACKGROUND**

6. On application of the Applicants, this Court rendered the Initial Order on August 24, 2018 commencing proceedings under the CCAA in respect of the Debtors (the “**CCAA Proceedings**”). Pursuant to the Initial Order, LGBM Inc. was appointed as Chief Restructuring Officer (the “**CRO**”) and the Monitor was appointed as monitor of the Debtors.
7. On September 21, 2018, this Court issued an order, *inter alia*, amending the Initial Order and extending the Stay Period to November 14, 2018.

8. On November 12, 2018 this Court rendered the Approval and Vesting Order, which provided, in particular, for:
  - (a) the approval of the Transaction and its governing agreements, including an Asset Purchase Agreement dated October 31, 2018 (the “**APA**”).
  - (b) the discharge and release of the CRO from his functions in the CCAA Proceedings; and
  - (c) further amendments to the Initial Order, including an extension of the Monitor’s powers, to take effect upon the Monitor certifying that various phases of the Transaction’s implementation had been completed.
9. On November 19, 2018, the Monitor issued its “Preliminary Closing Certificate” in accordance with the Approval and Vesting Order, as appears from such certificate communicated herewith as **Exhibit A-3**.

**A. The Proposed Assignment**

10. The assignment of the Assigned Agreements is an essential feature of the Transaction, which was approved pursuant to the Approval and Vesting Order.
11. The APA Provides, in particular, that:
  - (a) The “Assigned Contracts” form part of the “Purchased Assets” and are being assigned in consideration of the “Purchase Price”;
  - (b) The “Purchaser” shall provide a definitive list of the “Assigned Contracts”, upon receipt of which, the Applicants and the Monitor shall apply for an “Assignment Order”;
  - (c) The “Final Closing” of the Transaction (“**Final Closing**”) is conditional on the “Assigned Contracts” being assigned to the “Purchaser” by way of consents or the issuance of an “Assignment Order”.
12. Following the Approval and Vesting Order, the Monitor began the process of canvassing the contracts of the Vendors, totaling more than 2,000 agreements, in order to identify the Counterparties to those agreements, their representatives and their contact information.
13. On November 26, 2018 the Applicants and the Monitor were provided with a list identifying over 1700 agreements with over 700 Counterparties to be assigned to the Assignee Purchaser by obtaining consents or pursuant to an order of the Court (the “**List of Agreements**”).
14. The contact information of the Counterparties listed in the List of Agreements were obtained, in the case of important agreements, from the Purchaser, and, in the case of agreements of lesser importance, from the client database of the SM Group.

15. The Applicants, in consultation with the Monitor, thereafter began the process of notifying the Counterparties identified in the List of Agreements.

#### **B. The Notification Procedure**

16. On November 28, 29 or 30, using the contact information contained in the List of Agreements, the Applicants sent by email, fax or registered mail to each of the Counterparties identified at Schedule "A" to the Proposed Assignment Order, a bilingual notice of the assignment of the agreements listed at such schedule for such Counterparty substantially in the form of the draft notice of assignment filed as **Exhibit A-4**, along with a draft *Assignment and Extension Order* substantially similar to the Proposed Assignment Order (which however did not include Schedule "A" to limit the size of the document).
17. On November 30, the Applicants translated in French the Proposed Assignment Order and sent it thereafter to the Counterparties that had requested such a translation.
18. The Applicants did not receive any indication, such as non-delivery reports (bounce back messages), that the notices of assignment sent to each of the Counterparties identified at Schedule "A" to the Proposed Assignment Order were not received by their recipients.
19. From November 28 to the hearing date of December 7, three associate lawyers acting as counsel to Alaris were and will be available to answer questions from the Counterparties and provide information.
20. Shortly after the notification of the present Application to the Service List, the Applicants will send a bilingual communication to all Counterparties identified at Schedule "A" to the Proposed Assignment Order attaching the Proposed Assignment Order, its translation and the present Application, and reiterating that the Applicants will seek the assignment of the agreements mentioned at Schedule "A" to the Proposed Assignment Order on December 7.

### **III. THE RELIEF SOUGHT IS NECESSARY AND APPROPRIATE**

21. The relief sought pursuant to this Application is necessary for the implementation of the Transaction, which permits the continuation of many aspects of the Business, the whole for the benefit of the hundreds of employees providing services in connection with the Assigned Agreements as well as the SM Group's other stakeholders, including its clients, suppliers and creditors.

#### **A. The Proposed Assignment should be authorized**

22. The Proposed Assignment essentially contemplates:
  - (a) the assignment of the Assigned Agreements identified at Schedule A to the Proposed Assignment Order (the "**Final Closing Assigned Agreements**") to the Assignee Purchaser upon filing of the Final Closing Certificate (as defined in the Approval and Vesting Order);

- (b) the Purchaser being entitled to identify additional Assigned Agreements within 45 days of Final Closing and to obtain the assignment of such agreements with the approval of the Monitor, or, where such approval is not granted or the applicable counterparty opposes, with leave of the Court; and
  - (c) the Counterparties not being entitled to effect compensation between amounts owing or to become owing under the applicable Assigned Agreements and any other amounts owed by any of the Debtors to such Counterparties.
23. Based on the provisions of the Proposed Assignment Order and as appears from the Monitor's Fourth Report, it is respectfully submitted that the applicable criteria to effect the Proposed Assignment are satisfied in that:
- (a) none of the Vendors' rights or obligations under any of the Assigned Agreements are not assignable by their nature or arise under any of the prohibited agreements enumerated at section 11.3(2) CCAA;
  - (b) the Monitor has approved the assignment of the Final Closing Assigned Agreements and will be called upon to approve the assignment of any of the other Assigned Agreements;
  - (c) the Assignee Purchaser will be able to perform the obligations under any Assigned Agreements;
  - (d) the Proposed Assignment is appropriate in the circumstances as it is an essential condition to Final Closing of the Transaction that has been approved by the Court for the benefit of the Debtors' stakeholders;
  - (e) all monetary defaults under the Assigned Agreements that are required to be remedied under the CCAA will be remedied; and
  - (f) each of the Counterparties will receive notification of the Proposed Assignment Order.
24. Consequently, the Applicants, on behalf of the Debtors and with the support of the Monitor and the Purchasers, respectfully request that the Proposed Assignment be approved and rendered effective.

**B. The Notification Procedure should be approved**

25. Since the issuance of the Approval and Vesting Order, the Applicants, the Monitor and the Purchasers have been working diligently to develop the List of Agreements and to proceed with the Final Closing as quickly as possible.
26. Since receiving the List of Agreements on November 26, 2018, the Applicants and the Monitor, in consultation with the Purchasers, have taken various measures to notify the Counterparties identified at Schedule "A" to the Proposed Assignment Order, the whole as described more fully above.

27. The Notification Procedure is reasonable in the circumstances, given the number of Assigned Agreements, the need to close the Transaction as soon as possible in order to limit costs and the inherent scheduling pressure caused by the upcoming holiday season.
28. Consequently, it is respectfully requested that this Court approve the Notification Procedure and authorize its continued use in accordance with the Proposed Assignment Order.

**C. The Stay Period should be extended**

29. While the Applicants, the Monitor and the Purchasers are seeking to complete the implementation of the Transaction as quickly as possible, it will not be possible to do so before the expiry of the Stay Period on December 19, 2018, given, in particular, the procedure described above for identifying additional Assigned Agreements.
30. There are also other matters to be determined in the context of the CCAA Proceedings such as, for instance, the action to recover certain sums from the SM Group's former director and officer, Mr. Bernard Poulin.
31. The Applicants and the Debtors, with the latter's affairs now being managed by the Monitor in consultation with the Applicants, have acted, and are acting in good faith and with due diligence, as will be confirmed in the Monitor's Fourth Report.
32. Therefore, it is respectfully submitted that the application of the Initial Order should be extended until February 15, 2019.

**D. The Proposed Correction Order should be granted**

33. In the Approval and Vesting Order, this Court retained the draft order filed as Exhibit A1-C in support of the Applicants' *Joint Application to Approve and Implement a Transaction* (the "**Draft Order**") subject to certain minor modifications.
34. However, certain introductory portions of the Draft Order were not included in the Approval Vesting Order such that the definitions of various terms employed therein are not available to the reader.
35. It is respectfully submitted that the Proposed Correction Order, which will serve to incorporate these omitted sections of the Draft Order into the Approval and Vesting Order, is necessary and should be granted.

**IV. CONCLUSION**

36. In light of the foregoing, the Applicants respectfully submit, with the support of the Monitor and the Purchasers, that the relief sought pursuant to this Application is necessary to implement the Transaction and appropriate in the circumstances.

37. Given that it is expressly required by the APA and the need to implement the Transition as quickly as possible, it is respectfully requested that this Court order the provisional execution of the Proposed Assignment Order, notwithstanding any appeal.

**FOR THESE REASONS, MAY IT PLEASE THE COURT TO:**

**GRANT** the present *Joint Application to Assign Agreements and to Extend the Stay Period* (the “**Application**”);

**ORDER** that any prior delay for the presentation of the Application is hereby abridged and validated so that the Application is properly returnable on the date of its presentation and dispenses the Applicants with any further service thereof;

**RENDER** an Orders substantially in the form of the draft *Assignment and Extension Order* and the draft *Jugement Rectificatif* filed in support of the Application, respectively, as **Exhibit A-1** and **Exhibit A-2**

**THE WHOLE WITHOUT COSTS**, except in the case of contestation.
