APPLICATION

1. The Applicants make this application for:
 - (a) an Order substantially in the form attached as Schedule "B" hereto, *inter alia*:
 - (i) abridging the time for and validating service of this notice of application and the application record and dispensing with service on any person other than those served;
 - (ii) declaring that the Applicants are parties to which the *Companies' Creditors Arrangement Act*, R.S.C. 1985, c. C-36, as amended ("**CCAA**") applies;
 - (iii) declaring that the partnerships listed on Schedule "A" hereto ("**Partnerships**") shall enjoy the benefits of the protections provided to the Applicants under the Initial Order;
 - (iv) appointing Deloitte Restructuring Inc. ("**Deloitte**") to act as the monitor of the Applicants and the Partnerships (collectively, the "**Kraus Group**") (in such capacity, the "**Monitor**") in these CCAA proceedings;
 - (v) authorizing the Kraus Group to continue to use its existing cash management system;

- (vi) authorizing Kraus Carpet Inc. to act as the foreign representative of the Kraus Group and of the within proceedings, and to apply for foreign recognition of the within proceedings, as necessary, in the United States of America ("**United States**") pursuant to Chapter 15 of Title 11 of the U.S. Code, and to take such actions as may be necessary or appropriate in furtherance of the recognition of these proceedings in any such jurisdiction;
- (vii) granting a stay of proceedings in favour of the Kraus Group and its directors and officers;
- (viii) declaring that the directors and officers of the Kraus Group shall be indemnified against obligations and liabilities that they may incur in their capacity as directors and officers of the Kraus Group after the commencement of these proceedings ("**Directors' Indemnity**");
- (ix) granting the following charges over the property of the Kraus Group, listed in order of priority:
 - (1) a charge in favour of counsel to the Kraus Group, the Monitor, and counsel to the Monitor to the maximum amount of \$1 million ("**Administration Charge**"); and
 - (2) a charge in favour of the directors and officers of the Kraus Group to the maximum amount of \$1 million as security for the Directors' Indemnity ("**Directors' Charge**");

- (b) an Order, sought by way of a separate notice of motion returnable September 18, 2018 ("**September 18 Motion**"):
- (i) approving the transaction ("**TPS Transaction**") contemplated by the asset purchase agreement between Kraus Canada LP, Kraus Properties LP and Kraus USA Inc. (collectively, the "**Kraus Sellers**") and Q.E.P. Co., Inc. and Roberts Company Canada Ltd. (collectively, the "**Purchasers**") dated September 10, 2018, as amended from time to time, and as may be further supplemented or amended ("**Purchase Agreement**");
 - (ii) vesting all of the Kraus Sellers' rights, title and interest in and to the Purchased Assets, as set out and described in the Purchase Agreement, in the Purchasers, free and clear of and from all claims, except for permitted encumbrances, easements and restrictive covenants; and
 - (iii) approving a certain transition services agreement made between the Kraus Sellers and the Purchasers for the provision of services to ensure the orderly transition of the sale of the TPS Business (defined below) to the Purchasers ("**Transition Services Agreement**");
- (c) an Order sealing from the public record certain commercially-sensitive information and documents that are appended to the evidence filed on this application and the September 18 Motion; and

(d) such further and other relief as to this Honourable Court may deem just.

2. The grounds for the application are:

Background

- (a) The Kraus Group is a vertically-integrated manufacturer of premium carpet for the commercial and residential market. It is also a distributor in North America of flooring products produced by other manufacturers.
- (b) The operations of the Kraus Group extend across Canada and the United States. However, control of operations is centered in Waterloo, Ontario, where main production occurs and where the management of the Kraus Group occurs.
- (c) The Partnerships are the operating entities of the Kraus Group and the Applicants are the general partners of the Partnerships. As such, the Partnerships' operations are integral and closely related to the business of the Applicants.
- (d) The Kraus Group is facing a looming liquidity crisis such that it will be unable to operate its business as a going concern within a matter of weeks.
- (e) The Applicants are insolvent as a result of, among other things, a continuing decline in the commercial broadloom carpet industry, lower than expected sales and high fixed overhead and distribution costs.

Secured Creditors

- (f) The Kraus Group's senior secured creditor is Wells Fargo Capital Finance Corporation Canada ("**Wells Fargo**"). Pursuant to a credit agreement dated August 6, 2013, as amended, ("**Wells Credit Agreement**"), Wells Fargo provided three credit facilities to Kraus Canada LP, Strudex LP, Kraus Carpet LP and Kraus USA Inc. (collectively, the "**Kraus Operating Entities**"). The credit facilities consist most significantly of a term loan in the principal amount of \$4,650,000 and an operating facility in the maximum principal amount of \$45,350,000 to be used for, among other purposes, working capital requirements.
- (g) As of July 31, 2018, the total indebtedness outstanding under the Wells Credit Agreement, as amended, was approximately \$48,229,000.
- (h) The indebtedness under the Wells Credit Agreement is secured by a first-ranking charge against all assets and undertaking of the Kraus Group.
- (i) The Kraus Group's junior secured creditor is Red Ash Capital Partners II Limited Partnership ("**Red Ash**"). The Kraus Group is indebted to Red Ash pursuant to certain credit facilities, a promissory note dated May 9, 2012, as amended, and a promissory note dated July 25, 2014, as amended (collectively the "**Red Ash Debt Agreements**").

- (j) The indebtedness under the Red Ash Debt Agreements is secured by a second-ranking charge against all assets and undertaking of the Kraus Group.
- (k) As of July 31, 2018, the total indebtedness outstanding under the Red Ash Debt Agreements was approximately \$99,941,000.
- (l) The Kraus Operating Entities are in default of the Wells Credit Agreement, as amended, because they have failed to meet the financial covenants required in the agreement.
- (m) By virtue of the Kraus Operating Entities' default of the Wells Credit Agreement, the Kraus Group is in default of the Red Ash Debt Agreements. The Kraus Group is also in default of the Red Ash Debt Agreements for failing to make interest payments when due thereunder, and failing to meet certain financial covenants specified therein.
- (n) Contemporaneous with the commencement of this proceeding the Kraus Group has entered into a form of written forbearance agreement with Wells Fargo. The forbearance agreement contemplates Wells Fargo's forbearance in enforcement of its rights during the currency of these proceeding.

Necessity of CCAA Proceedings

- (o) The Kraus Group is insolvent. Its financial state is precarious. Cash flow from operations is not sufficient to meet ongoing expenses and it cannot meet its liabilities as they become due.
- (p) Absent an immediate going concern sale of a substantial portion of the business of the Kraus Group (as described below), supported by required transition service arrangements, the Applicants' business is not viable. They will be required to cease operations in the near future and a liquidation of their assets will have to be undertaken.
- (q) The Kraus Group, with the assistance of Deloitte Corporate Finance Inc. ("DCF"), has reviewed its present and projected financial performance and considered the strategic alternatives available to the Applicants.
- (r) Following its internal review, the Kraus Group decided to implement a sale and investment solicitation process involving a sale of its two lines of business, the Trading Products Sale Division ("**TPS Business**") and the Broadloom Carpet Division ("**Broadloom Business**", with the TPS Business, collectively, the "**Businesses**").
- (s) The sales process resulted in the execution of the Purchase Agreement which is conditional on receipt of approval and vesting orders from the Canadian and United States Courts. To date, no going concern or *en bloc* purchaser has been secured for the Broadloom Business.

- (t) The proposed sale of the TPS Business, for which court approval will be sought at the September 18 Motion, was negotiated following a comprehensive and extensive sales process.
- (u) Given the breadth, duration and results of the sales process, it can be demonstrated that no better or higher offer could be obtained that would generate more value for affected creditors.
- (v) As part of the proposed sale of the Kraus Group's TPS Business, the Kraus Sellers have agreed to provide transition services to Q.E.P. Co., Inc. pursuant to the Transition Services Agreement. These transition services are necessary to ensure that the TPS Business is successfully transferred to the Purchasers as a going concern, including the preservation of customer relationships that are integral to the value of the business.
- (w) The Kraus Group, with the involvement and assistance of DCF, continues to solicit offers for the Broadloom Business.
- (x) The proposed sale of the TPS Business is conditional upon the Applicants seeking and obtaining CCAA protection from creditors and related relief including court approval of the sale.
- (y) Without the protection of the CCAA stay of proceedings and related relief, it will not be possible for the Kraus Group to complete the TPS Transaction (including the provision of transition services and the preservation of jobs

that will be continued), and to maximize recoveries from a sale or orderly wind-down of the Broadloom Business.

Relief Sought in the Initial Order

- (z) The Kraus Group requires a stay of proceedings to allow it to maintain the status quo and continue to operate its business while it pursues early court approval for and implementation of the sale of the Businesses with a view to preserving and maximizing value.
- (aa) It is necessary and in the best interests of the Kraus Group and their stakeholders that the Kraus Group be afforded the “breathing space” provided by the CCAA as it attempts to realize on its assets through the going concern sale and orderly dispositions now contemplated to benefit affected creditors, and certain employees and other stakeholders.
- (bb) The Kraus Group is seeking the Administration Charge to secure the fees and disbursements of the Monitor, counsel to the Monitor, and counsel to the Kraus Group, in each case incurred in connection with services rendered to the Kraus Group before and after the commencement of these CCAA proceedings.
- (cc) Similarly, the Kraus Group will require the participation of its directors and officers during these CCAA proceedings and proposes to indemnify its directors and officers and to secure such indemnity by way of the Directors’ Charge.

- (dd) The granting of the Administration Charge and the Directors' Charge is appropriate in the circumstances and will facilitate the active involvement of the beneficiaries of the charges during the CCAA proceedings.
- (ee) The proposed Administration Charge and Directors' Charge will be a first and second ranking charge, respectively, on the Kraus Group's property.
- (ff) Deloitte has consented to act as Monitor of the Kraus Group, subject to court approval.

Approval of the TPS Transaction (September 18 Motion)

- (gg) The Kraus Group intends to return to court by way of a separate notice of motion returnable September 18, 2018, for approval of the sale of the TPS Business, and the vesting of the assets of the TPS Business in the Purchasers.
- (hh) The purchase price to be paid pursuant to the Purchase Agreement represents the highest realizable price through the sales process. The TPS Transaction represents the best possible transaction in the circumstances for the benefit of the Kraus Group and its stakeholders.
- (ii) The estimated realizable value of the Kraus Group's assets is substantially less than the approximately \$148,170,000 that is owed to Wells Fargo and Red Ash.

- (jj) Wells Fargo and Red Ash are the senior and only secured creditors whose economic interests are engaged by the proposed CCAA proceedings and sale of assets.
- (kk) The TPS Transaction would benefit Wells Fargo and Red Ash in their capacity as secured creditors and, given the Purchasers' intention to restructure and continue the operation of the TPS Business, will benefit other stakeholders including, importantly, the approximately 160 employees who will continue to be employed by the Purchasers.
- (ll) The Kraus Group has already attempted, over a period of five months, to sell its business and/or assets and it does not appear that a sale can be achieved on terms that are more favourable than those provided for in the TPS Transaction.
- (mm) Red Ash is not prepared to fund the operations of the Applicants for an indefinite period. If a sale to the Purchasers cannot be achieved, the Applicants will cease operations and liquidate their assets.

Sealing Order

- (nn) The confidential appendices to the Pre-Filing Report of the Proposed Monitor and the affidavit of Christopher Emmott sworn September 10, 2018 ("**Emmott Affidavit**") filed in connection with this proceeding contain certain commercially sensitive information which if made public would be

materially prejudicial to the Kraus Group and detrimental to any further marketing efforts if the proposed transaction is not completed.

- (oo) There are no reasonable alternative measures to sealing this information from the public record.
- (pp) The salutary effects of sealing this information outweigh the deleterious effects of doing so.

Other Grounds

- (qq) Those further grounds set out in the Emmott Affidavit;
 - (rr) The provisions of the CCAA, including sections 9(1), 11, 11.02(1), 11.03, 11.51, 11.52, 11.7, Part IV, and the inherent and equitable jurisdiction of this Court;
 - (ss) Section 137(2) of the *Courts of Justice Act*, R.S.O. 1990, c. C-43, as amended;
 - (tt) Rules 1.04, 1.05, 2.01, 2.03, 3.02, 14, 16 and 38 of the *Rules of Civil Procedure*, R.R.O. 1990, Reg. 194, as amended; and
 - (uu) Such further and other grounds as counsel may advise and this Honourable Court may permit.
3. The following documentary evidence will be used at the hearing of the application:
- (a) The Emmott Affidavit and the exhibits attached thereto;

- (b) The Pre-Filing Report of the Proposed Monitor;
- (c) The consent of Deloitte to act as Monitor, dated September 10, 2018; and
- (d) Such further and other evidence as the lawyers may advise and this Honourable Court may permit.

"Cash Management System") and that any present or future bank providing the Cash Management System shall not be under any obligation whatsoever to inquire into the propriety, validity or legality of any transfer, payment, collection or other action taken under the Cash Management System, or as to the use or application by the Kraus Group of funds transferred, paid, collected or otherwise dealt with in the Cash Management System, shall be entitled to provide the Cash Management System without any liability in respect thereof to any Person (as hereinafter defined) other than the Kraus Group, pursuant to the terms of the documentation applicable to the Cash Management System, and shall be, in its capacity as provider of the Cash Management System, an unaffected creditor under the Plan with regard to any claims or expenses it may suffer or incur in connection with the provision of the Cash Management System.

- (a) all outstanding and future wages, salaries, employee and pension benefits, vacation pay and expenses payable on or after the date of this Order, in each case incurred in the ordinary course of business and consistent with existing compensation policies and arrangements; and

- (a) all expenses and capital expenditures reasonably necessary for the preservation of the Property or the Business including, without limitation, payments on account of insurance (including directors and officers insurance), maintenance and security services; and

- (b) payment for goods or services actually supplied to the Kraus Group on or after the date of this Order.

8. THIS COURT ORDERS that the Kraus Group shall remit, in accordance with legal requirements, or pay:

- (a) any statutory deemed trust amounts in favour of the Crown in right of Canada or of any Province thereof or any other taxation authority which are required to be deducted from employees' wages, including, without limitation, amounts in respect of (i) employment insurance, (ii) Canada Pension Plan, (iii) Quebec Pension Plan, and (iv) income taxes;
- (b) all goods and services or other applicable sales taxes (collectively, "**Sales Taxes**") required to be remitted by the Kraus Group in connection with the sale of goods and services by the Kraus Group, but only where such Sales Taxes are accrued or collected after the date of this Order, or where such Sales Taxes were accrued or collected prior to the date of this Order but not required to be remitted until on or after the date of this Order; and
- (c) any amount payable to the Crown in right of Canada or of any Province thereof or any political subdivision thereof or any other taxation authority in respect of municipal realty, municipal business or other taxes, assessments or levies of any nature or kind which are entitled at law to be paid in priority to claims of secured creditors and which are attributable to or in respect of the carrying on of the Business by the Kraus Group.

9. THIS COURT ORDERS that until a real property lease is disclaimed or resiliated in accordance with the CCAA, the Kraus Group shall pay all amounts constituting rent or payable as rent under real property leases (including, for greater certainty, common area maintenance charges, utilities and realty taxes and any other amounts payable to the landlord under the lease) or as otherwise may be negotiated between the Kraus Group and the landlord from time to time ("**Rent**"), for the period commencing from and including the date of this Order, twice-monthly in equal payments on the first and fifteenth day of each month, in advance (but not in arrears). On the date of the first of

such payments, any Rent relating to the period commencing from and including the date of this Order shall also be paid.

10. THIS COURT ORDERS that, except as specifically permitted herein, the Kraus Group is hereby directed, until further Order of this Court: (a) to make no payments of principal, interest thereon or otherwise on account of amounts owing by the Kraus Group to any of its creditors as of this date; (b) to grant no security interests, trust, liens, charges or encumbrances upon or in respect of any of its Property; and (c) to not grant credit or incur liabilities, except in the ordinary course of the Business or pursuant to this Order or any other Order of this Court.

RESTRUCTURING

11. THIS COURT ORDERS that the Kraus Group shall, subject to such requirements as are imposed by the CCAA, have the right to:

- (a) permanently or temporarily cease, downsize or shut down any of its Business or operations, and to dispose of redundant or non-material assets not exceeding \$250,000 in any one transaction or \$1 million in the aggregate in any series of related transactions;
- (b) terminate the employment of such of its employees or temporarily lay off such of its employees as it deems appropriate; and
- (c) pursue all avenues of restructuring of its Business or Property, in whole or part, subject to prior approval of this Court being obtained before any material refinancing,

all of the foregoing to permit the Kraus Group to proceed with an orderly restructuring of the Business (the "**Restructuring**").

12. THIS COURT ORDERS that the Kraus Group shall provide each of the relevant landlords with notice of the Kraus Group's intention to remove any fixtures from any leased premises at least seven (7) days prior to the date of the intended removal. The relevant landlord shall be entitled to have a representative present in the leased

premises to observe such removal and, if the landlord disputes the Kraus Group's entitlement to remove any such fixture under the provisions of the lease, such fixture shall remain on the premises and shall be dealt with as agreed between any applicable secured creditors, such landlord and the Kraus Group, or by further Order of this Court upon application by the Kraus Group on at least two (2) days notice to such landlord and any such secured creditors. If the Kraus Group disclaims or resiliates the lease governing such leased premises in accordance with Section 32 of the CCAA, it shall not be required to pay Rent under such lease pending resolution of any such dispute (other than Rent payable for the notice period provided for in Section 32(5) of the CCAA), and the disclaimer or resiliation of the lease shall be without prejudice to the Kraus Group's claim to the fixtures in dispute.

13. THIS COURT ORDERS that if a notice of disclaimer or resiliation is delivered pursuant to Section 32 of the CCAA, then (a) during the notice period prior to the effective time of the disclaimer or resiliation, the landlord may show the affected leased premises to prospective tenants during normal business hours, on giving the Kraus Group and the Monitor 24 hours' prior written notice, and (b) at the effective time of the disclaimer or resiliation, the relevant landlord shall be entitled to take possession of any such leased premises without waiver of or prejudice to any claims or rights such landlord may have against the Kraus Group in respect of such lease or leased premises, provided that nothing herein shall relieve such landlord of its obligation to mitigate any damages claimed in connection therewith.

NO PROCEEDINGS AGAINST THE KRAUS GROUP OR THE PROPERTY

14. THIS COURT ORDERS that until and including October 11, 2018, or such later date as this Court may order ("**Stay Period**"), no proceeding or enforcement process in any court or tribunal (each, a "**Proceeding**") shall be commenced or continued against or in respect of the Kraus Group or the Monitor, or affecting the Business or the Property, except with the written consent of the Kraus Group and the Monitor, or with leave of this Court, and any and all Proceedings currently under way against or in respect of the Kraus Group or affecting the Business or the Property are hereby stayed and suspended pending further Order of this Court.

NO EXERCISE OF RIGHTS OR REMEDIES

15. THIS COURT ORDERS that during the Stay Period, all rights and remedies of any individual, firm, corporation, governmental body or agency, or any other entities (all of the foregoing, collectively being "**Persons**" and each being a "**Person**") against or in respect of the Kraus Group or the Monitor, or affecting the Business or the Property, are hereby stayed and suspended except with the written consent of the Kraus Group and the Monitor, or leave of this Court, provided that nothing in this Order shall (i) empower the Kraus Group to carry on any business which the Kraus Group is not lawfully entitled to carry on, (ii) affect such investigations, actions, suits or proceedings by a regulatory body as are permitted by Section 11.1 of the CCAA, (iii) prevent the filing of any registration to preserve or perfect a security interest, or (iv) prevent the registration of a claim for lien.

NO INTERFERENCE WITH RIGHTS

16. THIS COURT ORDERS that during the Stay Period, no Person shall discontinue, fail to honour, alter, interfere with, repudiate, terminate or cease to perform any right, renewal right, contract, agreement, licence or permit in favour of or held by the Kraus Group, except with the written consent of the Kraus Group and the Monitor, or leave of this Court.

CONTINUATION OF SERVICES

17. THIS COURT ORDERS that during the Stay Period, all Persons having oral or written agreements with the Kraus Group or statutory or regulatory mandates for the supply of goods and/or services, including without limitation all computer software, communication and other data services, centralized banking services, payroll services, insurance, transportation services, utility or other services to the Business or the Kraus Group, are hereby restrained until further Order of this Court from discontinuing, altering, interfering with or terminating the supply of such goods or services as may be required by the Kraus Group, and that the Kraus Group shall be entitled to the continued use of its current premises, telephone numbers, facsimile numbers, internet addresses and domain names, provided in each case that the normal prices or charges

for all such goods or services received after the date of this Order are paid by the Kraus Group in accordance with normal payment practices of the Kraus Group or such other practices as may be agreed upon by the supplier or service provider and each of the Kraus Group and the Monitor, or as may be ordered by this Court.

NON-DEROGATION OF RIGHTS

18. THIS COURT ORDERS that, notwithstanding anything else in this Order, no Person shall be prohibited from requiring immediate payment for goods, services, use of lease or licensed property or other valuable consideration provided on or after the date of this Order, nor shall any Person be under any obligation on or after the date of this Order to advance or re-advance any monies or otherwise extend any credit to the Kraus Group. Nothing in this Order shall derogate from the rights conferred and obligations imposed by the CCAA.

PROCEEDINGS AGAINST DIRECTORS AND OFFICERS

19. - (f) authorizing Kraus Carpet Inc. to act as the foreign representative of the Kraus Group and in the within proceedings, and to apply for such foreign recognition of the within proceedings in the United States of America ("**United States**") as may be advisable;
- (g) granting an Administration Charge and Directors' Charge (each defined below) over the Kraus Group's assets, undertakings and property ("**Property**"); and

(h) sealing Exhibits D and E to Appendix C of the Pre-Filing Report of the Proposed Monitor, dated September 10, 2018 ("**Pre-Filing Report**"); and Confidential Exhibit "A" to this affidavit.

3. This affidavit is also filed in support of a separate motion intended to be brought by the Applicants and returnable September 18, 2018 ("**September 18 Motion**"), for an order approving the transaction ("**TPS Transaction**") contemplated by the asset purchase agreement between Kraus Canada LP, Kraus Properties LP and Kraus USA Inc. (collectively, the "**Kraus Sellers**") and Q.E.P. Co., Inc. and Roberts Company Canada, Ltd. (collectively, the "**Purchasers**") dated September 10, 2018, as amended from time to time, and as may be further supplemented or amended ("**Purchase Agreement**") and vesting all of the Kraus Sellers' rights, title and interest in and to the Purchased Assets, as set out and described in the Purchase Agreement, in the Purchasers, free and clear of and from all claims, except for permitted encumbrances, easements and restrictive covenants.

4. By way of overview, the Kraus Group is a vertically-integrated manufacturer of premium carpet for the commercial and residential market. It is also a distributor in North America of flooring products produced by other manufacturers.

5. The Kraus Group is insolvent and unable to meet its liabilities as they become due. The Kraus Group seeks the protection of an initial order under the CCAA to provide it with a stable environment that will preserve value for stakeholders by affording time to complete and implement a going concern sale (and supporting transition services

arrangements) of a key flooring distribution division, and to otherwise address current financial challenges through an orderly sale or liquidation of its assets.

B. Kraus Group Operations

7. The Kraus brand dates back to 1959 when Michael Kraus established the company as a manufacturer of carpets in Kitchener, Ontario. Over the years the Kraus Group gradually expanded distribution, operations, and range of products, growing at one point to become one of North America's largest flooring companies.

8. The Kraus Group has two divisions: (i) the manufacturing of residential and commercial broadloom carpet division ("**Broadloom Business**"); and (ii) the "trading product sales" division which involves the distribution and sale of flooring products to

commercial and residential customers, including carpet tiles, vinyl tiles, laminate, and hardwood ("**TPS Business**").

9. The Broadloom Business accounts for approximately 46% of the Kraus Group's revenues; the TPS Business accounts for the remaining 54%.

10. The Kraus Group markets its carpet and flooring products to both the commercial and residential markets. In respect of retail customers, the Kraus Group's products are sold to both independent stores and big box retailers. The TPS Business's American sales account for approximately 53% of total sales, and Canadian sales represent the remaining 47%. The Broadloom Business's American sales are approximately 60% of total sales, with Canadian sales comprising the remaining 40%.

11. The Kraus Group operates two large carpet-manufacturing and logistics facilities:

- (a) the 850,000 square foot flagship mill at the Waterloo Premises, which is owned and operated by Kraus Brands LP, by its general partner Kraus Brands Inc.; and
- (b) a 162,000 square foot facility in Dalton, Georgia, that provides warehousing and logistics services for the Kraus Group and is owned and operated by Kraus US ("**Dalton Facility**").

12. Additionally, the Kraus Group maintains leased premises in Delta, British Columbia, Edmonton, Alberta, Mississauga, Ontario, Montreal, Quebec, and Winnipeg, Manitoba, in Canada, and Shipperville, Pennsylvania and Renton, Washington in the

United States. These leased facilities range in size from 1,193 to 91,500 square feet and are used for the warehousing of inventory and logistical support for the Kraus Group.

13. The Kraus Group is current on all payments to its landlords.

C. Employees and Collective Agreements

14. As of August 30, 2018, the Applicants had approximately 540 employees in Canada and the United States.

15. Strudex LP, Kraus Carpet LP, and Kraus Canada LP are parties to three collective agreements.

16. Strudex LP and UFCW are parties to a collective agreement dated July 5, 2015 ("**Strudex Collective Agreement**"). The Strudex Collective Agreement was in force until June 30, 2018. However, under the terms of the Strudex Collective Agreement, the parties continue to perform under the expired agreement until a new one is in place. Approximately 62 employees are subject to the Strudex Collective Agreement.

17. Kraus Carpet LP and UFCW are parties to a collective agreement dated July 5, 2015 ("**Kraus Carpet Collective Agreement**"). The Kraus Carpet Collective Agreement was in force until June 30, 2018. However, under the terms of the Kraus Carpet Collective Agreement, the parties continue to perform under the expired agreement until a new one is in place. Approximately 148 employees are subject to the Kraus Carpet Collective Agreement.

18. Kraus Canada LP and the Teamsters Local Union No. 213 (affiliated with the International Brotherhood of Teamsters, of the City of Vancouver, Province of British

Columbia) ("**Teamsters**") are parties to a collective agreement dated October 1, 2011 (the "**Kraus Canada Collective Agreement**"). The Kraus Canada Collective Agreement remains in force until September 30, 2018, and five employees are subject to the agreement.

19. All source deductions for union dues have been remitted to the respective unions.

20. The Kraus Group offers certain benefits to union and non-union employees including life insurance, healthcare coverage, dental health care coverage.

21. Employees of the Kraus Group, except for those persons who are to be offered employment with the Purchasers and those required for transactional services and other CCAA administration, were laid off on September 7, 2018. All wage amounts up to and including September 7, 2018, have been settled or will be settled with the next payroll processing cycle.

D. Kraus Pension Plans

22. Certain of the companies maintain employee pension plans. The registered pension plan for employees of Kraus Carpet LP, Strudex LP and Kraus Canada LP is a pension plan registered, for pension standards purposes, in the Province of Ontario. It bears registration number 1251446 ("**Kraus Carpet Plan**").

23. The Kraus Carpet Plan is a defined contribution (money purchase) plan. The plan is funded on a money purchase basis through a Group Retirement Services contract issued by Manulife Financial. As part of the plan, Kraus Canada LP contributes 4.5% of employee earnings annually, and Strudex LP and Kraus Carpet LP match employee contributions. There are currently 202 members of the Kraus Carpet Plan. Since the

Kraus Carpet Plan does not guarantee any particular level of benefits to plan members, there can be neither a deficit nor a surplus and an actuarial valuation is not required.

24. As a supplement to the Kraus Carpet Plan, there is a group retirement savings plan for the employees of Kraus Carpet LP and Kraus Canada LP ("**Kraus RSP**"). The Kraus RSP is funded through those contributions from employees of Kraus Carpet LP and Kraus Canada LP that exceed the maximum matching contribution amount from Kraus Carpet LP and Kraus Canada LP under the Kraus Carpet Plan. Employees who participate in the Kraus RSP can make withdrawals from the plan any time. There are currently 39 members of the Kraus RSP.

25. The registered pension plan for employees of Kraus US is a pension plan that is governed by the laws of Pennsylvania ("**Kraus US Plan**"). The trustee of the Kraus US Plan is State Street Bank and Trust Company.

26. The Kraus US Plan is a 401(k) plan and as such is a defined contribution plan. The Kraus US Plan is funded through contributions to the plan which are held in trust by the plan's trustee. There are currently 172 members of the Kraus US Plan. Since the Kraus US Plan does not guarantee any particular level of benefits to plan members, there can be neither a deficit nor a surplus and an actuarial valuation is not required.

27. Each of Kraus Carpet LP, Kraus Canada LP, Strudex LP, and Kraus US are current on their respective contributions to the pension plans.

III. Kraus Group's Debt and Security Structure

A. Senior Secured Debt

28. Wells Fargo Capital Finance Corporation Canada ("**Wells Fargo**") is the senior secured lender to the Kraus Group. Pursuant to a credit agreement dated August 6, 2013 ("**Wells Credit Agreement**"), Wells Fargo provided three credit facilities to Kraus Canada LP, Strudex LP, Kraus Carpet LP and Kraus US (collectively, the "**Kraus Operating Entities**"). The credit facilities consist of a term loan in the principal amount of \$4,650,000, an operating facility in the maximum principal amount of \$45,350,000 to be used for, among other purposes, working capital requirements ("**Wells Operating Facility**"), and a \$15,000,000 real estate secured term loan.

29. The Wells Credit Agreement has subsequently been amended on several occasions including most recently pursuant to a fourth amendment to credit agreement dated August 6, 2018.

30. As of August 31, 2018, the total indebtedness outstanding under the Wells Credit Agreement, as amended, was approximately \$48,229,000. Further particulars of the Wells Fargo indebtedness are set out in the Forbearance Agreement (discussed at paragraph 63, below).

31. The Kraus Operating Entities' debt obligations and liabilities pursuant to the Wells Credit Agreement are fully secured by a series of security agreements over all present and after-acquired real and personal property (the "**Wells Security**") including without limitation:

- (a) a \$50 million first-ranking charge on the Waterloo Premises;

- (b) personal property security over all of the assets of the Kraus Group in Canada and the United States
- (c) guarantees from each of the Applicants, each dated August 6, 2013;
- (d) share pledge agreements by each of the Applicants, except Kraus US, each dated August 6, 2013; and
- (e) patent and trademark security agreement by Kraus Properties LP, dated August 6, 2013.

32. The Kraus Group is in default of the Wells Credit Agreement. Immediately prior to the commencement of these proceedings the Kraus Group entered into a form of forbearance agreement with Wells Fargo. The forbearance agreement, which contemplates these proceedings, is further described below.

B. Junior Secured Debt

33. Red Ash Capital Partners II Limited Partnership ("**Red Ash**") is the junior secured creditor of the Kraus Group. Red Ash's general partner is Pinnacle Capital Resources Limited. Hilco UK Limited ("**Hilco**") is the sole shareholder of Pinnacle Capital Resources Limited.

34. In May 2012, Hilco acquired the predecessors of the Kraus Group ("**Predecessors**"). As part of this acquisition, Red Ash took an assignment of the credit facilities and security held by the secured creditors of the Kraus Group's Predecessors ("**Assigned Credit Facilities**"). Concurrent therewith, Hilco created the Kraus Group and the Kraus Group assumed the debts, liabilities and obligations of its Predecessors

under the Assigned Credit Facilities through certain assignment and assumption agreements.

35. In connection with the acquisition and creation of the Kraus Group, certain of the Predecessors executed and delivered a promissory note dated May 9, 2012, to Red Ash in an amount up to but not exceeding \$15 million. This promissory note was amended and restated by a promissory note dated June 29, 2012, issued to Red Ash by both Kraus Brands LP, by its general partner, Kraus Brands Inc., and Kraus US, in an amount up to but not exceeding \$25 million ("**2012 Red Ash Promissory Note**").

36. On July 25, 2014, Kraus Canada LP, by its general partner Kraus Canada Inc., Kraus Carpet LP, by its general partner Kraus Carpet Inc., Strudex LP, by its general partner Strudex Inc., and Kraus US, issued a promissory note to Red Ash in an amount up to but not exceeding \$10 million. This promissory note was subsequently amended three times, most recently by a third amended and restated promissory note dated December 29, 2015, in an amount up to but not exceeding \$16 million ("**2014 Red Ash Promissory Note**").

37. The Kraus Group's debt obligations and liabilities pursuant to the Assigned Credit Facilities, the 2012 Red Ash Promissory Note and the 2014 Red Ash Promissory Note (collectively, the "**Red Ash Debt Agreements**") are fully secured by a series of security agreements over all present and after-acquired real and personal property including without limitation:

- (a) a second-ranking collateral charge with a principal amount of up to \$177.5 million over the Waterloo Premises;

- (b) security and assignment of rents over the Dalton Premises;
- (c) personal property security over all of the assets of the Kraus Group in Canada and the United States;
- (d) cross guarantees from the Kraus Group in favour of Red Ash; and
- (e) partnership interest pledge agreements between each of the Applicants, except Kraus US, and Red Ash.

38. The Red Ash Debt Agreements have a second-ranking security interest in and to all of the property of the Kraus Group, whether now owned or hereafter-acquired by or on behalf of the Kraus Group, wherever located.

39. As of July 31, 2018, the total indebtedness outstanding under the Red Ash Debt Agreements was approximately \$99,940,956.

C. Other Secured Creditors

40. Cassels Brock & Blackwell LLP, Canadian counsel to the Kraus Group, conducted a search of registrations made against the Kraus Group on September 5, 2018, under the *Personal Property Security Act* registration system and similar registration systems in each of the provinces of Canada in which the Kraus Group operates. Attached hereto and marked as **Exhibit "C"** is a summary of the search results.

41. Other than registrations in favour of Wells Fargo and Red Ash, the only other registrations appear to be in favour of equipment and vehicle lessors, and a credit card issuer.

42. Honigman Miller Schwartz and Cohn LLP, U.S. counsel to the Kraus Group, conducted a search of registrations made against the Kraus Group on September 4, 2018, under the Uniform Commercial Code registration system. Attached hereto and marked as **Exhibit “D”** is a summary of the search results.

D. Crown Obligations and Priority Claimants

43. Kraus Group is current on its HST remittances to August 27, 2018. Going forward, HST remittances are reflected in the projected Cash Flows.

44. Kraus Group is current on all source deduction obligations.

E. Trade Creditors and Suppliers

45. Kraus Group has unpaid trade and other unsecured debt accrued in the normal course of business. As of July 31, 2018 accounts payable balances totalled approximately \$32.3 million.

46. Due to its financial circumstances, Strudex LP and Kraus Carpet LP have not ordered raw material for production since August 20, 2018.

IV. Financial Position of the Kraus Group

A. Kraus Group’s Declining Financial Performance

47. The Kraus Group has operated at a net loss for the past five years and its sales have declined significantly in the past two years. Consolidated annual net losses for the Kraus Group for the years ended December 2014 to December 2017, and for the seven-month period ended July 31, 2018 are as follows:

Year	2014	2015	2016	2017	2018 (7 months)
Net Loss (M)	\$10.0	\$11.7	\$3.8	\$6.1	\$7.6

48. The Kraus Group's EBITDA has also had a sharp decline since December 2016. The Kraus Group's EBITDA for the years ended December 2014 to December 2017, and for the seven-month period ending July 31, 2018 is as follows:

Year	2014	2015	2016	2017	2018 (7 months)
EBITDA (M)	(\$1.2)	\$4.2	\$6.1	\$3.2	(\$0.1)

49. There are several reasons for the financial decline. First, the Kraus Group's performance was negatively impacted by the downturn in the carpet manufacturing industry over the past several years. The downturn was caused by several factors including (i) a consumer preference for hard surface flooring, as a trends move away from broadloom carpet in both residential and commercial markets; (ii) the availability of cheaper broadloom carpeting from the United States and overseas; and (iii) and a general decline in carpet sales and profitability over the past 20 years.

50. As a result of this downturn, the North American carpet manufacturing industry has gone through a significant consolidation with smaller companies closing or being acquired by major manufacturers.

51. Apart from a general decline in the market, the specific circumstances faced by the Kraus Group contributed to the decline in its fortunes. As a vertically-integrated producer

and distributor of flooring products, the Kraus Group faced significant fixed costs, including those associated with maintaining and operating the Waterloo Premises and a North American-wide distribution network. Those fixed costs could not be reduced or downsized to correspond with an overall decline in market demand.

52. Although the Kraus Group has taken steps since 2008 to cut costs in its manufacturing process, the Kraus Group still has not been able to improve its financial performance or to minimize its mounting debt obligations.

B. Assets and Liabilities of the Kraus Group

53. As at July 31, 2018, the Kraus Group's unaudited financial position consisted of:

- (a) assets with a net book value of approximately \$133,681,462, including cash and accounts receivable of \$24,127,963; inventory of \$59,493,825; and property, plant and equipment, net of accumulated depreciation, of \$29,350,836;
- (b) liabilities of approximately \$180,445,952, including accounts payable of \$32,275,149; other current liabilities of \$48,229,292 (being the amount owed pursuant to the Wells Credit Agreement); and long-term debt of \$99,940,956; and
- (c) shareholders' equity (deficit) of approximately (\$46,764,490).

Attached hereto and marked as **Exhibit "E"** are copies of the unaudited financial statements for the Kraus Group for the year ended December 31, 2017 and the seven months ended July 31, 2018.

C. Cash Management

54. The Kraus Group operates a centralized cash management system that is managed by the finance team at the Waterloo Premises. On a weekly basis, the Kraus Group's finance team draws down on the Wells Fargo Operating Facility to meet the group's working capital requirements. These funds are then allocated across the Kraus Group to satisfy the obligations of each entity.

V. Litigation

55. Kraus US is party to litigation in the United States. In May 2017, the Water Works and Sewer Board of the Town of Centre, Alabama, filed a lawsuit against entities involved in the carpet manufacturing process, including Kraus US, in the Circuit Court of Cherokee County, Alabama, Case No. 13-CV-2017-900049-00 ("**Complaint**"). The Complaint alleges that the plaintiff has been damaged by Kraus US's and other similarly situated entities' use (or prior use) of chemicals to stain proof carpet and other textile products in manufacturing facilities located in Dalton, Georgia.

56. In December 2017, Kraus US, and the majority of the other defendants, moved to dismiss the Complaint based on a lack of personal jurisdiction. On May 15, 2018, the Alabama court denied all motions to dismiss based on a lack of personal jurisdiction. Following the Alabama court's opinion and order, Kraus US and 11 other defendants sought a writ of mandamus from the Alabama Supreme Court seeking to overturn the Court's May 15, 2018 Order. That writ remains pending.

57. Kraus US filed its answer and affirmative defences to the Complaint denying the plaintiff's allegations in their entirety in June 2018.

VI. Kraus Group Cash Flows

58. The Applicants have conducted a cash flow analysis to determine the amount required to finance operations for the next 13 weeks assuming that the relief sought is granted, which the proposed Monitor has reviewed. The 13 week cash flow analysis is attached as Exhibit "H" to this affidavit.

59. Based on the cash flow projections, and the assumptions disclosed therein, the Applicants will have enough liquidity to meet their cash flow needs through to the end of the forecast period. This forecast assumes the continuation of the TPS Business and closing of the TPS Transaction on October 1, 2018, and the orderly wind down of the assets of the Broadloom Business. With the approval of the Court to be sought on subsequent motion, the Kraus Group intends to use proceeds from these realizations to repay the secured indebtedness owing pursuant to the Wells Credit Agreement.

VII. Relief Requested

60. The Kraus Operating Entities are in default of the Wells Credit Agreement, as amended, because they have failed to meet the financial covenants required in the agreement.

61. By virtue of the Kraus Operating Entities' default of the Wells Credit Agreement, the Kraus Group is in default of the Red Ash Credit Agreements. The Kraus Group is also in default of the Red Ash Credit Agreements for failing to make interest payments when due thereunder, and failing to meet certain financial covenants specified therein.

62. I am advised by Paul McGowan, Director of Red Ash, and do verily believe that in all of the above circumstances, Red Ash is not prepared to make any further advances to

the Kraus Group to fund its ongoing liquidity needs. Consequently, the Strudex LP and Kraus Carpet LP manufacturing operations at the Waterloo Premises ceased on September 7, 2018. Absent continued financial support and the availability of the Wells Operating Facility it is projected that the TPS Business cannot be sustained beyond October 1, 2018.

63. The Kraus Group has recently negotiated and entered into a form of forbearance agreement with Wells Fargo ("**Forbearance Agreement**"). The Forbearance Agreement contains many of the standard recitations of acknowledgement of obligations, security interests, and events of default. Additionally, and by way of summary, the agreement is premised on this CCAA filing (and the companion US Bankruptcy Court filing) and provides, among other things:

- (a) Subject to the terms and conditions of the Forbearance Agreement, Wells Fargo will extend certain credit accommodations to the Kraus Group;
- (b) During the Forbearance Period (as such term is defined), the Kraus Group shall operate in accordance with certain agreed upon cash flow projections;
- (c) The Monitor appointed under the Initial Order shall provide to Wells Fargo updated 13 week statements of cash flow on a weekly basis;
- (d) The Kraus Group shall otherwise cooperate with Wells Fargo;
- (e) During the Forbearance Period the Kraus Group shall not solicit or enter into DIP financing arrangements;

(f) During the Forbearance Period a weekly forbearance fee (beginning at \$10,000 but dropping after four weeks to \$7,500) is payable to Wells Fargo; and

(g) The failure of the Kraus Group to implement the Purchase Agreement and to use the net sale proceeds to repay the Wells Fargo debt as soon as practicable and in any event by December 14, 2018 is an “Intervening Event” (as such term is defined) and consequent default of the Forbearance Agreement.

A copy of the Forbearance Agreement is attached as **Exhibit “F”**.

64. The Kraus Group is also indebted to Red Ash and does not have sufficient liquidity to repay the outstanding indebtedness to Red Ash in full if Red Ash should make a demand for repayment. As of July 31, 2018, there was approximately \$99,940,956 outstanding under the Red Ash Credit Agreements.

65. In the above circumstances, the Applicants are insolvent. The Applicants cannot meet their liabilities as they come due. Additionally, it is apparent that the realizable value of the Applicants’ assets is significantly less than their obligations. Accordingly, the companies are insolvent with debts well in excess of \$5 million.

66. Without the benefit of a CCAA stay of proceedings and related relief, the Kraus Group will be unable to complete and implement a going concern sale (and supporting transition services arrangements) of its TPS Business. The Kraus Group would face an imminent cessation of operations and complete liquidation of its assets.

A. Stay of Proceedings

67. The Kraus Group seeks a broad stay of proceedings to afford it, among other things, the stability to continue the TPS Business, and pursue closing of the TPS Transaction (and related court approvals) as described in this affidavit and accompanying court materials. A timely and well-transitioned completion of the sale and dispositions proposed will result in the highest realizations for affected creditors.

68. In addition to a stay of proceedings against the Kraus Group and its assets, the Applicants are also seeking a stay of proceedings against the Kraus Group's officers and directors to ensure that they are able to focus their efforts on the restructuring and related activities and to prevent creditors and others from seeking to do directly what they cannot do directly by asserting claims or other relief relating to the debts and obligations of the Kraus Group against its officers and directors.

B. Approval of the Administration Charge

69. The Applicants are seeking a charge on the Property, in priority to all other charges, in the maximum amount of \$1 million ("**Administration Charge**") to secure the fees and disbursements of the Monitor, counsel to the Monitor, and counsel to the Applicants, in each case incurred in connection with services rendered to the Applicants both before and after the commencement of these CCAA proceedings.

70. It is important to the success of the Applicants' restructuring efforts to have the Administration Charge in place to ensure the continued involvement of critical professionals. All of the beneficiaries of the Administration Charge have contributed, and will continue to contribute to the Applicants' restructuring efforts.

71. The Applicants have worked with the Proposed Monitor and the other professionals to estimate the proposed quantum of the Administration Charge. I believe that the amount of the proposed Administration Charge is commensurate with the complexity of the business and the tasks required to engage and complete these proceedings.

C. Approval of the Directors' Indemnity and Charge

72. To ensure the ongoing stability of the Kraus Group's business during the CCAA period, the Applicants require the continued participation of its directors and officers. The directors and officers are intimately familiar with the business and have been actively involved in efforts to address the current circumstances of the group, including the review and consideration of the financial circumstances and options, development of a stakeholders communication strategy, the sale process conducted for the TPS Business and the Broadloom Business, and preparation for and commencement of these proceedings. Having them remain involved will be of assistance in the successful completion of the events and transactions contemplated by these proceedings.

73. The Kraus Group's directors and officers have the benefit of a director and officer insurance policy which I understand provides them with coverage for certain claims and liabilities that may arise. However the policy contains exclusions and exceptions to such coverage as is provided.

74. To address legitimate concerns expressed with respect to their potential exposure if they continue to act (rather than resign), the directors and officers have requested

reasonable protection against personal liability that might arise during the post-filing period.

75. The directors and officers of the Kraus Group have indicated that, due to the risk of personal exposure associated with the Kraus Group's aforementioned liabilities, they will not continue their service with the Applicants during the post-filing period unless the Initial Order establishes a reasonable indemnity in their favour and grants a charge on the Property on customary terms.

76. Accordingly, a charge in favour of the directors and officers in the amount of \$1 million ("**Directors' Charge**") is proposed to rank behind the Administration Charge but ahead of the security held by Wells Fargo and Red Ash. In light of the statutory and other liabilities in which the directors and officers may be exposed in the future, and having regard to the overall indebtedness of Kraus Group, the proposed Directors' Charge is an important protection to provide to them but, at the same time, is a fair balancing of the interest of various stakeholders.

77. The Directors' Charge will allow the Kraus Group to continue to benefit from the expertise and knowledge of its directors and officers. The Kraus Group believes that the Directors' Charge is reasonable in the circumstances.

78. I am informed by Paul Casey of the proposed Monitor and believe that the proposed Monitor is supportive of the indemnity and the Directors' Charge and its quantum.

79. The Initial Order sought provides for the Charges to rank in priority to all other security interests, trusts, liens, charges, encumbrances and claims of secured creditors

statutory or otherwise (collectively the "**Encumbrances**") other than: (a) any validly perfected statutory interest under a PPSA that was not served with the notice of application, or (b) statutory super-priority deemed trusts and liens for unpaid employee source deductions. The proposed Initial Order authorizes the applicant to seek an order granting priority of the Charges ahead of all or certain other Encumbrances on the comeback motion that is scheduled for September 18, 2018.

D. Monitor

80. It is proposed that Deloitte act as Monitor in the CCAA proceedings if the Initial Order is issued. Deloitte has consented to act as the Monitor of the Kraus Group. Attached hereto and marked as **Exhibit "G"** is a true copy of the written consent of Deloitte to act as Monitor herein.

81. Deloitte is a trustee within the meaning of section 2 of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, as amended, and is not subject to any of the restrictions on who may be appointed as monitor set out in section 11.7(2) of the CCAA.

82. The Applicants have prepared a 13-week cash flow forecast ("**Cash Flow Forecast**") as required by the CCAA. Attached hereto and marked as **Exhibit "H"** is a copy of the Cash Flow Forecast. The Cash Flow Forecast shows that the Applicants can continue operations during the proposed initial stay period. The Applicants' principal use of cash during these proceedings will consist of the costs associated with the ongoing operation of the TPS Business until the TPS Transaction can be approved by the Canadian and US Courts and closed, and with the orderly wind-down of the Broadloom Business. In addition to these operating expenditures, the Applicants will also incur

administrative expenses in connection with these CCAA proceedings and the Chapter 15 proceedings in the United States.

E. Sealing Order

83. Attached as Confidential Exhibit "A" to my affidavit is a copy of the unredacted Purchase Agreement which provides the purchase price for the TPS Business. The Applicants are requesting that this exhibit be filed under seal.

84. A redacted copy of the Purchase Agreement is attached as Exhibit "I" to my affidavit. The purchase price for the TPS Business has been redacted because the sales process for the sale of the TPS Business ought to remain a competitive process if the TPS Transaction is not completed. The redactions in the Purchase Agreement are limited and the duration of the sealing order will be limited insofar as it will be lifted upon the filing of the Monitor's certificate upon closing of the TPS Transaction.

VIII. TPS Business Sales Process and Sale Approval

85. In consultation with Kraus Group, Red Ash retained Deloitte Corporate Finance Inc. ("DCF") in March 2018 to explore strategic alternatives for the continuation of their business divisions.

86. In consultation with DCF the Applicants concluded that it was in the best interests of the Applicants and their stakeholders to pursue a sale of the two operating divisions of the company, the TPS Business and Broadloom Business pursuant to a sales process run by DCF. This process resulted in the execution of the Purchase Agreement which is conditional on receipt of approval and vesting orders from the Canadian and US Courts.

Unfortunately, no going concern or *en bloc* purchaser was secured for the Broadloom Business.

87. In a separate motion returnable September 18, 2018, the Kraus Group will seek Court approval of a Purchase Agreement, a Transition Services Agreement (defined below), as well as the vesting of the Purchased Assets (as that term is defined in the Purchase Agreement) in the Purchasers. Kraus also intends to seek similar approval and relief from the United States Bankruptcy Court for the District of Delaware.

A. TPS Business Sales Process

88. As indicated, DCF was retained upwards of six months ago to advise on and manage the sale of the TPS Business as a standalone business carved out from the Kraus Group. DCF met with Red Ash and the management of the Kraus Group to develop a plan for the sale of the TPS Business ("**TPS SISP**").

89. The report of Susan Mingie, CPA, Partner, DCF, attached as Appendix "C" to the proposed Pre-Filing Report, contains further details regarding the TPS SISP and Broadloom SISP (defined below).

90. In summary, DCF, with the assistance of the Kraus Group's management, identified a comprehensive list of strategic buyers and financial buyers that might be interested in purchasing the TPS Business ("**TPS Prospective Purchasers**"). The list of TPS Prospective Purchasers was created from flooring industry associate membership listings, analyst reports and research reports on the flooring sectors, and DCF's own industry research.

91. DCF also developed a teaser that contained a summary of the opportunity to purchase the TPS Business. The teaser was distributed to the TPS Prospective Purchasers.

92. DCF contacted by phone or email 59 TPS Prospective Purchasers regarding the opportunity. Of the parties contacted, 21 TPS Prospective Purchasers executed non-disclosure agreements and were provided copies of a confidential information memorandum ("**TPS CIM**"). The TPS CIM contained a detailed description of the TPS Business and provided an overview of the transaction, TPS Business's sales, the industry in which it operates, and relevant historical financial information.

93. On April 13, 2018, and in keeping with the TPS SISP, three TPS Potential Purchasers submitted expressions of interest ("**EOIs**"). The purchase prices listed in these EOIs were five to seven times the normalized TPS Business EBITDA disclosed in the TPS CIM.

94. Thereafter the three TPS Potential Purchasers who submitted EOIs ("**TPS EOI Prospective Purchasers**") were provided access to an electronic data room that had been populated by DCF. The data room contained financial, operational, human resources, legal, customer and supplier information for the TPS Business.

95. In late April and early May of 2018, the Kraus Group's management gave presentations to each of the three TPS EOI Potential Purchasers. The purpose of these presentations was to provide the TPS EOI Potential Purchasers with an opportunity to meet management and better understand the TPS Business.

96. Following the management presentations, DCF distributed draft letters of interest templates to the TPS EOI Prospective Purchasers.

97. In addition to the management presentations, DCF also facilitated meetings and conference calls between the TPS EOI Prospective Purchasers and the Kraus Group's management.

98. In mid-May an additional management presentation was given to one of the TPS Prospective Purchasers that had not submitted an EOI, but had executed a non-disclosure agreement and received a TPS CIM. This TPS Prospective Purchaser had discussed merging with the Kraus Group in 2017 and was interested in continuing those discussions after receiving the TPS CIM. This TPS Prospective Purchaser subsequently dropped out of the sale process later that month for internal business reasons unrelated to the Kraus Group.

99. Also following on the management presentations, DCF and certain of the TPS EOI Prospective Purchasers continued to discuss the sale of the TPS Business and various due diligence matters that arose. In mid-May, 2018, two of the TPS EOI Prospective Purchasers withdrew from the sale process because the price they were willing to offer for the TPS Business after completing their due diligence was lower than the one stated in their respective EOIs.

100. On May 24, 2018, Q.E.P. Co., Inc., one of the Purchasers, signed a letter of intent ("**May 24 LOI**"). After signing the May 24 LOI, Q.E.P. Co., Inc. continued its due diligence and on July 10, 2018, advised DCF that it was no longer willing to offer the purchase price provided in the May 24 LOI but instead offered a lower purchase price.

101. DCF advised Q.E.P. Co., Inc. that the lower price was unacceptable and the parties agreed that the May 24 LOI was no longer in effect.

102. Thereafter DCF attempted to find other purchasers, but was unable to do so.

103. Accordingly, DCF returned to Q.E.P. Co., Inc. to renegotiate a deal for the purchase of the TPS Business.

104. On August 9, 2018, Q.E.P. Co., Inc. signed the final LOI ("**Final LOI**"). The purchase price in the Final LOI is higher than the price proposed by Q.E.P. Co., Inc. on July 10, 2018, but is lower than the original purchase price offered in the May 24 LOI. The Purchase Agreement reflects the terms of the May 24 LOI.

B. Purchase Agreement

105. Pursuant to the terms of the Purchase Agreement, the Purchasers have agreed to purchase substantially all of the assets related to the TPS Business. The Purchasers have also agreed to assume specified liabilities of the Kraus Group (including selected leases and trade accounts payable). Attached hereto and marked as **Exhibit "I"** is a redacted copy of the Purchase Agreement. The redactions relate to the purchase price and employee personal information. An unredacted copy of the Purchase Agreement is attached hereto and marked as **Confidential Exhibit "A"**.

106. The purchased assets include all accounts receivable outstanding on the closing date that relate to the TPS Business, inventory, intellectual property owned by the Kraus Sellers used in connection with the TPS Business, the furniture, fixtures, equipment, supplies and other tangible personal property of the TPS Business, and customer lists and sales records.

107. The Purchase Agreement contemplates that the Purchasers will continue to operate the TPS Business as a going concern, which will result in the preservation of at least 160 jobs, including at least 88 in Canada.

108. The parties are working to close the TPS Transaction on or before October 1, 2018.

109. The other material terms of the Purchase Agreement are as follows:

- (a) the Purchasers will offer employment to approximately 160 employees on terms and conditions of employment that are substantially similar to those employees' existing terms and conditions of employment;
- (b) the assumption by the Purchasers of the Kraus Sellers' debts and liabilities in respect of the Business (as defined in the Purchase Agreement) on or after the closing of the transaction;
- (c) the assignment of a number of warehouse leases as well as a Canadian sales office;
- (d) it is conditional on:
 - (i) an approval and vesting order issued by the Ontario Court no later than September 18, 2018; and
 - (ii) a U.S. sale order by no later than October 2, 2018; and
 - (iii) execution of the Transition Services Agreement; and

- (e) the closing of the transaction within two business days of the satisfaction of the conditions to closing, which is expected to be October 1, 2018, or such other date as agreed to by the parties.

110. Concurrent with the Purchase Agreement, Q.E.P. Co., Inc. will acquire the Dalton Premises.

C. Assignment of Contracts

111. The Purchase Agreement contemplates that certain leases and contracts held in the name of various of the Kraus Sellers' names will be assigned to and assumed by the Purchasers on closing. The Purchase Agreement requires the Kraus Sellers to use all reasonable commercial efforts to obtain the landlords' and contractual counterparties' consent to assignment where required under the leases or contracts to be assigned for the 90 days following closing of the TPS Transaction.

112. If any of the contracts that are contemplated to be assigned under the Purchase Agreement cannot be assigned, the Kraus Sellers and Purchasers shall use commercially reasonable efforts to enter into such arrangements to provide the parties the economic and, to the extent permitted under applicable law, operational equivalent of the transfer of such contract.

D. Transition Services Agreement

113. To facilitate an effective and efficient transition of the TPS Business to the Purchasers, the Kraus Sellers and Q.E.P. Co., Inc. are negotiating an agreement for the provision of certain transition services ("**Transition Services Agreement**"). Although not finalized, the transition services contemplated and to be addressed include warehousing

functions, information technology services, the employment of certain employees of the TPS Business, and responsibility for the collection of accounts receivable outstanding on closing.

114. The Transition Services Agreement is a condition of closing the Purchase Agreement. The parties are making good faith efforts to finalize it as soon as possible.

115. It is anticipated that court approval of the Transition Services Agreement will be sought on the September 18 Motion.

E. Basis Upon Which Sale Approval is Sought

116. The Kraus Group, with the assistance of DCF, has engaged in a thorough review of its strategic alternatives and has concluded that the execution of the Purchase Agreement and a Transition Services Agreement are the best course of action to maximize the value of the TPS Business for the Kraus Group's stakeholders.

117. The TPS SISP and Broadloom SISP were broad and fulsome marketing processes for both the TPS Business and the Broadloom Business.

118. The Purchase Agreement will provide the continuation of a substantial portion of the Kraus Group's business, thereby assuring a customer for suppliers, a tenant for landlords, and employment for at least 160 of the Kraus Group's employees.

119. Wells Fargo and Red Ash, as the first and second ranking secured creditors holding debt totalling approximately \$148,170,248, are the priority economic interests that are affected by these insolvency proceedings.

120. I am advised by Red Ash and do verily believe that based on the analysis of Red Ash, which I expect to be confirmed by the Pre-Filing Report, the net realizable value of the Kraus Group's assets—whether as a going concern or on a liquidation basis—is substantially less than the amount of the secured indebtedness of Wells Fargo and Red Ash.

121. I am advised by Paul Casey of the proposed Monitor that the proposed Monitor supports the Purchase Agreement and the Transition Services Agreement. This advice is supported by the Pre-Filing Report of the proposed Monitor filed with this application.

IX. Broadloom Business Sales Process

122. In June, 2018, Red Ash engaged DCF to assist with the sale of the Broadloom Business. The assets to be sold as part of the Broadloom Business include customer relationships, the current order book, all or select raw materials, inventory, and manufacturing equipment associated with the division's products.

123. DCF, in consultation with Red Ash and the Kraus Group developed a plan for the sale of the Broadloom Business ("**Broadloom SISP**")

124. As part of the Broadloom SISP, DCF created a confidential information memorandum for the Broadloom Business that identified the assets that the Kraus Group intends to sell ("**Broadloom CIM**").

125. With input from the Kraus Group's management, DCF prepared a list of potential buyers for the Broadloom Business. The list of potential purchasers included thirteen strategic purchasers and was created from flooring industry association membership

listings, and analyst reports and research on the flooring sector (“**Broadloom Potential Purchasers**”).

126. On July 4, 2018, DCF created a teaser for the Broadloom Business and circulated the teaser with a non-disclosure agreement to the Broadloom Potential Purchasers.

127. In response, DCF received six confidentiality agreements from Broadloom Potential Purchasers and in response sent these Broadloom Potential Purchasers the Broadloom CIM.

128. Only one of the Broadloom Potential Purchasers expressed any further interest in purchasing the Broadloom Business after receiving the Broadloom CIM.

129. On July 27, 2018, a management presentation and facility tour was conducted for one of the TPS EOI Potential Purchasers, but they indicated they were not interested in purchasing the Broadloom Business for both internal business reasons and the state of the North American carpet industry.

130. On August 14, 2018, DCF approached a key supplier to the Broadloom business, to determine if it wanted to acquire certain of the Broadloom Business assets.

131. The supplier signed a non-disclosure agreement and obtained access to the Broadloom Business data room on August 16, 2018. Similar to the TPS Business data room, the data room for the Broadloom Business contains financial, operational, legal, customer and supplier information for the Broadloom Business.

132. On August 31, 2018, the supplier submitted an expression of interest for the purchase of a significant amount of select inventory related to the Broadloom Business and four tufting machines used in carpet manufacturing ("**Broadloom EOI**").

133. As of September 10, 2018, discussions regarding a disposition of the Broadloom Business are ongoing.

X. United States Proceedings

134. Given the scope of the Kraus Group business and operations in the United States, it is necessary and advisable to pursue recognition of these CCAA proceedings in that jurisdiction. To this end Kraus Carpet Inc., on behalf of the Kraus Group, intends to pursue an application in the U.S. Bankruptcy Court for the District of Delaware for an order appointing Kraus Carpet Inc. as "foreign representative" for the purpose of seeking such recognition, enforcement and aid and assistance of that Court as may be appropriate. Such United States proceedings will be pursued in accordance with the provisions of Chapter 15 of Title 11 of the United States Code.

XI. Conclusion

135. As explained, the Kraus Group is insolvent, unable to meet its liabilities as they become due, and in default of its senior secured credit facilities.

136. The protection of an initial CCAA order and stay of proceedings is sought to permit the continued operation of an important business segment (TPS Business) and afford time to seek court approval of and, if approved, implement a going concern sale transaction that will preserve value for stakeholders. The sale of the TPS Business, if achieved, will maximize value for affected creditors as well as preserve jobs and certain

leases, contracts and supplier arrangements. CCAA protection is also sought to facilitate an orderly wind-down of the residual Broadloom Business.

137. I swear this affidavit in support of the notice of application for CCAA protection and notice of motion for sale approval and for no other or improper purpose.

THE KRAUS GROUP

Notes to Combined Financial Statements
(Expressed in thousands of Canadian Dollars)

Year ended December 31, 2017

1. Significant accounting policies:

These consolidated financial statements are prepared in accordance with Canadian Accounting Standards for Private Enterprises ("ASPE"). The Kraus Group's ("the Group" or "the Company") significant accounting policies are as follows:

(a) Going concern:

These consolidated financial statements have been prepared on a going concern basis in accordance with ASPE. The going concern basis of presentation assumes that the Group will continue in operation for the foreseeable future and be able to realize its assets and discharge its liabilities and commitments in the normal course of business. There is significant doubt about the appropriateness of the use of the going concern assumption because over a number of years the Group has experienced significant losses and, with the exception of the current year, significant negative cash flows from operations, has a working capital deficiency of \$31,474 and a deficit of \$53,006 at December 31, 2017. At December 31, 2017, the Group is not in compliance with certain of its financial covenants under its lending agreement.

The Group continues to restructure its operations to achieve long-term growth and profitability. Furthermore, the Group continues to work with its shareholders and lenders to ensure sufficient liquidity while it restructures its operations.

The ability of the Group to continue as a going concern and to realize the carrying value of its assets and discharge its liabilities when due is dependent on the successful completion of the actions taken or planned, some of which are described above, which management believes will mitigate the adverse conditions and events which raise doubt about the ability of the Group to continue as a going concern.

These financial statements do not reflect adjustments that would be necessary if the going concern assumption were not appropriate. If the going concern assumption was not appropriate for these financial statements, then adjustments would be necessary to the carrying amount of assets, the reported revenues and expense, and the balance sheet classifications used to reflect these on a liquidation basis would could differ from accounting principles applicable to a going concern.

1. Significant accounting policies (continued):

(b) Nature of operations and basis of consolidation:

- Kraus USA Inc.
- Royal Scott Floor Covering Distribution LLC
- Kraus Holdings Company ULC

Kraus Holdings Company ULC owns 100% of the partnership units and common shares of the following:

- Strudex Inc.

- Kraus Properties LP
- Kraus Systems Inc.
- Kraus Systems LP
- Kraus Canada Inc.
- Kraus Canada LP

1. Significant accounting policies (continued):

(c) Inventories:

Inventories are measured at the lower of cost and net realizable value. Cost includes purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. The costs are assigned using the first-in, first-out cost formula.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(d) Property, plant and equipment:

Property, plant and equipment are stated at cost, less accumulated amortization. Amortization is provided using the following methods and annual rates:

Asset	Basis	Rate
Buildings	Straight-line	21 - 30 years
Machinery and equipment	Straight-line and declining balance	3 - 10 years

Property, plant and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable and exceeds its fair value.

(e) Employee future benefits:

The Company has defined contribution pension plans covering its hourly, salaried, and executive employees. The cost of these plans is recognized based on the contributions required to be made during each year.

(f) Intangible assets:

Intangible assets that are acquired either separately or in a business combination are recognized when they are identifiable and can be reliably measured. Intangible assets are considered to be identifiable if they arise from contractual or other rights, or if they are separable. Intangible assets comprise finite life intangible assets and are amortized over their estimated useful life.

The estimated useful life of intangible assets is 8 years.

(g) Revenue recognition:

The Company recognizes revenue when products are shipped, the customer takes ownership and assumes risk of loss, collection of the relevant receivable is probable, persuasive evidence of an agreement exists and the sale is fixed and determinable.

THE KRAUS GROUP

Notes to Combined Financial Statements
(Expressed in thousands of Canadian Dollars)

Year ended December 31, 2017

1. Significant accounting policies (continued):

(h) Income taxes:

The Company uses the future income taxes method of accounting for income taxes. Under the future income taxes method, future tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Future tax assets and liabilities are measured using enacted or substantively enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on future tax assets and liabilities of a change in tax rates is recognized in income in the year that includes the date of enactment or substantive enactment. Refundable taxes that will be recovered on the payment of qualifying dividends are recognized as a future income tax asset.

A valuation allowance is recorded against any future income tax asset if it is more likely than not that the asset will not be realized. Income tax expense or benefit is the sum of the Company's provision for the current income taxes and the difference between the opening and ending balances of the future income tax assets and liabilities.

(i) Foreign currency translation:

The Company's foreign operations are deemed to be integrated foreign operations and, therefore, their financial statements are translated using the temporal method. Under this method, all revenue and expense items are translated at the exchange rate in effect at the transaction date. At the balance sheet dates, monetary assets and liabilities are adjusted to reflect the year end exchange rate. The gain or loss resulting from translation is included in the determination of income for the current period. The following translation rates were used for the year ended December 31:

	2017 US\$	2016 US\$
Revenue and expense items	1.2996	1.3236
Monetary assets and liabilities	1.2545	1.3427

(j) Use of estimates:

The preparation of financial statements in conformity with Canadian accounting standards for private enterprises requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. The Company's accounts, which involve a greater degree of uncertainty, include the carrying values of accounts receivable, inventories, property, plant and equipment, goodwill and future income taxes. Actual results could differ from these estimates.

Year ended December 31, 2017

1. Significant accounting policies (continued):

(k) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value. The Company has not elected to carry any such financial instruments at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred.

All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the effective interest rate method.

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the Company determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the Company expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

2. Inventories:

	2017	2016
Raw materials	\$ 9,064	\$ 9,529
Work-in-process	970	1,037
Finished goods	45,391	43,306
	<hr/>	<hr/>
	\$ 55,425	\$ 53,872

Inventories are valued at the lower of cost, determined on a FIFO basis and the estimated net realizable value. The amount of inventory included in cost of sales for the year was \$133,440 (2016 - \$147,682).

5. Bank indebtedness:

The Company has an authorized bank facility to a maximum of \$65,000 committed term to August 2018, based on certain inventory, accounts receivable, and real property and equipment valuation balances. Within the facility is an equipment loan with monthly repayments of \$55, resulting in a current portion of bank indebtedness of \$664. When drawn, these facilities bear interest at the Canadian Prime Rate plus 0.25% on Canadian loans, with the exception of loans applicable to the Waterloo Property which bear interest at Canadian Prime Rate plus 1.75% and the US Prime Rate plus 0.25% on US loans.

Advances under these facilities are secured by:

- (i) any and all property, assets and undertakings of any nature and kind;
- (ii) Red Ash respecting the shares it holds in the capital of the Credit Parties;
- (iii) and any property and assets which is the subject matter of any other Financing Agreement and/or Lien in favour of Lender but shall expressly exclude the Australian Real Property.

THE KRAUS GROUP

Notes to Combined Financial Statements
(Expressed in thousands of Canadian Dollars)

Year ended December 31, 2017

6. Due to Red Ash Capital Partners II LP:

The amounts due to Red Ash have no specified terms of repayment. At December 31, 2017 the Company had two loans outstanding to Red Ash. Loan 1 amounting to \$86,803 and Loan 2 amounting to \$8,025, which are revolving facilities that bear interest at 4.50%, and 3.45% respectively. Both loans are accrued monthly, and are secured by the assets of the Group.

In addition, the Group incurred a management fee of \$396 to Red Ash (2016 - \$552). The management fee is measured at the exchange amount, being the amount agreed to between the parties.

7. Government remittances payable:

Included in accounts payable and accrued liabilities are government remittances payable of \$629 (2016 - \$702), which includes amounts payable for HST and payroll related taxes.

8. Financial instruments:

(a) Fair value:

The carrying values of accounts receivable, due to Red Ash, accounts payable and accrued liabilities, and long-term debt approximate their fair values.

(b) Currency risk:

The Company operates internationally and is exposed to foreign exchange risk from various currencies, primarily US dollars and Australian dollars. Foreign exchange risk arises from purchases and sales transactions outside of Canada as well as recognized financial assets and liabilities denominated in foreign currencies.

The Company manages its foreign exchange risk by having geographically diverse manufacturing and distribution facilities and by maintaining an equal level of working capital net assets and long-term debt denominated in foreign currency.

(c) Interest rate risk:

Interest rate risk arises from the possibility that the value of, or cash flows related to, a financial instrument will fluctuate as a result of changes in market interest rates. The Company is exposed to financial risk that arises from interest rate differentials between the market interest rate and the rates on its cash, bank indebtedness and long-term debt. Changes in variable interest rates could cause unanticipated fluctuations in the Company's operating results.

- (ii) **Objection.** On or before the last day of the Review Period, the Vendors may object to the Closing Net Working Capital Statement by delivering to Purchasers a written statement setting forth Vendors' objections in reasonable detail, indicating each disputed item or amount and a specific description of the basis for each of Vendors' individual disagreements therewith and the adjustments to the Closing Net Working Capital and the

Closing Date Inventory Adjustment that the Vendors believe should be made (the "**Statement of Objections**"). If the Vendors fail to deliver the Statement of Objections before the expiration of the Review Period, the Closing Net Working Capital Statement and the Post-Closing Adjustment, as the case may be, reflected in the Closing Net Working Capital Statement shall be deemed to have been accepted by Vendors. If Vendors deliver a Statement of Objections before the expiration of the Review Period, Purchasers and Vendors shall negotiate to resolve such objections within 30 days after the delivery of the Statement of Objections (the "**Resolution Period**"), and, if the same are so resolved within the Resolution Period, the Post-Closing Adjustment and the Closing Net Working Capital Statement with such changes as may have been previously agreed in writing by Purchasers and Vendors, shall be final and binding.

At the time of retention of the Independent Accountant, the parties shall proceed in accordance with the provisions set forth on Exhibit A. The parties agree that all adjustments shall be made without regard to materiality. The Independent Accountant shall only decide the specific items under dispute by the parties and its decision for each Disputed Amount must be within the range of values assigned to each such item in the Closing Net Working Capital Statement and the Statement of Objections, respectively.
- (iv) **Cooperation.** Vendors and Purchasers shall cooperate with the Independent Accountant during its resolution of the disagreement and make readily available to the Independent Accountant all relevant books and records and any work papers (including those of the parties' respective accountants, to the extent permitted by such accountants) relating to Closing Net Working Capital, the Closing Date Inventory

Adjustment, the Closing Net Working Capital Statement, the Post-Closing Adjustment and the Statement of Objections and all other items reasonably requested by the Independent Accountant in connection therewith. If the Vendors do not cooperate with the Independent Accountant (in the reasonable opinion of the Independent Accountant) in resolving the dispute or fail to comply with any dispute resolution procedures set forth herein or on Exhibit A, then all items described in the Purchasers' Initial Report or, if applicable, its Rebuttal Report, shall be deemed agreed, final and binding on the parties. If Purchasers do not cooperate with the Independent Accountant (in the reasonable opinion of the Independent Accountant) in resolving the dispute or fails to comply with any dispute resolution procedures set forth herein or on Exhibit A, then all items described in the Vendors' Initial Report or, if applicable, its Rebuttal Report, shall be deemed agreed, final and binding on the parties.

- (v) **Fees of the Independent Accountant.** The fees and expenses of the Independent Accountant shall be paid by Vendors, on the one hand, and by Purchasers, on the other hand, based upon the percentage that the amount actually contested but not awarded to Vendors or Purchasers, respectively, bears to the aggregate amount actually contested by Vendors and Purchasers.
- (vi) **Determination by Independent Accountant.** The Independent Accountant's resolution of the Disputed Amounts and their adjustments to the Closing Net Working Capital Statement or the Post-Closing Adjustment, or both, shall be conclusive and binding upon the parties hereto and shall not be subject to further review or determination by any court or other tribunal or subject to collateral attack for any reason. The parties shall be entitled to have a judgment entered on such written report in any court of competent jurisdiction.

2.08 Allocation of Purchase Price

Not later than ninety (90) days after the Closing Date, Purchasers shall prepare and deliver to the Vendors a copy of Form 8594 and any required exhibits thereto (the "**Asset Acquisition Statement**") allocating the Purchase Price among the Purchased Assets (the "**Allocation Schedule**") and Section 1060 of the Code and the Treasury Regulations promulgated thereunder (and any similar provisions of state or local Law, as appropriate). Each Vendor shall cooperate with Purchasers as reasonably requested in the preparation of the Asset Acquisition Statement. Purchasers shall prepare and deliver to the Vendors revised copies of the Asset Acquisition Statement (the "**Revised Statements**") so as to report any matters on the Asset Acquisition Statement that need updating (including Post-Closing Adjustments, if any). The Purchase Price paid by Purchasers for the Purchased Assets and other relevant items shall be allocated in accordance with the Asset Acquisition Statement or, if applicable, the last of the Revised Statements provided by Purchasers to the Vendors. The Vendors and the Purchasers agree that the values so allocated to the Purchased Assets, if and to the extent agreed to by the Vendors and Purchaser as set forth in the paragraph immediately below, are the respective fair market values thereof.

The Vendors shall provide Purchasers with any comments on such schedule within twenty (20) Business Days after the date thereof, and Purchasers and the Vendors agree to

negotiate in good faith regarding the allocation of the Purchase Price (unless Vendors do not provide any comments within the time period set forth herein, in which case Purchasers' proposed allocation shall be deemed final). If within twenty (20) Business Days after delivery of the Allocation Schedule, the Vendors notify the Purchasers in writing that Vendors object to the allocation set forth in the Allocation Schedule, Vendors and Purchasers shall use commercially reasonable efforts to resolve such dispute within fifteen (15) days. For purposes of clarity, Vendors shall have the right to object to both (i) the allocation of the Purchase Price between the assets purchased from Kraus Canada and Kraus Properties, on the one hand, and from Kraus USA Inc., on the other hand, and (ii) the allocation of the Purchase Price and other relevant items among the assets of Kraus USA, Inc. In the event that Vendors and Purchasers are unable to resolve such dispute within such fifteen (15) day period, Vendors and Purchasers shall submit such disputed items to and agreed upon Independent Accountant for resolution. Vendors and Purchasers shall make available to the Independent Accountant, in connection with the foregoing, all relevant workpapers relating to the allocation. The fees and expenses of such Independent Accountant shall be borne equally by Vendors and Purchasers.

The Purchasers and the Vendors shall use such allocation, if and to the extent agreed to by the Vendors and the Purchaser as set forth in the paragraph immediately above, in the filing of any and all Tax Returns (including amended tax returns, and claims for refund and information reports) with any Governmental Authority, except as otherwise required under Law or pursuant to a final determination within the meaning of Section 1313(a) of the Code. Each of the Purchasers and the Vendors shall promptly notify the other if any Taxing Authority challenges the Asset Acquisition Statement, or, if applicable, the last Revised Statement.

- (b) Notwithstanding anything to the contrary in this Agreement, and subject to the provisions of this Section 2.09, to the extent that the sale, assignment, transfer, conveyance or delivery, or attempted sale, assignment, transfer, conveyance or delivery, to Purchasers of any Purchased Asset would result in a violation of applicable Law, or would require the consent, authorization, approval or waiver of a Person who is not a party to this Agreement or an Affiliate of a party to this Agreement (including any Governmental Authority), and such consent, authorization, approval or waiver shall not have been obtained before the Closing, this Agreement shall not constitute a sale, assignment, transfer, conveyance or delivery, or an attempted sale, assignment, transfer, conveyance or delivery, thereof; provided that, the Closing shall occur notwithstanding the foregoing without any adjustment to the Purchase Price on account thereof. For a period of ninety (90) days following the Closing, the Vendors and the Purchasers shall use commercially reasonable efforts to obtain any such required consent, authorization, approval or waiver, or any release, substitution or amendment required to novate all liabilities and obligations under any and all Assigned Contracts or other liabilities that constitute Assumed Liabilities, so that Purchasers shall be solely responsible for such liabilities and obligations from and after the Closing Date. Once such consent, authorization, approval, waiver, release, substitution or amendment is obtained, Vendors shall sell, assign, transfer, convey and deliver to Purchasers the relevant Purchased Asset to

which such consent, authorization, approval, waiver, release, substitution or amendment relates for no additional consideration.

- (b) Each Purchaser shall be subrogated to the claims and rights of each Vendor Indemnified Party as against any Persons and shall be entitled to contributions from any other Person with respect to any Losses paid by the Purchasers under this Article 10, but only after the Vendor Indemnified Party has received payment in full of their claim.

10.06 Indemnification Procedures

- (a) **Third-Party Claims.** If any Indemnified Party receives notice of the assertion or commencement of any action, lawsuit, claim or other legal proceeding made or brought by any Person who is not a party to this Agreement or an Affiliate of a party to this Agreement or a Representative of the foregoing (each, a “**Third-Party Claim**”) against such Indemnified Party with respect to which the Indemnifying Party is obligated to provide indemnification under this Agreement, the Indemnified Party shall give the Indemnifying Party prompt written notice thereof. The failure to give such prompt written notice shall not, however, relieve the Indemnifying Party of its indemnification obligations, except and only to the extent that the Indemnifying Party forfeits rights or defences by reason of such failure. Such notice by the Indemnified Party shall (i) describe the Third-Party Claim in reasonable detail, (ii) include copies of all material written evidence thereof, and (iii) indicate the estimated amount, if reasonably practicable, of the Loss that has been, or may be, sustained by the Indemnified Party. The Indemnifying Party shall have the right to participate in, or by giving written notice to the Indemnified Party, to assume the defense of any Third-Party Claim at the Indemnifying Party’s expense and by the Indemnifying Party’s own counsel, and the Indemnified Party shall cooperate in good faith in such defense; provided, that if the Indemnifying Party is a Vendor, such Indemnifying Party shall not have the right to defend or direct the defense of any such Third-Party Claim that (x) is asserted directly by or on behalf of a Person that is a supplier or customer of the Business, or (y) seeks an injunction or other equitable relief against the Indemnified Party. If the Indemnifying Party assumes the defence of any Third-Party Claim, subject to Section 10.06(b), it shall have the right to take such action as it deems necessary to avoid, dispute, defend, appeal or make counter-claims pertaining to any such Third-Party Claim in the name and on behalf of the Indemnified Party. The Indemnified Party shall have the right, at its own cost and expense, to participate in the defence of any Third-Party Claim with counsel selected by it subject to the Indemnifying Party’s right to control the defence thereof. If the Indemnifying Party elects not to compromise or defend such Third-Party Claim, fails to diligently prosecute the defense of such Third-Party Claim or fails to promptly notify the Indemnified Party in writing of its election to defend as provided in this Agreement, the Indemnified Party may, subject to Section 10.06(b), pay, compromise, defend such Third-Party Claim and seek indemnification for any and all Losses based upon, arising from or relating to such Third-Party Claim. Vendors and Purchasers shall cooperate with each other in all reasonable respects in connection with the defence of any Third-Party Claim, including making available (subject to the provisions of Section 8.02) records relating to such Third-Party Claim and furnishing, without expense (other than reimbursement of actual out-of-pocket expenses) to the defending party, management employees of the non-defending party as may be reasonably necessary for the preparation of the defence of such Third-Party Claim.
- (b) **Settlement of Third-Party Claims.** Notwithstanding any other provision of this Agreement, the Indemnifying Party shall not enter into settlement of any Third-Party Claim without the prior written consent of the Indemnified Party (which consent shall not be unreasonably withheld or delayed), except as provided in this Section 10.06(b). If a firm offer is made to settle a Third-Party Claim without leading to liability or the creation of a financial or other obligation on the part of

the Indemnified Party and provides, in customary form, for the unconditional release of each Indemnified Party from all liabilities and obligations in connection with such Third-Party Claim and the Indemnifying Party desires to accept and agree to such offer, the Indemnifying Party shall give written notice to that effect to the Indemnified Party. If the Indemnified Party fails to consent to such firm offer within 15 days after its receipt of such notice, the Indemnified Party may continue to contest or defend such Third-Party Claim and, in such event, the maximum liability of the Indemnifying Party as to such Third-Party Claim shall not exceed the amount of such settlement offer. If the Indemnified Party fails to consent to such firm offer and also fails to assume defence of such Third-Party Claim, the Indemnifying Party may settle the Third-Party Claim upon the terms set forth in such firm offer to settle such Third-party Claim. If the Indemnified Party has assumed the defence under Section 10.06(a), it shall not agree to any settlement without the written consent of the Indemnifying Party (which consent shall not be unreasonably withheld or delayed).

- (c) **Direct Claims.** Any claim by an Indemnified Party on account of a Loss which does not result from a Third-Party Claim (each, a “**Direct Claim**”) shall be asserted by the Indemnified Party giving the Indemnifying Party prompt written notice thereof. The failure to give such prompt written notice shall not, however, relieve the Indemnifying Party of its indemnification obligations, except and only to the extent that the Indemnifying Party forfeits rights or defences by reason of such failure. Such notice by the Indemnified Party shall (i) describe the Direct Claim in reasonable detail, (ii) include copies of all material written evidence thereof, and (iii) indicate the estimated amount, if reasonably practicable, of the Loss that has been or may be sustained by the Indemnified Party. The Indemnifying Party shall have 20 days after its receipt of such notice to respond in writing to such Direct Claim. During such 20-day period, the Indemnified Party shall allow the Indemnifying Party and its professional advisors to investigate the matter or circumstance alleged to give rise to the Direct Claim, and whether and to what extent any amount is payable in respect of the Direct Claim, and the Indemnified Party shall assist the Indemnifying Party’s investigation by giving such information and assistance (including access to the Indemnified Party’s premises and personnel and the right to examine and copy any accounts, documents or records) as the Indemnifying Party or any of its professional advisors may reasonably request. If the Indemnifying Party does not so respond within such 20-day period, the Indemnifying Party shall be deemed to have rejected such claim, in which case the Indemnified Party shall be free to pursue such remedies as may be available to the Indemnified Party on the terms and subject to the provisions of this Agreement.

10.07 Tax Treatment of Indemnification Payments

All indemnification payments made under this Agreement shall be treated by the parties as an adjustment to the Purchase Price for Tax purposes, unless otherwise required by Law.

10.08 Exclusive Remedies

The parties acknowledge and agree that, after the Closing, their sole and exclusive remedy with respect to any and all claims (other than claims arising from intentional fraud, criminal activity or willful misconduct on the part of a party hereto in connection with the transactions contemplated by this Agreement) for any breach of any representation, warranty,

covenant, agreement or obligation set forth herein or otherwise relating to the subject matter of this Agreement, shall be pursuant to the indemnification provisions set forth in this Article 10. In furtherance of the foregoing, each party hereby waives, to the fullest extent permitted under Law, any and all rights, claims and causes of action for any breach of any representation, warranty, covenant, agreement or obligation set forth herein or otherwise relating to the subject matter of this Agreement it may have against the other parties hereto and their Affiliates and each of their respective Representatives arising under or based upon any Law, except under the indemnification provisions set forth in this Article 10.

10.09 Payment

In pursuing the collection of any Losses arising under Section 10.03, the Purchasers shall first proceed against the Holdback for the amount of such Losses in accordance with the terms of the Escrow Agreement; provided, that nothing contained in this Section 10.09 or the Escrow Agreement shall limit or reduce any liability of any Vendor pursuant to Section 10.03. Any indemnification pursuant to this Article 10 shall be effected by wire transfer of immediately available funds to accounts designated by the Vendors or the Purchasers, as the case may be, within three (3) days after the determination thereof, whether pursuant to a final judgment, settlement or agreement among the parties.

This Agreement shall be construed without regard to any presumption or rule requiring construction or interpretation against the party drafting an instrument or causing any instrument to be drafted. The Disclosure Schedules and Exhibits referred to herein shall be construed with, and as an integral part of, this Agreement to the same extent as if they were set forth verbatim herein.

12.05 Schedules

12.06 Limitations of Schedules

The purpose of the Disclosure Schedule is to set out the qualifications, exceptions and other information called for in this Agreement. The Parties acknowledge and agree that the Disclosure Schedule and the information and disclosures contained therein do not constitute or imply, and will not be construed as:

- (b) an admission of any liability or obligation of any party;
- (c) an admission that the information is material;
- (d) a standard of materiality, a standard for what is or is not in the Ordinary Course, or any other standard contrary to the standards contained in the Agreement; or

This Agreement and the other Transaction Documents constitute the sole and entire agreement of the parties to this Agreement with respect to the subject matter contained herein and therein, and supersede all prior and contemporaneous representations, warranties, understandings and agreements, both written and oral, with respect to such subject matter. In the event of any inconsistency between the statements in the body of this Agreement and those in the other Transaction Documents, the Exhibits and Disclosure Schedules (other than an exception expressly set forth as such in the Disclosure Schedules), the statements in the body of this Agreement will control.

12.10 Successors and Assigns

This Agreement shall be binding upon and shall enure to the benefit of the parties hereto and their respective successors and permitted assigns. Neither party may assign its rights or obligations hereunder without the prior written consent of the other party, which consent shall not be unreasonably withheld or delayed; provided, however, that (a) the Purchasers may assign their rights under this Agreement to their lenders as collateral security for their obligations under any of their secured debt financing arrangements; and (b) the Purchasers may, without the prior approval of any other party, assign any or all of its rights and interests hereunder to an Affiliate of the Purchasers. No assignment shall relieve the assigning party of any of its obligations hereunder.

Accordingly, after the transaction contemplated herein is terminated or Closing takes place, the parties agree that the Purchasers shall not have access to any such communications, or to the files of CBB.

- (c) The parties confirm that it is their express wish that this Agreement, as well as any other documents relating to this Agreement, including notices, schedules and authorizations, have been and shall be drawn in the English language only. Les parties aux présentes confirment leur volonté expresse que cette convention, de même que tous les documents s'y rattachant, y compris tous avis, annexes et autorisations s'y rattachant, soient rédigés en langue anglaise seulement.

12.16 Counterparts

This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

EXHIBIT A
RULES OF ENGAGEMENT FOR THE INDEPENDENT ACCOUNTANT

If the Independent Accountant is engaged pursuant to Section 2.07(c)(iii) of the Agreement, the Vendors and the Purchasers will request that the Independent Accountant analyze and resolve the parties' dispute in accordance with the following guidelines.

Timetable

The timetable for these proceedings will be governed by the following procedures:

- Within thirty (30) calendar days of retaining the Independent Accountant (the “**Initial Period**”), each of the Vendors and the Purchaser shall submit to the Independent Accountant five (5) copies of a memorandum (which may include supporting exhibits) setting forth its respective positions of all unresolved disputed items in accordance with Section 2.07(c) of this Agreement (the “**Initial Report**”). The Vendors' Initial Report shall not be inconsistent with the Vendors' Statement of Objections, and the Purchasers' Initial Report shall not be inconsistent with the Purchasers' Closing Net Working Capital Statement. If the Vendors or the Purchasers do not submit their Initial Report to the Independent Accountant within such thirty (30) calendar day period, such Persons shall have waived their right(s) for such submission and any submission of the Initial Report provided subsequent to the prescribed timeline shall not be considered by the Independent Accountant unless written approval is provided by the other party.
- Within one (1) Business Day following the earlier of (a) receipt of both the Vendors' and Purchasers' Initial Reports or (b) the last day of the Initial Period, the Independent Accountant will distribute a copy of each Initial Report to the other party.
- Within fourteen (14) calendar days after receiving the other party's Initial Report from the Independent Accountant (the “**Rebuttal Period**”), each of the Vendors and the Purchasers may (but shall not be required to) submit to the Independent Accountant five (5) copies of a memorandum responding to the Initial Report submitted to the Independent Accountant by the other party (the “**Rebuttal Report**”). The Rebuttal Report is to be responsive solely to the arguments raised, and information submitted, by the other party in its Initial Report and no party may introduce new arguments or rely on new information in the Rebuttal Report that was not part of such party's Initial Report or which are not directly responsive to an argument raised by the other party's Initial Report, except to the extent such new arguments or new information are used in direct response to arguments raised and information submitted by the other party in its Initial Report. If the Vendors or the Purchasers do not submit its Rebuttal Report to the Independent Accountant within such fourteen (14) calendar day period, such party shall have waived his or their right(s) for such submission and any submission of the Rebuttal Report provided subsequent to the prescribed timeline shall not be considered by the Independent Accountant unless written approval is provided by the other party.
- Within one (1) Business Day after the earlier of (a) receipt of both the Vendors' and Purchasers' Rebuttal Reports or (b) the last day of the Rebuttal Period, the Independent Accountant will distribute a copy of each Rebuttal Report to the other party.

- At any time before or within fifteen (15) calendar days after the submission of the Initial Reports or any Rebuttal Reports by the Vendors and the Purchasers, the Independent Accountant may submit written questions to either party following the procedures set forth below in the Section titled "Submission of Questions by the Independent Accountant."
- Upon receipt of the Rebuttal Report or notice waiving the right to file such report from both the Vendors and the Purchasers and receipt of all responses to any written questions submitted by the Independent Accountant (and responses thereto), the Independent Accountant will endeavor to issue a report containing its findings within fifteen (15) calendar days after the later of (i) receiving both the Vendors' and the Purchasers' Rebuttal Reports or notice waiving the right to file such report, as applicable, or (ii) any responses (if any) to any written questions submitted by the Independent Accountant to either party following the procedures set forth below in the Section titled "Submission of Questions by the Independent Accountant." The Independent Accountant's report shall include a reasoned basis for each determination set forth therein.
- Unless requested by the Independent Accountant in writing pursuant to the terms of the Section titled "Submission of Questions by the Independent Accountant," neither the Vendors nor the Purchasers may present any additional information or arguments to the Independent Accountant, either orally or in writing.
- The Independent Accountant shall render its decision without conducting a hearing.

Submission of Questions by the Independent Accountant

After receiving both Initial Reports and Rebuttal Reports, if any, the Independent Accountant may submit written questions to the parties for written responses or may direct requests for additional information, calculations, or supporting documentation to the parties reasonably needed by the Independent Accountant in order to clarify or understand any position or argument made by a party in its written submission, in which case the parties agree to cooperate with such requests (including by ensuring that the Independent Accountant is provided copies of all relevant books and records of the Company) in the manner and procedural timing described in this paragraph. If any such questions are addressed to only one party, the Independent Accountant shall submit the questions to that party, with a copy to the other parties. Once received, the party to whom the questions are addressed shall have five (5) Business Days to answer the Independent Accountant's questions, and shall provide a copy of its written answers to the other parties at the time they are provided to the Independent Accountant. In response thereto, the other party may, within five (5) Business Days, submit a response to such answer(s) to the Independent Accountant and shall provide a copy of a response to the other parties at the time it is provided to the Independent Accountant. If any such questions are addressed to all parties, each party shall have five (5) Business Days from the date of receipt to respond to the Independent Accountant and shall provide a copy of its written answers to the other parties at the time they are provided to the Independent Accountant. In response thereto, each party may, within five (5) Business Days, submit a response to the other party's answer(s) to the Independent Accountant and shall provide a copy to the other parties at the time it is provided to the Independent Accountant.

Adjustment of Time Periods

If the due date for any written submissions to be submitted to the Independent Accountant falls on a day that is not a Business Day, the written submission shall take place on the next Business Day.

Communication between the Independent Accountant and the Parties

The parties agree not to engage in any *ex parte* communication with the Independent Accountant, with the exception of the written submissions of the Initial Report, the Rebuttal Report and responses to questions asked by the Independent Accountant in accordance with the terms of the Section titled "Submission of Questions by the Independent Accountant".

The Independent Accountant will be required to include a representation in its engagement letter that it has not discussed the disputed matter with any party to this Agreement prior to its joint retention by the parties, and to include a covenant in its engagement letter not to engage in *ex parte* communications with any such parties throughout the course of the engagement, with the exception of the written submissions of the Initial Report, the Rebuttal Report and responses to questions asked by the Independent Accountant in accordance with the terms of the Section titled "Submission of Questions by the Independent Accountant".

The engagement letter will specifically require the Independent Accountant to review Section 2.07(c) (as applicable) of this Agreement, as well as any other provisions of this Agreement deemed relevant by any of the Vendors, the Purchasers or the Independent Accountant.

Nature of Review by the Independent Accountant

The Independent Accountant will make its determination in an objective, impartial manner based on inquiry and other procedures as it, in its sole discretion may deem necessary, but in all cases consistent with the terms of this Agreement and this Exhibit A.

The Independent Accountant shall agree that between the time the Vendors delivered the Vendors' Objection to the Purchasers and the CPA's resolution of the dispute, the Vendors and the Purchasers may have exchanged certain proposals relating to the disputed items that were intended solely for purposes of facilitating settlement discussions and such proposals were confidential and were provided solely on the condition and understanding that such proposals would not be permitted to be disclosed in any court or arbitration hearing, including with respect to the Independent Accountant's engagement in the dispute. The Independent Accountant will be instructed to disregard any evidence of such settlement proposals and negotiations in its consideration of the disputed matter.

Confidentiality

With respect to any information supplied in connection with the Independent Accountant's engagement and designated by any party as confidential, or which any party should reasonably believe is confidential based on the subject matter or the circumstances of its disclosure, the other party agrees to protect such confidential information in a reasonable and appropriate manner, and use such confidential information only to perform its obligations under this Agreement and for no other purpose. This will not apply to information which is: (i) publicly known, (ii) already known to the recipient without breach by the recipient of any obligation of

confidentiality, (iii) lawfully disclosed by a third party, (iv) independently developed without use or referring to any confidential information, or (v) disclosed pursuant to legal requirement or order (it being understood that any confidential information that must be disclosed pursuant to legal requirement or order shall remain, and shall continue to be treated as, confidential information). Notwithstanding the foregoing, no information (whether or not designated as confidential) may be provided to the Independent Accountant without being made available to all parties in accordance with the requirements of this Agreement and this Exhibit A. The Independent Accountant shall not publicly disclose that it has been retained to resolve any dispute relating to this Agreement or that it is involved in the dispute, or any information relating to the dispute, including its determination of the computation of the Purchase Price Adjustment or the Final BIRT Tax, including each of the components thereof.

At the conclusion of the engagement contemplated hereby, any confidential information made available hereunder, including copies thereof, shall be returned or destroyed upon request by the disclosing party.

Other Procedural Matters

Procedural matters for the conduct of the dispute resolution, other than as specified herein, will be determined by the Independent Accountant in consultation with the Vendors and the Purchasers; *provided, however*, that any such procedural matters shall in all cases be consistent with the terms of this Agreement and this Exhibit A.

the entering into of the Asset Purchase Agreement and the vesting of the Property in the Purchasers pursuant to this Order shall be binding on any trustee in bankruptcy that may be appointed in respect of the Kraus Group and shall not be void or voidable by creditors of the Kraus Group, nor shall they constitute nor be deemed to be fraudulent preferences, assignments, fraudulent conveyances, transfers at undervalue, or other reviewable transactions whether under the CCAA, the *Bankruptcy and Insolvency Act* (Canada) or any other applicable federal or provincial legislation or otherwise, nor shall they constitute oppressive or unfairly prejudicial conduct, whether pursuant to any applicable federal or provincial legislation or otherwise.

FOUND AND DETERMINED THAT:

A. The Canadian Court has duly entered the Canadian Sale Order approving and authorizing the Debtors’ execution of the Purchase Agreement and consummation of the Sale of the Assets.

B. This Court has jurisdiction and authority to hear and determine the Motion pursuant to 28 U.S.C. §§ 1334 and 157(b). Venue of these chapter 15 cases and the Motion in this Court and this District is proper under 28 U.S.C. § 1410.

C. Based on the affidavits of service filed with, and representations made to, this Court: (i) notice of the Motion, the Sale Hearing, and the Sale was proper, timely, adequate, and sufficient under the circumstances of these chapter 15 cases and these proceedings and complied with the various applicable requirements of the Bankruptcy Code and the Bankruptcy Rules; and (ii) no other or further notice of the Motion, the Sale Hearing, the Sale, or the entry of this Order is necessary or shall be required.

D. The Foreign Representative provided notice and a reasonable opportunity to object and be heard with respect to the Sale, the Motion, and the relief requested therein to the necessary parties in interest, including the following: (i) counsel to Wells Fargo Capital Finance Corporation Canada (the Debtors' prepetition senior secured lender); (ii) counsel to Red Ash Capital Partners II Limited Partnership (the Debtors' prepetition junior secured lender); (iii) counsel to the Debtors in the Canadian Proceeding on behalf of the Debtors; (iv) the Office of the United States Trustee for the District of Delaware; and (v) any party that filed a notice of appearance in the chapter 15 cases.

E. This Order constitutes a final and appealable order within the meaning of 28 U.S.C. § 158(a).

F. The relief granted herein is necessary and appropriate, is in the interest of the public, promotes international comity, is consistent with the public policy of the United States, is warranted pursuant to sections 105(a), 363(b), (f), (m) and (n), 365, 1501, 1514, 1520, and 1521

of the Bankruptcy Code, and will not cause any hardship to any parties in interest that is not outweighed by the benefits of the relief granted.

G. Based on information contained in the Motion, the Emmott Declaration, the Mingie Declaration, and the record made at the Sale Hearing, Deloitte Corporate Finance conducted a marketing process to solicit interest in the Assets. The Canadian Court authorized the Sale pursuant to the terms of the Purchase Agreement and entered the Canadian Sale Order. The Foreign Representative has recommended the Sale in accordance with the Purchase Agreement, and it is appropriate that the Assets be sold, transferred, assigned, and vested in the Purchaser on the terms set forth in the Purchase Agreement.

H. The consideration provided by the Purchaser for the Assets under the Purchase Agreement constitutes the highest or otherwise best offers for the Assets.

I. The consideration provided by the Purchaser for the Assets under the Purchase Agreement constitutes fair consideration and reasonably equivalent value for the Assets under the Bankruptcy Code, the Uniform Fraudulent Transfer Act, the Uniform Fraudulent Conveyance Act, and the laws of the United States, any state, territory, possession thereof, or the District of Columbia.

J. No bulk sales law or any similar law of any state or other jurisdiction shall apply in any way to the Sale.

K. Time is of the essence in consummating the Sale. To maximize the value of the Assets, it is essential that the Sale occur and be recognized and enforced in the United States promptly. Accordingly, there is cause to waive the stay that would otherwise be applicable under Bankruptcy Rules 6004(h) and 6006(d), and accordingly the transaction contemplated by the Purchase Agreement can be closed immediately upon entry of this Order.

L. Based upon information contained in the Motion, the Emmott Declaration, the Mingie Declaration, and the record made at the Sale Hearing, the negotiations over the terms of the Purchase Agreement was conducted fairly, in good faith, and without collusion, and thus the Purchaser has acted in good faith within the meaning of section 363(m) of the Bankruptcy Code, and none of the Debtors, the Foreign Representative or the Purchaser engaged in any conduct that would cause or permit the Purchase Agreement or the consummation of the Sale to be avoided, or costs or damages to be imposed, under section 363(n) of the Bankruptcy Code.

M. The Purchase Agreement was not entered into for the purpose of hindering, delaying, or defrauding present or future creditors of the Debtor under the Bankruptcy Code or under the laws of the United States, any state, territory, possession thereof, or the District of Columbia.

N. The Foreign Representative may sell the Assets free and clear of all liens, claims, encumbrances and other interests, because, with respect to each creditor asserting any such interest, one or more of the standards set forth in section 363(f)(1)—(5) of the Bankruptcy Code has been satisfied.

O. The Purchaser would not have entered into the Purchase Agreement and would not consummate the Sale contemplated thereby, thus affecting the Debtors, their creditors, and other parties in interest, if the Sale of the Assets to the Purchaser as not free and clear of all liens, claims, and encumbrances and other interests.

P. A sale of the Assets other than one free and clear of all liens, claims encumbrances and other interests would yield substantially less or no value than the Sale; thus, the Sale free and clear of all liens, claims, encumbrances and other interests, in addition to all of

the relief provided herein, is in the best interests of the Debtors, their creditors, and other parties in interest.

Q. The interests of the Debtors' creditors in the United States are sufficiently protected.

R. The relief granted herein is necessary and appropriate, in the interests of the public and international comity, consistent with the public policy of the United States, and warranted pursuant to section 1521(b) of the Bankruptcy Code.

S. Any and all findings of fact and conclusions of law announced by this Court at the Sale Hearing are incorporated herein.

ORDERED, ADJUDGED, AND DECREED THAT:

1. The Motion is GRANTED.
2. The Canadian Sale Order is recognized in full and given full force and effect in the United States.
3. The Sale pursuant to the terms of the Purchase Agreement and the transfers and assignments of the Assets located within the United States on the terms set forth in the Purchase Agreement and the Canadian Sale Order are approved and authorized pursuant to sections 105, 363, 365, 1501, 1514, 1520 and 1521 of the Bankruptcy Code.
4. Pursuant to section 1521(b) of the Bankruptcy Code and the Canadian Sale Order, the distribution of the proceeds of the Sale is entrusted to the Foreign Representative.
5. All objections to the entry of this Order that have not been withdrawn, waived, or settled, or otherwise resolved pursuant to the terms hereof, are denied and overruled on the merits, with prejudice.

7. The fourteen-day stay provided for in Bankruptcy Rules 6004(h) and 6006(d) shall be, and hereby is, waived in connection with this Order.

Transfer of the Assets

8. Pursuant to sections 105(a), 363, 365, 1501, 1514, 1520 and 1521 of the Bankruptcy Code, upon closing under the terms of the Purchase Agreement, the Assets shall absolutely vest, without further instrument of transfer or assignment, in the Purchaser all rights, title, and interest of the Debtors to the Assets and there shall be a legal, valid, and effective transfer of the Assets to the Purchaser free and clear of any and all security interests (whether contractual, statutory, or otherwise), hypothecs, mortgages, pledges, options, warrants, trusts or deemed trusts (whether contractual, statutory, or otherwise), encumbrances, obligations, claims, interests, liabilities, demands, guarantees, restrictions, contractual commitments, rights, including without limitation, rights of first refusal and rights of set-off, liens, executions, levies, penalties, charges, financial or monetary claims, adverse claims, or rights of use, puts or forced sale provisions exercisable as a consequence of or arising from the closing of the Sale, whether arising

prior to or subsequent to the commencement of the Canadian Proceeding and these chapter 15 cases, whether or not they have attached or been perfected, registered or filed and whether secured, unsecured, legal, equitable, possessory or otherwise, actual or threatened civil, criminal, administrative, regulatory, arbitral or investigative inquiry, action, complaint, suit, investigation, dispute, petition or proceeding by or before any governmental authority or person at law or in equity whether imposed by agreement, understanding, law, equity or otherwise, and any claim or demand resulting therefrom.

9. Pursuant to sections 105(a), 363(f), 365, 1501, 1514, 1520 and 1521 of the Bankruptcy Code, upon the closing of the Sale: (a) the Assets shall be sold, transferred, or otherwise conveyed to the respective Purchaser free and clear of all liens, claims, encumbrances and other interests, other than Permitted Encumbrances (as defined in the Purchase Agreement); (b) no holder of a lien, claim, encumbrance or other interest against the Debtors shall interfere, and each and every holder of a lien, claim, encumbrance or other interest against the Debtors is enjoined from interfering, with the Purchaser's rights and title to or use and enjoyment of the Assets; and (c) the Purchase Agreement, the Sale, and any instruments contemplated thereby shall be enforceable against and binding upon, and not subject to rejection or avoidance by, the Debtors or any successor thereof. All persons or entities holding liens, claims, encumbrances or other interests in, to or against the Assets are forever barred and enjoined from asserting such liens, claims, encumbrances or other interests against the Purchaser or its affiliates and their respective officers, directors, employees, managers, partners, members, financial advisors, attorneys, agents, and representatives and their respective affiliates, successors and assigns or such Assets from and after closing of the Sale. All liens and encumbrances relating to, accruing,

or arising any time prior to the closing date of the sale shall attach to the proceeds generated from the sale of the Assets.

Additional Provisions

13. The Purchaser, as a purchaser in good faith within the meaning of section 363(m) of the Bankruptcy Code, shall be entitled to all of the protections of section 363(m) of the Bankruptcy Code. 16. The failure to include any particular provision of the Canadian Sale Order, the Purchase Agreement, or any related agreements in this Order shall not diminish or impair the effectiveness of that provision, it being the intent of this Court that the Canadian Sale Order, the Purchase Agreement, and any related agreements, with such amendments thereto as may be made by the parties in accordance with the Canadian Sale Order, this Order and the Purchase Agreement be approved and authorized in their entirety.

18. Nothing in this Order shall be deemed to waive, release, extinguish or estop the Debtor or the Foreign Representative from asserting, or otherwise impair or diminish, any right (including, without limitation, any right of recoupment), claim, cause of action, defense, offset or counterclaim in respect of any asset that is not an Asset.

19. Other than as explicitly set forth herein, this Court shall retain jurisdiction with respect to any and all matters, claims, rights, or disputes arising from or related to the implementation or interpretation of this Order.

Condition of Assets

Based on recent inspections of the racking located at the Mississauga warehouse by the TSSA and 3rd party specialists a plan of remedial action to correct racking defects has been defined. The cost of this remedial work to selectively restore and replace the defective racking to a compliant standard is estimated at CDN\$130k.

The Vendors have individual 54 lifting and handling devices in long term use across the Edmonton, Mississauga, Seattle, Dalton and Clarion warehouses. These largely comprise fork trucks of various capacities. 5 of these devices are leased and the balance of 49 are company owned. In addition a further 4 trucks on short term hire are being used in Mississauga to cover operational peaks

The fleet of 49 company owned fork trucks is aged and are largely battery operated. In a significant number of cases the battery life of electric trucks has been compromised by age and use and the operating time of these trucks is currently sub optimal.

Section 5.10(a)

On May 25, 2017, The Water Works and Sewer Board of the Town of Centre (“Plaintiff”) filed a lawsuit against entities involved in the carpet manufacturing process, including Kraus USA, Inc. f/k/a Barrett Carpet Mills, Inc. , in the Circuit Court of Cherokee County, Alabama (Case No. 13-CV-2017-900049.00). Plaintiff’s Complaint alleges that it has been damaged by Kraus’s and other similarly situated entities’ use (or prior use) of perfluorinated compounds to impart water, stain and grease resistance to carpet and other textile products in manufacturing facilities located in Dalton, Georgia. On June 1, 2018, Kraus filed its answer and affirmative defenses to Plaintiff’s Complaint disputing Plaintiff’s allegations in their entirety. Kraus intends to defend itself vigorously against all claims made against it in the litigation.

Plancher Bois Franc Gagne Inc. has issued a demand letter dated December 15, 2017 to Kraus Canada requesting a refund of the sum of \$81,209.15 plus \$513,000 of damages alleging products sold by Kraus in 2017 were defective. Kraus responded to the demand letter denying liability for the claim based on the fact that two experts concluded the damage was caused subsequently to the manufacturing and sale process. The products in question were manufactured for Kraus by Kaindl, and on January 12, 2018 Kraus advised Kaindl of the claim and reserving its rights and recourses against Kaindl in the event that a lawsuit is filed. No claim has been served on Kraus in this matter and Kraus intends to defend itself vigorously against all claims in the event one is filed.

**PRE-FILING REPORT OF THE PROPOSED MONITOR
SEPTEMBER 10, 2018**

A. INTRODUCTION

1. Deloitte Restructuring Inc. ("**Deloitte**" or the "**Proposed Monitor**") understands that Kraus Brands Inc., Kraus Canada Ltd., Kraus Carpet Inc., Kraus Properties Inc., Kraus USA Inc., and Strudex Inc. (collectively, the "**Applicants**") will be bringing an application before the Ontario Superior Court of Justice [Commercial List] (the "**Court**") seeking certain relief under the *Companies' Creditors Arrangement Act* (the "**CCAA**"). The Applicants propose that Deloitte be appointed as Monitor in the CCAA proceedings, and request that the protections under the Initial Order be extended to the partnerships listed in Appendix "A" (the "**Partnerships**", and together with the Applicants, the "**Kraus Group**").
2. This report (the "**Pre-filing Report**") has been prepared by the Proposed Monitor prior to and in contemplation of its appointment as Monitor in the CCAA proceedings to provide

information to the Court for its consideration on the Applicants' initial hearing seeking protection pursuant to the CCAA.

B. PURPOSE

3. The purpose of this Pre-filing Report is to provide information to the Court on:
 - i. Deloitte's qualifications to act as Monitor;
 - ii. Background information with respect to the Kraus Group;
 - iii. Overview of security granted by the Kraus Group;
 - iv. Sale processes for the Kraus Group Divisions;
 - v. The Proposed Transaction and the impact on stakeholders of the Kraus Group, including employees;
 - vi. The Proposed Monitor's Liquidation analysis;
 - vii. An overview of the Kraus Group's 13-week cash flow projection;
 - viii. Priority payments;
 - ix. Proposed Court-ordered charges;
 - x. Other provisions of the Initial Order;
 - xi. Recognition of CCAA in the U.S. Court;
 - xii. Deloitte's proposed monitoring procedures; and,
 - xiii. Proposed Monitor's recommendations.

C. TERMS OF REFERENCE AND DISCLAIMER

4. In preparing this Pre-Filing Report and making the comments herein, the Proposed Monitor has been provided with, and has relied upon, unaudited financial information, books and records and financial information prepared by the Kraus Group, and discussions with management of the Applicants (“**Management**”) (collectively, the “**Information**”).
5. The Proposed Monitor has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided. However, the Proposed Monitor has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Canadian Generally Accepted Assurance Standards (“**Canadian GAAS**”) pursuant to the *Chartered Professional Accountants Canada Handbook* and, accordingly, the Proposed Monitor expresses no opinion or other form of assurance contemplated under Canadian GAAS in respect of the Information.
6. Some of the information referred to in this Pre-filing Report consists of financial projections. An examination or review of the financial forecasts and projections, as outlined in the *Chartered Professional Accountants Canada Handbook*, has not been performed.
7. Future oriented financial information referred to in this Pre-filing Report was prepared based on Management’s estimates and assumptions. Readers are cautioned that since projections are based upon assumptions about future events and conditions that are not

ascertainable, the actual results will vary from the projections, even if the assumptions materialize, and the variations could be significant.

8. Unless otherwise stated, all monetary amounts noted herein are expressed in Canadian dollars. All terms not defined herein shall have the meanings ascribed to them from the Emmott Affidavit (as defined below).

D. DELOITTE'S QUALIFICATIONS TO ACT AS MONITOR

9. Deloitte is a trustee within the meaning of subsection 2(1) of the *Bankruptcy and Insolvency Act* (Canada). The senior Deloitte professional personnel associated with this matter have acquired knowledge of the Applicants and its business through discussions with Management and advisors to the Kraus Group. In March 2018, an affiliate of Deloitte, Deloitte Corporate Finance Inc. (“**DCF**”), was engaged by Red Ash (defined below) to assist the Company with the preparation for marketing and divestiture of the TPS Business (defined below) and in June 2018, was similarly engaged for the sale of the Broadloom Business (defined below). DCF has been remunerated on discounted hourly billing basis for these marketing and divestiture services and billings are current. DCF was also entitled to an additional incentive fee if the aggregate consideration exceeded a certain threshold. This threshold has not been met and no incentive fee will be earned by DCF. Notwithstanding that DCF is an affiliate of the Proposed Monitor, the Proposed Monitor believes that this engagement was robust and thorough and can be relied upon by the parties

in making the recommendations herein. Further, DCF's engagement has no impact on the Proposed Monitor's ability to act impartially and be retained as the CCAA Monitor.

10. Following these processes, in August 2018, Deloitte was asked to assist the Kraus Group to prepare for a potential CCAA filing. In preparation for its potential appointment as Monitor, Deloitte has spent time with Management understanding the operations, debt structure and the going concern sales processes as more fully described in this Report for the assistance of the Court. This mandate also included consultation with independent legal advisors. Deloitte is, therefore, in a position to immediately assist the Applicants in their CCAA proceedings.
11. Deloitte is not subject to any of the restrictions on who may be appointed as Monitor set out in section 11.7(2) of the CCAA.
12. Deloitte has consented to act as Monitor, should the Court grant the Applicants' request for the Initial Order.
13. The Proposed Monitor has retained Miller Thompson LLP ("**Monitor's Counsel**") to act as its independent Canadian counsel. The Monitor's Counsel advised Deloitte that it previously provided legal services, primarily relating to trademark and other intellectual property issues, to the Kraus Group and certain predecessors, and that appropriate firewalls and safeguards have thus been established within the firm. The Proposed Monitor believes that this prior work does not impair the Monitor's Counsel's ability to act impartially for the Proposed Monitor. The Proposed Monitor is in the process of retaining Sheppard, Mullin, Richter & Hampton LLP as its independent U.S. counsel ("**U.S. Counsel**"). U.S.

Counsel has advised the Proposed Monitor that they have represented Wells Fargo in matters unrelated to this case or Kraus and have established ethical walls between the professionals involved in other Wells Fargo matters and those working with the Proposed Monitor. U.S. Counsel has advised that if any challenge to the validity or enforceability of the Well's Fargo security occurs then they would arrange for local litigation counsel to do any such work. The Proposed Monitor believes that, subject to these safeguards being in place, that U.S. Counsel is able to act impartially for the Proposed Monitor.

E. BACKGROUND INFORMATION WITH RESPECT TO THE KRAUS GROUP

14. This Pre-filing Report should be read in conjunction with the Affidavit of Chris Emmott, sworn September 10, 2018 ("**Emmott Affidavit**") with respect to the Kraus Group and its application for relief pursuant to the CCAA, upon which the Proposed Monitor relies.

Background

15. The Kraus Group was established in 1959 as a carpet manufacturer and is now a vertically-integrated manufacturer of premium carpet for the commercial and residential market. It is also a distributor in North America of flooring products produced by other manufactures.
16. The Kraus Group is made up of 12 separate entities described in detail in the Emmott Affidavit in Paragraph 6.
17. The Kraus Group operates two large carpet-manufacturing and logistics facilities:

- i. The 850,000 square foot flagship mill, which is owned and operated by Kraus Brands LP and by its general partner Kraus Brands Inc. located in Waterloo, Ontario (“**Waterloo Premises**”); and,
 - ii. The 162,000 square foot facility in Dalton, Georgia, that provides warehousing and logistics services for the Kraus Group and is owned and operated by Kraus US (“**Dalton Premises**”).
18. The Kraus Group has two divisions: (i) the manufacturing of residential and commercial broadloom carpet (“**Broadloom Business**”); and (ii) the distribution and sale of flooring products to commercial and residential customers, including carpet tiles, vinyl tiles, laminate, and hardwood (“**TPS Business**”).
19. As of August 30, 2018, the Kraus Group had approximately 540 employees in Canada and the United States split between unionized and non-unionized, as detailed in the Emmott Affidavit.
20. The Kraus Group markets its carpet and flooring products to both the commercial and residential markets. The Broadloom Business accounts for approximately 46% of the Kraus Group’s revenues; the TPS Business accounts for the remaining 54%. The Broadloom Business’s US sales are approximately 67% of total sales, with Canadian sales comprising the remaining 33%. The TPS Business’s American sales account for approximately 53% of total sales, and Canadian sales are the remaining 47%.

Causes of Insolvency

21. As reported in the Emmott Affidavit, the Kraus Group is insolvent and unable to meet its liabilities as they become due. The Kraus Group requires the protection of an initial order under the CCAA to enable it to effect the going concern sale of the TPS Business, the potential sale of some of the assets of the Broadloom Business, and to maximise recoveries from the orderly wind down of the remainder of the Broadloom Business.
22. The Kraus Group has suffered declining financial results over the last five years with significant declines in revenue and EBITDA in 2017. Consolidated revenue, EBITDA and net loss for the Kraus Group for the years ended December 2014 to December 2017 and for the seven-month period ending July 31, 2018 are as follows (in \$ millions):

Year	2014	2015	2016	2017	2018 – 7 Months
Revenue	\$207.0	\$229.0	\$239.0	\$218.0	\$125.2
EBITDA (MM)	(\$1.2)	\$4.2	\$6.1	\$3.2	(\$0.1)
Net Profit (MM)	(\$10.0)	(\$11.7)	(\$3.8)	(\$6.1)	(\$7.6)

23. The Proposed Monitor understands that there are several reasons for the financial decline.
24. First, the Kraus Group's performance was negatively impacted by the downturn in the carpet manufacturing industry over the past several years due to a shift in consumer preferences to hard surface flooring, the availability of cheaper broadloom carpeting from China and a general decline in carpet sales and profitability over the last 20 years.

25. Second, the Kraus Group faces significant fixed costs, including those associated with maintaining and operating the Waterloo Premises and a North American-wide distribution network, which contributed to the decline in its financial performance. These fixed costs could not be reduced or downsized to correspond with the overall decline in the market.
26. The Proposed Monitor understands that although the Kraus Group has taken steps since 2008 to cut costs in its manufacturing process, the Kraus Group has not been able to improve its financial performance or minimize its mounting debt obligations.
27. As described in the Emmott Affidavit, as at July 31, 2018, the Kraus Group's unaudited financial position shows a book value shareholders' deficit of \$46,764,490 against liabilities of \$180,445,952. The Proposed Monitor understands that this deficit has accumulated due to the previously mentioned financial decline.
28. As described in the Emmott Affidavit, in August 2018, Wells Fargo (defined below) demanded payment under the Wells Credit Agreement (defined below) due to the Kraus Group being in default of the agreement. By virtue of this default, the Kraus Group is also in default of the Red Ash Credit Facilities (defined below).

F. OVERVIEW OF SECURED CREDITORS

Senior Secured Debt

29. As described in the Emmott Affidavit, Wells Fargo Capital Finance Corporation Canada (“**Wells Fargo**”) is the senior secured lender of the Kraus Group. Pursuant to a credit agreement dated August 6, 2013 (“**Wells Credit Agreement**”), Wells Fargo provided credit facilities to Kraus Canada LP, Strudex LP, Kraus LP and Kraus US (collectively, the “**Kraus Operating Entities**”). This credit agreement has been amended on several occasions, most recently pursuant to a fourth amendment to credit agreement dated August 6, 2018.
30. The Proposed Monitor understands that the Kraus Operating Entities’ debt obligations and liabilities to Wells Fargo are fully secured by a series of security agreements over all present and after-acquired real and personal property including, amongst other things:
- i. \$50 million first-ranking charge on the Waterloo Premises;
 - ii. security over the Dalton Premises pursuant to a deed to secure debt and assignment of leases dated August 14, 2013;
 - iii. personal property security over all of the assets of the Kraus Group in Canada; and,
 - iv. the US and guarantees from each of the Applicants, each dated August 6, 2013.
31. As of July 31, 2018, the total indebtedness to Wells Fargo was approximately \$48,229,292.

32. As described in the Emmott Affidavit, Wells Fargo have demanded payment under the Wells Credit Agreement. On September 10, 2018, the Kraus Group and Wells Fargo entered into a forbearance agreement, which contemplates a CCAA filing and weekly reporting on the cash flows with the assistance of the Monitor. This agreement has been described in detail in the Emmott Affidavit.

Junior Secured Debt

33. As described in detail in the Emmott Affidavit, Red Ash Capital Partners II Limited Partnerships (“**Red Ash**”) is the junior secured creditor of the Kraus Group. Red Ash’s general partner is Pinnacle Capital Resources Limited. Hilco UK Limited (“**Hilco**”) is the sole shareholder of Pinnacle Capital Resources Limited.
34. Pursuant to the Order of the Honourable Justice Morawetz dated June 11, 2012 and upon the application of Hilco, PricewaterhouseCoopers Inc. was appointed as receiver (in such capacity, the “**Receiver**”) over all of the assets, undertakings and properties of Kraus Inc., Kraus Canada Inc., Strudex Fibres Limited and 538626 B.C. Ltd. (the “**Receivership Order**”). Based on its review of court reports filed by the Receiver in the receivership proceeding, the Proposed Monitor understands that Hilco acquired the predecessors of the Kraus Group in May 2012. As part of this acquisition, Red Ash took an assignment of the credit facilities and security held by the secured creditors of the predecessors of the Kraus Group. The insolvent circumstances of the Kraus group of companies at that time resulted in the Receivership Order. The receivership proceeding facilitated said acquisition and

ultimately resulted in a court-approved sale in favour of the purchaser. A copy of the Receivership Order is attached as Appendix "B".

35. From May 2012 to July 2014, two separate promissory notes were issued and amended by the predecessors of the Kraus Group and companies within the Kraus Group to Red Ash ("**Red Ash Credit Facilities**").
36. The Proposed Receiver understands that these promissory notes are fully secured by a series of security agreements over all present and after-acquired real and personal property including, amongst other things: i) \$177.5 million second ranking charge over the Waterloo Premises; ii) personal property security over all of the assets of the Kraus Group in Canada and the United States; iii) security and assignment of rents over the Dalton Premises; and, iv) guarantees from the Kraus Group in favour of Red Ash.
37. As of July 31, 2018, the total indebtedness to Red Ash was approximately \$99,940,956.
38. The Proposed Monitor has engaged Monitor's Counsel to provide an independent opinion on the validity and enforceability of the Wells Fargo and Red Ash security over the Kraus Group assets. As noted, U.S. Counsel will be retained to assist with the U.S. aspects of this opinion. This analysis is ongoing as of September 10, 2018.

Unsecured Debt

39. As described in the Emmott Affidavit and to the Proposed Monitor's knowledge, the Applicants have unpaid trade and other unsecured debt accrued in the normal course of

business. As of July 31, 2018, accounts payable balances totalled approximately \$32.3 million.

G. SALE PROCESSES OF THE KRAUS GROUP DIVISIONS

Sale of the TPS Business (“TPS SISP”)

40. On March 20, 2018, Hilco engaged DCF to assist with the sale of the TPS Business as a standalone business that could be carved out from the Kraus Group. The affidavit of Susan Mingie, CPA, Partner, DCF, sworn on September 10, 2018, attached as Appendix “C” to this Pre-filing Report, contains details regarding the extensive TPS SISP sale process. DCF, with the assistance of the Kraus Group’s management, identified a comprehensive list of potential strategic buyers and financial buyers and marketed the TPS Business.
41. Following the TPS SISP, on September 10, 2018, QEP Co. Inc. (the “**Purchaser**”) and the Kraus Group executed the Purchase Agreement (the “**TPS Purchase Agreement**”), which is described further below. The Proposed Monitor understands that the Purchaser is at arms-length to the Applicants.
42. It is the opinion of the Proposed Monitor that it is not economic, necessary or feasible to run a further sale process in respect of the TPS Business for the following reasons:
 - i. As detailed in the Mingie Affidavit, DCF ran a broad, comprehensive sales process that fully canvassed the market for potential purchasers;

- ii. Interested parties were provided with detailed information, access to an extensive data room, and access to key personnel of the TPS Business in order to further their purchase interest and formulate their best offer;
- iii. The Proposed Monitor understands that the secured lenders, Wells Fargo and Red Ash, have been consulted and are in favour of the proposed sale, although the Proposed Monitor was not a party or privy to these discussions;
- iv. As detailed in the Mingie Affidavit, the accepted purchase price represents the best financial offer from the sale process;
- v. The purchase price is based upon the Purchaser buying all of the assets of the TPS Business. It is the Proposed Monitor's opinion that the purchase price offered by the TPS Purchase Agreement is materiality greater than the liquidation value of the TPS Business assets. The Proposed Monitor's liquidation analysis is described in Section J of this Pre-Filing Report; and
- vi. The Kraus Group is insolvent. Hilco has advised the Proposed Monitor that Red Ash does not intend to support or provide funding to the Applicants to fund a further sale process.

Sale of the Broadloom Business (“Broadloom SISP”)

- 43. In June 2018, Hilco engaged DCF to assist it with the marketing and sale of the Broadloom Business. The Mingie Affidavit provides details regarding the extensive Broadloom SISP sale process.

44. Notwithstanding the breadth of the Broadloom SISP, no going concern purchaser was secured for the Broadloom Business. A purchaser for a significant amount of select Broadloom Business inventory and tufting equipment was found and, as of September 10, 2018, negotiations are ongoing as discussed below.
45. The Proposed Monitor believes that it is not economic, necessary or feasible to run a further sale process in respect of the Broadloom Business for the following reasons:
 - i. As detailed in the Mingie Affidavit, DCF ran a broad and comprehensive sales process that fully canvassed the market for potential purchasers;
 - ii. While a going concern purchaser was not secured, DCF does not believe that a further marketing period for the Broadloom Business will achieve a better result; and
 - iii. The Kraus Group is insolvent. Hilco has advised the Proposed Monitor that Red Ash does not intend to support or provide funding to the Applicants to fund a further sale process for the Broadloom Business.
46. Due to its dire financial circumstance, and the lack of a going concern transaction, the Broadloom Business ceased operations on September 8, 2018.

H. PROPOSED TRANSACTION

TPS Purchase Agreement

47. As described in the Emmott Affidavit, the Purchaser has agreed to purchase substantially all of the assets related to the TPS Business and assume certain liabilities of the Kraus Group (including selected leases and TPS Business trade accounts payable). The TPS Purchase Agreement contemplates that the Purchaser will continue to operate the TPS Business as a going concern, which will result in the preservation of jobs and the assignment of certain leases and contracts currently held in the name of the Kraus Group entities. The Purchaser will also assume, as at July 31, 2018, approximately \$16.9 million of pre-filing trade liabilities, which would otherwise go unpaid in a liquidation scenario. These pre-filing trade liabilities will be paid in the normal course of operations during the CCAA in order to operate the TPS Business as a going concern. The TPS Purchase Agreement is structured such that consideration is based on the net working capital position of the TPS Business as of the closing date. Accordingly, the settlement of the specific pre-filing TPS Business trade liabilities will not affect the overall consideration from the transaction. Further, the settlement of these pre-filing TPS Business trade liabilities as they come due will greatly facilitate continuing the TPS Business in the ordinary course until closing.
48. The full details of the TPS Purchase Agreement have been discussed in the Emmott Affidavit. The TPS Purchase Agreement is, among other things, conditional upon approval by both the Canadian and United States Courts.

49. After considering the sale process undertaken by the Kraus Group with the assistance of DCF, the Proposed Monitor believes that there are no reasonable or likely alternatives that would offer a better return to the creditors of the Kraus Group.
50. It is the Proposed Monitor's opinion that the TPS Purchase Agreement:
- i. Offers value that is materially better than in a liquidation scenario of the TPS Business;
 - ii. Provides for the continued employment, benefit plans and pension arrangements for 71 employees in Canada and 88 employees in the US;
 - iii. Provides for continued supplier arrangements for the TPS Business and the assumption of approximately \$16.9 million of accounts payable;
 - iv. Provides for a significant cash inflow on or about October 1, 2018 that can be used to immediately reduce the indebtedness owed to Wells Fargo under the Wells Credit Agreement from this *en bloc* going concern sale; and
 - v. Does not require any further sale process, which would incur increased professional fees, further delay, and uncertainty of realization.

TPS Business Transition Services Agreement ("TPS TSA")

51. To facilitate an effective and efficient transition of the TPS Business to the Purchaser, the Purchaser and the Kraus Group are negotiating an agreement for the provision of certain transition services.

52. The TPS Purchase Agreement is conditional upon the parties entering into a satisfactory form of TPS TSA, a description of which is set out in the Emmott Affidavit. The Proposed Monitor is advised by the Kraus Group that it intends to seek approval of the TPS TSA concurrently with approval of the TPS Purchase Agreement.

Broadloom Purchase Agreement

53. The potential Broadloom Business asset sale ("**Broadloom Purchase Agreement**") involves the sale of the some Broadloom inventory and four tufting machines.
54. As of September 10, 2018, transaction terms and relevant legal and operational documents required for closing are still in progress and expected to be finalized on or before the TPS transaction closing date. The Proposed Monitor understands that the Kraus Group will be seeking Court approval of the Broadloom Purchase Agreement separately from the application for approval of the TPS Purchase Agreement.

I. IMPACT OF PROPOSED TRANSACTION ON THE KRAUS GROUP'S EMPLOYEES

55. The sale of the TPS Business will lead to the continuation of 159 jobs, including 71 jobs in Canada as part of the Purchaser's acquisition of the TPS Business.

56. The Proposed Monitor understands from the Kraus Group that the remainder of employees not provided for under the sale of the TPS Business or the TPS TSA will be terminated as of the date of the CCAA filing.
57. The Proposed Monitor understands from the Kraus Group that wages for the period to September 7, 2018, have been settled or will be settled with the next payroll cycle. All pension amounts owing as of September 10, 2018 will be paid in the normal course.

J. LIQUIDATION ANALYSIS

58. In order to assess the reasonableness of the value offered by the TPS Purchase Agreement, the Proposed Monitor has prepared an estimate of the proceeds available to creditors if the assets of the TPS Business and Broadloom Business were liquidated.
59. The liquidation analysis for the Kraus Group is based upon two separate scenarios:
 - i. A full liquidation of the entire Kraus Group under a forced liquidation scenario;
and
 - ii. A sale of the TPS Business to the Purchaser for the agreed upon purchase price,
and the forced liquidation of the remaining Broadloom Business.
60. Attached to this Pre-Filing Report, as Appendix "D", is the Proposed Monitor's Liquidation Analysis. From this analysis, it is the Proposed Monitor's opinion that the

value offered by the TPS Purchase Agreement is materially better than the liquidation value of the TPS Business and Broadloom Business.

K. CASH FLOW FORECAST AND REQUIREMENTS FOR FUNDING

61. The Applicants have prepared the Cash Flow Statement for the period from September 10, 2018 to December 7, 2018 (the “Cash Flow Period”) for the purposes of projecting the estimated results of the Applicants’ operations and other activities during the Cash Flow Period. A copy of the Cash Flow Statement is attached as Appendix “E” hereto, and summarized below:

Kraus Group Consolidated Cash Flow Forecast	
Amounts in CAD ('000's)	
Weekly Forecast (ending on Friday)	Total
Cash Flow from Operations	
Receipts	30,104
Disbursements:	
Inventory Disbursements	(9,203)
Employee Related Expenses	(3,814)
Overhead	(1,054)
Net Operating Cash Flow from Operations	16,033
Restructuring Costs	(1,278)
Interest & Forbearance Fees	(304)
Net Cash Flow before the TPS Business Sale	14,451

62. The Cash Flow Statement is presented on a weekly basis during the Cash Flow Period and represents the best estimate of Management of the projected cash flow during the Cash Flow Period. The Cash Flow Statement has been prepared by Management, using the

probable and hypothetical assumptions set out in the notes to the Cash Flow Statement (the “**Assumptions**”).

63. The Proposed Monitor has reviewed the Cash Flow Statement to the standard required of a Court-appointed monitor by section 23(1)(b) of the CCAA. Section 23(1)(b) requires a monitor to review the debtor’s cash flow statement as to its reasonableness and to file a report with the Court on the monitor’s findings. The Canadian Association of Insolvency and Restructuring Professionals’ Standards of Professional Practice include a standard for monitors fulfilling their statutory responsibilities under the CCAA in respect of a monitor’s report on the Cash Flow Statement.
64. In accordance with the standard, the Proposed Monitor’s review of the Cash Flow Statement consisted of inquiries, analytical procedures and discussions related to the Cash Flow Statement and Assumptions. Since the Assumptions need not be supported, the Proposed Monitor’s procedures with respect to them were limited to evaluating whether they were consistent with the purpose of the Cash Flow Statement. The Proposed Monitor also reviewed the support provided by Management for the Assumptions and the preparation and presentation of the Cash Flow Statement.
65. Based on the Proposed Monitor’s review, nothing has come to its attention that causes it to believe, in all material aspects, that:
 - i. The Assumptions are not consistent with the purpose of the Cash Flow Statement;

- ii. As at the date of this Pre-Filing Report, the Assumptions are not suitably supported and consistent with the plans of the Applicants or do not provide a reasonable basis for the Cash Flow Statement, given the Assumptions; or
 - iii. The Cash Flow Statement does not reflect the Assumptions.
66. The Cash Flow Statement has been prepared solely for the purposes described above, and readers of this Pre-Filing Report are cautioned that it may not be appropriate for other purposes.
67. As set out in the Cash Flow Statement, the Applicants have sufficient funds to satisfy their projected uses of cash during the Cash Flow Period, subject to the continued access to the Wells Credit Agreement and the closing of the TPS Purchase Agreement. The positive cash flow result above is the result of the continuation of the TPS Business in the ordinary course until October 1 and the orderly collection of accounts receivable and sale of inventory from the Broadloom Business. The Broadloom Business ceased operations on September 7, 2018.

L. PRIORITY PAYMENTS

68. As described in the Emmott Affidavit and to the Proposed Monitor's knowledge, the Applicants are current in their payroll and related remittances and are planning to settle any accrued liabilities for unpaid wages in the normal payroll cycle. The Applicants are also current on CRA source deductions from employees' wages and on remittances to the pension plans. The Proposed Monitor understands that the Applicants are current on its

HST remittances to August 27, 2018. As HST is remitted in arrears, it is intended that certain HST amounts collected before the date of this Application will be remitted in the ordinary course post-filing.

M. PROPOSED COURT ORDERED CHARGES

69. The Initial Order provides for an Administration Charge (as defined below) and a Directors' Charge (as defined below) (collectively, the "**Charges**").
70. If granted, the Charges will be first- ranking charges on the Kraus Group's property in priority to the charges of Wells Fargo and Red Ash. The Proposed Monitor is advised by the Kraus Group that both Wells Fargo and Red Ash have consented to such priorities.

Administration Charge

71. The Initial Order provides for a charge in favour of counsel to the Applicants, the Monitor and Monitor's counsel (the "**Administration Charge**"), ranking in priority to all security interests, trusts, liens, charges and encumbrances, claims of secured creditors, statutory or otherwise. The Administration Charge shall not exceed an aggregate amount of \$1.0 million, as security for professional fees and disbursements incurred at the standard rates and charges of the Monitor and such counsel, both before and after the issuance of the Initial Order in respect of these CCAA proceedings.

72. The Proposed Monitor is of the view that the proposed Administration Charge is reasonable and appropriate in the circumstances, having regard to, among other things, the complexity of these CCAA proceedings and the potential professional work involved at peak times.

Directors' and Officers' Charge

73. The Initial Order provides for a charge in the amount of \$1.0 million (the “**Directors' Charge**”) in favour of the Applicants' directors and officers as security for any obligations or liabilities that may arise after the commencement of the CCAA proceedings, except to the extent that such obligation or liability is incurred as a result of such director's or officer's gross negligence or wilful misconduct and to the extent that such directors do not have coverage under any directors' and officers' insurance policy. The Directors' Charge will rank in priority to all security interests, trusts, liens, charges and encumbrances, claims of secured creditors, statutory or otherwise, other than the Administration Charge.
74. The Proposed Monitor understands that the Kraus Group's directors and officers have indicated that, due to the risk of personal exposure associated with the Kraus Group's aforementioned liabilities, they will not continue their service with the Applicants during the post-filing period unless the initial order establishes an indemnity in their favour and grants a charge on the Property in the amount of \$1.0 million on customary terms.
75. The table below is derived from the Cash Flow Statement and discussions with Management and estimates the maximum liability associated with potential directors' and officers' obligations in the ordinary course of business:

Potential Directors & Officers Liabilities	Payment Frequency	Max Liability	Amount ('000s)
Payroll	Bi-weekly	2 weeks	1,030
Payroll Remittances	Bi-weekly	2 weeks	304
Commissions	Weekly	1 week	150
Benefits	Bi-weekly	2 weeks	314
HST	Monthly	1 Month	1,020
			2,818
Proposed Director's Charge			1,000

76. The Proposed Monitor understands that the Applicants directors' and officers' liability insurance was renewed until November 30, 2018 with a combined maximum aggregate limit of liability of \$15,000,000 for certain claims and liabilities that may arise. The Proposed Monitor reviewed the policy and notes that the policy contains exclusions and exceptions to the coverage related to employee-related liabilities. Accordingly, a Directors' Charge in the amount of \$1.0 million is reasonable in the circumstances.
77. The Proposed Monitor is of the view that the Directors' Charge is reasonable and appropriate under the circumstances.
78. Following the closing of the TPS Transaction, the maximum liability of Directors and Officers will be significantly reduced from the estimate above.

Summary of the Proposed Ranking of Charges

79. The proposed priorities of the charges to be created under the Initial Order are as follows:
- i. Administration Charge (to the maximum amount of \$1.0 million); and,
 - ii. Directors' Charge (to the maximum amount of \$1.0 million).

N. OTHER PROVISIONS OF THE INITIAL ORDER

i. Sealing Order

80. As described in the Emmott Affidavit, the Applicants are seeking a sealing order in respect of the TPS Purchase Agreement, which discloses the purchase price for the TPS Business.
81. The Applicants are also seeking a sealing order in respect of Exhibits C and E of the Mingie Affidavit attached to this Pre-Filing Report as Appendix “C” (being the strategic and financial purchaser lists for the TPS SISP and the Broadloom SISP), and Confidential Appendix “D” of this Pre-Filing Report (being the Proposed Monitor’s Liquidation Value estimate).
82. It is imperative that the TPS Business sale process remains competitive in the event that the TPS Purchase Agreement is not completed and the TPS Transaction does not close. The redactions contained in the Confidential Appendices are limited to what is necessary to preserve the competitiveness of a sale process, and the duration is limited to the filing of the Monitor’s certificate upon closing of the TPS Transaction.

ii. The Comeback Hearing

83. In a separate motion returnable September 18, 2018, the Applicants will seek Court approval of the TPS Purchase Agreement, the Transition Services Agreement, the vesting of the Purchased Assets (as that term is defined in the TPS Purchase Agreement) in the Purchaser.

84. The Applicants have advised that they intend to seek similar relief from the United States Bankruptcy Court.

85. As noted above, the Proposed Monitor has engaged independent legal counsel in Canada and the U.S. to provide opinions on the validity and enforceability of the Wells Fargo and Red Ash secured charges and will be reporting to the Court separately on the results. The Applicants are not seeking authorization from the Court to distribute proceeds to secured creditors at this time.

iii. Notice to Creditors

86. The Proposed Monitor will fulfill the statutory requirement to send a notice of the CCAA proceedings to every known creditor who has a claim against the Applicants of more than \$1,000. It is the Proposed Monitor's intention to publish notice of the CCAA filing in the national edition of the *Globe and Mail*. All materials will be immediately published on the Proposed Monitor's dedicated website at www.insolvencies.deloitte.ca/en-ca/Kraus.

O. RECOGNITION OF CCAA IN THE US COURT

87. The Applicants intend on seeking recognition of the CCAA proceedings under Chapter 15 of the United States Bankruptcy Code in the United States Bankruptcy Court in the District of Delaware. As disclosed in the Emmott Affidavit, Kraus Carpet Inc. will seek to be authorized to act as the foreign representative of the Kraus Group and to apply for such foreign recognition of the within proceedings in the United States. Such recognition is

required in order to have the TPS Purchase Agreement approved by the US Court, which is a condition of closing the TPS Transaction.

P. PROPOSED MONITORING PROCEDURES

88. Since being retained, Deloitte's activities to date have included:
- i. Meetings with the Kraus Group's senior management, legal and financial advisors;
 - ii. Review of the progress and results of the sales processes;
 - iii. Engaging Miller Thompson LLP, as legal counsel, who assisted with the above activities;
 - iv. Engaging Sheppard, Mullin, Richter & Hampton LLP as independent U.S. counsel; and
 - v. Preparing this Pre-filing Report.
89. As part of its monitoring procedures, the Proposed Monitor will monitor and report on the following to ensure compliance with the Initial Order, if granted by the Court:
- i. Receipts and disbursements of the Applicants in compliance with the 13-Week Cash Flow Statement (described below) and subsequent forecast periods;
 - ii. Interactions between the Company and the employee unions; and

- iii. Updates related to the proposed sale processes;
90. The Proposed Monitor believes that appropriate monitoring of the receipts and disbursements of the Applicants and the sale and other realization processes will provide the necessary oversight of the Applicants' activities during the CCAA proceedings. The Applicants and the Proposed Monitor have discussed these procedures with which the Applicants concur.

Q. RECOMMENDATIONS

91. Based on the circumstances and analysis set out above, the Proposed Monitor is supportive of the Applicants' request for relief pursuant to the CCAA and the terms of the proposed Initial Order.
92. Based on the results of the TPS SISP, the Proposed Monitor believes that the TPS Purchase Agreement represents the best recovery for the creditors of the Kraus Group and is superior to the liquidation value of the assets of the TPS Business.
93. Based on the results of the TPS SISP and the Broadloom SISP, the Proposed Monitor does not believe that a further marketing of the assets of the TPS Business or the Broadloom Business will yield a greater recovery to the creditors of the Kraus Group.

All of which is respectfully submitted this 10th day of September, 2018.

DUTY TO PROVIDE ACCESS AND CO-OPERATION TO THE RECEIVER

5. THIS COURT ORDERS that (i) the Debtor, (ii) all of its current and former directors, officers, employees, agents, accountants, legal counsel and shareholders, and all other persons acting on its instructions or behalf, and (iii) all other individuals, firms, corporations, governmental bodies or agencies, or other entities having notice of this Order (all of the foregoing, collectively, being "**Persons**" and each being a "**Person**") shall forthwith advise the Receiver of the existence of any Property in such Person's possession or control, shall grant immediate and continued access to the Property to the Receiver, and shall deliver all such Property to the Receiver upon the Receiver's request.

6. THIS COURT ORDERS that all Persons shall forthwith advise the Receiver of the existence of any books, documents, securities, contracts, orders, corporate and accounting records, and any other papers, records and information of any kind related to the business or affairs of the Debtor, and any computer programs, computer tapes, computer disks, or other data storage media containing any such information (the foregoing, collectively, the "**Records**") in that Person's possession or control, and shall provide to the Receiver or permit the Receiver to make, retain and take away copies thereof and grant to the Receiver unfettered access to and use of accounting, computer, software and physical facilities relating thereto, provided however that nothing in this

paragraph 6 or in paragraph 7 of this Order shall require the delivery of Records, or the granting of access to Records, which may not be disclosed or provided to the Receiver due to the privilege attaching to solicitor-client communication or due to statutory provisions prohibiting such disclosure.

7. THIS COURT ORDERS that if any Records are stored or otherwise contained on a computer or other electronic system of information storage, whether by independent service provider or otherwise, all Persons in possession or control of such Records shall forthwith give unfettered access to the Receiver for the purpose of allowing the Receiver to recover and fully copy all of the information contained therein whether by way of printing the information onto paper or making copies of computer disks or such other manner of retrieving and copying the information as the Receiver in its discretion deems expedient, and shall not alter, erase or destroy any Records without the prior written consent of the Receiver. Further, for the purposes of this paragraph, all Persons shall provide the Receiver with all such assistance in gaining immediate access to the information in the Records as the Receiver may in its discretion require including providing the Receiver with instructions on the use of any computer or other system and providing the Receiver with any and all access codes, account names and account numbers that may be required to gain access to the information.

NO PROCEEDINGS AGAINST THE RECEIVER

8. THIS COURT ORDERS that no proceeding or enforcement process in any court or tribunal (each, a "**Proceeding**"), shall be commenced or continued against the Receiver except with the written consent of the Receiver or with leave of this Court.

NO PROCEEDINGS AGAINST THE DEBTOR OR THE PROPERTY

9. THIS COURT ORDERS that no Proceeding against or in respect of the Debtor or the Property shall be commenced or continued except with the written consent of the Receiver or with leave of this Court and any and all Proceedings currently under way against or in respect of the Debtor or the Property are hereby stayed and suspended pending further Order of this Court.

NO EXERCISE OF RIGHTS OR REMEDIES

10. THIS COURT ORDERS that all rights and remedies against the Debtor, the Receiver, or affecting the Property, are hereby stayed and suspended except with the written consent of the Receiver or leave of this Court, provided however that this stay and suspension does not apply in respect of any "eligible financial contract" as defined in the BIA, and further provided that nothing in this paragraph shall (i) empower the Receiver or the Debtor to carry on any business which the Debtor is not lawfully entitled to carry on, (ii) exempt the Receiver or the Debtor from compliance with statutory or regulatory provisions relating to health, safety or the environment, (iii) prevent the filing of any registration to preserve or perfect a security interest, or (iv) prevent the registration of a claim for lien.

NO INTERFERENCE WITH THE RECEIVER

11. THIS COURT ORDERS that no Person shall discontinue, fail to honour, alter, interfere with, repudiate, terminate or cease to perform any right, renewal right, contract, agreement, licence or permit in favour of or held by the Debtor, without written consent of the Receiver or leave of this Court.

CONTINUATION OF SERVICES

12. THIS COURT ORDERS that all Persons having oral or written agreements with the Debtor or statutory or regulatory mandates for the supply of goods and/or services, including without limitation, all computer software, communication and other data services, centralized banking services, payroll services, insurance, transportation services, utility or other services to the Debtor are hereby restrained until further Order of this Court from discontinuing, altering, interfering with or terminating the supply of such goods or services as may be required by the Receiver, and that the Receiver shall be entitled to the continued use of the Debtor's current telephone numbers, facsimile numbers, internet addresses and domain names, provided in each case that the normal prices or charges for all such goods or services received after the date of this Order are paid by the Receiver in accordance with normal payment practices of the Debtor or

RECEIVER TO HOLD FUNDS

13. THIS COURT ORDERS that all funds, monies, cheques, instruments, and other forms of payments received or collected by the Receiver from and after the making of this Order from any source whatsoever, including without limitation the sale of all or any of the Property and the collection of any accounts receivable in whole or in part, whether in existence on the date of this Order or hereafter coming into existence, shall be deposited into one or more new accounts to be opened by the Receiver (the "**Post Receivership Accounts**") and the monies standing to the credit of such Post Receivership Accounts from time to time, net of any disbursements provided for herein, shall be held by the Receiver to be paid in accordance with the terms of this Order or any further Order of this Court.

EMPLOYEES

14. THIS COURT ORDERS that all employees of the Debtor not previously terminated have been terminated by the granting of the bankruptcy orders in respect of the Debtor (other than 538686 B.C. Ltd.). The Receiver shall not be liable for any employee-related liabilities, including any successor employer liabilities as provided for in section 14.06(1.2) of the BIA, other than such amounts as the Receiver may specifically agree in writing to pay, or in respect of its obligations under sections 81.4(5) or 81.6(3) of the BIA or under the *Wage Earner Protection Program Act*.

PIPEDA

15. THIS COURT ORDERS that, pursuant to clause 7(3)(c) of the Canada *Personal Information Protection and Electronic Documents Act*, the Receiver shall disclose personal information of identifiable individuals to the Purchaser and/or prospective purchasers or bidders for the Property and to their advisors (collectively, a "**Recipient**"), but only to the extent desirable or required to negotiate and attempt to complete one or more sales of the Property (each, a "**Sale**"). Each Recipient to whom such personal information is disclosed shall maintain and protect the privacy of such information and

limit the use of such information to its evaluation of the Sale, and if it does not complete a Sale, shall return all such information to the Receiver, or in the alternative destroy all such information. The purchaser of any Property, including the Purchaser, shall be entitled to continue to use the personal information provided to it, and related to the Property purchased, in a manner which is in all material respects identical to the prior use of such information by the Debtor, and shall return all other personal information to the Receiver, or ensure that all other personal information is destroyed.

LIMITATION ON ENVIRONMENTAL LIABILITIES

16. THIS COURT ORDERS that nothing herein contained shall require the Receiver to occupy or to take control, care, charge, possession or management (separately and/or collectively, "**Possession**") of any of the Property that might be environmentally contaminated, might be a pollutant or a contaminant, or might cause or contribute to a spill, discharge, release or deposit of a substance contrary to any federal, provincial or other law respecting the protection, conservation, enhancement, remediation or rehabilitation of the environment or relating to the disposal of waste or other contamination including, without limitation, the *Canadian Environmental Protection Act*, the *Ontario Environmental Protection Act*, the *Ontario Water Resources Act*, or the *Ontario Occupational Health and Safety Act* and regulations thereunder (the "**Environmental Legislation**"), provided however that nothing herein shall exempt the Receiver from any duty to report or make disclosure imposed by applicable Environmental Legislation. The Receiver shall not, as a result of this Order or anything done in pursuance of the Receiver's duties and powers under this Order, be deemed to be in Possession of any of the Property within the meaning of any Environmental Legislation, unless it is actually in possession.

LIMITATION ON THE RECEIVER'S LIABILITY

17. THIS COURT ORDERS that the Receiver shall incur no liability or obligation as a result of its appointment or the carrying out the provisions of this Order, save and except for any gross negligence or wilful misconduct on its part, or in respect of its obligations under sections 81.4(5) or 81.6(3) of the BIA or under the *Wage Earner*

Protection Program Act. Nothing in this Order shall derogate from the protections afforded the Receiver by section 14.06 of the BIA or by any other applicable legislation.

RECEIVER'S ACCOUNTS

18. THIS COURT ORDERS that the Receiver and counsel to the Receiver shall be paid their reasonable fees and disbursements, in each case at their standard rates and charges, and that the Receiver and counsel to the Receiver shall be entitled to and are hereby granted a charge (the "**Receiver's Charge**") on the Property, not to exceed \$300,000 in aggregate, as security for such fees and disbursements, both before and after the making of this Order in respect of these proceedings, and that the Receiver's Charge shall form a first charge on the Property in priority to all security interests, trusts, liens, charges and encumbrances, statutory or otherwise, in favour of any Person, but subject to sections 14.06(7), 81.4(4), and 81.6(2) of the BIA.

19. THIS COURT ORDERS that the Receiver and its legal counsel shall only be required to pass their accounts from time to time if the Applicant makes a written request to the Receiver for such passing of accounts, in which case the accounts of the Receiver and its legal counsel are hereby referred to a judge of the Commercial List of the Ontario Superior Court of Justice.

20. THIS COURT ORDERS that prior to the passing of its accounts, if so requested, the Receiver shall be at liberty from time to time to apply reasonable amounts, out of the monies in its hands, against its fees and disbursements, including legal fees and disbursements, incurred at the normal rates and charges of the Receiver or its counsel, and such amounts shall constitute advances against its remuneration and disbursements when and as approved by this Court.

GENERAL

21. THIS COURT ORDERS that the Receiver may from time to time apply to this Court for advice and directions in the discharge of its powers and duties hereunder.

22. THIS COURT ORDERS that nothing in this Order shall prevent the Receiver from acting as a trustee in bankruptcy of the Debtor.

23. THIS COURT HEREBY REQUESTS the aid and recognition of any court, tribunal, regulatory or administrative body having jurisdiction in Canada or in the United States to give effect to this Order and to assist the Receiver and its agents in carrying out the terms of this Order. All courts, tribunals, regulatory and administrative bodies are hereby respectfully requested to make such orders and to provide such assistance to the Receiver, as an officer of this Court, as may be necessary or desirable to give effect to this Order or to assist the Receiver and its agents in carrying out the terms of this Order.

24. THIS COURT ORDERS that the Receiver be at liberty and is hereby authorized and empowered to apply to any court, tribunal, regulatory or administrative body, wherever located, for the recognition of this Order and for assistance in carrying out the terms of this Order, and that the Receiver is authorized and empowered to act as a representative in respect of the within proceedings for the purpose of having these proceedings recognized in a jurisdiction outside Canada.

25. THIS COURT ORDERS that the Applicant shall have its costs of this motion, up to and including entry and service of this Order, provided for by the terms of the Applicant's security or, if not so provided by the Applicant's security, then on a substantial indemnity basis to be paid by the Receiver from the Debtor's estate with such priority and at such time as this Court may determine.

26. THIS COURT ORDERS that any interested party may apply to this Court to vary or amend this Order on not less than seven (7) days' notice to the Receiver and to any other party likely to be affected by the order sought or upon such other notice, if any, as this Court may order.

**AFFIDAVIT
(sworn September 10, 2018)**

I, SUSAN MINGIE, of the city of Kitchener, in the Province of Ontario, MAKE
OATH AND SAY:

1. I am a partner with Deloitte Corporate Finance Inc. ("DCF") and, as such, have knowledge of the matters contained in this affidavit.
2. The Kraus Group ("Kraus") is a semi-vertically integrated manufacturer of broadloom / carpet and a distributor of a broad range of non-carpet flooring products sourced internationally and sold to the commercial and residential markets in Canada and the United States through a dealer network and big-box stores. Kraus is headquartered in Waterloo Ontario. The Kraus brand is synonymous with high-quality and on-trend products for over 50 years.
3. Kraus operates out of 21 strategically located distribution centers in North America: 11 dedicated and 10 managed by third parties. Of the dedicated locations, six

are in Canada and five are in the US. Of the 10 managed by third parties, six are in Canada and four are in the US.

4. Kraus has two distinct operations: a soft surface or broadloom/carpet manufacturing division known as the Kraus Carpet Division (“KCD”) and the flooring products distribution or Traded Products Sales division (“TPS”).

(a) KCD, is a semi-vertically integrated manufacturer of residential and commercial broadloom/carpets made from olefin-based polypropylene (“PP”), polyamide-based nylon (“PA”) and polyester-based polyethylene terephthalate (“PET”) yarns. KCD extrudes and spins its own PP and PA yarns and procures PET yarns from third parties for the underlying carpet manufacturing processes. KCD also purchases PP and PA yarns from third-party yarn producers to supplement in-house production, as necessary. KCD sells its carpets through a network of carpet dealers and big-box stores across North America.

(b) TPS distributes a wide-variety of flooring products, catering to over 10,000 commercial and residential customers, including main street commercial and residential sales customers, property management and home builders. Its broad product offering includes stone polymer composite tiles, luxury vinyl tiles, laminate, hardwood, under-pads and carpet-tile flooring.

5. Kraus was acquired by Hilco Capital in 2012. We understand a turnaround plan was implemented upon its acquisition which included, among other things, hiring a new management team and implementing extensive process improvements.

6. TPS has been a profitable and growing division. For the fiscal ended December 31, 2017 it had revenues of C\$118 million.

7. Due to consumer preferences towards hard surface flooring (as a trendier and healthier flooring product) and cheaper broadloom manufactured in China, the carpet sector has continued to experience declining sales and profitability over the last two decades. As a result, the North American carpet manufacturing industry has gone through significant consolidation, with smaller companies failing or getting acquired by the major manufacturers such as Shaw and Tarkett. Due to excess capacity, high fixed manufacturing overhead, and general industry challenges which have resulted in reduced profit margins, KCD's profitability has not improved over time.

The TPS Divestiture Process (“Project Slate”)

8. On March 20, 2018, Hilco engaged Deloitte Corporate Finance Inc. (“DCF”) to manage the sale of the assets of TPS as a standalone business that needed to be carved out of Kraus. To that effect, Hilco and management of Kraus (“Management”) developed a financial model to demonstrate the viability of the carved out TPS from Kraus. A standalone financial model for TPS comprising an income statement for three historical years and one forecasted year as well as a working capital analysis based on the year to date balance sheet was prepared (the “TPS Carve-out Model”). The income statement was based on actual TPS sales and cost of sales, with an allocated selling, general and administration cost structure based on the proportional sales of TPS division. The TPS Carve-out Model yielded a 10% EBITDA margin for FY18 and FY19.

9. DCF's role was to:

- (a) Assist in the preparation of a Confidential Information Memorandum (“CIM”);
- (b) Contact a select strategic group of potential purchasers provided by the Shareholders and Management;
- (c) Identify additional purchasers who would have the industry knowledge and financial ability to consummate a transaction;
- (d) Market the opportunity in a disciplined manner and solicit Expressions of Interest (“EOI”);
- (e) Assist in the population of and management of the data room and the due diligence process;
- (f) Provide a detailed walk-through of the TPS Carve-out Model to all parties in the data room;
- (g) Coordinate and assist with Management Presentations;
- (h) Solicit Letters of Intent (“LOI”); and
- (i) Assist with ad-hoc requests pertaining to the divestiture process.

10. The divestiture process for TPS began with DCF conducting an in-depth due diligence as the sell-side advisor of the TPS Carve-out Model and review of the CIM. In-depth discussions with shareholders and Management were held to facilitate a comprehensive understanding of the businesses prior to refining marketing materials and communicating with prospective purchasers. This process ensured that as advisors, DCF

had the ability to properly position TPS and articulate its investment attributes. Additionally, it also allowed for the identification and anticipation of potential purchaser concerns on a variety of potential issues ranging from growth sustainability, margin trends to supplier risk, to name a few and therefore develop validated responses in order to preserve deal value.

11. The CIM described TPS' business in significant detail. It provided an overview of the following:

- (a) Carve out of the hard surface business (engineered wood, carpet tile and hardwood distribution business) from Kraus;
- (b) TPS' sales and distribution structure;
- (c) An overview of the industry;
- (d) A summary of relevant financial information; and
- (e) A description of the transaction process for the asset purchase.

A copy of the TPS CIM is attached as Exhibit A.

12. Since speed to close, confidentiality, and an asset based transaction structure were a priority for the shareholders, a formal targeted auction was adopted with all parties given the same NDA and CIM, and similar amount of time to review the opportunity. An exhaustive list of potential purchasers were approached and competitive tension was maintained throughout the process in order to yield the highest price for the assets of TPS.

13. The list of potential strategic purchasers provided by the shareholder and management was augmented by DCF to include additional strategic and financial purchasers (the "Prospective Purchasers"). The list included domestic and international strategic and financing purchasers and was prepared based on several sources including:

- (a) Flooring industry association membership listings;
- (b) Analyst reports and research reports on the global carpet and flooring sectors;
- (c) Industry research conducted by DCF to identify financial purchasers with whom such an acquisition would be within their growth strategy and investment criteria. Relevant financial purchasers were narrowed down for their ability to acquire Project Slate and either prior experience in the industry or their ownership in a portfolio company under which Project Slate could be tucked;
- (d) Strategic purchasers were identified with the input of Management and general research to identify parties who would be able and willing to acquire Project Slate as an accretive acquisition; and
- (e) DCF's knowledge of the industry and financial purchasers.

14. The initial purchaser's list for TPS was provided to the shareholders and Management for their input and approval.

15. As part of the sale process, DCF worked with Management to prepare the TPS opportunity summary ("Teaser"), which was distributed to potential purchasers along with a NDA. As is the custom in these processes, the Teaser outlined the acquisition opportunity available on a "no-names" basis, while the NDA provided protection to Kraus Group's interests during the transaction process. A copy of the Teaser is attached under Exhibit B. Following the execution of the NDAs, a password protect electronic copy of the CIM was provided to potential purchasers along with the counter-executed NDA.

TPS Process Timeline

16. The Teaser was distributed to Prospective Purchasers effective March 23, 2018.

17. In total, during the months of March and April 2018, DCF contacted by either phone or e-mail, 30 potential strategic purchasers and 29 financial purchasers. Of the parties contacted, seven strategic purchasers executed the NDA and were provided with the CIM and 14 financial purchasers executed the NDA and also were provided with the CIM. A copy of the strategic and financial purchaser lists are attached as Exhibit C.

18. Outlined in the CIM and in the EOI Process Letter, three EOIs were received on April 13, 2018. The indicated purchase price in the three EOIs were within 5.0 to 7.0 times normalized TPS Carve-out Model EBITDA provided in the CIM. These EOIs were acceptable to the shareholders and all three parties were invited to the next phase of the transaction and attend Management Presentations.

19. During the month of April and May, the three parties were provided access to a Data Room. The Data Room consisted of financial, operational, human resources, legal,

customer and supplier information to assist prospective purchasers to conduct their preliminary due diligence.

20. Three Management Presentations were conducted in late April and early May to a strategic purchaser Strategic #18 (the "Purchaser") and two financial purchasers, both experienced in the flooring distribution industry (Financial #2 and Financial #11). The objective of the Management Presentation is for the potential purchasers to meet management in person and gain a greater understanding of the business, the TPS Carve-out Model, industry dynamics (players, trends, challenges and opportunities) and growth opportunities so that along with their preliminary due-diligence, they can arrive at a well-supported price in their LOI. DCF distributed a draft LOI template to the three prospective purchasers after the Management Presentations.

21. In addition to providing the CIM and access to the Data Room, DCF also facilitated due diligence meetings and conference calls between Management and prospective purchasers, as required.

22. An additional Management Presentation occurred in mid- May with a potential purchaser (Strategic #13) with whom the Management team had prior discussions regarding a merger in 2017. The deal had not been consummated at the time. However, they expressed interest in continuing the discussions based on the CIM.

23. After the Management Presentations, the Purchaser requested exclusivity at a reduced price, which was rejected by the shareholders since early exclusivity (without an exclusivity premium) would not facilitate sufficient purchaser tension and could adversely

affect the transaction price. Strategic #13 was not able to continue in the process as a result of another acquisition that they currently had underway.

24. The two remaining financial purchasers, Financial #2 and Financial #11, performed due diligence on the carve out financial model. However, prior to submitting LOI's they raised concerns around their ability to close in a timely manner (both would require more time to fully validate the TPS Carve-out Model) and at a price commensurate with their EOI's.

25. DCF re-engaged with Strategic #18 with a timeline to close by August 31, 2018. An LOI was signed on May 24, 2018.

26. During the month of June, the Purchaser performed substantial due diligence including financial, IT, operational, sales and marketing as well as assessing integration and separation issues. On July 10, 2018, DCF was notified in writing by the the Purchaser that they would only close a substantially reduced price. Both parties agreed that the exclusivity was no longer in place, and DCF could solicit other offers.

27. During the month of July, DCF re-approached Financial # 2 and Strategic #13, but neither were able to re-engage – Financial #2 would need at least two more months to complete their due diligence and Strategic #13 revisited the opportunity but declined to proceed citing a need to focus on their own business needs at this time. DCF also coordinated a Management Presentation in late July with another financial purchaser (Financial #4) as they had expressed interest after exclusivity had been granted in May to the Purchaser. Financial #4 was unable to provide an EOI as they would require substantial time to perform due diligence.

28. Based on responses received during the TPS Process, DCF determined that approaching additional potential purchasers for interest in the TPS division would not yield any other meaningful opportunities to recover the value of the TPS Division. Furthermore, the deteriorated current financial situation of the Kraus Group of Companies would not allow sufficient time to approach additional potential purchasers

29. Consequently, it was agreed that the best option to maximize value was for DCF to continue to renegotiate a price with the Purchaser. After significant discussions, an LOI was negotiated and accepted on August 9, 2018.

30. As part of the legal and operational due diligence, it was determined based on a common agreement between DCF, Hilco and the Purchaser that a CCAA filing would be necessary to complete the TPS divestiture.

31. As of August 28, 2018, the Purchaser was still conducting legal and operational due diligence and working towards the necessary transition service agreements and integration plan for the closing of the transaction.

The KCD divestiture Process (“Project Champion”)

32. On June 26, 2018, DCF was engaged by the shareholders to assist with the divestiture of KCD. With the final due diligence process underway on TPS with the Purchaser, the shareholders decided to market KCD to align with the closing date for TPS.

33. During the TPS divestiture process, parties were made aware that Kraus would also be divesting of the KCD business. Unfortunately, no party expressed an interest in acquiring the assets and undertaking of the KCD business.

34. The divestiture of KCD was to be based on the transfer of customer relationships; the current order book; all or select raw materials, work-in-process, and finished goods inventory; and manufacturing equipment associated with the high-volume and in-trend SKUs of the business (the "Streamlined Business").

35. The financial information for KCD comprised the sales and gross margins of the Streamlined Business (the "KCD Carve-out Model").

36. DCF's role was to:

- (a) Assist in the preparation of a Confidential Information Memorandum ("CIM");
- (b) Contact a select strategic group of potential purchasers provided by the Shareholders and Management;
- (c) Identify additional suitable purchasers who could gain from carpet manufacturing assets and inventories;
- (d) Market the opportunity in a disciplined manner and solicit Expressions of Interest ("EOI");
- (e) Assist in the population of and management of the data room and the due diligence process;

- (f) Provide a detailed walk-through of the KCD Carve-out Model to all interested parties;
- (g) Coordinate and assist with Management Presentations;
- (h) Solicit Letters of Intent (“LOI”); and
- (i) Assist with ad-hoc requests pertaining to the divestiture process.

37. A CIM was developed to highlight the streamlined business comprising 1024 SKUs (74 in-trend product styles in a variety of colors), identifying the key assets and critical manufacturing employees. A transition plan was developed by Management to facilitate the redeployment of these assets to the location of a potential purchaser in a well-planned manner with full project management support to avoid any inventory or quality control disruptions. These details were provided in the CIM. A copy of the KCD CIM is attached as Exhibit D.

38. DCF, with input from Management, prepared a list of potential strategic purchasers for KCD. The list of Prospective Purchasers was limited to strategic purchasers who would have the ability to integrate the business into another business. The list of Prospective Purchasers included domestic and international strategic purchasers, key supplier and customer relationships, and included:

- (a) Flooring industry association membership listings;
- (b) Analyst reports and research reports on the global carpet and flooring sectors; and

- (c) Input from management.

39. The potential purchaser list for KCD was completed on June 29, 2018 and consisted of 13 approved purchasers by the shareholders. A copy of the strategic and financial purchaser lists is included in Exhibit E.

40. A Teaser for KCD was prepared and circulated with a NDA to approved potential purchasers. A copy of the KCD Teaser is attached as Exhibit F. DCF commenced approaching the KCD potential purchasers on July 4, 2018. Similar to the process with TPS, 6 CAs were executed and CIM's subsequently sent.

41. Of the 6 purchasers that received and reviewed the CIM, 5 did not proceed to request further information nor did they express any interest in meeting with management to discuss the opportunity for several reasons, summarized as follows:

- (a) The KCD opportunity did not present a strategic fit from a geography, technology and/or customer point of view relative to the potential purchaser's existing operations; or
- (b) Purchasers were concerned that the current market has more supply than demand for their carpet business and investment in KCD's assets would not benefit their business

42. Remaining purchasers who were contacted with the KCD Teaser but did not execute a NDA citing no intention to proceed for the following reasons:

- (a) The carpet manufacturing industry in North America is a very tough sector;

- (b) The foreign approached purchasers expressed no interest to invest in North American manufacturing operations; and/or
- (c) No interest to further invest in carpet manufacturing assets.

43. One Management Presentation and a facility tour was conducted on July 27, 2018 for Strategic #13. Subsequently, on August 5, 2018, Strategic #13 indicated they could not complete the sale given the recent acquisition they had undertaken and their concerns with the current state of the North American carpet industry.

44. On August 14, a supplier to KCD (Strategic #45) was approached to acquire the assets of the KCD opportunity. Following execution of the NDA, Strategic #45 obtained access to the dataroom on August 16, 2018 and commenced purchaser due diligence.

45. Based on responses received during the KCD Process, DCF determined that approaching additional potential purchasers for interest in the KCD Division would not yield any other meaningful opportunities to recover the value of the KCD Division. Furthermore, the deteriorated current financial situation of the Kraus Group of Companies would not allow further time to approach additional potential purchasers.

46. Consequently, it was agreed that the best option to maximize value was for DCF to continue to assist with the purchaser due diligence and related negotiations for a probable transaction with Strategic #45. As of September 10, 2018, Strategic #45 remains interested and are still reviewing various options of the KCD opportunity.

TPS Product Overview (Cont.)

Sales performance by product groups

The Company's sales success is attributed to fact that TPS continually delivers new and "on-trend" quality flooring products. The Company's large supplier network and deep relationships, product management and sales capabilities have allowed it to play a significant role in the Canadian and U.S. market.

With over 400 flooring product SKUs in the market, the Company focuses its sales in three different categories: Kraus branded carpet tile, Kraus branded hard surface and vendor branded hard surface flooring products. Across the three categories, the Company has continued to improve its contribution margin over the past three fiscal years, as illustrated below:

FY2015 Sales & Contribution Margin

FY2016 Sales & Contribution Margin

FY2017 Sales & Contribution Margin

The Company's established vendor relationships in North America, Europe and China allow for optimal access to new product releases across vendor branded and Kraus branded products while maintaining control over product costs. This is particular valid for suppliers who manufacture the Kraus branded carpet tile line of products and generate increasingly higher contribution margins.

TPS Operations

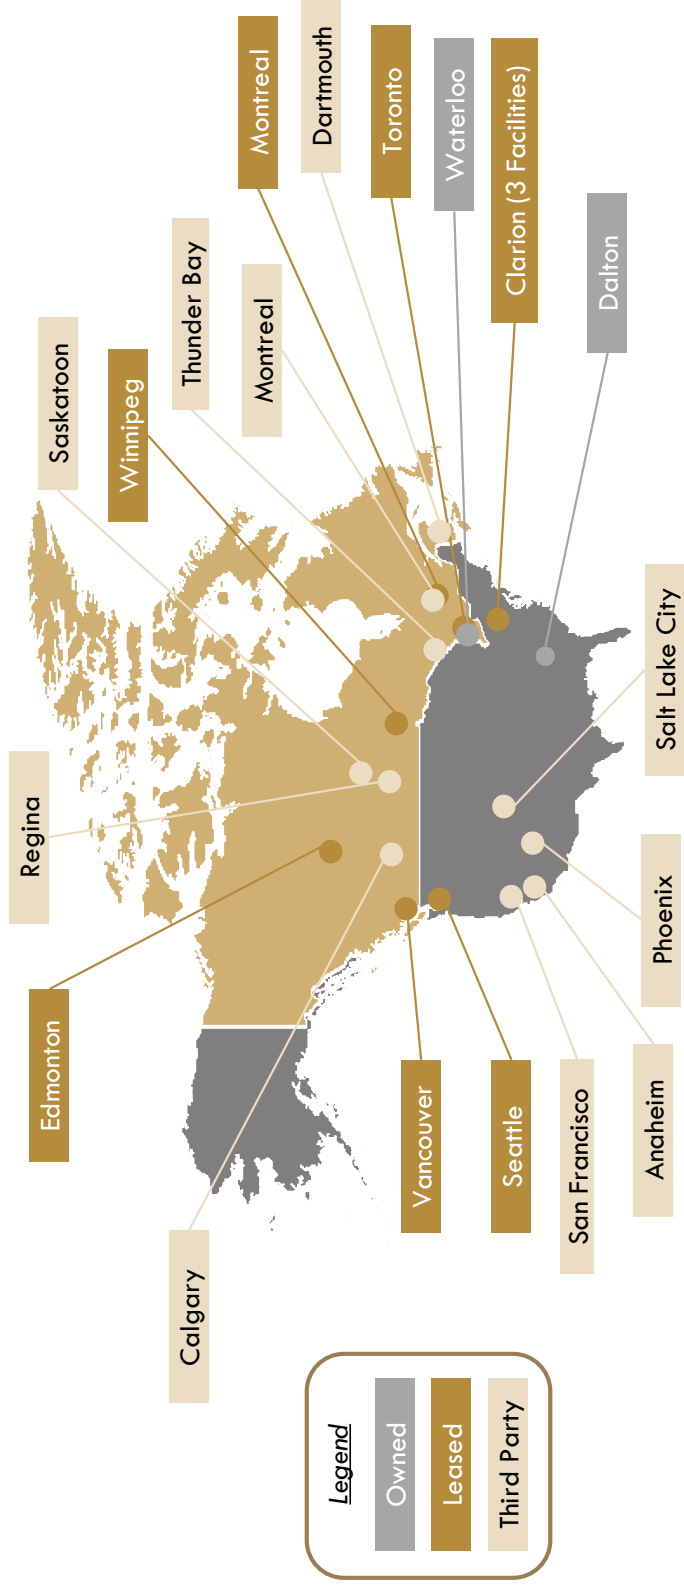

TPS Operations: Distribution Network

TPS' distribution network operates through two distinct operational functions: the distribution network and the dealer/display infrastructure, enabling TPS to concurrently service customer demand and release new "on-trend" products and remain a market leader.

Distribution Network

Kraus' 21 distribution facilities across North America are strategically located to service key markets and customers, as illustrated below:

Note: All distribution facilities of the Kraus Group have been leased by TPS. However, the three facilities leased in Clarion are predominantly used to warehouse the soft surface flooring products of the Group. These three facilities could be closed down by the new owner, thus representing cost synergies for TPS.

TPS Operations: Dealers and Displays

Dealer/Display Infrastructure

The TPS division has built an extensive and lucrative displays and dealers infrastructure throughout the North American flooring market. Displays refer to individual display stands located at flooring retailers (Big Box retailers and flooring specialty stores). Dealers represent relationships with individuals who advocate Kraus products such as architects, designers and contractors.

Display's effectiveness can be measured as the percentage of placed displays that have achieved sales in the previous 12 months. As TPS continues to build its market presence in the south-eastern and south-western U.S market, productivity of displays and dealer networks is still in the process of being optimized resulting in a lower display effectiveness in the U.S compared to Canada.

Dealers and Displays in Canada

Dealers and Displays in U.S

TPS Operations: Suppliers

Suppliers

- To ensure product quality, the TPS division has a stringent procurement model in place which includes quality control assessments, supplier certifications, site visits, capabilities assessments and reference checks for all of its suppliers.
- TPS currently sources parts and components from approximately 30 suppliers, 17 of which are located in North America or Europe. The Company also uses 13 Chinese vendors to supply the Kraus Carpet Tile products. All supply contracts are purchase order based with approximately two weeks and four weeks of lead time for North American and European suppliers, respectively and approximately three months lead time for its Chinese suppliers.

Commentary

TPS' U.S revenue decreased slightly between FY2016 and FY2017 primarily due to turnover of sales staff in the Northwest region. Absent the turnover, TPS U.S successfully completed significant developments including an increase in the number hard surface products offered to U.S customers with a focus on expanding revenues to higher margin carpet tile products.

Commentary

TPS' Canadian market share has remained at 6% between FY2015 and FY2017, despite market contractions. FY2017 Sales in Canada decreased from the prior fiscal year due to macro economic pressure from the downturn in the natural resources sector in Calgary and Edmonton and fiscal policy changes affecting the residential real estate market in British Columbia.

TPS' Canadian revenues also decreased from FY2016 mainly due to a lack of new product launches. Product launches ramped up from two new product launches in 2016 to 18 new product launches in 2017 amplifying the selection of product that are offered to the U.S and Canadian markets.

**Executive
Summary**

Executive Summary

Transaction Overview

- In 2012, Hilco Capital (“Hilco” or the “Shareholders”), a private equity firm based in the UK, with global operations, acquired the Kraus Group of Companies (“Kraus” or the “Group”).
- Headquartered in Waterloo, Ontario, Canada, Kraus is a manufacturer and distributor of flooring products with operations in Canada and the U.S. With over half a century of industry standing, Kraus has grown to become synonymous with high-quality and on-trend products.
- The Group has two distinct operations: a soft surface or broadloom / carpet manufacturing division known as the Kraus Carpet Division (“KCD” or the “Company”) and a flooring products distribution or Traded Products Sales division (“TPS”). The TPS division, was marketed under a separate process.
- The Shareholders are now contemplating the divestiture of all or select assets of KCD.
- EOI’s for KCD will be assessed in the context of: (i) Valuation, (ii) Transaction structure, and (iii) Ability to close on a timely basis.

Company Overview

- KCD is a semi-vertically integrated manufacturer of residential and commercial broadloom / carpets made from olefin-based polypropylene (“PP”), polyamide-based nylon (“PA”) and polyester-based polyethylene terephthalate (“PET”) yarns. The Company extrudes and spins its own PP and PA yarns and procures PET yarns from third-parties for the underlying carpet manufacturing processes. KCD also purchases PP and PA yarns from third-party yarn producers to supplement in-house production, as necessary. KCD sells its carpets through a network of carpet dealers and big-box stores across North America.
- In 2017, management commissioned its sales, marketing and finance group to identify KCD’s most marketable carpet SKUs based on in-trend product styles and designs which were supported by high sales volumes and profitability. As a result of this exercise, 74 Product Styles in a range of colors, approximating 1,020 SKUs were identified. For the purposes of this document, the manufacturing and sales of these sought after 1,020 SKUs are referred to as the streamlined business of KCD (the “Streamlined Business”). The Streamlined Business comprises of a mix of PP, PA, and PET based carpet for the residential and commercial markets and sold through carpet dealers and big-box stores across North America.
- For the fiscal year ended December 31, 2017 (“FY2017”), KCD achieved sales of C\$98.1 million. Of these sales, approximately C\$84.1 million (or approximately 86%) were derived from the sales of the Streamlined Business.

Executive Summary

Investment Opportunity Overview

- The investment opportunity (the “Opportunity”) being offered to potential purchasers includes the acquisition of customer relationships, the current order book, and all or select raw materials, finished goods inventory and manufacturing equipment associated with the Streamlined Business.
- A detailed review by management has confirmed that the sales associated with the Streamlined Business are transferable, whilst maintaining a coherent, value enhancing, on-trend product offering to the existing customer base.
- Significant analysis by KCD’s management, technical support group and seasoned industry consultants has been undertaken to ensure that the Streamlined Business and the volumes associated with it, which equated to approximately 6.9 million square yards of carpet production in FY2017, is readily transferable. This analysis includes identification of the equipment required to manufacture the Streamlined Business, assistance in relocating and commissioning the equipment, an option to hire very capable and seasoned technical staff, and the project management associated with such large equipment moves and ensuring sufficient inventory is on hand to service customers until the equipment is commissioned integrated and operational at the new site.
- Management believes that the Opportunity associated with the Streamlined Business would be of interest to the following parties:
 - **An established carpet manufacturer with available capacity seeking asset utilization improvements and growth through additional SKUs:** Opportunity to continue extruding and spinning the PP and PA yarns or leverage the in-house master-batching expertise to fully outsource the PP, PA and PET yarn production, opt out of acquiring carpet production equipment, acquire the associated raw materials and inventory, and hire the required operational and technical staff;
 - **An established carpet manufacturer with capacity constraints but interested in growth through additional SKUs:** could opt to continue extruding and spinning the PP and PA yarns or leverage the in-house master-batching expertise to outsource the PP, PA and PET yarn production, acquire the required carpet production equipment, acquire the associated raw materials and inventory, and hire the required operational and technical staff;
 - **A PET yarn manufacturer seeking to secure approximately 3.7 million kilograms or just over C\$20.6 million of PET yarn sales (based on FY2017 production), and vertically integrating its business with carpet manufacturing capabilities and thereby further benefit from the incremental carpet manufacturing margin:** Opportunity to acquire the associated equipment, raw materials and inventory.

**Opportunity
Overview**

Opportunity Overview: Carpet Manufacturing Process

11

- KCD is a semi-vertically integrated manufacturer of residential and commercial broadloom / carpets made from PP, PA and PET yarns. The Company extrudes and spins its own PP and PA yarns and procures PET yarns from third-parties for the underlying carpet manufacturing processes. KCD sells its carpets through a network of carpet dealers and big-box stores across North America.
- A simplified schematic of the KCD carpet manufacturing process and assets for sale are highlighted below:

- An opportunity exists for a purchaser to acquire the customer relationships associated with the 1,020 SKUs of the Streamlined Business, the underlying manufacturing equipment and inventory (raw material and finished goods) and in turn benefit from the associated gross profit.
- The Company will assist in the successful transition of assets and inventory, if required.
- KDC also purchases third party PA & PP yarns to supplement and substitute internally produced yarns as necessary.

Opportunity Overview: SKU Selection

- The Streamlined Business (which utilizes yarn systems that can be, or have been outsourced) comprises 1,020 SKUs which are based on 74 Product Styles in different colors. These SKUs represented approximately 86% of the FY2017 sales and generated and approximately C\$22.2 million of going-in-margin (or 26.5% margin).
- Based on the purchaser's preference, all or part of the 1,020 SKUs that would best complement its existing business or represent a new market expansion strategy can be acquired.
- An overview of the 1,020 SKUs in FY2017 by end-market and yarn resin type is summarized below:

*Note: Going-in-margin is sales less standard costs less promotions/rebates. This differs from gross margin as it excludes manufacturing variances, claims, inventory write-downs, prompt payment discounts, and freight costs. For FY2017, the going-in-margin for the KCD total business was 26.5%, and the gross margin was approximately 18.6%.

Opportunity Overview: Strategic and Flexible Offering

13

- By selecting specific SKUs and assets that are of prime interest, a purchaser can maximize the value of the acquired assets by seamlessly incorporating them into their growth strategy. Potential synergies and strategic incentives are as follows:

For an acquirer seeking capacity, acquire or expand high margin PP and PA yarn manufacturing and carpet manufacturing capabilities.

For an acquirer with excess capacity, acquire or expand sales lines through the acquisition of the Streamlined Business and leverage strong customer relationships

Vertical integration by a PET/PA yarn manufacturer to acquire equipment to secure market share of their PET/PA yarns and achieve greater margins through PET carpet manufacturing

Expansion of market share through the delivery of high quality, recently launched and on-trend Streamlined Business SKUs.

Geographic expansion into the US and Canadian market including access to over 5,800 customers in North America.
