**JOINT APPLICATION FOR AN ASSIGNMENT AND EXTENSION ORDER**

(Sections 11, 11.02 (2) and 11.3 of the *Companies' Creditors Arrangement Act*)

---

**TO THE HONORABLE JUSTICE CHANTAL CORRIVEAU, SITTING IN COMMERCIAL DIVISION IN THE DISTRICT OF MONTREAL, THE APPLICANTS RESPECTFULLY STATE:**

**I. INTRODUCTION**

1. By the present joint application (this “**Application**”), the Applicants, Alaris Royalty Corp. and Integrated Private Debt Fund V LP, seek, on behalf of the Debtors and the Mises-en-cause (collectively, the “**Debtors**”) further orders necessary for the implementation of the transaction (the “**Transaction**”) between the Vendors (as defined below) and FNX-Innov Inc. (formerly 11017870 Canada Inc., “**FNX**”) Thornhill G.P. and 11054953 Canada Inc. (collectively, the “**Purchasers**”), which was approved by this Court pursuant to an *Approval, Vesting, Distribution and Priority Charges Order* dated November 12, 2018 (the “**Approval and Vesting Order**”).
2. All capitalized terms used but not otherwise defined in this Application have the meanings ascribed to them in the Initial Order rendered on August 24, 2018 (as amended on September 21 and November 12, 2018, the “**Initial Order**”).
3. In particular, this Application seeks orders:
  - (a) assigning to FNX the rights, benefits, obligations and interests of the Debtors under various specific agreements (the “**Schedule A Agreements**”) and approving the procedure for notifying the counterparties to such agreements (the “**Counterparties**”); and
  - (b) approving an additional “administrative” assignment procedure similar to the one already approved by this Court, which would allow the Purchasers to identify and seek the assignment of additional agreements and/or Tenders (as defined below) for 90 day period (the “**Additional Administrative Assignment Process**”),

the whole in accordance with the draft Assignment and Extension Order (the “**Proposed Order**”) communicated herewith as **Exhibit A-1**.

4. The Applicants also request an extension of the Stay Period until November 15, 2019, which has become necessary as a consequence of the Court of Appeal of Quebec having granted leave to appeal a decision of this Court. This appeal, which is expected to be disposed of in September 2019, has resulted in FNX being unable to reimburse the transition financing approved as part of the Transaction.
5. The extension to the Stay Period will also allow the Monitor to continue its efforts, in consultation with the Applicants, to realize on the remaining assets of the Debtors and certain other members of the corporate group which are no longer subject to these proceedings (collectively, the “**SM Group**”), namely life insurance policies subscribed for the benefit of certain Debtors as well as claims being asserted in the bankruptcy proceedings of Mr. Bernard Poulin (“**Poulin**”).
6. The Monitor supports the assignment contemplated in the Proposed Order (the “**Proposed Assignment**”) as well as the requested extension to the Stay Period, the whole as will be explained more fully in the Monitor’s Sixth Report to the Court (the “**Monitor’s Sixth Report**”) to be filed prior to the hearing of this Application.

## **II. BACKGROUND**

7. On application of the Applicants, this Court rendered the Initial Order on August 24, 2018 commencing these proceedings under the CCAA (the “**CCAA Proceedings**”). Pursuant to the Initial Order, LGBM Inc. was appointed as Chief Restructuring Officer (the “**CRO**”) and the Monitor was appointed as monitor.
8. On September 21, 2018, this Court issued an order, *inter alia*, amending the Initial Order and extending the Stay Period to November 14, 2018.
9. On November 12, 2018, this Court rendered the Approval and Vesting Order whereby it:
  - (a) approved the Transaction and its governing agreements;
  - (b) discharged and released the CRO from his functions in the CCAA Proceedings and expanded the Monitor’s powers such that the latter has since had effective control over the Debtors’ affairs and operations; and
  - (c) extended the Stay Period and the application of the Initial Order to December 19, 2018.
10. On December 10, 2018, this Court issued an order (the “**First Assignment Order**”), pursuant to which it:
  - (a) authorized the assignment to FNX of the rights, benefits, obligations and interests of the Vendors (as defined in the Approval and Vesting Order) under various specific agreements;

- (b) approved an “administrative” assignment process whereby FNX could seek and obtain the assignment in its favour of the Vendors’ rights, benefits, obligations and interests under additional agreements within a 60 day period following the final closing of the Transaction (the “**Post-Closing Administrative Assignment Process**”); and
  - (c) extended the Stay Period and the application of the Initial Order to March 8, 2019.
11. On December 13, 2018, this Court rendered another assignment order authorizing the assignment to FNX of the Vendors’ rights, benefits, obligations and interests under certain other agreements with the consent of the relevant counterparties and on the same terms as those contemplated in the First Assignment Order.
  12. On February 19, 2019, this Court issued an order (oral reasons reported on April 17, 2019), *inter alia*, assigning certain agreements to FNX, in accordance with the Post-Closing Administrative Assignment Process, and declaring that, for greater certainty, the rights, benefits, obligations and interests of any of the Vendors under one or more bids, tenders, offers, *devis*, *soumissions*, and *offres de services* (collectively, “**Tenders**”) constituted “agreements” within the meaning of the First Assignment Order.
  13. On March 1, 2019, this Court rendered judgment on an Application for Declaratory Judgment filed by the Monitor in connection with the City of Montreal’s right to operate compensation in respect of certain amounts owed to the Vendors (the “**Compensation Judgment**”).
  14. On March 8, 2019, this Court issued an order extending the Stay Period and the application of the Initial Order to May 10, 2019.
  15. On April 10, 2019, the Court of Appeal of Quebec granted leave to the City of Montreal to appeal the Compensation Judgment and established a procedural timetable for the adjudication of such appeal (the “**Pending Appeal**”).

### **III. THE RELIEF SOUGHT IS NECESSARY AND APPROPRIATE**

#### **A. The Proposed Assignment should be approved**

16. The assignment to the Purchasers of the Vendors’ rights, benefits, obligations and interests in agreements to which any of them were a party was an essential feature of the Transaction, which was approved by this Court pursuant to the Approval and Vesting Order.
17. Given that the Vendors were party to more than 2,000 contracts and the necessity to complete the Transaction as soon as possible, for the benefit of all affected stakeholders, the Vendors requested and obtained approval for the Post-Closing Administrative Assignment Process to afford more flexibility to the Purchasers in identifying and seeking the assignment of agreements.

18. In the 60 days following the final closing of the Transaction, the Purchasers identified, sought and in most cases obtained the assignment of various agreements in accordance with the Post-Closing Administrative Assignment Process.
19. Nevertheless and despite the best efforts of the Purchasers, certain agreements which the Purchasers' wish to assign in their favor were only identified after the expiry of the delays governing the Post-Closing Administrative Assignment Process such that it is necessary to seek the assignment of such agreements from this Court.
20. The terms of the Proposed Assignment are substantially similar to those authorized by this Court in the First Assignment Order. In particular, the Proposed Order contemplates:
  - (a) the assignment of the Schedule A Agreements to FNX as of the granting of such order;
  - (b) the Purchasers being entitled to identify and seek the assignment of additional agreements (including Tenders) within 90 days of the granting of such order, in accordance with the Additional Administrative Assignment Process;
  - (c) the limitation of the rights of the counterparties to the Schedule A Agreements and any agreements assigned pursuant to the Additional Administrative Assignment Process (collectively, the "**Assigned Agreements**"), if any, to operate compensation in the same manner as was provided for in the First Assignment Order.
21. The proposed assignment of the Schedule A Agreements involves 97 agreements to which one or more of the Debtors are a party as well as 23 Counterparties.
22. In consultation with the Monitor and the Purchaser, the Applicants issued bilingual assignment notices to most of the Counterparties by email on April 30, 2019. By March 3, 2019, all of the remaining Counterparties had received an assignment notice, a redacted example of which is communicated herewith as **Exhibit A-2**.
23. 62 of the Schedule A Agreements are between one or more of the Debtors and the *Ministère des Transports*, which the Applicants are advised has consented to the proposed assignment of such agreements.
24. With respect to the Additional Administrative Assignment Process, it will permit the Purchasers to seek the assignment of additional agreements, if necessary, without incurring the costs associated with further applications to this Court.

25. The counterparties to any agreements assigned pursuant to the Additional Administrative Assignment Process will have the same protections provided for under the Post-Closing Administrative Assignment Process, approved by the First Assignment Order, such as review by the Monitor and the right of opposition.
  26. It is therefore respectfully submitted that the applicable criteria to effect the Proposed Assignment are satisfied in that:
    - (a) all of the counterparties to the Assigned Agreements have received or will receive notice of the Proposed Assignment;
    - (b) all of the Debtors' rights and obligations under the Assigned Agreements are assignable by their nature and do not arise under any of the prohibited agreements enumerated at section 11.3(2) CCAA;
    - (c) the Monitor has approved the assignment of the Schedule A Agreements and will be called upon to approve the assignment of any of the other Assigned Agreements;
    - (d) FNX will be able to perform the obligations under any Assigned Agreements;
    - (e) the Proposed Assignment is appropriate in the circumstances as it is an essential feature of the Transaction that has been approved by the Court for the benefit of the Debtors' stakeholders;
    - (f) all monetary defaults under the Assigned Agreements that are required to be remedied under the CCAA will be remedied; and
    - (g) each of the Counterparties will receive notification of the Proposed Assignment Order.
  27. Furthermore, as will be addressed below, the Stay Period must, in any event, be extended to allow for the adjudication of the Pending Appeal such that the Additional Administrative Assignment Process will not delay the resolution of the CCAA Proceedings.
  28. Consequently, the Applicants, on behalf of the Debtors and with the support of the Monitor and the Purchasers, respectfully request that the Proposed Assignment be approved and rendered effective in accordance with the terms of the Proposed Order.
- B. The extension of the Stay Period is necessary and appropriate**
29. As noted above, the Court of Appeal of Quebec has granted leave to appeal the Compensation Judgment and has established a timetable which contemplates the hearing of the appeal in September 2019.

30. The Applicants therefore have no choice but to seek the extension of the Stay Period until the Pending Appeal is adjudicated upon in order to allow the Monitor, which is the Respondent to the appeal, to assert its position.
31. Another consequence of the Pending Appeal is that FNX now lacks the necessary liquidity to reimburse the transition financing approved and extended as part of the Transaction (the “**Transition Financing**”), which is due and payable, the whole as appears from letters exchanged between the undersigned attorneys and counsel for FNX dated April 2 and 5, communicated herewith *en liasse* as **Exhibit A-3**.
32. As further appears from this correspondence (A-3), FNX has advised the Applicants that other municipalities have also withheld payments, which, along with the amounts owed by the City of Montreal, total over \$3,500,000, such that it appears unlikely that the Transition Financing will be reimbursed before the Pending Appeal is resolved.
33. Over the course of the coming weeks, the Monitor will continue its efforts to realize on certain remaining assets of the SM Group, namely the life insurance policies covering Poulin and others subscribed for benefit of certain Debtors (the “**Life Insurance Policies**”) as well as claims being asserted by certain members of the SM Group in the bankruptcy proceedings of Poulin.
34. The Monitor has been in the process of soliciting offers in connection with the potential assignment of the Life Insurance Policies to one or more acquirers in consideration of cash payments to be made to the Monitor for the benefit of the Debtors’ creditors, as will be explained in the Monitor’s Sixth Report. Any offers received regarding the Life Insurance Policies will be reviewed by the Monitor and, if accepted, submitted to the Court for approval.
35. With respect to the SM Group’s claims against Poulin, the Monitor has filed proofs of claim in Poulin’s bankruptcy proceedings on behalf of 3215288 Canada Inc. (formerly CSP Security Consulting Inc.), The Group S.M. Group International LP, The S.M. Group Inc. and Les Services de Personnel S.M. inc. (in the latter case, in its capacity as court-appointed Receiver) for amounts totaling more than \$8,000,000 (the “**Bankruptcy Claims**”).
36. The Monitor will continue to assert the Bankruptcy Claims on behalf of the relevant members of the SM Group during the Stay Period. In the event further actions are necessary to assert such claims after the completion of the CCAA Proceedings, appropriate measures will be implemented.
37. It is respectfully submitted that the Applicants and the Debtors, with their affairs now being managed by the Monitor in consultation with the Applicants, have acted, and are acting in good faith and with due diligence.
38. Given the anticipated time of hearing of the Pending Appeal, the extension of the Stay Period and the application of the Initial Order has been sought until November 15, 2019.

#### **IV. CONCLUSION**

39. The relief sought in this Application allows for the most complete implementation of the Transaction, which has permitted the continuation of many aspects of the Business, the whole for the benefit of the hundreds of employees providing services in connection with the Assigned Agreements as well as the Debtors' other stakeholders, including its clients, suppliers and creditors.
40. The Monitor supports the Proposed Assignment as well as the requested extension as appears from the Monitor's Sixth Report.
41. Given the need to assign the Schedule A Agreements as soon as possible to allow for their performance by the Purchasers, it is respectfully requested that this Court order the provisional execution of the Proposed Order, notwithstanding any appeal.

**FOR THESE REASONS, MAY IT PLEASE THE COURT TO:**

**GRANT** the present *Joint Application for an Assignment and Extension Order* (the “**Application**”);

**RENDER** an Order substantially in the form of the draft *Assignment and Extension Order* filed in support of the Application as **Exhibit A-1**;

**THE WHOLE WITHOUT COSTS**, except in the case of contestation.

**RE : Demand for payment of Transition Financing  
Group SMI inc. et al. (No. : 500-11-055122-184)**

---

Dear Sir,

We refer you to the Transition Financing Term Sheet entered into on November 16, 2018 between FNX-Innov Inc., Thornhill G.P. and 11054953 Canada Inc., as Borrowers, as well as Alaris Royalty Corp. and Integrated Private Debt Fund V LP, as Transition Lender, which was approved by the Court on November 12, 2018 (the “**TFA**”). All capitalized terms used but not otherwise defined herein have the meanings ascribed to them in the TFA.

Pursuant to paragraph 12 of the TFA, the Borrowers undertook to repay the Transition Lender six (6) weeks after the Final Closing Date, which was expected to be after the Transition Lender received satisfactory confirmation that all Selected Employees had received their payments under the Wage Earners Protection Program (the “**WEPP Payments**”), which WEPP Payments were to be used to reimburse the advances made by the Borrowers to the Selected Employees.

The Final Closing Date occurred on December 14, 2018 in respect of each of the Vendors, except Enerpro LP, and on January 11, 2019 in respect of Enerpro LP. The requisite confirmation of the WEPP Payments has been received and the amount to be repaid to the Transition Lender under the TFA has been determined to be \$1,798,222 (the “**Repayment Amount**”), which has been due and payable for several weeks, as the Borrowers are well aware.

Indeed, it is unacceptable and contrary to the express terms and spirit of the TFA that the Repayment Amount has not been reimbursed to the Transition Lender despite the fact that the

Borrowers have received the reimbursement of the advances made to the Selected Employees, upon reimbursement of the WEPP Payments to said Selected Employees.

Therefore, on behalf of the Transition Lender, you are hereby called upon to remit the Repayment Amount to the undersigned attorneys, by way of bank draft or certified cheque payable to the order of "McCarthy Tétrault, in trust" no later than **Monday April 15, 2019 at 12:00 p.m.**, failing which the appropriate measures may be adopted by the Transition Lender to obtain reimbursement of the Repayment Amount without further notice or delay.

Nothing contained herein shall constitute a waiver of any default on the part of the Borrowers or of any of the Transition Lender's rights or recourses, all of which are expressly reserved.

Do govern yourselves accordingly.

**Re: Demand for payment of Transition Financing  
Group SMI inc. et al. (No.: 500-11-055122-184)**

Dear Colleague,

As you know, we are the attorneys for FNX-Innov Inc. (“**FNX**”), who has remitted to us your letter dated April 2, 2019 for review and response.

FNX does acknowledge that the Repayment Amount is owing to your clients. However, as your clients well know, FNX has incurred, since the closing in November 2018 (“**Closing**”) over a million dollars in costs, legal and others with regards to the implementation of the Transition Agreement. Moreover, regardless of the significant efforts done by our client, FNX has been unable to collect the receivables owed to it from the City of Montréal, City of Laval as well as City of Longueuil.

As you are aware, the City of Montréal (“**Montréal**”) has filed for leave to appeal from the judgment dated March 1, 2019 and rendered by the Honorable Chantal Corriveau, s.c.j. in the above-mentioned matter (the “**Judgment**”). Pursuant to this Judgment, Montréal was required to issue payment to FNX for all services rendered between August 24, 2018 and November 18, 2018 inclusively (the “**Montréal Receivables**”). As of the date hereof, the Montréal Receivables total approximately **\$2,016,002.88**, which is more than sufficient to reimburse the entirety of the Repayment Amount.

Moreover, the City of Laval (“**Laval**”) and the City of Longueuil (“**Longueuil**”) have effectively piggybacked on Montréal’s approach, such that these municipalities are currently withholding any and all payments to FNX for services rendered after August 25, 2018, including the receivables pertaining to work done after Closing (the “**Laval Receivables**”, the “**Longueuil Receivables**”, and collectively with the Montréal Receivables, the “**Receivables**”). You will

# FASKEN

understand that the apparent connivance between Laval and Longueuil that were not even a party to the Judgment, has further significantly strained FNX's operating cash flow, given that as of the date hereof, Laval Receivables and Longueuil Receivables are estimated at **\$896,730.77** and **\$643,091.66**, respectively.

In such a context, you will understand that FNX is being held "hostage" by the non-payment of the Receivables, which total over **\$3,500,000**. FNX will be vigorously contesting Montréal's Application for Leave to appeal the Judgment presentable on April 10, 2019 (the "**Application**"). The outcome of the Application will have an important impact on FNX's liquidity and its ability to repay, notably, the TFA in a timely manner. After closing a transaction which required great efforts by all the parties involved and which resulted in the preservation of nearly 700 jobs, FNX hopes it can continue to count on your client's collaboration in this final and critical phase of the present matter.

Yours truly,
