THE MOTION IS FOR:

1. An order (the “**Bar Date Order**”) substantially in the form of the draft order attached at Tab 3 of Deloitte’s Motion Record dated September 23, 2021 (the “**Motion Record**”), among other things:
 - (a) Fixing a claims bar date of October 21, 2021 (the “**Bar Date**”) with respect to the Claims Procedure as described in the Claims procedure Order (each as defined below); and
 - (b) such further and other relief as counsel may advise and as this Court deems just.

THE GROUNDS FOR THIS MOTION ARE

Background

1. On February 8, 2018, the Minister of the Environment and Climate Change directed Ontario Electronic Stewardship (“**OES**”) to develop a plan to wind up the Waste Electrical and Electronic Equipment Program pursuant to the *Resource Recovery and Circular Economy Act, 2016*, SO 2016, c 12, Sched 1. OES submitted its wind-up plan (the “**Plan**”) to the Resource Productivity and Recovery Authority (“**RPRA**”) on July 25, 2019. The Plan was conditionally approved by RPRA on August 20, 2019.
2. As contemplated by the Plan, the OES Board of Directors (the “**Board**”) passed a resolution on February 24, 2021 requiring OES to be wound up voluntarily under the provisions of the *Corporations Act*, RSO 1990, C C38 (the “*Corporations Act*”). The Board appointed Deloitte as liquidator effective April 1, 2021.
3. On June 11, 2021, on application to the Court made by Deloitte, in its capacity as privately-appointed liquidator of OES, Mr. Justice Dunphy issued:
 - (a) an Order (the “**Appointment Order**”) appointing Deloitte as court-appointed liquidator (the “**Liquidator**”), without security, of all of the assets, undertakings

and properties of OES including all proceeds thereof or any sum or balance due from any contributory to which OES is entitled (the “**Property**”) for the purpose of winding up the business and affairs of OES and distributing the Property; and

- (b) an Order (the “**Claims Procedure Order**”) approving a procedure for the identification, quantification, and resolution of claims of creditors of OES (the “**Claims Procedure**”).
4. At the hearing of the Application, his Honour Justice Dunphy directed that the Claims Procedure Order contemplate the Liquidator bringing a motion to the Court at a later date for an order setting a claims bar date following adequate notice (the “**Notice**”) to Known Claimants (as defined in the Claims Procedure Order) that had not yet filed a Proof of Claim (as defined in the Claims Procedure Order) in accordance with the provisions of the Claims Procedure Order.

Applicable Legislation

- 5. The *Waste Diversion Transition Act, 2016*, SO 2016, c 12, Sched 2 (the “**Transition Act**”) is the main statute governing OES’ operations and wind up;
- 6. The Transition Act provides that the wind up of an organization such as OES must be conducted in accordance with the provisions of the *Corporations Act*;
- 7. The *Corporations Act* provides that the identification and determination of any claim against a winding up entity must be conducted in accordance with the process contemplated in the *Ontario Assignment and Preferences Act*, RSO 1990, c A33 (the “**Assignments and Preferences Act**”);

The Bar Date Order

- 8. Paragraph 18 of the Claims Procedure Order provides:

“as soon as practicable following the Proof of Claims Filing Date, and in any case no less than three (3) days following the delivery

of the [Notice], the Liquidator shall bring a motion to the Court, on notice to the Service List and Known Claimants..., for an Order (the “Bar Date Order”) providing, amongst other things, for a date (the “Bar Date”)...”

9. The Proof of Claims Filing Date (as defined in the Claims Procedure Order), being August 31, 2021, has passed. The Liquidator seeks the Bar Date Order in order to complete the Claims Procedure and continue with the winding up of OES in accordance with the Plan.
10. The Liquidator has acted pursuant to, and in accordance with, the terms of the Claims Procedure Order to date. The Liquidator:
 - (a) delivered the Notice to all Known Claimants and potential Claimants (each as defined in the Claims Procedure Order) with respect to both the Proof of Claims Filing Date (as defined in the Claims Procedure Order) and the Liquidator’s intention to seek the Bar Date Order on September 13, 2021; and
 - (b) delivered a further notice to the Known Claimants that had not yet filed a Proof of Claim, advising such Known Claimants of this Motion for the granting of the Bar Date Order, providing a link to the Liquidator’s Website where the Liquidator’s Motion Record and supporting documentation would be available for download, and providing interested parties with information regarding how to request attendance at the hearing of this Motion on September 23, 2021.
11. It is appropriate for the Court to grant the Bar Date Order at this time.

Other Grounds

12. The provisions of the Transition Act and the regulations thereunder, including Ontario Regulation 357/17: Industry Funding Organizations — Rules That Apply on Winding Up;
13. Part VI of the *Corporations Act*, as modified by Ontario Regulation 357/17: Industry Funding Organizations — Rules That Apply on Winding Up, including, per section 260 of the *Corporations Act*, sections 25, 26, and 27 of the *Assignments and Preferences Act* for the purpose of proving claims;
14. Such further and other grounds as counsel for the Applicant may advise and this Court may permit.

DOCUMENTARY EVIDENCE

15. The following documentary evidence will be used at the hearing of the motion:
 - (a) The first report of the Liquidator, Deloitte Restructuring Inc. dated September 23, 2021, including the appendices thereto; and
 - (b) Such further and other materials as counsel for Deloitte may advise and as this Court may permit.

INTRODUCTION AND BACKGROUND

1. On February 8, 2018, the Minister of the Environment and Climate Change directed Ontario Electronic Stewardship (“**OES**”) to develop a plan to wind up the Waste Electrical and Electronic Equipment Program pursuant to the *Resource Recovery and Circular Economy Act, 2016*, SO 2016, c 12, Sched 1. OES submitted its wind-up plan (the “**Plan**”) to the Resource Productivity and Recovery Authority (“**RPRA**”) on July 25, 2019. The Plan was conditionally approved by RPRA on August 20, 2019.
2. As contemplated by the Plan, the OES Board of Directors (the “**Board**”) passed a resolution on February 24, 2021 requiring OES to be wound up voluntarily under the provisions of the *Corporations Act*, RSO 1990, C C38 (the “**Corporations Act**”). The Board appointed Deloitte Restructuring Inc. (“**Deloitte**”) as liquidator effective April 1, 2021.
3. On June 11, 2021, on application made by Deloitte, in its capacity as privately-appointed liquidator of OES, to the Ontario Superior Court of Justice (Commercial List) (the “**Court**”), Mr. Justice Dunphy issued:
 - (a) an Order (the “**Appointment Order**”) appointing Deloitte as court-appointed liquidator (the “**Liquidator**”), without security, of all of the assets, undertakings and properties of OES including all proceeds thereof or any sum or balance due from any contributory to which OES is entitled (the “**Property**”) for the purpose of winding up the business and affairs of OES and distributing the Property; and
 - (b) an Order (the “**Claims Procedure Order**”) approving a procedure for the identification, quantification, and resolution of claims of creditors of OES.

A copy of the Appointment Order and the Claims Procedure Order, as granted, are attached as **Appendix “1”** and **Appendix “2”**, respectively.
4. The proceedings (hereinafter referred to as the “**Winding Up Proceedings**”) were commenced by way of an application made by Deloitte (the “**Application**”) under sections 243, 244 and 246 of the *Corporations Act*. The *Corporations Act* provides at section 260 that the identification and determination of any claim against a winding up entity must be conducted in accordance with the process contemplated in sections 25-27 of the *Assignments and Preferences Act*, RSO 1990, c A33 (the “**Assignments and Preferences Act**”).

5. Further background information pertaining to the commencement of the Winding Up Proceedings can be found in the Affidavit of Richard Williams sworn May 31, 2021, a copy of which is attached without exhibits as **Appendix “3”**.

PURPOSE OF THE FIRST REPORT

6. The purpose of this first report of the Liquidator (the “**First Report**”) is to:
 - (a) inform the Court of the Liquidator’s activities so far in the Winding Up Proceedings, including in implementing the Claims Procedure Order; and
 - (b) provide the Court with information in support of the Liquidator’s motion returnable before the Court on October 8, 2021, by zoom video-conference at 11:00 am, for an order (the “**Bar Date Order**”), made pursuant to both paragraph 18 of the Claims Procedure Order and section 260 of the Corporations Act, fixing a claims bar date of October 21, 2021 (the “**Bar Date**”).

TERMS OF REFERENCE AND DISCLAIMER

7. In preparing this First Report, the Liquidator has relied upon certain audited and unaudited financial information, and other information contained in the books and records of OES (collectively, the “**Information**”). 8. This First Report has been prepared for the use of the Court to provide general information and an update regarding the Winding Up Proceedings for the purpose of assisting the Court in making a determination as to whether to approve the relief sought. This First Report should not be relied on for any other purpose. The Liquidator will not assume responsibility or liability for losses incurred as a result of the circulation, publication, reproduction or use of this First Report contrary to the provisions of this paragraph.
9. Capitalized terms not defined in this First Report are as defined in the Claims Procedure Order.

13. Following the issuance of the Claims Procedure Order, the Liquidator took immediate steps to implement the Claims Procedure.
14. On June 14th, 2021, the Liquidator posted the Claims Procedure Order appending the Claims Package and the Notice to Claimants to the Liquidator's Website.

15. On or about June 24th, 2021 the Liquidator sent Claims Packages to 1,969 Known Claimants by email to the last known email address of the Known Claimants set out in the books and records of OES.
16. On Friday, June 25th and Friday, July 2nd, 2021, the Liquidator published the Notice to Claimants in *The Globe and Mail* (National Edition). On Sunday, June 27th and Sunday, July 4th, 2021, the Liquidator published the Notice to Claimants in the *Toronto Star*. A copy of the Notice to Claimants published in the *Globe and Mail* and the *Toronto Star* are attached as **Appendix “5”** and **Appendix “6”**, respectively. With respect to the Notice to Claimants published in the *Toronto Star*, advertisements of this nature are only available for publication on Sundays. Accordingly, the Notice to Claimants was posted in the Sunday edition of the *Toronto Star* rather than a Business Day (as called for under the terms of the Claims Procedure Order), as the *Toronto Star* has a larger readership than alternative publications that were available.
17. Following the delivery of Claims Packages to the Known Claimants, 4 Known Claimants filed Proofs of Claim with the Liquidator. RPRA filed a Proof of Claim for future amounts owing to it pursuant to applicable legislation. Another Known Claimant filed a Proof of Claim, the quantum of which is disputed by the Liquidator. At the time of filing this First Report, discussions between that Known Claimant and the Liquidator continue. Another two Known Claimants each filed a Proof of Claim, the amounts of which are each admitted by the Liquidator. Other than previously stated, no other Proof of Claim(s) have been returned to the Liquidator.
18. On Monday, September 13th, 2021 the Liquidator sent the Notice to Known Claimants advising such Known Claimants of the Liquidator’s intention to seek the Bar Date Order.
19. Following the delivery of the Notice, the hearing date for the Liquidator’s motion to seek the Bar Date Order was rescheduled to October 8, 2021 (the “**Hearing Date**”), given the Court’s closure for the observance of the National Day for Truth and Reconciliation.
20. On Thursday, September 23, 2021 the Liquidator delivered a further notice to the Known Claimants that had not yet filed a Proof of Claim, advising such Known Claimants of the Hearing Date, providing a link to the Liquidator’s Website where the Liquidator’s Motion Record and supporting documentation would be available for download, and providing interested parties with information regarding how to request attendance at the hearing of the motion for the Bar Date Order. A copy of the notice sent September 23, 2021 is attached as **Appendix “7”**.

Aggregate Additional Proofs of Claims Filed:	\$240,930.12
Aggregate Additional Claims Disputed:	\$151,498.30
Aggregate Additional Claims Admitted:	\$89,431.82

Other Activities

22. In addition to the foregoing, the Liquidator has:

- (a) Developed a data management plan with respect to the preservation and transfer of data (the “**OES Data**”) held by OES and by the Electronic Products Recycling Association (“**EPRA**”) in its capacity as administrative agent of OES;
- (b) Taken steps to preserve and transfer the OES Data as contemplated by the data management plan;
- (c) Prepared and filed GST/HST returns on behalf of OES;
- (d) Maintained and reconciled the Liquidator’s trust account, including the settlement of obligations incurred after the issuance of the Appointment Order;
- (e) Corresponded with creditors, RPRA, EPRA and other stakeholders; and
- (f) Engaged Deloitte LLP to pursue a recovery of GST/HST remitted prior to the issuance of the Appointment Order. Depending on the outcome of the communications between Deloitte LLP and Canada Revenue Agency, the Liquidator will consider the appropriate next steps in order to pursue the recovery of these amounts.

BAR DATE ORDER

23. Paragraph 18 of the Claims Procedure Order provides that:

“as soon as practicable following the Proof of Claims Filing Date, and in any case no less than three (3) days following the delivery of the [Notice], the Liquidator shall bring a motion to the Court, on notice to the Service List and Known Claimants..., for an Order (the “**Bar Date Order**”) providing, amongst other things, for a date (the “**Bar Date**”)...”

24. As discussed above, the Proof of Claims Filing Date, August 31, 2021, has passed. The Liquidator seeks the Bar Date Order at this time in order to complete the Claims Procedure and continue with the winding up of OES in accordance with the Plan.
25. The relief sought in this motion is pursuant to and in accordance with, the terms of the Claims Procedure Order, and ample notice of both the Proof of Claims Filing Date and the Bar Date Order has been given to all Known Claimants and potential Claimants to date. In light of the foregoing, it is the Liquidator’s opinion that it is appropriate for the Court to grant the Bar Date Order at this time.

LIQUIDATOR’S RECOMENDATION

26. The Liquidator submits this First Report to the Court in support of the Liquidator’s motion for the relief as set out in the Notice of Motion dated September 23, 2021, and recommends that the Court grant the Bar Date Order, as filed at Tab 3 of the Liquidator’s Motion Record dated September 23, 2021

All of which is respectfully submitted this 23rd day of September, 2021.

- (d) accept (in whole or in part), any Claim and so notify the Claimant in writing; and
- (e) revise or disallow (in whole or in part) any Claim and so notify the Claimant in writing.

20. **THIS COURT ORDERS** that where a Claim has been accepted by the Liquidator in accordance with this Claims Procedure Order, such Claim shall constitute such Claimant's Proven Claim. The acceptance of any Claim or other determination of same in accordance with this Claims Procedure Order, in full or in part, shall not constitute an admission of any fact, thing, liability, or quantum or status of any claim by any Person, save and except in the context of these Proceedings. In these Proceedings, a Claim shall be deemed accepted by the Liquidator (i) if included in a Pre-Populated Proof of Claim, (ii) if,

following the receipt of a Proof of Claim, the Liquidator does not issue a Notice of Revision or Disallowance pursuant to paragraph 21 hereof, or (iii) as resolved in accordance with paragraphs 21 and 22 hereof.

RESOLUTION OF CLAIMS

21. **THIS COURT ORDERS** that as soon as practicable after a Proof of Claim is received by the Liquidator in accordance with this Claims Procedure Order, the Liquidator may attempt to resolve and settle the Claim with the Claimant. If, in the Liquidator's determination, the Claim cannot be resolved or settled, the Liquidator shall issue a Notice of Revision or Disallowance in respect of such Claim.

22. **THIS COURT ORDERS** that any Claimant who wishes to dispute a Claim as stated in a Notice of Revision or Disallowance, shall bring, within 30 days of the deemed receipt of the Notice of Revision or Disallowance in respect of such Claim, a motion to the Court to seek a determination by the Court of the disputed Claim.

NOTICE OF TRANSFEREES

23. **THIS COURT ORDERS** that the Liquidator shall not be obligated to give notice to or otherwise deal with the transferee or assignee of a Claim unless and until actual notice of the transfer or assignment, together with satisfactory evidence of the existence and validity of such transfer or assignment, shall have been received and acknowledged by the Liquidator in writing. Thereafter, such transferee or assignee shall, for all purposes hereof, constitute the "Claimant" in respect of such Claim. Any such transferee or assignee of a Claim shall be bound by any notices given or steps taken in respect of such Claim in accordance with this Claims Procedure Order prior to the receipt and acknowledgment by the Liquidator of satisfactory evidence of such transfer or assignment. A transferee or assignee of a Claim takes the Claim subject to any right of set-off to which OES may be entitled with respect to such Claim. For greater certainty, a transferee

or assignee of a Claim is not entitled to set off, apply, merge, consolidate or combine any Claims assigned or transferred to it against or on account or in reduction of any amounts owing by such Person to OES.

24. **THIS COURT ORDERS** that if a Claimant or any subsequent holder of a Claim, who in any such case has previously been acknowledged by the Liquidator as the holder of the Claim, transfers or assigns the whole of such Claim to more than one Person or part of such Claim to another Person, such transfers or assignments shall not create separate Claims and such Claims shall continue to constitute and be dealt with as a single Claim notwithstanding such transfers or assignments. The Liquidator shall not, in each case, be required to recognize or acknowledge any such transfers or assignments and shall be entitled to give notices to and to otherwise deal with such Claim only as a whole and then only to and with the Person last holding such Claim, provided such Claimant may, by notice in writing delivered to the Liquidator, direct that subsequent dealings in respect of such Claim, but only as a whole, shall be dealt with by a specified Person and in such event, such Person shall be bound by any notices given or steps taken in respect of such Claim with such Claimant or in accordance with the provisions of this Claims Procedure Order.

SERVICE AND NOTICES

25. **THIS COURT ORDERS** that the forms of notice to be provided in accordance with this Claims Procedure Order shall constitute good and sufficient service and delivery of notice of this Claims Procedure Order and the Proof of Claims Filing Date on all Persons who may be entitled to receive notice and who may assert a Claim and no other notice or service need be given or made and no other documents or material need be sent to or served upon any Person in respect of this Claims Procedure Order.

26. **THIS COURT ORDERS** that the Liquidator may, unless otherwise specified by this Claims Procedure Order, serve and deliver the Claims Package, and any letters, notices or other documents (a “**Communication**”) to the Claimants or any other interested Person by forwarding true copies thereof by prepaid ordinary mail, registered mail, courier, personal delivery, facsimile transmission or email to such Persons at the physical or electronic address, as applicable, last shown on the books and records of OES or

set out in such Claimant's Proof of Claim; provided, however, that if the Liquidator receives notice that the Communication cannot be delivered at the address used by the Liquidator and the Liquidator has an alternative address for such Claimant, the Liquidator shall attempt to deliver the Communication to such alternate address. Any such service and delivery shall be deemed to have been received: (a) if sent by ordinary mail or registered mail, on the third Business Day after mailing; (b) if sent by courier or personal delivery, on the next Business Day following dispatch; and (c) if delivered by facsimile transmission or email by 5:00 p.m. on a Business Day, on such Business Day and if delivered after 5:00 p.m. or other than on a Business Day, on the following Business Day.

27. **THIS COURT ORDERS** that any notice or communication (including Proofs of Claim) to be given under this Claims Procedure Order by any Person to the Liquidator shall be in writing in substantially the form provided for in this Claims Procedure Order and will be sufficiently given only if delivered by email, or if it cannot be given by email by prepaid registered mail, courier or personal delivery, addressed to:

Any such notice or communication delivered by a Claimant shall be deemed to be received upon actual receipt thereof during normal business hours on a Business Day or if delivered outside of normal business hours, the next Business Day.

28. **THIS COURT ORDERS** that if during any period during which notices or other communications are being given pursuant to this Claims Procedure Order, a postal strike or postal work stoppage of general application should occur, such notices, notifications or other communications sent by ordinary or registered mail and then not received shall not, absent further order of this Court, be effective and notices and other

communications given hereunder during the course of any such postal strike or work stoppage of general application shall only be effective if given by courier, personal delivery, facsimile transmission or email in accordance with this Claims Procedure Order.

29. **THIS COURT ORDERS** that in the event that this Claims Procedure Order is later amended by further order of the Court, the Liquidator shall post such further order on the Liquidator's Website, and such posting shall constitute adequate notice to Claimants of such amended Claims Procedure.

MISCELLANEOUS

30. **THIS COURT ORDERS** that notwithstanding the terms of this Claims Procedure Order, the Liquidator may apply to this Court from time to time for directions from this Court with respect to this Claims Procedure Order, or for such further order or orders as it may consider necessary or desirable to amend, supplement or clarify the terms of this Claims Procedure Order.

31. **THIS COURT ORDERS** that this Claims Procedure Order shall have full force and effect in all provinces and territories in Canada, outside Canada and against all Persons against whom it may be enforceable.

32. **THIS COURT HEREBY REQUESTS** the aid and recognition of any court, tribunal, regulatory or administrative body having jurisdiction in Canada or in the United States, or abroad, to give effect to this Claims Procedure Order and to assist the Liquidator and its respective agents in carrying out the terms of this Claims Procedure Order. All courts, tribunals, regulatory and administrative bodies are hereby respectfully requested to make such orders and to provide such assistance to the Liquidator, as an officer of this Court, as may be necessary or desirable to give effect to this Claims Procedure Order, to grant representative status to OES in any foreign proceeding, or to assist the Liquidator and its respective agents in carrying out the terms of this Claims Procedure Order.

33. **THIS COURT ORDERS** that the Liquidator be at liberty and is hereby authorized and empowered to apply to any court, tribunal, regulatory or administrative body, wherever located, for the recognition of this Claims Procedure Order and for assistance in carrying out the terms of this Claims Procedure Order.

DELOITTE RESTRUCTURING INC.

Applicant

AFFIDAVIT

I, Richard Williams, of Deloitte Restructuring Inc. (“**Deloitte**”), in the Province of Ontario,

MAKE OATH AND SAY:

1. I am a Vice President and Licensed Insolvency Trustee with Deloitte. On February 24, 2021, the members of the board of directors of Ontario Electronic Stewardship (“**OES**”) appointed Deloitte as liquidator (in such capacity, the “**Liquidator**”) of OES, effective April 1, 2021. In connection with Deloitte’s appointment as Liquidator, I have been involved with OES since December 2, 2020, and am generally familiar with OES’ plans for its wind up. As such, I have knowledge of the matters contained in this affidavit and where I have reviewed information given to me by others, I have indicated the sources of that information and I believe the information to be true.
2. Deloitte is applying to this Court for: (i) a wind up and appointment order, substantially in the form attached at Tab 5 of the Applicant’s Application Record, among other things, appointing Deloitte as a court-appointed liquidator with the powers to carry out the wind up of OES under this Court’s supervision; and (ii) a claims procedure order (the “**Proposed**

Claims Procedure Order”), substantially in the form attached at Tab 7 of the Applicant’s Application Record, approving a claims procedure for the identification, quantification and resolution of claims of creditors of OES (the “**Proposed Claims Procedure**”).

BACKGROUND

3. OES is an “Industry Funding Organization” (“**IFO**”) previously responsible for managing the waste diversion program for waste electrical and electronic equipment (“**Electronics**”) in Ontario (the “**OES Program**”).
4. OES administered the OES Program through an operating agreement with the Electronic Product Recycling Association (“**EPRA**”), an industry led not-for-profit organization that operates regulated Electronics recycling programs across Canada.
5. During its operation, the OES Program promoted the re-use and refurbishment of waste Electronics and ensured that the resources found in such waste that could not be re-used were processed and recycled in an environmentally responsible manner.
6. As a result of a directive issued by the Minister of the Environment and Climate Change (now known as the Minister of Environment, Conservation and Parks, the “**Minister**”), the OES Program ceased operating on December 31, 2020 and, on February 24, 2021, the members of the board of directors of OES (the “**Board**”) privately appointed Deloitte as Liquidator effective April 1, 2021.
7. The Liquidator believes that it is both appropriate and in the best interests of OES’ stakeholders that OES’ wind up be conducted through an open, Court-supervised process

overseen by an officer of the Court. This process will also provide a forum for resolving contentious matters, should any arise.

8. Further, as part of its mandate, the Liquidator must ensure that all financial obligations of OES are satisfied. For that reason, the Liquidator is also asking this Court for the Proposed Claims Procedure Order.

APPLICABLE LEGISLATION

9. The *Waste Diversion Transition Act, 2016* (the “**Transition Act**”) is the main statute governing OES’ operations and wind up. The Transition Act also serves as a transition between the OES Program and the new program for managing waste Electronics established pursuant to the *Resource Recovery and Circular Economy Act, 2016* (the “**New Act**”).
10. The Transition Act provides that the wind up of an organization such as OES, if so directed by the Minister, must be conducted in accordance with the provisions of the *Corporations Act* (Ontario), as amended by O. Reg. 357/17 under the Transition Act.
11. The *Corporations Act* provides that the identification and determination of any claim against a winding up entity must be conducted in accordance with the process contemplated in the *Assignments and Preferences Act* (Ontario).

HISTORY OF MINISTERIAL DIRECTIONS AND WIND UP PLANS

12. On February 8, 2018, the Minister directed (such direction, together with its addendum, the “**2018 Direction**”) OES to develop a plan to wind up both the OES Program and the stewardship itself. Attached as **Exhibit “A”** is a copy of the 2018 Direction.
13. The 2018 Direction requires OES to submit its proposed wind up plan for approval to the Resource Productivity and Recovery Authority (“**RPRA**”). RPRA was created by the Government of Ontario to oversee IFOs, their programs and their winding up. The 2018 Direction established June 30, 2020, as the OES Program’s wind up date (the “**June 30 Wind Up Date**”).
14. OES submitted its first proposed wind up plan (the “**First Proposed Plan**”) to RPRA for approval in November of 2018. Attached as **Exhibit “B”** is a copy of the First Proposed Plan.
15. Following the preparation of the First Proposed Plan, OES was successful in a tax appeal against Canada Revenue Agency (the “**CRA**”) and received an approximate \$60.8 million tax refund from CRA (the “**Tax Refund**”).
16. In February 2019, OES submitted a revised wind up plan (the “**Second Proposed Plan**”, together with the First Proposed Plan, the “**Proposed Plans**”) to RPRA for approval to update estimates of OES’ operating surplus funds (“**Surplus Funds**”), resulting largely from the Tax Refund. Attached as **Exhibit “C”** is a comparison document showing the changes between the First Proposed Plan and the Second Proposed Plan.
17. The Proposed Plans stipulated that any Surplus Funds remaining at the end of the OES Program would be disbursed to businesses that bring Electronics into Ontario or

manufacture Electronics for sale in Ontario (“**Stewards**”) since, during the operation of the OES Program, Stewards were charged fees (commonly known as environmental handling fees) (“**Steward Fees**”) that funded the OES Program.

18. On April 2, 2019, the Minister directed RPRA to consult with stakeholders on options to ensure that the Surplus Funds would be used for the benefit of consumers (the “**April 2019 Direction**”). Attached as **Exhibit “D”** is a copy of the April 2019 Direction.
19. RPRA engaged in consultations with stakeholders in June of 2019, presenting them with three options for the Surplus Funds: (i) the creation of a consumer rebate program; (ii) an extension of the June 30 Wind Up Date coupled with a suspension of fees payable by Stewards (the “**Fee Suspension**”); or (iii) a credit that consumers would receive at the point-of-waste or product return.
20. Following those consultations, (i) the Minister issued further directions (the “**July 2019 Directions**”) extending both the wind up date of the OES Program and the Fee Suspension to December 31, 2020; (ii) OES made further revisions to the Second Proposed Plan consistent with the Minister’s direction and submitted the further revised plan to RPRA for approval; and (iii) subject to certain conditions, RPRA approved the further revised wind up plan (the “**Final Wind Up Plan**”). Attached as **Exhibits “E”** and “**F**”, respectively, are copies of the July 2019 Directions and a comparison document showing the changes between the Second Proposed Plan and the Final Wind Up Plan, including the conditions attached by RPRA.

21. In contrast to the Proposed Plans, the Final Wind Up Plan requires that any Surplus Funds held by OES following its wind up be transferred to RPRA to offset registry costs incurred pursuant to the New Act.

TERMINATION OF THE OES PROGRAM AND APPOINTMENT OF LIQUIDATOR

22. The OES Program ended on December 31, 2020. Since that date, OES has not engaged in any further waste diversion programs and has continued to address its legal, financial and operational obligations.
23. On December 1, 2020, the Board initiated a request for proposal process (the “**RFP**”) for a qualified firm to act as Liquidator of OES and wind up the OES Program. Attached as **Exhibit “G”** is a copy of the RFP. As a result of the RFP, the Board selected Deloitte to act as Liquidator.
24. On February 24, 2021, the Board resolved to engage Deloitte as Liquidator effective April 1, 2021, to complete a formal winding up and dissolution of OES. Attached as **Exhibit “H”** is a certified copy of an extract of the minutes of the February 24, 2021 general meeting of the Board.
25. Deloitte’s appointment as Liquidator was approved by RPRA pursuant to O. Reg 357/17.

MANDATE OF THE LIQUIDATOR PURSUANT TO THE RFP PROCESS

26. The mandate granted to the Liquidator pursuant to the RFP process is broad and includes all obligations set forth in the Transition Act and the Final Wind Up Plan that are necessary for

the winding up of the business and affairs of OES and the distribution of its assets and property such as:

- (a) taking possession of, and reviewing, the books and records of OES, and the contracts to which it is a party, to ascertain OES' assets, liabilities and obligations;
- (b) taking possession of, and exercising control over, OES' property and any and all proceeds, receipts and disbursements arising out of, or from, OES' property;
- (c) receiving and collecting all monies and accounts owing to OES and exercising all necessary remedies of OES in collecting such monies including enforcing security, and initiating and defending proceedings as necessary;
- (d) reporting to, and meeting with, affected persons including Stewards, service providers, government officials and the Minister;
- (e) providing regular reports to RPRA regarding the status of the implementation of the Final Wind Up Plan;
- (f) preparing and submitting a final accounting to RPRA of all receipts and disbursements made by the Liquidator in carrying out its mandate;
- (g) preparing a final report to RPRA and the Minister regarding the implementation of the Final Wind Up Plan; and
- (h) filing all required HST and other tax returns and obtaining all necessary clearances from the CRA, and winding up the corporate entity.

27. In my experience, the mandate of the Liquidator is similar in scope to the powers and authority granted to a court-appointed receiver.

LIQUIDATOR'S ACTIVITIES SINCE ITS APPOINTMENT

28. Since its appointment, the Liquidator has worked with EPRA and RPRA to familiarize itself with the applicable legislation, the Final Wind Up Plan, and the affairs of OES generally, including, the financial and operational obligations of OES.
29. In doing so, the Liquidator identified a potential conflict or ambiguity between the terms of the Final Wind Up Plan and rules (the “**Steward Rules**”) related to Steward Fees implemented by OES pursuant to the Transition Act. Attached as **Exhibit “I”** is a copy of the currently applicable Steward Rules.
30. The relevant provisions of the Steward Rules and the Transition Act are as follows:
- (a) *Steward Rules*: Rule 4(3) requires that, where a Steward has paid more fees in a fiscal year than is required (“**Excess Fees**”), OES will either credit or pay the Excess Fees to the Steward; and
 - (b) *Transition Act*: Pursuant to section 35(5) of the Transition Act, OES is permitted to distribute remaining Surplus Funds to RPRA, however such distribution may only occur after all liabilities of OES in respect of the OES Program have been satisfied.
31. The Liquidator identified that the obligation to return Excess Fees pursuant to the Steward Rules likely constituted a financial liability of OES such that Surplus Funds could not be

transferred to RPRA under the Final Wind Up Plan until such financial liability was addressed.

32. To address this conflict or ambiguity, and ensure consistency with the Final Wind Up Plan, the Liquidator proposed to amend the Steward Rules to include a new provision allowing for the distribution of Surplus Funds to RPRA, whether or not comprised of any amounts contemplated under Rule 4(3) of the Steward Rules (the “**Proposed Steward Rules Amendment**”).
33. The Transition Act permits OES to amend Steward Rules after consultation with the Stewards.
34. On May 10, 2021, in accordance with the consultation requirements under the Transition Act, the Liquidator, on behalf of OES, distributed a notice of consultation to Stewards (the “**Notice of Consultation**”) together with a presentation providing an overview of the Proposed Steward Rules Amendment. The Notice of Consultation provided details on the Proposed Steward Rules Amendment, notified stakeholders of consultations, including webinars to be held on May 20 and 21, 2021, and invited stakeholders to submit questions or comments in writing in advance of the webinars.
35. On May 14, 2021, an email (the “**May 14 Email**”) was sent to stakeholders, advising recipients that an updated presentation (the “**Updated Presentation**”) had been posted to the Liquidator’s case website, and extending the deadline to submit questions and comments until May 18, 2021. Attached as **Exhibits “J”, “K” and “L”**, respectively, are copies of the Notice of Consultation, May 14 Email and Updated Presentation.

36. The Liquidator did not receive any objections with respect to the Proposed Steward Rules Amendment. However, Electronics Product Stewardship Canada, an organization representing the vast majority of Stewards that participated in the OES Program, requested that it continue to be consulted with respect to the distribution of Surplus Funds. Attached as **Exhibit “M”** is a summary of the questions and comments received by the Liquidator during the consultation process.

NEED FOR COURT-SUPERVISED PROCESS AND COURT APPOINTMENT OF DELOITTE AS LIQUIDATOR

37. Deloitte worked with OES, EPRA and RPRA in advance of this application to establish its mandate, run a stakeholder consultation process and advise on the best approach to various liquidation issues based on its extensive experience acting as a court-appointed officer.

38. Based on its review of the books and records of OES, the Liquidator has identified that OES has numerous stakeholders ranging from Stewards to service providers in relation to the collection, transportation and processing of waste Electronics.

39. The assets of OES are material and may significantly increase depending on the outcome of certain tax litigation that the Liquidator is considering.

40. In these circumstances, I believe that a court-supervised winding up of OES and the related court appointment of Deloitte as liquidator of OES is just and equitable.

41. A court-supervised process will assist the Liquidator in carrying out its mandate, ensure that the wind up process is open and fair, and if required, will provide an avenue to resolve issues that may arise during the wind up.

42. Additionally, I believe that a court-supervised process and the court-appointment of Deloitte as liquidator is in the interests of the stakeholders and creditors of OES, as it will ensure appropriate public disclosure of information to interested parties and an effective mechanism to complete the wind up of OES.

<p>30 Days Following Receipt of a Notice of Revision or Disallowance</p>	<p>Any Claimant who wishes to dispute a Claim as stated in a Notice of Revision or Disallowance shall bring a motion to the Court to seek a determination by the Court of the disputed Claim, within 30 days of the deemed receipt of the Notice of Revision or Disallowance in respect of such Claim.</p>

NEED FOR THE PROPOSED CLAIMS PROCEDURE

44. I believe that the Proposed Claims Procedure in the Proposed Claims Procedure Order is fair and reasonable in the circumstances.

45. I am advised by Katherine Yurkovich of Gowling WLG (Canada) LLP, counsel to the Liquidator, that the Proposed Claims Procedure is consistent with the proof of claims provisions of the *Assignments and Preferences Act*, which are incorporated by reference into the *Corporations Act*.
46. I believe that the Proposed Claims Procedure will provide Known Claimants and potential unknown Claimants with adequate notice of the Proposed Claims Procedure, and an adequate opportunity to prove their Claims prior to the Claims Bar Date.
47. Additionally, I believe that the adjudication process provided in the Proposed Claims Procedure Order will facilitate the fair and expeditious resolution of any disputes in the circumstance that they may arise.

Questions remain over Liberals' plan as CRB winds down

Income-support programs created over the past 15 months could be used to design fixes to deficiencies in EI system, economists say

PATRICK BRETHOUR

TAX AND SPEND

The Canada Recovery Benefit starts to wind down next month, with a reduction in benefits a first step toward the COVID-19 pandemic income-support program vanishing completely by the fall.

The federal Liberals have yet to spell out what will happen in the long term, beyond promising a two-year consultation period on what permanent changes are needed to employment insurance. But economists say the income-support programs constructed on the fly over the past 15 months could be used to design fixes to many long-standing deficiencies in Canada's EI system.

The CRB, introduced last fall to support self-employed workers and others who did not qualify for regular EI payments, is better attuned to the needs of the modern economy, and does a better job in creating a path back to sustained full-time employment, those economists say.

"The way the CRB is designed, it's very good," says Stéphanie Lluís, an economics professor at the University of Waterloo.

In a recent study published by the Institute for Research on Public Policy, Prof. Lluís and her two co-authors, IRPP research director Colin Busby and University of Michigan Ann Arbor professor Brian P. McCall, concluded that the current structure of EI — which claws back 50 per cent of earnings from a job starting with the very first dollar of wages — provides little incentive for claimants to take part-time or casual work while still receiving benefits.

A better structure, they say, is

A recent study concluded that the current structure of EI — which takes back 50 per cent of earnings from a job starting with the very first dollar of wages — doesn't provide much incentive for claimants to take part-time or casual work while receiving benefits. YADER GUZMAN/THE GLOBE AND MAIL

one that allows claimants to earn some wages below a threshold without any reduction in benefits, and only then introduces a clawback at higher levels, but still allows individuals to add to their income through working.

In real life, the federal government has done just that with the CRB, which takes a much different approach than the EI system. Under EI, claimants lose 50 cents for every dollar they earn; once their earnings equal 90 per cent of their benefit, the clawback increases to 100 per cent. Every extra dollar of earnings is simply transferred to the government, eliminating any economic incentive for further work.

Pilot projects from 2005 to 2012 exempted some earnings, but then reduced benefits dollar for dollar beyond that point. That approach encouraged claimants to work, but only up to the point the clawback kicked in.

The CRB, designed on the fly during the pandemic, works much differently — and looks a lot

like the system that Prof. Lluís and her colleagues recommend. Under the CRB's rules, claimants can earn up to \$38,000 in a tax year before benefits are reduced at all. At that point, there's a 50-per-cent clawback, the same rate as the one for EI claimants. But for CRB recipients, that rate does not rise to 100 per cent, meaning there is still an economic incentive to continue working while receiving benefits.

The IRPP study suggests a clawback rate of 40 per cent, but Prof. Lluís said there is nothing magic about that number. An optimal rate could be higher or lower, and would depend on further research, she said, adding that better data are also needed on how EI claimants respond to incentives to work while receiving benefits.

The timing of the clawback is another way the CRB is better than EI, Prof. Lluís says. Under EI, the clawback is calculated on a weekly basis, discouraging recipients from accepting full-time work lasting a short time. Not so under the CRB: Clawback calcula-

tions are done on an annual basis. So, a worker offered a short-term contract has a much stronger economic incentive to accept a job offer under the CRB's rules.

The broader reach of the CRB is another advantage compared with EI, says David Macdonald, senior economist with the Canadian Centre for Policy Alternatives. Part-time and self-employed workers are more easily able to qualify for benefits.

Another pandemic-spurred innovation worth keeping, he says, is the minimum payment levels established. Pre-pandemic rules for EI set benefits at 55 per cent of a recipient's average insurable weekly earnings. The CRB pays a fixed weekly amount of \$500, or \$450 after a withholding tax is deducted. EI now has a \$500 minimum, too, and recipients can be paid more if their insurable earnings are high enough.

A minimum weekly payment helps out lower-paid workers, particularly part-timers, Mr. Macdonald said. But Prof. Lluís and

other economists have said those minimum payments could become a disincentive for claimants to return to low-paid work.

However, the government is moving to reduce CRB payments after July 17, with weekly amounts for new claims falling to \$300. The CRB is scheduled to end in late September, although Ottawa has allowed for the extension of the program until as late as Nov. 20, if public-health considerations require it. And the government has extended income supports and other programs shortly before their expiry dates several times during the pandemic.

Maria Lily Shaw, an economist at the Montreal Economic Institute, said Ottawa's decision during the pandemic to reduce the regional disparities in qualifying standards for EI benefits was a positive move, and should be made permanent. Ms. Shaw said a nationwide standard would make EI harder to access in the Atlantic provinces, and discourage seasonal workers from using it as a permanent source of income. "You have to break the dependence that's been created," she said.

But Ottawa did not make it harder for workers in areas of high unemployment to qualify; it made it easier for claimants elsewhere.

So far, the government has proposed just limited changes, most notably the extension to September, 2022, of the uniform national standard for qualifying for EI payments. That will make it easier for part-time workers, for instance, to access benefits.

Broader reforms will take much longer, with the Liberals saying they plan to conduct "targeted consultations" over two years to examine systemic gaps such as income support for self-employed and gig workers.

Any permanent change to the structure of EI will have to wait on the outcome of those consultations.

Tax and Spend examines the intricacies and oddities of taxation and government spending.

Former CDIC head Routledge to become banking regulator's next superintendent

JAMES BRADSHAW
BANKING REPORTER

The federal government has named Peter Routledge as the head of Canada's banking regulator, choosing a former financial analyst and federal policy adviser with a keen understanding of the financial system's intricacies who also has recent experience running a federal agency.

Mr. Routledge will take the helm of the Office of the Superintendent of Financial Institutions (OSFI) for a seven-year term as superintendent on June 29. He moves from his current post as chief executive of the Canada Deposit Insurance Corp., after a stint at the federal Finance Department and a Bay Street career analyzing and rating large Canadian banks and other institutions.

He succeeds Jeremy Rudin, who has led the regulator since 2014 and will step down when his term ends on Monday.

Mr. Routledge possesses a workish familiarity with the inner workings of the capital and liquidity rules that form the backbone of regulation for Canada's financial sector. One of his first big decisions will be when to lift temporary restrictions on dividend payouts and share buybacks implemented in response to the COVID-19 pandemic that have left banks flush with extra capital.

For now he said he favours the position adopted by Mr. Rudin, that "it's better to err on the side of keeping these restrictions on a bit too long than unwinding them a bit early."

He also assumes his new role at a time when OSFI has placed added emphasis on non-financial risks that are gaining prominence, from climate change and cybersecurity to issues of culture and conduct inside banks.

"I'm inheriting an organization that's performed exceptionally well through a once-in-a-century pandemic. I think the financial sector's resilience shone through," Mr. Routledge said in an interview. "Good thing we have that resilience, because we face a risk environment in front of us that will be filled with challenges."

He became CEO of CDIC in 2018, where he reorganized the

deposit insurer's staff and structure while working to raise its profile. Before that, Mr. Routledge served as a senior adviser in the Department of Finance, focusing on policy issues that included financial stability, housing markets and competition in financial services.

That followed a career as a bond rater and analyst, first covering Canadian financial institutions for ratings agency Moody's Canada, and then as an equity analyst at National Bank Financial Inc., where he was managing director of research.

"He has distinguished himself in both the public and private sectors and I know his leadership and eye for innovation will be of immense value, particularly as we navigate the end of the COVID crisis and Canada's economic recovery," said Chrystia Freeland, Deputy Prime Minister and federal Finance Minister, in a statement announcing Mr. Routledge's appointment on Thursday.

As an analyst, Peter Routledge routinely sounded warnings about the risks of high household debt, and he inherits a hot-button file as those risks have risen in recent years, driven by low interest rates and hot housing markets.

In his past roles, Mr. Routledge relished the down-in-the-weeds details of the banking and life insurance sectors, and developed instincts to look for emerging risks. Colleagues say he is a steady, even stoic presence.

"He has a sharp policy mind and strong leadership skills," said Carolyn Rogers, Secretary-General of the Basel Committee on Banking Supervision, who worked with Mr. Routledge when she was a senior official at OSFI.

As an analyst, Mr. Routledge routinely sounded warnings about the risks of high household debt, and he inherits a hot-button file as those risks have risen in recent years, driven by low

interest rates and hot housing markets. OSFI has toughened underwriting standards for mortgage lenders and twice tightened a stress test for borrowers since 2018, while federal policy makers have made further moves to cool housing price increases.

Mr. Rudin said he thinks, "so far, what we've done in the area of mortgage underwriting has been effective." But he acknowledged initiatives so far "have not solved all of Canada's housing-related problems."

With housing markets remaining hot and prices rising quickly, Mr. Routledge said he favours a "persistent, gradual approach" to regulation to ensure the system can "weather the inevitable volatility."

His predecessor, Mr. Rudin, arrived at OSFI from the federal Finance Department at a time when regulators were building a new capital regime to make banks more resilient after the global financial crisis of 2008-09. Those efforts compelled banks to build much larger reserves of capital and liquidity, and have helped them stay resilient through the pandemic as their strength has been severely tested.

At the onset of the crisis last year, "we were out there saying, 'You know, Canadians have a lot of things to worry about with this pandemic. One of them is not the stability of the Canadian financial system,'" Mr. Rudin said in an interview this week. "I never pretended that we at OSFI knew how this pandemic was going to play out. But nonetheless, the financial system was ready because it had these broad, adaptable, resilient features."

As those reforms enter their final stages, capital and liquidity are still the "touchstones" of OSFI's approach to preparing the financial system for the next shock, Mr. Rudin said. But the regulator's focus has started to shift. OSFI is in the midst of consultations on new risks from technology and climate change, and has built up internal groups focused on those topics, as well as culture and conduct.

"What we should return our attention to is thinking about resilience in the context of these newer risks that are difficult to quantify, difficult to measure," Mr. Routledge said.

U.S. labour market recovery gaining steam

Economy experiencing boom in demand, but worker shortage is an obstacle, data show

LUCIA MUTIKANI WASHINGTON

The number of Americans filing new claims for unemployment benefits fell more than expected last week, while layoffs plunged to a 21-year low in June, suggesting the labour market recovery from the COVID-19 pandemic was gaining traction.

But a shortage of willing workers is hampering hiring, with other data on Thursday showing a measure of employment at factories contracting in June for the first time in seven months. Manufacturers said they were experiencing “difficulty in hiring and retaining direct labour,” the Institute for Supply Management (ISM) said in its survey of national factory activity, noting that these challenges “across the entire value chain continue to be the major obstacles to increasing growth.”

One respondent in primary metals said “lack of labour is killing us.”

The data were released ahead of Friday’s closely watched employment report for June, which according to a Reuters survey of economists will likely show non-farm payrolls increasing by 700,000 jobs last month after rising by 559,000 in May. The unemployment rate is forecast to tick down to 5.7 per cent from 5.8 per cent.

The economy is experiencing a boom in demand after a reopening made possible by vaccinations against the coronavirus, with more than 150 million Americans fully immunized.

“America’s back to work and an important milestone was reached where new claims are back below the 400,000 barrier after a hiccup at the start of June,” said Chris Rupkey, chief economist at FWDBONDS in New York. “Summer is always the strongest season for hiring each year, and this

Lack of affordable child care and fears of contracting COVID-19 are factors that have been blamed for keeping workers, mostly women, at home. OCTAVIO JONES/REUTERS

year is no exception.” Initial claims for state unemployment benefits dropped 51,000 to a seasonally adjusted 364,000 for the week ended June 26, the Labour Department said. That was the lowest number since March, 2020, when mandatory shutdowns of non-essential businesses were enforced to slow the first wave of COVID-19 infections.

The improvement in claims had appeared to stall in mid-June. Though claims remain above the 200,000-250,000 range that is viewed as consistent with a healthy labour market, they have tumbled from a record 6.149 million in early April, 2020.

Economists polled by Reuters had forecast 390,000 applications for the latest week. There was a big decline in filings in Pennsylvania, which reversed

the prior week’s surge. The state last month upgraded its filing system, and the transition could be causing volatility in the data. There were also large drops in claims in California, Kentucky and Texas.

The claims data could become noisy in the weeks ahead as 25 states with mostly Republican governors pull out of federal government-funded unemployment programs, including a US\$300 weekly cheque, which businesses complained were encouraging the jobless to stay at home. The early termination began on June 5 and will run through July 31, when Louisiana, the only one of those states with a Democratic governor, ends the weekly cheque.

For the rest of the country, these benefits will lapse on Sept. 6. There is no evidence so far of a

surge in job searches in the 20 states that have already ended the federal benefits.

A survey this week by job search engine Indeed found that while the vast majority of the unemployed indicated they would like to start looking for work in the next three months, many did not express a sense of urgency. But rising vaccinations, dwindling savings and the opening of schools in the fall will be key to pulling them back into the labour force.

The claims report showed the number of people continuing to receive benefits after an initial week of aid rose 56,000 to 3.469 million during the week ended June 19. There were 14.7 million people receiving benefits under all programs in mid-June, slightly down from 14.8 million early in the month.

Stocks on Wall Street were trading mostly higher. The dollar edged up against a basket of currencies. U.S. Treasury prices fell.

In a separate report on Thursday, ISM said its index of national factory activity slipped to 60.6 last month from 61.2 in May. A reading above 50 indicates expansion in manufacturing, which accounts for 11.9 per cent of the U.S. economy.

A measure of factory employment contracted for the first time since November. Companies reported hiring or attempting to hire. A significant number reported “employee turnover due to wage dynamics in the markets,” ISM’s Timothy Fiore said.

“It appears that companies are paying up to steal workers from other firms,” said Conrad DeQuadros, senior economic adviser at Brean Capital in New York.

Lack of affordable child care and fears of contracting the coronavirus have also been blamed for keeping workers, mostly women, at home. There were a record 9.3 million job openings at the end of April and 9.3 million people were officially unemployed in May.

A third report from global placement firm Challenger, Gray & Christmas showed job cuts announced by U.S.-based employers tumbled 16.7 per cent to 20,476 in June, the lowest level since June, 2000. Layoffs plummeted 88 per cent compared with June, 2020.

There were 67,975 job cuts in the second quarter, the fewest since the April-June period in 1997. In the first half of this year, layoffs dropped 87 per cent to 212,661, the lowest total for the January-June period since 1995.

“We’re seeing the rubber band snap back,” said Andrew Challenger, senior vice-president at Challenger, Gray & Christmas. “Companies are holding on tight to their workers during a time of record job openings and very high job-seeker confidence. We haven’t seen job cuts this low since the dot-com boom.”

DIY divorces driving up calls to lawyers to ‘repair’ template agreements

DANIELLE EDWARDS HALIFAX

Of all the cases Brian Galbraith has worked on over the years, one that still sticks with him involves a client who divorced his wife using a document they completed themselves.

The owner of Ontario-based Galbraith Family Law said the “do-it-yourself divorce” agreement was favourable to his client. However, when it was challenged by his client’s ex-wife a few years later, a judge ruled the documents “weren’t worth the paper they were printed on.”

“He tried to save a few dollars at the front end by doing it himself and ended up costing himself a lot,” Mr. Galbraith said.

Experts in family law say that as anecdotal evidence suggests a spike in divorces amid the COVID-19 pandemic, the complex nature of the process means it’s often worth hiring proper legal representation at the start in order to prevent a costly, drawn-out affair.

DIY options such as Untie the Knot offer couples access to an uncontested divorce “without the high cost of a lawyer.” For \$899 (or \$499 if you file your own documents) the service claims to guarantee 100-per-cent court approval.

According to Diana Isaac, a partner at Toronto-based family law firm Shulman & Partners, the issue isn’t so much signing a template divorce agreement as it is what could come up in the aftermath.

The firm has seen a spike in interest during the pandemic, she said. From June, 2019, to June, 2020, Shulman & Partners reported a 19-per-cent jump in new clients, including people looking to challenge a DIY divorce.

“These are usually issues that have to go to a trial and going to a trial is very, very expensive,” Ms. Isaac said in an interview. “At times, it could cost six figures.”

Mr. Galbraith said his firm has also reported an increase in clients – numbers are up 30 per cent since last year.

And like Ms. Isaac, Mr. Galbraith said the firm has been doing more “repairing” as well. “My guess would be that doing repairs to an agreement that was done improperly would be many times more expensive than doing it properly the first time,” he said.

Along with having to pour more money into the divorce, Ms. Isaac spoke about the heightened emotional toll that revisiting divorce settlements can have on clients.

“I look at these people and say, ‘Well, had

you come to us in the first instance, it would have been a lot more cost effective,’ and there’s no assurance that you’ll be successful in setting it aside or not.”

In general, most cases the firm sees concerning DIY divorces involve clauses that may have been excluded from the initial agreements, such as settlements on property, spousal support obligations and child care, Ms. Isaac said.

Challenging a divorce agreement starts with a cost-benefit analysis, she said, and if the benefits don’t outweigh the time, effort and funds required to take the matter to court, clients may find themselves stuck with a bad deal.

“You don’t want to pay \$10,000 [just] to get \$11,000,” she said.

Lawyers also need to consider the unique qualities of each case, including figuring out whether one of the parties in the divorce was under duress or if both parties were fully aware of the other’s assets at the time the divorce was finalized.

“No two cases are alike. The area of family law is so factually contingent, so a lot of this is looking at the parties’ circumstances, the family dynamics and tailoring a resolution,” she said.

The increase in DIY divorces may be connected to an overall increase in divorce rates during the pandemic, said Rachel Margolis, a professor at the University of Western Ontario.

Prof. Margolis, who studies how family dynamics shape population change over time, said in an interview that while there aren’t recent numbers on divorce rates in Canada, she expects there could be an increase in separations in the coming years based on data from previous economic recessions.

“During recessions, generally divorce declines because people don’t have the money to get divorced,” Prof. Margolis said.

“During the pandemic I think for a lot of [people], there’s been a lot of sort of reorientation of what people value.”

“My general sense is that the pandemic and everyone being at home will increase the speed of divorces that were going to happen anyway,” Prof. Margolis added.

Both Mr. Galbraith and Ms. Isaac said they recommend couples seek legal advice from experts if they are planning to end their marriage and avoid templates and other DIY services.

“Nobody wants to draw out their matter. No one wants to go to court,” Ms. Isaac said.
