- 12. Qualified Tenderers.** A tenderer whom the Receiver determines has a reasonable prospect of completing a transaction as contemplated herein, will be deemed a qualified tenderer and will be promptly notified of such designation by the Receiver. As the case may be, the tenderer must be able to justify his ability to carry out all of the terms and conditions of his Tender within five (5) business days following a request to that effect.
- 13. Decision on Tenders.** The highest or any Tender will not necessarily be accepted and the Receiver reserves the right to reject any or all Tenders, to exclude from the solicitation of Tenders any or all of the Assets and to dispose of the Assets in any manner it deems appropriate. Upon acceptance of a Tender, the successful tenderer shall be notified on or before November 20, 2013 by written notice of the Receiver (the “**Notice of Acceptance**”). In the event the Tender is rejected, the tenderer shall be notified by the Receiver and the Deposit remitted.

14. **No Compensation.** Whether a Tender submitted is accepted, refused or withdrawn, there will be no compensation for the tenderer of any type or form for any costs or expenses related to its participation in the Call for Tenders.
15. **Return of Deposit.** The Deposit accompanying a Tender will be returned, without interests, if the Tender has not been accepted.
16. **Definitive Agreement.** Following receipt of a Notice of Acceptance by a tenderer, and on or before November 22, 2013, the Marked APA and/or the Marked Alaska APA will be negotiated and will represent a definitive agreement (the “Agreement”) between the Receiver and the tenderer for the sale of said Assets on the Closing Date (as this term is defined hereinafter).
17. **Closing.** The closing of the transaction pursuant to the Agreement shall occur on or before November 29, 2013 (the “Closing” and the “Closing Date”). The Closing occurs upon the filing by the Receiver at the Superior Court of Québec (the “Court”) of a certificate to that effect once (i) a formal, non-appealable, executor order is issued by the Quebec Superior Court, Commercial Division, approving the transaction and, with respect to Lot #1 to #6, the vesting of the Assets in and with the tenderer free and clear of any charge or hypothec , and (ii) the balance of the Purchase Price, including applicable taxes, is paid in full by the tenderer by irrevocable wire transfer, certified cheque or bank draft.

The tenderer shall execute all of the appropriate documentation required in order to particularize and implement the accepted Tender.

18. **Liability for Taxes.** All duties and taxes in connection with the sale including but not limited to custom duties, federal, provincial or municipal taxes, any sales taxes applicable or payable by reason of the sale of Assets or the transfer of ownership thereof, and land transfer taxes or mutation taxes, if exigible, are to be paid by the tenderer over and above the Purchase Price. The tenderer will remain liable for all such taxes, which liability and obligation will survive any formal closing and transfer of title to the tenderer.
19. **Adjustments and Withdrawal of Acceptance:**
 - (a) Should the Receiver be unable to deliver any of the assets within any of the Lots or sub-Lots, or for any other reason it deems appropriate, the Receiver shall be entitled to exclude the assets in question from the sale in accordance with section 13. In this latter case, the Purchase Price shall be reduced by an amount to be agreed upon between the tenderer and the Receiver, failing which the Receiver may cancel the acceptance of the Tender, and will be deemed to have never occurred.
 - (b) Notwithstanding the foregoing, in the event an entire Lot or sub-Lot cannot be delivered, the amount of the adjustment shall be equal to the allocation made for this Lot or sub-Lot by the tenderer as required in paragraph 6 hereof.

- (c) Moreover, notwithstanding the foregoing, the Receiver shall have the right to withdraw its acceptance of any Tender at any time prior to the delivery of the Assets to which the acceptance relates if all or part of the Assets, for any reason whatsoever, may not be delivered or sold in accordance with these Terms and Conditions. In the event of such withdrawal, the Receiver will refund the Deposit and any other amounts received from the tenderer on account of the Purchase Price, if any, and the tenderer will have no further rights or recourse against the Receiver and/or CMC.

20. **Representation and Warranties.** The sale of the Assets shall be on a “as is, where is” basis, without any representation or warranties of any nature whatsoever, implicit or explicit, legal or conventional, statutory or otherwise, with respect to the Assets, including any implied warranties of merchantability or fitness for a particular purpose or environmental compliance, as well as any warranty as to the description, quality, condition, value, marketability, fitness for use, boundary lines, area, title or otherwise. The tenderer is purchasing the Assets at its own risk and peril.

The Tenders will be received on the basis that the tenderers acknowledge that they have relied only and entirely on their own inspection and investigation, or their personal knowledge of the Assets, and that any information obtained from the Receiver or its representatives concerning the Assets has been given solely for the convenience of the tenderers, without any warranty or representation as to completeness or accuracy, and that no information given by the Receiver or its representatives to the tenderers in any way forms part of the Tender or the Agreement resulting from the acceptance thereof.

The receipt of a Tender from a tenderer shall be deemed to constitute an irrevocable acknowledgement by the tenderer that the Receiver is not a professional seller.

21. **Possession.** The tenderer will take possession of the Assets on an “as is, where is” basis at his own cost, without any liability on the part of the Receiver, at the Closing Date, the whole subject to Paragraph 22 hereof. If a portion or all of the purchased Assets are to be removed from the premises, any damages to the premises while removing the Assets are the responsibility of the tenderer. In any event, the tenderer purchasing the Assets will indemnify the Receiver and hold him harmless against any and all claims in connection with damages to the premises.
22. **Title.** Title to the purchased Assets shall not pass to the tenderer nor shall the tenderer be entitled to possession of same until Closing, including notably until the Purchase Price and all other payments to be made by the tenderer have been paid in full.
23. **Indemnity.** The tenderer indemnifies and holds the Receiver harmless with respect to:

- (a) All fees and disbursements of the tenderer, including legal and other professional fees related to the Tender, any sale resulting therefrom, any and all searches, evaluations, consultations or representations which the tenderer may wish to do or have done;
- (b) All applicable taxes including, any and all mutation taxes, land transfer taxes or other similar charges applicable to the transfer of Assets; and
- (c) All costs and expenses relating to the preparation of the deed of sale, the registration and preparation of authentic copies thereof, as well as all fees related to the preparation or delivery of certificate of location, surveyor's plan and title search.

The tenderer agrees to assume, at its own cost, complete responsibility for the compliance with all municipal, provincial and federal laws and regulations insofar as same apply to the purchased Assets and the use thereof by the tenderer.

The tenderer further acknowledges that it has inspected the Assets for the presence of any contaminants, hazardous substances or materials or other environmental issues which may affect in any way the Assets (collectively the "**Environmental Issues**"), and that it holds the Receiver harmless from and indemnifies it from any liability or any claim (whether accrued, actual, latent or otherwise) including, without limitation, any penalties, fine, debts, suits, judgments, awards, administrative or judicial orders, actions, causes of action, proceedings, obligations, costs, charges, fees and other expenses of whatever kind or nature, relating in any way to the Environmental Issues. The tenderer acknowledges and agrees that it shall be solely responsible for all expenses, foreseen or unforeseen, relating to any investigation, remediation, restoration, treatment or clean up work concerning the Assets.

With respect to the Assets which may be subject to leases, licenses or other agreements, the tenderer agrees to assume the obligations remaining under such agreements to the complete exoneration and satisfaction of the tenderer or to pay such amount required to the Receiver to enable the Receiver to discharge the remaining obligation under the lease.

24. Default of the Tenderer.

- (a) In the event the tenderer fails to comply with any one of its obligations herein, it shall indemnify the Receiver, in its capacity of receiver to the asset, undertakings and properties of CMC, for any damage incurred by CMC now or in the future as a result of such default, without prejudice to any other right and recourse of the Receiver and/or CMC.
- (b) In particular, the tenderer shall, upon request, reimburse the Receiver for any expenses incurred by the Receiver and/or CMC following the tenderer's failure to take possession of the purchased Assets within the

prescribed time limit, in addition to the confiscation of the Deposit, as the case may be.

- (c) If following the acceptance of a Tender by the Receiver a tenderer does not complete the transaction contemplated, fails to proceed with closing (except in circumstances under which it is not obliged to do so hereunder) or breaches in any way these Terms and Conditions including any representation or warranty, and/or for reasons entirely under the control of the tenderer, then the Receiver will be entitled to retain the Deposit and any portion of the Purchase Price paid by the tenderer, and to claim from the tenderer any and all costs and expenses incurred by the Receiver, including legal costs, for which the tenderer agrees to indemnify the Receiver, the whole as liquidated damages and not as penalty, without prejudice to any other rights, powers or remedies it may have at law, including for additional damages.
25. **Assignment of Rights.** The tenderer shall not transfer or assign rights under the Agreement to any third party, except with the explicit written consent from the Receiver. In the event that such consent is given by the Receiver, the tenderer and the designated assignee shall be solidarily liable for the obligations of the tenderer under the Agreement.

SECTION 2 Purchase and Sale

- 2.1 **Purchased Assets.** Subject to the terms and conditions of this Agreement, including the conditions to the Transaction provided in SECTION 6, the Receiver hereby agrees to sell to the Purchaser, and the Purchaser hereby agrees to purchase from the Receiver on the Closing Date, for the Purchase Price all of the rights, title and interests of CMC in the Purchased Assets.

- 2.2 **As is, where is.** The Purchaser acknowledges that the Purchased Assets are being purchased on an “as is, where is” basis, and the Receiver makes no representations or warranties of any kind or nature, implicit or explicit, legal or conventional, statutory or otherwise, with respect to the Purchased Assets, including any implied warranties of merchantability or fitness for a particular purpose or environmental compliance, as well as any warranty as to the description, quality, condition, value, marketability, fitness for use, boundary lines, area, title or otherwise. The Purchaser is purchasing the Purchased Assets as its own risk and peril and acknowledges and agrees that the Receiver is not a professional seller.
- 2.3 **Rights Affecting the Purchased Assets Generally and Excluded Assets.** The Purchaser hereby acknowledges and agrees that, to the extent that any of the Purchased Assets may be subject to the terms of any lease, license or consent of any third party, it is the responsibility of the Purchaser to make the necessary arrangements with any such lessee, licensor or third party in order to effectuate the transfer of the Purchased Assets, and the Receiver shall reasonably cooperate to effect such transfer including executing any documents to reflect the spirit and intent of this Agreement, provided the Receiver shall not have any obligation to provide any payment or other consideration to any party in this regard. The Purchaser agrees to assume the obligations under and hold the Receiver harmless in respect of any lease, license or other agreement in respect of the Purchased Assets to the complete exoneration and satisfaction of the Receiver.

SECTION 3 Purchase Price

- 3.1 **Aggregate Purchase Price.** The purchase price, payable by the Purchaser to the Receiver for the Purchased Assets, which, for greater certainty, includes the Deposit, shall be the aggregate amount of \$_____, (the “**Purchase Price**”) plus any applicable taxes as provided at section 3.6.
- 3.2 **Deposit.** On the Closing Date, the Deposit will be credited, without interests, against the Purchase Price and released to the Receiver.
- 3.3 **Refund of Deposit.** If: (i) this Agreement is terminated, or (ii) the Transaction is not completed by the Closing Date, in each case for any reason other than (x) a breach by the Purchaser of its obligations under this Agreement, or (y) for reasons entirely under the control of the Purchaser, then the Purchaser shall be entitled to the return of the Deposit forthwith, without interests.
- 3.4 **Forfeiture of Deposit.** If (i) this Agreement is terminated, or (ii) the Transaction is not completed by the Closing Date, in each case as a result of (x) the breach of the Purchaser of its obligations under this Agreement, or (y) for reasons entirely under the control of the Purchaser, then the Receiver shall be entitled to retain the Deposit as liquidated damages, in addition to and without limiting any other rights, powers or remedies, including for additional damages, provided by law.

- 3.5 **Payment of Purchase Price.** Within one Business Day following the issuance of the Approval order, the Purchaser shall pay the balance of the Purchase Price (being the amount of the Purchase Price less the Deposit) by irrevocable wire transfer, certified cheque or bank draft, to *Samson Bélair / Deloitte & Touche Inc. in trust*, to be released to the Receiver on the Closing Date.
- 3.6 **Taxes.** As provided in section 3.1 the Purchaser shall be liable for and shall pay, in addition to the Purchase Price, all federal, provincial and municipal taxes, any sales taxes, duties, land transfer taxes, mutation taxes or other like charges properly payable by a purchaser or applicable upon and in connection with the conveyance and transfer of the Purchased Assets by the Receiver in its capacity of receiver to the assets, undertakings and properties of CMC, if applicable. The Purchaser will remain liable for all such taxes, which liability and obligation will survive any formal closing and transfer of title to the Purchaser.

The Parties shall cooperate in order to try to reduce or eliminate, if possible, the applicable sales taxes otherwise payable in connection with the conveyance and transfer of the Purchased Assets. The Receiver in its capacity of receiver to the assets, undertakings and properties of CMC shall collect from the Purchaser and the Purchaser shall remit to it on the Closing Date a cheque payable to the Receiver with respect to the Purchased Assets for a total amount of \$_____ representing the sales taxes applicable. The Receiver shall remit, on behalf of CMC, all the sales taxes collected to the appropriate governmental authorities pursuant to and in accordance with the delays prescribed by the applicable laws.

SECTION 4

Representations and Warranties

- 4.1 **Representations and Warranties of the Purchaser.** The Purchaser hereby represents and warrants to the Receiver as follows and acknowledges that the Receiver is relying on such representations and warranties in connection with the Transaction:

In doing so, the Purchaser (i) has relied solely upon its own independent review, investigation and/or inspection of the Purchased Assets, and (ii) did not rely upon any written or oral statements, representations, promises, warranties or guaranties whatsoever, whether express or implied (by operation of law or otherwise) obtained by the Purchaser from the Receiver or CMC or any of their directors, officers, employees, professional consultants or advisors with respect to the Purchased Assets or otherwise relating to the Transaction or the completeness of any information provided in connection with the sale process having led to the Transaction; and
- 4.1.5 The Purchaser acknowledges that the Purchased Assets are currently registered under the name of Karst.
- 4.1.6 Indemnity. The Purchaser indemnifies and holds the Receiver harmless with respect to:

The Purchaser agrees to assume, at its own cost, complete responsibility for the compliance with all applicable laws and regulations insofar as same apply to the Purchased Assets and the use thereof by the Purchaser.

4.2 **Representations and Warranties of the Receiver.** The Receiver hereby represents and warranties to the Purchaser as follows and acknowledges that the Purchaser is relying on such representations and warranties in connection with the Transaction:

4.2.1 **Authority of the Receiver.** The Receiver has been duly appointed as receiver and manager of all the assets, undertaking and property of CMC, including specifically the Purchased Assets. Subject to the Court rendering the Approval Order, the Receiver, in its capacity of Receiver to the assets, undertakings and property of CMC, has all necessary power and authority under Canadian laws to enter into this Agreement pursuant to the Receivership Order and all the other agreements, documents and instruments to be entered into by it in connection with this Agreement and to perform its obligations hereunder and thereunder. The Receiver does not make any representations with respect to laws of the United States of America or of the State of Alaska; and

4.2.2 **No Other Agreement.** Except for the Purchaser, no Person has or will have for the duration of this Agreement (except as contemplated herein) a written or oral agreement with the Receiver for the purchase of any of the Purchased Assets.

- 7.1 In the event the Purchaser fails to comply with any one of its obligations herein, it shall indemnify the Receiver, in its capacity of receiver to the asset, undertakings and properties of CMC, for any damage incurred by CMC now or in the future as a result of such default, without prejudice to any other right and recourse of the Receiver and/or CMC.
- 7.2 In particular, the Purchaser shall, upon request, reimburse the Receiver for any expenses incurred by the Receiver and/or CMC following the Purchaser's failure to take possession of the Purchased Assets within the prescribed time limit, in addition to the confiscation of the Deposit, as the case may be.
