1.0 Background

On June 28, 2005, pursuant to an application made by the Manitoba Securities Commission ("MSC") under Section 27 of *The Securities Act*, the Court of Queen's Bench (the "Court") made an Order appointing Deloitte & Touche Inc. ("Deloitte" or the "Receiver") as Receiver and Manager of the Crocus Investment Fund ("Crocus" or the "Fund"). The Receiving Order appointed Deloitte as Receiver over all of Crocus' current and future assets, undertakings and properties and granted the Receiver powers to carry out its duties as outlined in the Order.

Prior to the appointment of the Receiver, Crocus was a Labour-Sponsored Venture Capital Corporation (formerly referred to as a Labour Sponsored Income Fund or LSIF). It was created with the enactment of The Manitoba Employee Ownership Fund Corporation Act, C.C.S.M. c. E95. This Act was launched with the purpose of raising venture capital through the sale of common shares. The proceeds of sale were intended to be invested in eligible Manitoba businesses. The name of the Act was subsequently changed to The Crocus Investment Fund Act ("the Crocus Act") by virtue of Part 2 of The Labour-Sponsored Investment Funds (Various Acts Amended), C.C.S.M. c. C308.

Common shares of the Fund ("Class A shares") were available for purchase by individuals, with the purchase of shares generally being made through Registered Retirement Savings Plans. The Fund offered shares for purchase between 1992 and December 2004 when trading of the shares was suspended.

2.0 Class action

Shortly following the appointment of the Receiver, a Class Action statement of claim ("Class Action") was issued against Crocus, Crocus Capital Inc. and 21 other defendants. The claim sought \$150 million in damages from the defendants for negligence and oppression as well as punitive and exemplary damages. A second Class Action was subsequently filed against the Government of Manitoba (collectively referred to as "Class Actions"). Certain of the defendants namely, certain former officers and directors of Crocus, Wellington West Inc., and BMO Nesbitt Burns Inc. claimed written or statutory indemnities from Crocus for any amounts which they might have been obliged to pay to the class action plaintiffs.

Subsequent to the issuance of the Class Actions, The Receiver made an application for the advice and direction of the Court respecting a distribution to shareholders. The Class Action defendants claiming indemnities opposed any distribution to shareholders at that time. Madam Justice D. McCawley issued a judgement on April 7, 2006 which declined permitting any distribution citing the existence, amongst other things, of the indemnity claims.

The parties in the Class Actions subsequently entered into various settlement agreements the last of which was approved by Mr. Justice K. Hanssen on April 22, 2009. The Orders approving the settlements required affected shareholders to signify that they were opting out of the proposed settlements. In all cases there were insufficient opt outs registered with Deloitte & Touche Inc. as administrator ("Administrator") of the Class Action settlements to set them aside. As of the date hereof, the Class Actions have been settled. Deloitte & Touche Inc., as Administrator is now in possession of the net settlement funds which total approximately \$6.9 million. Attached as Appendix 1 is a statement of receipts and disbursements received from counsel for the Class Action plaintiffs.

Concurrent with the resolution of the Class Action, the Receiver dismissed its action against Crocus' insurer. This action was with respect to the statement of claim which Crocus had issued asking the Court to declare that the legal costs associated with the MSC and Office of the Auditor General investigations were covered by the policy of insurance.

3.0 Assets

In the June 30, 2009 Quarterly Report the Receiver reported that there were two (2) primary assets of the Fund that remained: cash and equivalents totalling approximately \$65.7 million; and the remaining Crocus portfolio comprised of 17 investments with an aggregate book value of approximately \$19.6 million. The Receiver will continue to realize on the balance of the portfolio but is of the view that there is more than sufficient cash to provide for creditor claims and ongoing commitments of the Fund such that a distribution to shareholders should be considered at this time.

4.0 Creditors

4.1 Acknowledged creditors

Since its appointment the Receiver has paid and/or settled most of Crocus' obligations of which it is aware. The Receiver is aware of the following outstanding creditor claims:

- An obligation for a lease of real property at 211 Bannatyne. The lease terminates on September 30, 2016. The gross amount payable for the remaining term of the lease is approximately \$2.8 million.
- An obligation to the Canadian Labour Congress, which is under dispute, with respect to a claim for an unfunded liability for Crocus' portion of the pension plan which is being wound up. The remaining liability has most recently been estimated at \$0.3 million.
- An obligation for certain telephone equipment leases. The last of the leases expire in 2010. The gross amount payable under these leases would not exceed \$20,000.

4.2 Unknown creditors/Claims process

Pursuant to the Order of the Court of Queen's Bench dated July 22, 2009, the Receiver was authorized to advise that any person, not including shareholders of Crocus, with a claim of any kind relating to, or arising from, the operation of Crocus both before and after the appointment of the Receiver must file a Proof of Claim in the prescribed form with the Receiver by no later than August 24, 2009. The Notice as approved by the Court was published in the Winnipeg Free Press on Friday July 24, 2009. In addition, the advertisement was posted on the Receiver's website. A copy of the advertisement is attached as Appendix 2. No additional claims, other than those identified in this report, were identified as a result of the claims process.

4.3 Receiver undertakings

In order to facilitate settlements with the former officers and directors of the Fund, the Receiver agreed to the following undertakings:

- To pay up to \$250,000 to counsel representing the former Directors of the Fund to fund legal expenses for matters related to the ongoing investigation by the Manitoba Securities Commission.
- To hold back \$3.0 million of funds from the first interim distribution to shareholders. This holdback is available for release and distribution after

December 31, 2010 unless a director or officer named in the Class Action seeks indemnification for: judgements, fines, monetary penalties or settlement amounts resulting from the Manitoba Securities Commission proceedings; or any other proceeding initiated against these parties excluding those parties that have opted out of the Class Action litigation. The Receiver is under no obligation to fund these indemnity requests and may dispute the claims if it deems appropriate to do so.

4.4 Receivership expenses

The Receiver continues to incur costs to administer the receivership. These consist primarily of rent, the costs of staffing and maintaining a shareholder services department, and professional fees.

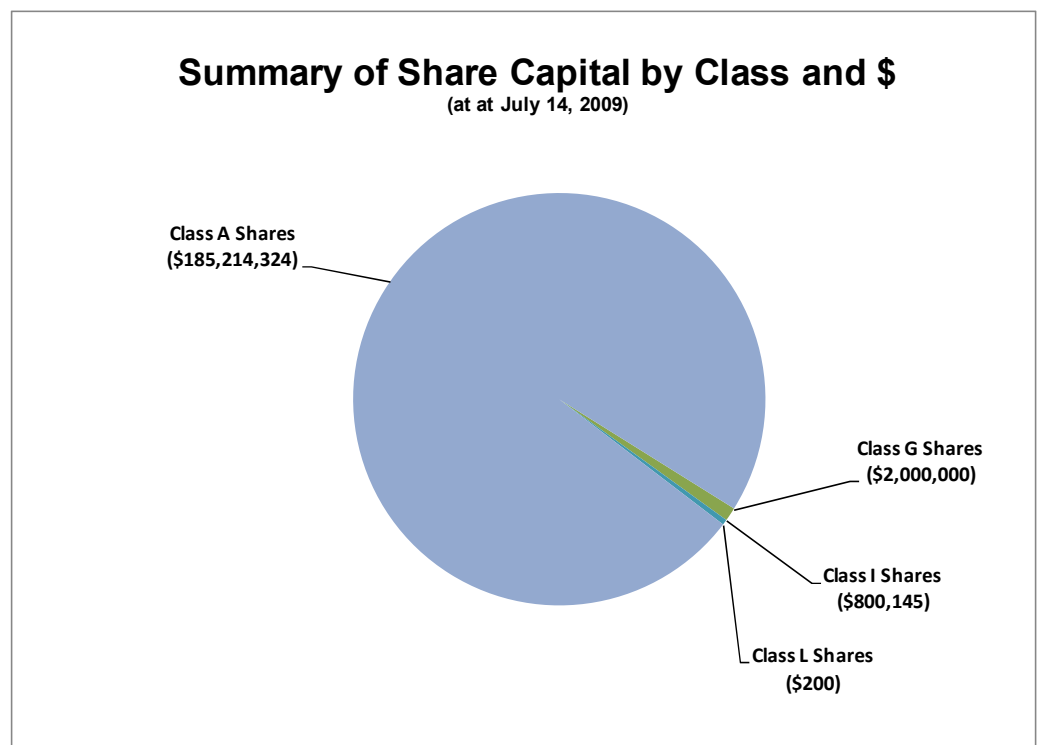

5.0 Share capital

5.1 Classes of shares

The capitalization of the Fund as at the date of receivership was as follows:

- (a) 200,000 Class G Shares issued for \$2.0 million held by the Province of Manitoba
- (b) 20 Class L Shares issued for \$200 held by Manitoba Federation of Labour
- (c) 69,126 Series Two Class I Shares issued for \$800,145 held by three (3) different shareholders
- (d) 14,220,000 Class A shares (common shares) issued for \$185,214,324 held by 33,569 individual shareholders

The issued share capital is summarized as follows:

The Class A shares were available for purchase by the general public within Manitoba. Attached as Appendix 3 and Appendix 4 are copies of the Restated Articles of Incorporation of Crocus Investment Fund dated October 25, 2001, as amended on January 3, 2003. Attached as Appendix 5 is a copy of the Crocus Act as

it stood on the date of receivership and attached as Appendix 6 is a copy of the Crocus Act as it stands today.

5.2 Cessation of trading

On December 10, 2004 Crocus announced that it had initiated an organizational review and comprehensive assessment of the value of its portfolio. Furthermore Crocus received regulatory approval to halt sales and suspend redemptions of its shares during the review. Accordingly, no shareholder of Crocus has been able to redeem their shares since that time.

5.3 Class G shareholder

The Restated Articles of Incorporation dated October 25, 2001 state the following with respect to the Class G Shares held by the Province of Manitoba:

8. Liquidation, Dissolution or Winding-Up. *Subject to the rights of the holders of the Class I Shares, on the liquidation, dissolution or winding-up of the Fund, the holder of Class G Shares and the holder of Class L Shares shall receive rateably, share for share, without preference or distinction the Class G Liquidation Entitlement and the Class L Liquidation Entitlement (as hereinafter defined), respectively, before any further property or assets of the Fund are distributed.*

The Receiver has corresponded with The Province of Manitoba who has advised that they have no claim to make to any share of the proposed distribution on account of their Class G shares.

5.4 Class L shareholder

The Restated Articles of Incorporation dated October 25, 2001 state the following with respect to the Class L Shares held by the Manitoba Federation of Labour:

7. Liquidation, Dissolution or Winding-Up. *Subject to the rights of the holders of the Class I Shares, on the liquidation, dissolution or winding-up of the Fund, the holder of Class G Shares and the holder of Class L Shares shall receive rateably, share for share, without preference or distinction the Class G Liquidation Entitlement & the Class L Liquidation Entitlement, respectively, before any further property or assets of the Fund are distributed. The "Class L Liquidation Entitlement", in relation to a Class L share, means the amount paid by the holder for the issue of the share.*

The Receiver proposes to refund the \$200 paid by the Manitoba Federation of Labour at the same time that an interim distribution is made to the Class A and Class I shareholders.

5.5 Class I shareholders

The Restated Articles of Incorporation dated October 25, 2001 reference two series of Class I shares. A third series of Class I shares was subsequently authorized. As at the date of receivership the only Class I shares issued were the Series Two Class I Shares. The Series Two Class I Shares are held by the Manitoba Government Employees Union, Workers Compensation Board of Manitoba, and United Health Services Corporation, carrying on business as Manitoba Blue Cross.

The Restated Articles of Incorporation state as follows regarding the Series Two Class I Shares:

6. Liquidation, Dissolution or Winding-Up. *Subject to the prior rights of the holders of any shares or series of shares ranking senior to the Series Two Shares with respect to priority in the distribution of property and assets, the holders of Series Two Shares shall be entitled to share equally, share for share, without preference or distinction, with the holders of Common Shares (and with the holders of all shares or series of shares ranking equally to the Common Shares with respect to the distribution of property and assets) in all remaining property and assets of the Fund in the event of the liquidation, dissolution or winding-up of the Fund, whether voluntarily or involuntarily, or any other distribution of the assets of the Fund among its shareholders for the purpose of winding up its affairs.*

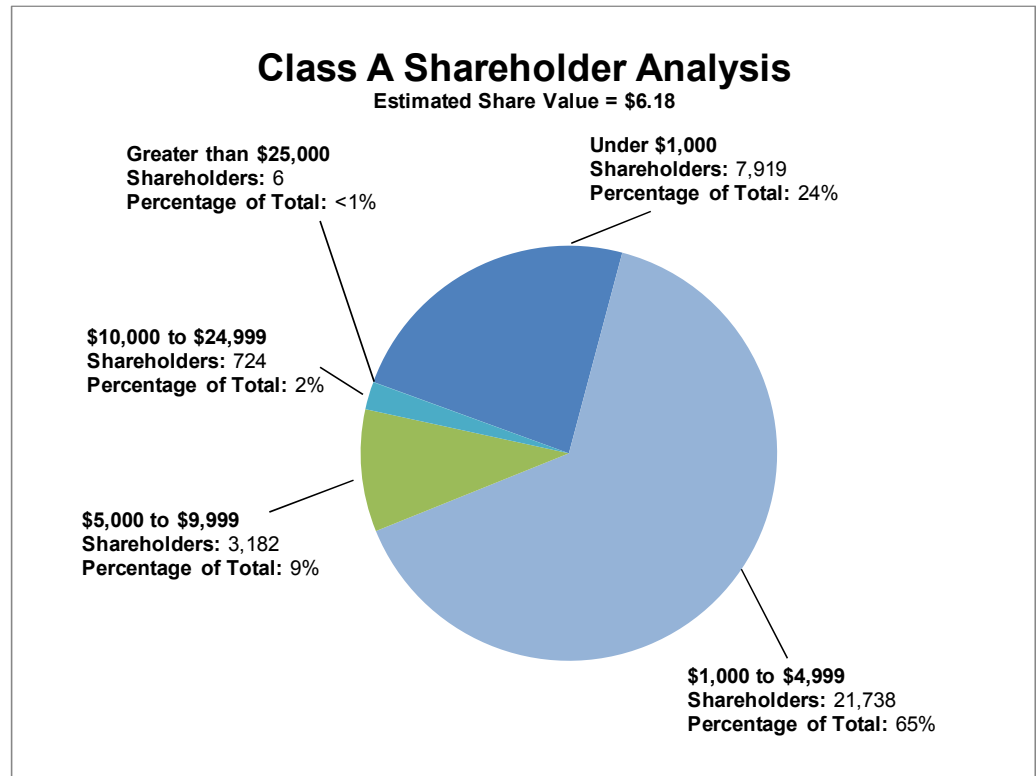

5.6 Class A shareholders

The Restated Articles of Incorporation dated October 25, 2001 state the following with respect to the Class A Shares:

7. Liquidation, Dissolution or Winding-Up. *Subject to the prior rights of the holders of any shares or series of shares ranking senior to the Common Shares with respect to priority in the distribution of property and assets, on the liquidation dissolution or winding-up of the Fund, the holders of the Common Shares shall be exclusively entitled to receive rateably, share for share, any remaining property or assets of the Fund.*

There are approximately 33,569 individual Class A common shareholders ("Class A" or "Common Shares") of Crocus. On average over the history of the Fund the average Crocus investor paid \$13.49 per Class A share and purchased approximately 424 Class A shares worth approximately \$5,700. The median size of a share purchase was \$5,000. The largest class of investors were those who invested \$1,000 to \$4,999 in the Fund. Cumulatively 84% of the shareholders originally invested less than \$10,000 into the Fund.

The following graph summarizes the value of the shareholdings of individual Class A shareholders based on the most recent estimated share price of \$6.18 as at June 30, 2009. The percentages in the graph below are based on the number of shareholders:

The Class A shareholders were, subject to certain restrictions, entitled to a Manitoba Tax Credit and a corresponding Federal Tax Credit which effectively reduced their taxes payable in the year of purchase by 30% of the shares original cost. The credits were available on the first \$5,000 of Class A shares purchased in any given year.

Approximately 98% of the individuals who purchased Class A shares did so through registered savings plans.

6.0 Proposed interim distribution

6.1 Rateable distribution

The Receiver has notified all Class A shareholders of its intention to make application to the Court during September 2009 for authority to make an interim distribution to the Class A and Class I shareholders of Crocus. In addition the Receiver published a notice in the Winnipeg Free Press, Brandon Sun and the Globe and Mail on July 28, 2009. A copy of the letter sent to shareholders is attached as Appendix 7 and a copy of the notice is attached as Appendix 8. Both the notice and the letter have been posted on the Receiver's website. The notice and letter advised that the proposed interim distribution would be on a rateable basis to Class A and Class I shareholders as follows:

$$\frac{\text{Total funds approved for interim distribution}}{\text{Total number of Class A and Class I shares}} \times \text{Number of shares held by a shareholder} = \text{Shareholder's portion of interim distribution}$$

In addition the notice and letter notified all Class A shareholders of the Receiver's intention to request that the Court order that the number of shares of each shareholder be reduced proportionately to reflect the interim payment. In this way, the relative holdings of each shareholder in the remaining shares as amongst other shareholders will remain the same so that proportionate entitlements to future distributions will stay the same. The amount of the proportionate reduction would total 63.1% which equates to the proposed interim distribution per share (Refer Section 7 below) divided by the most recent estimated Class A and Class I share value of \$6.18.

The advertisement and letter requested that if any Class A shareholder was not in agreement with the method of distribution outlined above, that they advise Deloitte in writing outlining the reasons for their disagreement on or before August 27, 2009. The advertisement and letter also advised that "if the Receiver does not receive a written objection by August 27, 2009, it will assume that you are not opposed to the Receiver's recommended interim distribution". The Receiver has included the responses received from shareholders in a supplementary report.

Should the Court approve an interim distribution, Class A shareholders with registered plans will have the option of transferring their portion of the distribution

to another tax deferred account or deregistering the funds which would cause the funds to be taxable.

6.2 Quantum of funds

In determining the quantum of funds available for an interim distribution the Receiver is of the view that there should be sufficient funds held back for acknowledged creditors, Receiver undertakings as well as a provision for ongoing Receiver operations. Accordingly the Receiver is of the view that the following holdback should be deducted from the cash and equivalents on hand in determining the quantum of funds available for distribution:

- A holdback for creditors known to the Receiver and acknowledged as having valid claims.
- A holdback for undertakings made by the Receiver subsequent to its appointment as Receiver and Manager of the Fund.
- A holdback for ongoing receivership expenses.
- A holdback for a refund of the \$200 paid by the Manitoba Federation of Labour for its Class L shares.
- A general holdback provision for unknown claims and general contingencies.

Attached as Appendix 9 is an estimate of the proposed interim distribution outlining the estimated holdbacks outlined above.

The Receiver notes that it is proposing an interim distribution and that there remains an additional \$19.6 million (based on June 30, 2005 book value) of investments that will yield additional realizations over and above the holdbacks. The Receiver is not able to provide a firm estimate of what these investments will realize but projects at minimum it will be in excess of \$9.0 million. Furthermore, the Receiver has provided for a gross holdback to cover for the remaining obligations under the real property lease outlined in Section 4.1 above notwithstanding that it has sublet the majority of the property and is receiving receipts therefrom.

6.3 Tax credit claw back

When shareholders purchased Class A shares, the shareholder was, except for certain specific exemptions, restricted from redeeming or transferring the shares for a period of eight (8) years. As at the date of this report, the hold period had expired for approximately 58% of the Class A shareholders. The Receiver has corresponded with the Province of Manitoba which has indicated that it will not claw back any of the tax credit which would have otherwise been payable as a result of the early redemption. Attached as Appendix 10 is a letter and waiver from the Province of

Manitoba confirming this position. As a result of the fact that the Province does not intend to claw back the tax credit there will be no Federal tax claw back as the quantum of Federal tax is a function of the amount of Provincial tax clawed back.

7.0 Recommendation

The general function of the Receiver is to maximize the realization for the assets of Crocus and distribute the proceeds to those parties based on the various priorities and entitlements. The Receiver is at the point where it has either paid those creditors entitled to be paid or provided reserves which in its view are sufficient to cover any undertakings, potential claims, or obligations of the Receiver. After making provision for these reserves there remains surplus funds which in the Receiver's view should be distributed to the shareholders of Crocus in the manner contemplated in the Articles of Incorporation. The Receiver is now seeking the Court's authorization to making an Interim Distribution to the Crocus shareholder's.

The Receiver recommends that the sum of **\$54,727,591** be divided amongst the shareholders described in Section 6.1 above on a rateable basis as is contemplated by The Crocus Investment Fund Act and the Articles of Incorporation in respect of a winding up. This amount equates to \$3.83 per Class A and Class I share. The details of the calculation are included in Appendix 9. Although there has been no formal winding up proceeding taken, the Receiver recommends such a distribution since it is consistent with the intent of the governing legislation and constating documents when Crocus ceases to carry on business.

8.0 General

The Receiver has continued to post Court Orders, Receiver's Reports, Quarterly Reports, Media Statements and shareholder letters as well as information related to the receivership and Class Action settlements on its website at www.deloitte.com/ca/crocusfund.

Respectfully submitted this 4th day of September, 2009.

Dear Shareholder:

Subject: Crocus Investment Fund – Interim Distribution to Class “A” and “I” Shareholders

On April 22, 2009, the Manitoba Court of Queen’s Bench (“the Court”) approved settlements of the Bellan Class Action. The settlements have now been completed. These settlements removed a major impediment to an interim distribution to shareholders of the Crocus Investment Fund (“Crocus” or “the Fund”).

It is the intention of Deloitte & Touche Inc. (“Deloitte” or “the Receiver”) to make application to the Court during September 2009 for authority to make an interim distribution to the Class A and Class I shareholders of Crocus. The method of distribution to the Class A shareholders and Class I shareholders proposed is on a rateable basis as follows:

$$\frac{\text{Total funds approved for interim distribution}}{\text{Total number of Class A and Class I shares}} \times \text{Number of shares held by a shareholder} = \text{Shareholder's portion of interim distribution}$$

This means that all shareholders (both Class A and Class I) will receive the same amount for each share held. Deloitte will also be requesting the Court to order that the number of shares of each shareholder be reduced proportionately to reflect the interim payment. The relative holdings of each shareholder in the remaining shares as amongst other shareholders will remain the same so that proportionate entitlements to future distributions will stay the same.

The above approach is a recommendation only. The Court will make the ultimate decision on the amount and methodology of any interim distributions.

If you are not in agreement with this method of distribution then you must advise Deloitte in writing outlining the reasons for your disagreement. The notice must be received by Deloitte on or before August 27, 2009. If the Receiver does not receive a written objection by August 27, 2009, it will assume that you are not opposed to the Receiver’s recommended interim distribution.

We advise that the tax credit claw back that would otherwise be applied to Class A shares which have been held for less than eight years has been waived by the Minister of Finance for the Province of Manitoba.

Attached is a current summary of your account. Payments will only be made after Court approval. The form of payment will be dependent on the type of account (denoted on the top of your account statement) as follows:

1. If your shares are held in a Self-Directed account, then your portion of the interim distribution will be forwarded to the Dealer denoted on the top of your statement, for deposit to your account.

2. If your shares are held in a Client Name RSP or RIF you will receive a subsequent mailing after the distribution is approved by the Court which will give you the option to receive the distribution on a taxable basis or alternatively transfer the funds to a registered account at another financial institution.
3. If your shares are held in a Client Name LIF, LIRA or LRIF you will receive a subsequent mailing after the distribution is approved by the Court which will allow for the transfer of funds to a registered account at another financial institution.
4. If your shares are held in a Client Name non-registered account, your portion of the distribution will be paid by cheque.

If your address, dealer and other account information as outlined on the attached summary of account is correct, no further action is required on your part. Should your account information need to be updated or if you have any questions regarding the account summary please contact Shareholder Services at 204-925-7788 or Toll Free 1-866-893-8710.

We anticipate the payments will be made within six weeks of approval by the Court absent any appeals.

We also add that Deloitte, in its capacity as Administrator of the Class Action Settlement, intends to distribute the settlement proceeds from the Class Action settlement at the same time as Deloitte, in its capacity as Receiver, makes the interim distribution from the proceeds of the Receivership.

Yours truly,

Appendix 8 – Class A shareholder notice

Crocus Investment Fund

Notice of Proposed Interim Distribution to Class "A" and "I" Shareholders

On April 22, 2009, the Manitoba Court of Queen's Bench ("the Court") approved settlements of the Bellan Class Action. The settlements have now been completed. These settlements removed a major impediment to an interim distribution to shareholders of the Crocus Investment Fund ("Crocus" or "the Fund").

It is the intention of Deloitte & Touche Inc. ("Deloitte" or "the Receiver"), the Receiver and Manager of the Fund, to make application to the Court during September 2009 for authority to make an interim distribution to the Class A and Class I shareholders of Crocus. The method of distribution to the Class A shareholders and Class I shareholders proposed is on a rateable basis as follows:

$$\frac{\text{Total funds approved for interim distribution}}{\text{Total number of Class A and Class I shares}} \times \text{Number of shares held by a shareholder} = \text{Shareholder's portion of interim distribution}$$

This means that all shareholders (both Class A and Class I) will receive the same amount for each share held. Deloitte will also be requesting the Court to order that the number of shares of each shareholder be reduced proportionately to reflect the interim payment. The relative holdings of each shareholder in the remaining shares as amongst other shareholders will remain the same so that proportionate entitlements to future distributions will stay the same.

The above approach is a recommendation only. The Court will make the ultimate decision on the amount and methodology of any interim distributions.

If you are not in agreement with this method of distribution then you must advise Deloitte in writing outlining the reasons for your disagreement. The notice must be received by Deloitte on or before August 27, 2009. If the Receiver does not receive a written objection by August 27, 2009, it will assume that you are not opposed to the Receiver's recommended interim distribution.

4 - FEB 2008

Dear Mr. Holmes:

Thank you for writing and apprising the Manitoba Government of your intentions to make an interim distribution to the Class A shareholders of the Crocus Investment Fund. I trust that the following actions by our Government will assist you in this undertaking without the imposition of a tax credit clawback.

I am pleased to inform you that the Manitoba Government, by Order in Council 365/2008, dated October 22, 2008, has proclaimed into force subsection 11(3) of *The Labour-Sponsored Investment Funds Act, 2006*, which has the effect of automatically deregistering the Crocus Investment Fund as a Manitoba registered labour sponsored fund, effective November 30, 2008. I am also pleased to inform you that as Minister of Finance I have waived the tax equal to a prorated tax credit clawback that would otherwise apply to Class A shares that have been held for less than eight years as of November 30, 2008. A copy of the waiver is attached for your records. As you may know, federal treatment of provincially registered funds is tied to provincial treatment. This waiver, therefore, has the effect of waiving any clawback of federal credits. The estimated savings to Crocus shareholders is about \$5.4 million in Manitoba and federal tax credit clawbacks. This will help ensure these shareholders receive the maximum return possible on their Crocus shareholdings.

I would also like to express my appreciation for your commitment to explaining fully the tax ramifications to shareholders of receiving proceeds upon a distribution either directly or through their registered savings plan, as the case may be. Crocus shareholders will be well served by the information you have indicated will be provided to them.

Sincerely,

Greg Selinger

Att'd.

Government of Manitoba
Minister of Finance

WAIVER OF MANITOBA INCOME TAX

The Crocus Investment Fund is a Manitoba registered labour-sponsored venture capital corporation that ceased trading in December 2005. On June 28, 2005 Deloitte and Touche Inc. was appointed Receiver and Manager of the Crocus Investment Fund by an Order of the Manitoba Court of Queen's Bench on advice from the Manitoba Securities Commission pursuant to section 27 of *The Securities Act*.

The Receiving Order expressly empowers the Receiver, among other authorizations, to cease to carry on all or any part of the business of the Crocus Investment Fund and to apply for any approvals or permission as may be required by any governmental authority if thought desirable by the Receiver in the name of the Crocus Investment Fund.

A plan by the Receiver to divest the assets of Crocus, to return the net assets to Class A shareholders, and to wind up the Fund has been approved by the court. On September 22, 2008 the Receiver wrote the Minister of Finance indicating that it was his intention, subject to court approval, to make a distribution to shareholders of Crocus. The Receiver proposes to make the distribution after the Fund ceases to be registered under *The Labour-Sponsored Venture Capital Corporations Act*.

The Fund will be deregistered on November 30, 2008, when subsection 5(6) of *The Labour-Sponsored Venture Capital Corporations Act* comes into force by proclamation. Upon deregistration, the Fund will be required to pay a tax under subsection 11.5.1 of *The Income Tax Act* unless the Minister of Finance, as authorized by subsection 11.5(1)(2) of that Act, waives that requirement. The tax payable under that section is estimated to be \$2,744,868.

The Manitoba Government has made a commitment to waive the tax payable under subsection 11.5.1(1) of *The Income Tax Act* upon the deregistration of the Fund.

Therefore, I, the Minister of Finance, as authorized by subsection 11.5.1(2) of *The Income Tax Act*, do hereby waive the tax otherwise payable under subsection 11.5.1(1) of that Act by the Receiver on behalf of the Crocus Investment Fund upon its deregistration.
