APPLICATION FOR THE ISSUANCE OF AN ORDER
EXTENDING THE STAY PERIOD
(Sections 11.02(2) of the *Companies' Creditors Arrangement Act*)

TO THE HONOURABLE MARTIN F. SHEEHAN OF THE SUPERIOR COURT, SITTING IN COMMERCIAL DIVISION, IN AND FOR THE JUDICIAL DISTRICT OF MONTREAL, THE APPLICANT, INVESTISSEMENT QUÉBEC, RESPECTFULLY SUBMITS THE FOLLOWING:

1. ORDER SOUGHT

1. The Applicant, Investissement Québec ("**IQ**") in its capacity as interim lender and secured creditor of the Debtors, hereby seeks the issuance of an order substantially in the form of the draft order communicated herewith as **Exhibit R-1**:
 - (a) extending the Stay Period (as defined below) until March 15, 2024; and
 - (b) approving the activities of Deloitte Restructuring Inc., in its capacity as monitor to the Debtors ("**Deloitte**" or the "**Monitor**"), as described in its Twenty-second report to this Court.

2. PROCEDURAL BACKGROUND

2. On December 13, 2019, IQ and Fiera Private Debt Inc. ("**Fiera**"), in their capacity as principal secured creditors of the Debtors, filed a joint application in respect of the Debtors pursuant to the *Companies' Creditors Arrangement Act*, RSC 1985, c C-36, as amended (the "**CCAA**"), entitled *Application for the Issuance of a First Day Initial Order, an Amended and Restated Initial Order, a Receivership Order and a Claims Process Order* (the "**Initial Application**").
3. On December 16, 2019, the Initial Application filed by IQ and Fiera was partially granted by the Honourable Marie-Anne Paquette, j.c.s., who rendered, on the same day, a first day initial order (the "**First Day Order**"), pursuant to which, *inter alia*:
 - (a) Deloitte Restructuring Ing. ("**Deloitte**") was appointed as monitor of the Debtors (in such capacity, the "**Monitor**");
 - (b) all claims against the Debtors, their properties and their directors and officers were stayed (the "**Stay**") until December 26, 2019 (the "**Stay Period**"); and
 - (c) the Debtors were authorized to borrow from IQ an amount of up to \$1,000,000 on the terms and conditions of the Interim Financing Term Sheet (the "**Interim Financing Term Sheet**"), which was to be secured by a super-priority charge and security over all of the assets of each of the Debtors in the aggregate amount of \$1,200,000 (the "**Interim Lender Charge**").
4. On December 16, 2019, the Court also rendered an order appointing Deloitte as receiver to the Debtors for the sole purpose of allowing their respective employees from benefiting from those payments provided under the *Wage Earner Protection Program Act* (S.C. 2005, c. 47, s. 1).
5. On December 19, 2020, IQ and Fiera filed another joint motion requesting the issuance of an Amended First Day Order which was granted on December 26, 2020, as appears from the Court record, and which provided for, *inter alia*:
 - (a) an extension of the Stay Period until January 10, 2020;

- (b) the authorization for the Debtors to borrow from IQ an amount of up to \$1,500,000 under the terms and conditions set forth in the Interim Financing Agreement, to be secured by an Interim Lender Charge of \$1,800,000; and
 - (c) the authorization for the Debtors (with the prior approval of the Monitor), or the Monitor (on behalf of the Debtors), to pay amounts owing for goods or services actually supplied to the Debtors either prior to or after the date of this Order up to a maximum of \$250,000, to the extent that, in the opinion of the Monitor, the supplier was essential to the business and ongoing operations of the Debtors.
6. On January 10, 2020, the Court granted the Initial Application filed by IQ and Fiera in its entirety, and rendered, as appears from the Court record:
- (a) an Amended and Restated Initial Order which provided, *inter alia*:
 - (i) an extension of the Stay Period until May 2, 2020; and
 - (ii) the authorization for the Debtors to borrow from IQ an amount of up to \$6,000,000 under the terms and conditions set forth in the Interim Financing Agreement, to be secured by an Interim Lender Charge of \$7,200,000; and
 - (iii) an increase in the Monitor's powers, including the powers to conduct and control the financial affairs and operations of the Debtors, and carry on the business of the Debtors;
 - (b) a Claims Procedure Order which established a "*Claims Bar Date*" of March 16, 2020 (except for restructuring claims).
7. Since then, the Court has rendered several other orders, including:
- a) orders extending the Stay Period (which is currently set to expire on January 31, 2024); and
 - b) orders approving a First Amending Agreement, a Second Amending Agreement, a Third Amending Agreement, a Fourth Amending Agreement, a Fifth Amending Agreement, a Sixth Amending Agreement and a Seventh Amending Agreement to the Interim Financing Term Sheet, providing for an increase to the Facility Amount (as defined in the Interim Financing Agreement) to a total amount of \$38,300,000, and a corresponding increase to the Interim Lender Charge to a total amount of \$45,960,000.

3. SUMMARY OF THE DEBTORS' RESTRUCTURING EFFORTS TO DATE

A. The Pre-Filing Solicitation Efforts

8. As previously discussed in IQ and Fiera's Initial Application, between August and November 2019 (i.e. prior to the issuance of the Initial Order), a sale and investment solicitation process had been conducted by the Debtors with the assistance of its then financial advisor (and in consultation with IQ and Deloitte).
9. Despite these efforts, no offer or indication of interest or other proposal had been submitted to the Debtors at that time.

B. The Post-Filing Solicitation Efforts

10. Since the commencement of these CCAA proceedings, the Debtors and the Monitor, in consultation with IQ and Fiera, have had discussions with various parties on an informal basis regarding a potential transaction which could allow the continuation of the Debtors' operations.
11. On September 3, 2020, the Monitor received an offer from one of these parties for the acquisition of the Cogeneration Facility (as defined below) which was shared with IQ and Fiera and subsequently refused. The Monitor has also received a draft letter of intention for the same facility, which was also shared with IQ and Fiera, and subsequently refused.
12. In 2021, the Debtors and the Monitor continued to have active discussions with various interested parties with a view to secure a binding offer with a party willing to continue the operations of the Debtors as a going concern.
13. Despite these continued efforts, no such binding offer was agreed upon.

C. The August 2021 SISP

14. In late July of 2021, the Monitor met with the respective representatives and counsel of IQ and Fiera to discuss the status of this file as well as the next steps.
15. During such meeting and in the discussions which followed such meeting, it was agreed that given the advantageous market price of dissolving pulp, it would be appropriate at that time to establish a formal deadline for the submission of letters of intent as well as the terms and conditions in connection with the process for the acquisition of the Debtors' business and assets (the "**SISP**").
16. As part of the SISP, the Monitor would communicate with a variety of potentially interested parties, including parties that had previously manifested some interest in acquiring the Debtors' business and assets, parties potentially interested in a going concern transaction and parties potentially interested in submitting liquidation offers whereby the Debtors' assets would be decommissioned and dismantled.
17. Accordingly, the Monitor, in consultation with IQ and Fiera, prepared a list of twenty-two (22) potentially interested parties to whom the Monitor would reach out to.

18. On August 4, 2021, the Monitor sent to the above parties solicitation materials and advised them that offers should be submitted to the Monitor by no later than September 15, 2021 (the “**Bid Deadline**”).
19. Several offers (the “**Offers**”) from various parties (collectively, the “**Bidders**”) were received by the Bid Deadline. These included going concern offers from strategic parties as well as liquidation bids.
20. On September 17, 2021, the Monitor presented a summary of the Offers to IQ and Fiera.
21. Since several of the Offers contained conditions relating to IQ and the Québec government (including requests for financial support), IQ, together with the Monitor, proceeded with a detailed review of each and every one of these Offers in order to assess their respective viability and to evaluate and quantify the various conditions set out thereunder, in order to ultimately determine whether or not a transaction could be successfully negotiated and implemented.
22. At that time, given the nature of these conditions, IQ expected that the completion of such transaction (if possible) could take several months.
23. In late 2021, IQ and the Monitor determined that it would be appropriate to focus their discussions with one of the Bidders (the “**Original Potential Purchaser**”) and to evaluate such Original Potential Purchaser’s ability to implement a project involving the restart of Fortress’ Pulp Mill and Cogeneration Facility (the “**Original Proposed Project**”).
24. As such, discussions and meetings were held between, *inter alia*, this Original Potential Purchaser, the Monitor, IQ as well as other governmental entities to clarify its offer, negotiate certain improvements to same and ultimately discuss the path going forward in order to properly assess the Original Potential Purchaser’s Original Proposed Project and determine how such project could be implemented.
25. In this context, the parties namely discussed the terms and conditions which would be required to be met in order to complete a transaction and implement the Original Proposed Project.
26. In addition to discussing the financial terms of such transaction and the manner in which the Original Proposed Project could be implemented, the Original Potential Purchaser, IQ and the Monitor also discussed the engagement by the Monitor of a third-party consultant which would proceed with an in-depth review of the Original Proposed Project and conduct feasibility studies relating to same (in order to validate the viability and the technical and financial feasibility of the Original Proposed Project), identify the areas of risks relating to same and obtain such third-party consultant’s recommendations.
27. All parties agreed at that time that the preparation of a feasibility report by such third-party consultant constituted a critical step in moving forward with any transaction with the Original Potential Purchaser.
28. Unfortunately, and despite the significant efforts from all parties involved, it became clear that certain conditions relating to the Original Proposed Project and the required participation from the Quebec government in such project would not be met.

29. Accordingly, by the end of March 2022, the Quebec government notified the Original Potential Purchaser that it would not be in a position to pursue a transaction with such party in connection with the Original Proposed Project.

D. The Subsequent Discussions With Other Potential Purchasers

30. Over the course of the next few months, Fortress, together with the support of the Quebec government, and the assistance of the Monitor, continued to discuss with other parties other potential transactions and projects involving the acquisition of Fortress' assets.
31. In this context, discussions and meetings continued to be held between, on the one hand, Fortress, the Monitor and the Quebec government, and, on the other hand, certain parties that had previously shown interest in potentially implementing a transaction in connection with Fortress' assets, as well as additional new parties.
32. In late September 2022, Fortress and the Monitor received a non-binding letter of intent, together with a business plan, from a party potentially interested in acquiring the business and assets of Fortress.
33. IQ, together with the various branches of the Quebec government, analyzed the aforementioned letter of intent. However, due to the complexity of the proposal submitted to IQ and the Quebec government, and the need to consult with various branches of the Quebec government, such as the *Ministère de l'Économie, de l'Innovation et de l'Énergie*, the *Ministère des Affaires municipales et de l'Habitation*, the *Ministère des Forêts, de la Faune et des Parcs du Québec* and the Municipality of Thurso, the aforementioned offer required significant analysis, consideration and ultimately work on the part of IQ and the Quebec government.
34. Ultimately, such offer did not result in a transaction, and Fortress, together with the Monitor, continued their discussions with several other parties which remained interested in a potential transaction involving the assets of Fortress.

E. The April 2023 SISP and the Most Recent Discussions with another Potential Purchaser

35. Given that several parties continued to show a strong interest in Fortress' assets, including namely for alternative projects, the Monitor, with the consent of IQ, established a deadline for the submission of letters of intent and the terms and conditions for the re-launched SISP.
36. On March 16, 2023, the Monitor communicated the terms and conditions of the process to potential bidders that had already demonstrated a serious interest in Fortress' assets and informed them that they had until April 14, 2023, to submit a letter of intent. A total of seven (7) parties were contacted.
37. On April 14, 2023, Fortress and the Monitor received six (6) offers from different interested parties, including parties which had previously demonstrated an interest in a potential transaction, as well as other parties which had, until then, not demonstrated such interest.
38. These offers were shared with IQ who proceeded with an analysis of each of the above offer, together with the Monitor and the Company, as well as with the various branches of the Quebec government.

39. In the following weeks and months, the Monitor, in consultation with IQ, had various discussions and exchanges with two (2) of the above offerors, namely with a view to clarify the terms and conditions of each of their respective offers.
40. After thorough review, the Monitor, in consultation with IQ, elected to pursue its discussions with one (1) particular offeror (the "**Potential Purchaser**"), which had indicated a willingness to implement a transaction prior to the end of the year, subject to completing its due diligence over the course of the summer, during which a Phase II environmental report would be prepared.
41. Over the course of the 2023 summer, several follow-up meetings and discussions were held between the Monitor, IQ, the Quebec government, the Potential Purchaser and their respective advisors to discuss and negotiate the terms and conditions of a potential transaction.
42. On August 25, 2023, after several weeks of discussions and negotiations, the Monitor, in consultation with IQ and the Quebec government, entered into an Exclusivity Agreement (the "**Exclusivity Agreement**") with the Potential Purchaser, to which IQ intervened, pursuant to which the Monitor committed not to solicit offers from third parties with respect to the assets subject to the Potential Purchaser's offer, until October 15, 2023.
43. In parallel with the foregoing, a third-party consultant was engaged to perform a Phase II environmental report (the "**Phase II Report**") with a view to determine the extent of the contamination of lands owned by the Debtors, and ultimately allow the parties the pursue their discussions and negotiations in connection with a potential transaction.
44. During the fall of 2023, while the Phase II Report was being prepared, numerous meetings, both in person and virtual, as well as on-site visits, were held amongst the respective representatives and advisors of the Monitor, IQ, the Quebec government and of the Potential Purchaser, to discuss and negotiate, *inter alia*, the terms and conditions of a potential transaction, including its structure.
45. In fact, between June 2023 and January 2024, more than one hundred meetings were held, either in person or virtually, amongst some or all of the above parties.
46. Ultimately, such discussions and negotiations have been lengthier than anticipated, due to the complexity of the potential transaction contemplated, to the nature and condition of the Debtors' assets, including its lands, and the number of parties from whom various consents and approvals are required to ensure the implementation of such potential transaction.
47. In November 2023, a preliminary Phase II Report was completed, and a copy thereof was delivered to the Monitor, IQ and the Quebec government as well as to the Potential purchaser.
48. On November 21, 2023, a meeting was held during which the preliminary results were presented by the engineering firm mandated to prepare the Phase II Report.
49. While a preliminary version of the Phase II Report was delivered to the parties, allowing them to be in a better position to assess the extent of the contamination on the Debtors' lands, the final version of such report has not yet been delivered.

50. While no transaction has closed as of yet, the parties have remained in discussion, including over the course of the past few weeks, and remain optimistic that a viable transaction may still be implemented over the course of the next few months.
51. Such transaction, if it closes, will ultimately benefit the Debtors, their employees and the city of Thurso.

F. The Implementation of the “Cold Idle Plus Scenario”

52. Since the end of 2022, the Monitor has maintained Fortress’ activities to a minimum, in order to reduce all operating costs, while maintaining the value of Fortress’ assets for a potential purchaser.
53. In fact, since the issuance of the Amended and Restated Initial Order, the Monitor, in accordance with the powers granted to it by the Court, worked with the Debtors, in consultation with IQ, to reduce their operations to a bare minimum in order to minimize their operating costs, until the demand for pulp and related products increased in the global market.
54. In this context, it was decided early on that:
 - (a) Fortress Specialty Cellulose Inc.’s (“**Fortress Specialty**”) specialty cellulose mill located in Thurso, Québec (the “**Pulp Mill**”) would be idled indefinitely so as to minimize operating costs while market conditions improved; and
 - (b) Fortress Bioenergy Ltd.’s (“**Fortress Bioenergy**”, together with Fortress Specialty, “**Fortress**”) cogeneration facility (the “**Cogeneration Facility**”) would continue to operate, but at a substantially reduced production rate.
55. On March 24, 2020, the Quebec Government issued a decree ordering the closure of all non-essential businesses in Quebec which prompted the temporary shutdown of the Cogeneration Facility, which was intended to take place, in any event, a few weeks later given low demand for electricity and the fact that the Pulp Mill would not require to be heated during the spring and summer months.
56. As non-essential businesses gradually reopened and the market price for dissolving pulp increased, Fortress, under the supervision and oversight of the Monitor, proceeded to restart its Cogeneration Facility between the fall of 2020 until the spring of 2021, with a view to preserve the value of Fortress’ assets and maximize its revenues.
57. As the market price for dissolving pulp continued to remain robust,¹ Fortress, under the supervision and oversight of the Monitor, proceeded to restart the Cogeneration Facility during the fall of 2021 until the spring of 2022, once again with a view to preserve the value of Fortress’ assets, maximize its revenues and, ultimately, increase its chances of closing a transaction with a purchaser willing to acquire Fortress’ assets, including its Cogeneration Facility.

¹ In December 2019, dissolving pulp was sold at market price of US\$640 per metric ton, whereas in the first half of 2021, the market price for dissolving pulp went up to US\$1,100 per metric ton. Today, the market price for dissolving pulp now ranges between US\$900 to \$US925 per metric ton.

58. However, as it has been the case from the beginning, given that there was no certainty as to whether or not a viable transaction or project could be implemented, despite the continued efforts of all parties involved in this matter, a decision was taken to gradually implement a "*Cold Idle Plus Scenario*", as further described in the various reports of the Monitor, including its Sixteenth, Seventeenth and Eighteenth Report.
59. The purpose of gradually implementing the Cold Idle Plus Scenario was to allow Fortress to significantly reduce its operating costs and expenses, while it continued to work with the Quebec government to determine the eventual path forward, and, at the same time, allow it to protect and preserve any remaining value for its assets for any future transaction or project, as the case may be.
60. In addition, as part of the Cold Idle Plus Scenario, Fortress would provide some assistance to the City of Thurso for the treatment of its wastewater and plan for environmental remediation of the site, which has remained on-going over the course of the past year.
61. As such, since the end of 2022, Fortress and the Monitor (in consultation with IQ) have gradually implemented the "*Cold Idle Plus Scenario*".
62. Finally, as previously announced in the Monitor's Twentieth Report, Fortress Xylitol Inc., a special purpose company which was incorporated to proceed with the construction of a demonstration plant to produce xylitol and other complementary bioproducts at the Pulp Mill, has been in the process of ceasing all of its operations, as no party whatsoever has demonstrated any serious interest in such company as part of the SISP.
63. The closure of Fortress Xylitol Inc. has now been completed.

G. Fortress' Claim Against Les Pompes Goulds

64. As previously discussed in prior applications to the Court, Fortress is party to certain litigation proceedings involving Les Pompes Gould Inc. ("**Pompes Gould**") in which Fortress claims from the latter damages in an amount of approximately \$17 million.
65. On February 11, 2022, this Court rendered an order approving a Litigation Funding Agreement entered into between Fortress, the Monitor and Omni Bridgeway (Fund 5) Canada Investments Limited.
66. On December 22, 2022, a common declaration was filed by each of Fortress and Pompes Goulds, with a view to set the trial dates.
67. IQ understands that a trial has been set to take place between March 17, 2025 and April 11, 2025.

H. The Collection of the D&O Trust Funds

68. Prior to the commencement of these CCAA proceedings, the Debtors, with the approval of IQ, set up a trust (the "**D&O Trust**"), the purpose of which was to alleviate certain concerns which their D&Os had raised with respect to claims (and more specifically employee claims for unpaid salary) which could be asserted against them in such capacity given the Debtors' insolvency.

69. In this regard, the Debtors funded an amount of \$1,300,000 (the “**D&O Trust Funds**”) to the D&O Trust, in accordance with the terms and conditions of a Trust Indenture dated December 13, 2019 (the “**D&O Trust Indenture**”).
70. While the purpose of the D&O Trust and of the D&O Trust Funds was to provide financial support for the defense and payment of claims (including employee claims for unpaid salary) against the D&Os in such capacity, to the extent not covered by D&O insurance (the “**D&O Insurance**”), the establishment of the D&O Trust and the funding of the D&O Trust Funds was also intended to indirectly provide some assurances to the Debtors’ former employees (the “**Former Employees**”) with regards to the payment of their unpaid salaries, to the extent such claims were not paid by the D&O insurer (the “**D&O Insurer**”).
71. Indeed, the creation of the D&O Trust and the funding of the D&O Trust Funds in an amount equivalent to the then estimated employee claims for unpaid salaries ultimately enhanced the Debtors’ former employees’ chances of recovery by, in effect, creating an additional source of recovery for their respective claims.
72. On January 10, 2020, this Court rendered a Claims Procedure Order whereby the Court approved a claims process (the “**Claims Process**”) pursuant to which all claims against the Debtors and/or against the D&Os were to be submitted by no later than a claims bar date of March 16, 2020 (except only for restructuring claims) (the “**Claims Bar Date**”).
73. In accordance with the Claims Process:
 - (a) the Monitor received and reviewed several claims from employees or former employees of the Debtors against the Debtors, on account of unpaid wages and vacation, for which the D&Os were potentially personally liable for, as well as for severance (the “**Employees’ Claims**”); and
 - (b) the Monitor also received and reviewed certain *other* claims filed against the D&Os personally, all of which were ultimately disallowed by the Monitor. None of the claimants having received such notice of disallowance from the Monitor ultimately filed an appeal with the Court within the 10-day period set out in the Claims Process Order, such that these claims are now formally barred.
74. With respect to the portion of the Employees’ Claims relating to severance, the Monitor assisted the employee claimants to file a claim pursuant to the *Wage Earner Protection Program*.
75. With respect to the portion of the Employees’ Claims relating to unpaid wages and vacations (the “**Employee Wages & Vacation Claims**”) for which the D&Os were potentially liable for, the Monitor sought to obtain a partial release of the Trust Fund in order to immediately pay the Employee Wages & Vacation Claims. As previously discussed, the D&O Trust was indirectly established to pay employee claims.
76. Indeed, on December 11, 2020, the Monitor sought and obtained, as appears from the Court record, an order from this Court, essentially:
 - (a) authorizing the Monitor to distribute from the D&O Trust Funds an amount of \$1,036,841.87 in order to fully pay the Employee Wages & Vacation Claims;

- (b) assigning to the Monitor the Employee Wages & Vacation Claims upon payment of same from the D&O Trust Funds; and
- (c) authorizing the Monitor to subsequently file a claim in respect of the Employee Wages & Vacation Claims against the D&O Insurer pursuant to the D&O Insurance.

- 77. Since the above order was granted, the Monitor has proceeded to pay the Employee Wages & Vacation Claims from the D&O Trust Funds, and to file a claim in respect of same (i.e. \$1,036,841.87) against the D&O Insurer pursuant to the D&O Insurance.
- 78. On February 17, 2023, the Monitor finally received an indemnity from the D&O Insurer for an amount equivalent to the Employee Wages & Vacation Claims (\$1,036,841.87).
- 79. On June 19, 2023, a motion was filed by IQ seeking the termination of the D&O Trust Indenture, and the release to the Monitor of the D&O Trust Funds.
- 80. This motion was granted by the Court on June 22, 2023, and since then, the D&O Trust has been terminated, and the remainder of the D&O Trust Funds have been released to the Monitor.

4. RELIEF SOUGHT: THE EXTENSION OF THE STAY PERIOD

- 81. As previously mentioned, the Stay Period is currently set to expire on January 31, 2024.
- 82. Given the above, it is hereby requested that the Stay Period be extended up to and including March 15, 2024.
- 83. While the restructuring and/or sale of Fortress has proven to be lengthier and much more challenging than initially contemplated, IQ requests an extension of the Stay Period in order to allow IQ, together with the Quebec government and the Monitor, to pursue their on-going discussions and negotiations with the Potential Purchaser and, ultimately and hopefully, take the appropriate steps in order to complete a transaction over the courses of the next few months.
- 84. If the Stay Period is extended, as requested herein, the parties intend to continue to implement the Cold Idle Plus Scenario while negotiating a transaction with the Potential Purchaser.
- 85. Absent an order from this Court ordering the extension of the Stay Period, the parties will be forced to initiate proceedings under the *Bankruptcy and Insolvency Act* (the "**BIA**"), either receivership proceedings or bankruptcy proceedings, which, ultimately, would not change the current situation and challenges which Fortress and its stakeholders are currently facing; however, such proceedings under the BIA require additional filing of court materials, reports as well as associated costs and expenses and would complicate the negotiation and implementation of a transaction with the Potential Purchaser.
- 86. IQ understands that both Fortress and the Monitor also believe that the maintenance of these CCAA proceedings remains appropriate in the circumstances.

5. CONCLUSION

87. In light of the foregoing, IQ respectfully submits that the extension of the Stay Period, as requested herein, is appropriate in the circumstances, as such relief will allow the parties to potentially move forward with a transaction which will allow a positive outcome for the Debtors, their employees and the city of Thurso.
88. No creditors of Fortress will be prejudiced by the extension of the Stay Period.

WHEREFORE, MAY THIS COURT:

GRANT this *Application for the Issuance of an Order Extending the Stay Period* (the "**Application**");

ISSUE an order substantially in the form of the draft Order communicated in support of the Application as Exhibit R-1;

WITHOUT COSTS, save and except in case of contestation.

ORDER

ON READING Investissement Québec (“**IQ**” or the “**Applicant**”)’s *Application for the Issuance of an Order Extending the Stay Period* (the “**Application**”), the affidavit of Mr. Eric Pelletier filed in support thereof and the Twenty-Second Report (the “**Twenty-Second Report**”) of Deloitte Restructuring Inc., in its capacity as monitor of the Debtors (the “**Monitor**”), and relying upon the submissions of counsel and being advised that the parties listed on the service list prepared by the Applicant were given prior notice of the presentation of the Application;

GIVEN the initial order rendered by this Court in the present matter on December 16, 2019 (as amended, restated or otherwise modified, from time to time, including pursuant to orders rendered by this Court on December 26, 2019 and on January 10, 2020, the “**Initial Order**”);

GIVEN the other orders also previously rendered by this Court in the present matter;

GIVEN the provisions of the the *Companies’ Creditors Arrangement Act*, R.S.C. 1985, C-36 (as amended the “**CCAA**”);

WHEREFORE, THE COURT:

1. **GRANTS** the Application;
2. **ORDERS** that any prior delay for the presentation of the Application is hereby abridged and validated so that the Application is properly returnable today and hereby dispenses the Applicant with any further notification thereof;
3. **ORDERS** that the Stay Period (as defined in the Initial Order and extended thereafter, from time to time, by Order of this Court) shall be further extended to and including March 15, 2024;
4. **APPROVES** the activities of the Monitor, up to the date of this Order, as described in the Twenty-Second Report of the Monitor and in the testimony of its representative at the hearing on the Application, and confirms that the Monitor has fulfilled its obligations pursuant to the CCAA and the orders of this Court up until the date of this Order;

5. **ORDERS** the provisional execution of this Order notwithstanding any appeal and without the requirement to provide any security or provision for costs whatsoever.

 6. **THE WHOLE**, without costs.
